ELLSWORTH NOTES

J. Timmer, Reporter

The Ladies Aid society of Atwood Reformed church will hold their annual sale and supper Friday night at Community hall. Supper will be served from 5:30 to 7:30. A short program is scheduled to start at 8 and will be followed by the sale of fancy work, baked goods and farm produce. You are invited.

A new cement block addition at the rear of the H. E. Vanderk store is nearing completion.

Our fire department was called out at 7 last week Wednesday night to the farm of Paul DeVries, one mile south of Atwood. The house apparently started by defective wiring, was discovered in the top of the barn while chores were being done. The barn was a total loss with its contents of hay, straw, some shredded corn, a truck owned by Bert DeYoung, and about 1000 bushels of potatoes which had been sacked and were ready for shipment. No estimate of the loss has been made and reported. All of the cattle were saved.

A special township election will be held Monday to vote on consolidation of the nine school districts in Bucks Township.

Rev. Gratus Andert, pastor of Atwood Reformed church for four years, will preach his farewell sermon Sunday and leave next week for his new charge in Leighton, Ia.

Work of widening and grading of the county road between Ellsworth and USM was started last week. The Ellsworth-East Jordan, which has been closed for four months for improvements, will

soon be open for traffic.

Only 7 clear days in the month of November with an average temperature of 41 at noon. The first 21 days were ideal "Indian summer" days, but we woke up on Friday, the 22nd, to see a big snow storm which did not last long, however. At the close of the month, Saturday night, the ground was covered with a very light snowfall. On Sunday morning the thermometer registered 20 and dropped fast to 14 at noon and Monday morning at 8 the temperature was 12 degrees, so winter is here, we'd say.

The Ebenezer PTA will meet Monday night at Ellsworth Christian Reformed church.

ROCK ELM

Mrs. Julie Gunther and daughter, Elaine and Mrs. Jack Hall called on Mrs. Lawton Friday afternoon.

Mr. and Mrs. Lawrence Jensen plan to start on their journey to Florida Monday if nothing prevents. They have rented a trailer house to provide living quarters for themselves.

It looks as though John L. Lewis and his miners will not gain much by this last strike.

BARNARD NEWS

WHY

Your Milk Costs 2c More

Starting Dec. 1 your milk, delivered before daylight at your front door costs you 2c more a quart. We did not want to make this increase, but these three conditions force the change on us:

1. Increase in cost of fluid milk.

This extra money goes to the farmer.

2. Increase in labor costs.

This means more money in circulation here.

3. Increase in cost of supplies.

Bottles, caps, machinery, ayyap all are higher.

ALL THESE TOGETHER ADD UP TO THAT 2c AND MORE

Get on the MAIN ROAD WITH THE FARM BUREAU

AS A FARMER

you want your fair share of the national income. These things help determine your share: (1) The price you get for your products, (2) your share of taxes, transportation, and other costs, (3) the cost of high quality farm supplies. More than 45,000 families in the Michigan Farm Bureau work together effectively on these questions.

HOW MUCH

CAN YOU DO ALONE?

Farm Bureau acts for nearly 1,000,000 member families in 46 states. It got better farm prices (parity). It helped get postwar farm price support for two years after peace is declared. Farm Bureau tax reforms have practically eliminated the rural property tax for highways; it helped lower school and business taxes for farmers. We own a complete, state-wide, co-operative farm supplies service. All savings belong to patrons!

Wild West Tactics Used on Game

Wild Western tactics are being adopted by the state Conservation Department men.

It's all in the interest of the public, they explain.

Indian and Keewardin lakes in Marquette county are hard to get to, three miles over rough country from the nearest road. But they are good bass lakes. So the fish men stock up a plane with a lot of bass fingerlings, flew low and slow over the lakes and dumped the emus.

The system is used in the West and the officers figured if a rain bow trout could stand the bump, a Michigan bass sure could.

Roping had to be used to catch a two year old bull elk in Otsego county. The elk decided it was easier living in the farmers' fields than in the wilds. He made such a nuisance of himself that the conservation men were called in. They caught him cowboy style and now he's down at the Traverse City zoo.

Bride Flies from Scotland, Weds Clement Olach in Church Rites Here

A romance which started in Glasgow, Scotland, in 1944 when the bridegroom was stationed in the British Isles with the Army Air Forces culminated in a wedding at St. Mary's church here on Thanksgiving Day when Miss Patricia Chambers, of Glasgow, became the bride of Clement F. Olach in a double ring ceremony at a Nuptial Mass celebrated by the Rev. Leo Zeilinski.

The altar was decorated with bouquets of yellow and white

chrysanthemums.

The bride, who is the daughter of Mrs. Jeannie Chambers and the late Patrick Chambers came to this country the week before her marriage on a Pan-American Clipper plane via Paris, Iceland, Newfoundland and New York. Olach is the son of Mr. and Mrs. Edward Olach of Charlevoix.

The bride, given in marriage by Anthony Giszewski, of Manicella, uncle of the bridegroom, was attired in a gray dressmaker suit and black accessories. Her flowers were a corsage of red roses.

Miss Edith Olach, sister of the bridegroom, was her only attendant and wore a gray suit with black accessories and a corsage of red roses.

Miss Olach of Detroit, assisted her brother as best man.

Mrs. Olach chose a green and brown print dress with matching accessories and a red rose corsage for her son's wedding.

At noon a wedding dinner was served at the home of the bridegroom's parents with places laid for 12 at a table centered with a wedding cake topped by a miniature bride and groom.

A bouquet of yellow and white mums, a gift from the American Legion, centered the table.

An informal reception for the couple followed during the afternoon. After a wedding trip through northern Michigan the

couple will make their home in Flint.

The bride is a graduate of Glasgow high school. The bridegroom, a graduate of the Charlevoix high school, attended to Rockefeller Institute in Chicago before joining the Signal Corps of the Army Air Forces. He served more than four and a half years, two of which were spent in England. He is now employed by the Western Electric company.

The couple met in Glasgow when Olach was at a rest camp in that city. When he returned to this country early this year plans were made for the wedding during the summer months. Transportation difficulties held up Miss Chambers' arrival until last week. She had even gone to Paris once to catch the plane and at the last minute lost her seat to someone else.

Mrs. Olach is an attractive blue-eyed and brown-haired girl. During her short stay here she said she was impressed by the friendliness of the American people and amazed at the amount and variety of foods we have. While purchasing her wedding costume here, she was also impressed by the smartness of American fashions and the choice of clothes. Everything including food and clothing are still rationed in Scotland.

Many Back Home For Short Vacation

With most colleges giving their students a short recess over the Thanksgiving holiday, many joined their families here. Among them were most of the Charlevoix students at Michigan State: Harold Chew, Marion Craig, Anne Campbell, Helen Jean Hammond, Virginia Ranger, Bill Ocha, Don Carver, Jim Feres, Harvey Bowen, A. Keith Howe, Dick Pochman, Joan Heise, Elaine Browne and Davida Blake all spent the holiday with

their respective families.

Linda Bowman, a second year student at Albion, visited her parents, Mr. and Mrs. E. B. Bowman. Chuck Smith, a freshman at Olivet, spent the week-end with his parents, Mr. and Mrs. Cecil Smith. Bud Kohler and a guest, Bill Lemon, and Nancy Totten, all of Alma College, were here as were the Bellinger boys, Joe and Don, students at Michigan State Normal, Ypsilanti.

Beth Meggison and Cappy Hecker, of Central State, Mt. Pleasant, Louis Oriowski, who is attending the University of Detroit, Giles McCann a student at Wayne U., Detroit, and his brother, Omer, who teaches in southern Michigan, all joined their families for the week-end.

Den Boas, of Hepe College and Gerladine Versnyder, who is attending Comptometer school in Detroit, were here.

Janet Gallagher Is Presented in Recital

On the evening of Nov. 26 Janet Gallagher, daughter of Mr. and Mrs. James W. Gallagher presented her second piano recital at the home of Suzanne Palmer, her teacher.

Those supporting Janet were Kay McDonough, Eleanor Gallagher, Phyllis Wojan, Rose McDonough, Kathy McCann and The Ladies choir, including Mrs. Wilson (niece of Tim Leonard) Mrs. James Carpenter, Mrs. Emerald Gallagher, Mrs. Lester Conningham, Mrs. Willard Pischner, Mrs. W. J. Gallagher and Mrs. Edwin McCann.

Janet's program was as follows: Dream Boat, Good Bye Old Year, The Band Is Playing Dixie, The Rabbit Reveals and Rumps Away, Fairland Music, Echoes of The Canyon, The Evening Song, Twilight and Roses. Janet sang "Robin Adair" and the "Merry Widow Waltz". Mrs. Theresen Gallagher sang "Velia". The Ladies choir sang "Silent Night" and "It Came Upon The Midnight Clear."

Mrs. Palmer played The Fourth Mazurka by Goddard. After the program the guests

adjourned to the dining room where Janet cut a cake decorated with musical notes. Fruit punch was served.

Kay McDonough presented Janet with a bouquet of white mums, a gift from her teacher.

Some of the guests present were

Mrs. Tim Leonard, Mr. J. H. Gallagher, Mr. J. W. Gallagher, Mrs. Mike Cull, Mrs. Dan Boyne, Mrs. Bert McDonough and daughter, Ellen, Mrs. W. J. Gallagher, Miss Eileen Martin and Dr. Palmer. The decorations were potted mums and wax begonias.

About Town

News of folks, your neighbors and mine... but did you know that—

Orchid of the week goes to the women of the Methodist Church, who made a success of their bazaar and supper last week. It entailed a great deal of work... Mr. and Mrs. Earl Young and Marguerite Young expect to leave this week for Ann Arbor to get their daughter, Virginia, a student at the U. of M. They then will drive to Santa Fe, N. M., and visit their daughter, Louise, a nurse at the Presbyterian Hospital there.

We are indebted to Ed Allen for the information concerning "May" and "Alice" Streets in Charlevoix. The streets were named for the daughters of Clifford Upright, a prominent landowner many years ago. Mr. Upright built the former Martha Ayres house, which was known for years as the Upright estate. It's hard to leave Wilbers store these days. If you are a music lover you will want to linger longer to hear what the next record of Christmas music is going to be. Wayne has a splendid collection that is different.

Mrs. Anna Woods received sad news this week that her brother in Detroit had suffered a stroke. Mrs. Ella Usher plans to leave Charlevoix Saturday, going to Grand Rapids to be with her son, Clara and family. Christmas Day she will be with her daughter, Mrs. James Anderson in Lansing. Then, she will go on to Tecumseh for a few days with the Dick family before returning home. Mrs. Gordon Freeman left last week for Cincinnati with her baby for a visit with her parents. She will be joining her husband who leaves Monday. He will be accompanied by Mr. and Mrs. Henry Geenberg who will spend the holidays with Mr. and Mrs. Ernest Geenberg.

5 to 1 Vote Backs Bond Issue

With the taxpayers 5 to 1 in favor of the city bonding itself to buy more generating capacity at the power plant, officials are pushing the work necessary before the bonds can be issued or bids asked on the equipment.

First to be taken up is the legal phase of issuing the bonds. A tentative draft of the city's program was drafted Tuesday, approved by the Council's finance committee and was forwarded to the firm of Detroit bond attorneys retained by the city. This firm will check on all aspects of the proposal and suggest changes which will mean less cost to Charlevoix.

Next step will be the submitting of the revised plan to the state Municipal Finance Commission, once approved by it, bids will be asked on the \$107,000 bond issue. The bond issue probably will be for 10 years, and will be callable.

The election Monday drew 374 voters. By wards the results were:

	Yes	No
First	91	16
Second	111	21
Third	113	22
Total	315	59

Champ Bowler Wearing Flashy New Headgear

Bob Moxfield is sporting a new and flashy red stocking cap at the Charlevoix Recreation Alleys.

Some time ago, Bert Smith, the owner, appeared wearing the cap. Razed slightly over its flaming color, he hung it up and announced that the first bowler to roll 250 could have it to wear around the alley as a sort of championship trophy.

Last week Moxfield bowled 255 and is proudly sporting the cap, woolly tuft and all. He says he's the charter member of the 250 club and will hang on to the cap until someone beats his 255.

Board Hears Report on New Hospital

First steps in launching the drive for a new and needed Charlevoix Hospital were planned Monday afternoon by the hospital's Board of Directors.

The hospital would be a completely modern one, fireproof, of one story and with a 50 bed capacity. Due to the extra summer demand here, it would be designed so that unneeded rooms could be closed off in the winter. In equipment, facilities and service it would compare with any similar institution in Michigan.

The total cost would be \$300,000 according to Skidmore, Owings and Merrill, Chicago architects, specializing in hospitals. The building would have about double the capacity of the present, wooden one. But steadily increasing demands on hospitals, plus the added number who would come to a fireproof building, made the 50 bed capacity a minimum requirement.

These facts were reported to the directors Monday by Earl A. Young and E. J. Edwards of the special building committee who last week were in Chicago conferring with the architects and members of the Summer Advisory Board.

On the basis of their report, the Board decided: That Charlevoix must contribute at least \$100,000 if the hospital is to be built.

That public sentiment here would be sounded out. That if this appears favorable, a local campaign will be made to obtain the \$100,000, to be paid over three years.

Theater Will Seek Better Programs for Youngsters

A letter selection of movies for the youngster-patronized week end shows, and consideration of the price problem were gladly promised the movie committee by L. H. Taylor of the Palace Theatre Tuesday afternoon.

The Committee, outgrowth of the movement started at the school Open House, met with Taylor and Ed Sandile of the theatre at the City Hall, and laid two problems before them.

First was the objectionable pictures often shown on Fridays and Saturdays. Second was the 50 cent charge made all youngsters over 12 years.

On the first, Taylor pointed out the facts which he gave The Courier last week. That fewer good films are being made, that the distribution largely have the theatres tied on release dates. But he willingly agreed that as far as he possibly could, all objectionable movies would be shifted from the week-ends and he further would do all he could to keep them out altogether.

On the second point, the committee told how the 50 cent price works hardships on most youngsters, often encouraging misrepresentation. Dallas Henry particularly pointed out that a 50 cent ticket is tough on the boy and girl at the dating age.

The committee asked, and Taylor agreed, that the management study the possibility of having a lower and uniform price for all school age patrons.

Farm Bureau Drive Passes Member Goal

For the first time in several years, the Farm Bureau Roll Call has met and will pass the quota set for the annual member drive.

It was reached Monday night, reports Clare McGhan, roll call manager, when 242 were signed. This includes 80 new members.

A turkey dinner for team workers will be held later, the date still is undecided.

Odd Fellows, Rebekahs Elect New Officers

The I.O.O.F. and Rebekahs of the Round Lake lodge No. 293 elected officers at regular business meeting last week.

Tuesday evening the Rebekahs elected Mrs. Anna Howard Noble grand to succeed Mrs. George Bergman. Other elective officers named were vice grand, Mrs. George Cook; recording secretary, Mrs. Ronald Swanson; treasurer, Mrs. Irma Hannah; captain, Mrs. Earl Blood.

Elmer Reed was elected noble grand of the Odd Fellows at a meeting on Wednesday evening. Other officers elected were: vice grand, George Willis; recording secretary, Edward Swanson; financial secretary, P. R. Ross; treasurer, Mrs. Sinas Baker; district deputy, George Bergman. Neils Tiltson is retiring noble grand.

Tentative date of the Rebekah installation has been set for Jan. 21. The date for the IOOF installation will be announced later.

Work Of Bees Is Described To Club

Bees, how they work and their importance to our section, were the subject of William Vander-Wall's talk Monday night before the Kiwanis club.

Besides the honey production, bees are essential, if Michigan fruit orchards produce, he pointed out.

Capt. Hubert Paddock and Rev. Jackson Turner were inducted as new members of the club.

Auxiliary Has Yule Party At Brant Home

Twenty-five members and guests of the American Legion Auxiliary met at the home of Mrs. Lewis Brant Monday evening for the December business meeting and Christmas party.

Mrs. Martin Pedersen was named membership chairman and Mrs. Lyle Allard and Mrs. Robert Miller were named on the Child Welfare committee.

One new member, Mrs. Paul Kollander and two guests, Mrs. Carl Smith of Flint, and Mrs. Mary Drosow were present.

At the social hour which followed, gifts were exchanged and refreshments served at a table decorated in a Christmas motif.

Work likely will be starting on the new and long-awaited P.S. 31 bridge across the ship channel here this spring.

Formal action last Friday night was taken by the City Council to start the legal wheels rolling. During the week a representative of the Bridge Division of the State Highway Department was here and went over the entire situation with city officials.

The Highway Department is expected to start work as soon as bids are accepted. More steel is being shipped here for the new span and the temporary detour. Meanwhile, the legal procedures are being taken care of.

First step in this was taken Friday when the Council passed a resolution asking the state to build the bridge and offering to pay the city's share of the cost.

The exact amount of this share will be specified in the contract between the Department and the city, which will be drawn up and submitted to the Council later. As reported by Mayor Karl Eklund, the Highway representative said this sum will be approximately \$12,000 with Federal funds taking care of about half.

The cost of the bridge is estimated at \$550,000. It will be the same structure that was planned back in 1930 and almost started in 1941. Outbreak of the war prevented construction.

It will be a double bascule, the 64 foot wide section rising north (Continued on page 2)

Rayders Trim Jordan 38 to 17

The Charlevoix Rod Rayders won their second conference game by defeating East Jordan 38 to 17 on the local court Friday.

Charlevoix held an 11 to 2 advantage at the first quarter and at half time had piled up a 25 to 5 lead. The last two periods were more even and both teams substituted freely.

Dick Hardy, forward, was high point man for the Rayders with 14 points and Bob Carey was second with 10. Nonceek scored 8 to lead for East Jordan.

Officials were C. R. Bailey and A. F. Wolgast, Petoskey.

In the preliminary, the Little Rayders came out 25 to 24 in a fast game which was tough and went into the last whistle. High point men were Donaldson with 8 and Case with 7 for Charlevoix and persons with 8 and Richards with 6 for East Jordan.

It's the Little Things They Remember

Tourists are funny folks in what they enjoy. I know we are when we're traveling. It's the little things the unusual little touches, which often are most remembered and talked about later. And the community which keeps the tourist business year after year can well afford to supply those little extras.

Most folk will pause to read an attractive sign telling something about a certain spot. I know of one store-and-cabin keeper whose business jumped 25% after a historical marker was put up near his place.

The most patronized sight in Hillsdale

It Doesn't Pay to Kill the Goose

Sunday's papers carried a disturbing story. The Detroit & Cleveland Navigation Co. is stopping service on Dec. 27.

Excessive wage demands are given as the reason. With business plentiful and rates high, the company's statement sounds straight and not a mere excuse.

The union's demands would cost an added half million in 1947, the company says. With that much added load, there is no reason for the company to operate.

Consequently everyone suffers. The seamen will have to find new jobs in a falling labor market. The public is losing a useful and needed transportation. The stockholders will lose dividends and maybe principal.

Labor is justified in demanding as its

county is the swans at the Hillsdale College arboretum. A safe estimate would be that a \$1000 worth of films are used on them every summer.

California is making a historical monument of a whole town. But the thing I always recall first about Columbia is not its line of red brick stores, but a little sign down by the old diggings telling how the '49ers were allowed only 8 foot square claims, so rich was the ground.

It's those little things - signs, wild life, an unusual meal, extra hospitality - which the traveler enjoys, and which keeps him coming.

right a fair share of any business' income. After all, the workingman is the basis of our whole society. But the leaders of many unions have worked themselves into a position where to keep their fat jobs they have to keep grabbing more and more for their followers. Eventually, they reach the point where the employer cannot afford to operate.

The union members should get wise to their own interests. Labor has obtained about all the gulfs it can hope to make for a while. The wise - and profitable - policy now would be to let business get solidly on its feet once more.

Continued or excessive demands at best can only bring temporary gains, and can cost dearly in the long run.

City Starts Action To Build New Bridge

(Continued from page 1)

and south to make an effective road block on U.S. 31 when the bridge opens. The control house will be opposite the Alameda on the park side. All machinery and counterweights will be underneath, giving a trim and unobstructed top side. The roadway will be 44 feet with two six foot walks.

Construction of the bridge will be accompanied by other notable changes along Bridge street. Beyond Ditcher and Johnson's, the highway will be widened 20 feet to the east, to make a four lane highway. The same will be done across the channel.

Over there, the present buildings of the Charlevoix Lumber Co., which are next to the street will be removed. The land on which they stand already is owned by the state.

A temporary detour will carry traffic, starting south of the bridge, to the harbor office, the road will be carried on trestles across the park to the entrance of the ship channel. Here there will be a 122 foot swinging span, the north end pivoted and the south end carried on a sliding base. Cables and winches will open and close the span for traffic.

Behind the temporary bridge, the Charlevoix Lumber Co. will carry the detour to the harbor office. The detour will be about a quarter mile long.

When the bridge was first planned, it was estimated a year and a half would be needed to complete the job.

The Charlevoix Lumber Co. will carry the detour to the harbor office. The detour will be about a quarter mile long.

When the bridge was first planned, it was estimated a year and a half would be needed to complete the job.

to the islands, they wrote a letter to her and sent it to Lt. Marion Burns, of Harbor Springs, an Army nurse then stationed in New Guinea, asking her to forward it when civilian mail service was opened.

The service was opened on June 17, 1945, Salud's 23rd birthday. She went to the postoffice, and much to her surprise received the letters from the Alexanders. She wrote, "It was the nicest birthday present I ever received."

In her first letters to them she told of the hardships suffered during the occupation. "All the family, except my oldest brother, Modesto, who was in Manila and did not join us until May, fled to Paozarrubio, leaving our home and all our possessions to the Japanese and native looters. After the fall of Bataan and Corregidor we moved to the mountains near Baguio and later to Urdaneta, my father's home town, where we stayed until the American forces re-occupied the islands. While there my youngest brother, Jose, 16, died of rheumatic fever because we could get no medical care or medicine."

After the Americans returned, the schools were opened and Salud taught at Urdaneta. At that time Mr. Parayno, and his sons, Modesto, 25, and Jesus, 14, worked with the 43rd U.S. Field Hospital in that district and later moved to the Cagayan River area in northern Luzon where Jesus was drowned June 29, 1945.

In the summer of 1945, Rev. and Mrs. Alexander started making plans to bring Salud to this country. Through Justice Frank Murphy, they were placed in touch with Mrs. Irene Murphy, field representative of Philippine War Relief in Manila.

Mrs. Murphy gave advice to the Alexanders on clothing, necessary papers, documents and visas and other arrangements to be made to get Salud to the States. In this country the Alexanders made plans for her by obtaining scholarship at Adrian College, signing affidavits themselves, and the Big Rapids district through Rev. Byron Holm, superintendent, signing others. It was also necessary for them to provide clothing for Salud's trip to this country.

When everything seemed ready and the necessary funds for travel were cabled to Mrs. Murphy, Salud couldn't be found in Manila for no one had the name and address of the uncle with whom she was staying while the arrangements were being made. In an effort to locate her, Mrs. Murphy ran a story in the Manila Evening News which started: "This is a call for Salud Parayno, children in a post-war story." Within 18 hours Salud was found and told that her passage money was at the Philippine War Relief Office.

The visas and other documents and passage money have been in effect since September last. Salud's trip has been held up because of the wartime strike. But she's ready and waiting for the ship.

carpet" which will bring her to the land of her dreams.

And the Alexanders are ready for her. The Big Rapids district of the Methodist church, including the Women's Society of Christian Service and the Youth Fellowship, are planning to provide the incidentals and cash up to \$200 a year for her. The Breckinridge Methodist church and its Women's and Youth's organizations and friends plan to provide the necessary clothing.

And the Alexanders will provide the most essential thing of all without which there would have been no story, no project in memory of Evelyn, no dream come true for Salud—that most important factor, love of one's fellow man.

Magazine Praises City's Jamboree

Dallas Henry brought the last issue of The Harmonizer to The Courier office this week. This

magazine is devoted to the interests of Harborside Quartet singing and goes to thousands of persons throughout America.

One page had an article on Charlevoix, giving it many hundreds of dollars of free publicity. It read in part:

"A four day quartet singing

festival, the longest in the entire S.P.E.S.Q.S.A. history, marked the fourth annual Jamboree of the Charlevoix Chapter, Aug. 20 to Sept. 2.

"Highly organized and expertly carried out, the Jamboree this year attracted a record number of guests from all parts of Michigan, and some from Illinois, Ohio and Wisconsin.

"The fact that Charlevoix, one of Michigan's most exalted resort sections, is cleared for the barbershoppers and their wives, that all activities of the upstaters are centered upon this one festival, makes it an outstanding event. It is now ranked with the Holland Tulip Festival, Saugatuck's Artists Festival, the Blossom Festival of Benton Harbor and the Cherry Festival of Traverse City as one of the big events of the resort season.

"Festivities began on a Friday with registrations of guests, the taking over of hotels and cabins and guest houses; Saturday there was informal singing in town and in the resort places, climaxed by the annual parade program at the High School.

"Following the program the assemblage was entertained at a hayloft party, square dancing,

mountain music and so on at Moonlight Gardens.

"Sunday the public was entertained at a free concert in the public square and all afternoon pleasure craft plied up and down the 18 mile Charlevoix Lake taking S.P.E.S.Q.S.A. visitors for rides. Sunday night the top party of the entire jamboree was held at the Belvedere, one of the swankiest of Michigan's swanky resort areas. Dancing, song program and refreshments kept the visitors royally entertained.

"Labor Day, the final of the season, was given over to informal singing.

"Although no announcement of the 1947 Jamboree has been made, as yet, reservations for cabin space and hotel rooms already have been made, eloquent testimony of the success and color of the Charlevoix enterprise."

Mrs. Lola Lewis was elected president of the Pilgrim circle at a regular business meeting held at the home of Mrs. George Bergmann on Wednesday. Other officers elected were: vice president, Mrs. Jeff Novotny; secretary, Mrs. Lola Coulter and president, Mrs. Oscar Smith.

[The home of Mrs. Clair S. Webster was decorated in a Christmas motif and gifts for the Christmas sale were placed under a beautifully decorated tree. At the close of the meeting the hostesses, Mrs. E. D. Hawley and Mrs. Clement, served dainty refreshments from a table decorated with greens and candles. Twenty-six members were present.

Recruiting Director Praised at Banquet

Col. Walter C. Cole, Commanding Officer of the Michigan Recruiting District, honored the commander of the Cheboygan Recruiting Area, which includes Charlevoix County, S/Sgt. James B. Lundie, for the outstanding record accomplished by his area during the past year, at a district conference held in Detroit's Federal Building.

Mrs. Webster Heads Past Matrons Club

The Past Matrons club met Friday at the home of Mrs. Leo Carey for a dessert-luncheon and Christmas party.

Small tables were tastefully decorated in a Christmas motif and evergreens and candles were used about the rooms. The fourteen members present also exchanged Christmas gifts.

At the short business meeting officers were elected for the ensuing year. Mrs. C. S. Webster was elected president to succeed Mrs. Albert Cook. Mrs. Harry Walstad was named vice president and Mrs. Glenn See, secretary-treasurer.

The January meeting will be a potluck supper at the home of Mrs. Webster.

U. of M. to Have Room for Michigan Students

The University of Michigan expects to have room for every qualified high school graduate and transfer students in Michigan who wishes to enter either in February or September, 1947, President Alexander G. Ruthven has announced.

A considerable number of students now enrolled will complete their work or drop out at the end of the Fall semester, and a large class will be graduated next June. As usual, first priorities for their place are reserved for veterans and high school seniors and transfers from Michigan colleges.

City Doesn't Buy New Police Car

Giving strict economy as the reason, the City Council at its Dec. 9 meeting passed up a chance to buy a new police car.

H. O. Kranke of Auto Electric Service submitted an offer and bid on a new 1946 Oldsmobile two door sedan. The machine is one he had arriving, was black and the small size model. It would have taken the place of the present police car which has some 100,000 miles on it.

The Council voted three-to-two to decline the offer, the three holding that city funds should be saved as far as possible to help pay costs of the new electric generator.

Want To Hunt Foxes? Hounds Are Offered

Fox hunting is being encouraged this winter by the State Conservation Department as a control on the red predators.

And there are plenty of fox hounds waiting for some hunter to take them out. Mont Withers is making the offer of his pack, inasmuch as he cannot hunt them this year.

The State also is asking all fox hunters to send in reports on their hunts.

Did You Guess Right

The Conservation Department checked on hunters guessing the weight of their deer this year. Over near West Branch this fall, each hunter at the checking station wrote down his estimate of his deer's weight. Then it was scaled. The average was 7 pounds too much.

Let Township Help on Relief Costs, DeFoe Says

(Editor's note: The following editorial is by Sen. Murt H. DeFoe in his Charlotte Republican-Tribune and carries an idea on a pressing state problem.)

A man prominent in state affairs and well qualified to discuss the problem says no new taxes are necessary to meet the state's fiscal upset. He does, however, suggest three shifts in existing laws as follows:

1. Re-enact the (extra) 1945

session state liquor law by increasing the fee and adding the whole sum to the state's general fund.

2. Re-enact the last session corporation tax bill with wider ranges and add this to the general fund.

3. Switch the old age assistance grants so that the counties would pay at least 25% of these total costs.

He says these changes represent 50 million dollars, the bulk of which now goes to government units below the state level. This

person who served 17 consecutive years as his township supervisor wants the local units of government to share more directly in the welfare load solely to recreate a new interest in home government. He says in ten years school meetings and annual town board meetings have deteriorated in size to members of the respective boards and persons directly involved in the operational side of these agencies. It is his opinion that when the local taxpayer understands that these added costs are on his own order that a revival of individual interest in these questions may follow. The public has made itself its own committee on appropriations, a new and daring venture in government but the state's overall services comes first concerning which John Q. Citizen will know more about sometime between New Year's and the merry month of June.

Mrs. Earl Young is Chosen President of Church Guild

Mrs. Earl A. Young was elected president of the Women's Guild of the Congregational church at the annual election of officers last Wednesday.

Other officers named at the same time were: first vice president, Mrs. John Reed; second vice president, Mrs. Russell Curtis; secretary, Mrs. Gordon Clement; treasurer, Mrs. Oscar Smith. Mrs. Jeff Novotny is retiring president. The meeting, at the home of Mrs. C. S. Webster was also the Christmas meeting and included in the program was a reading, "Christmas Cities" given by Mrs. Ray Faulkner. Mrs. Otto Krenker led the devotion.

A social hour and refreshments followed the business session. Holiday decorations were used about the rooms.

Eddie Pavlik Welcomed Home by Old Neighbors

Sgt. Eddie Pavlik was royally welcomed back by 42 old neighbors and friends Friday night at a party in his honor at Eastport Tavern.

Inducted on May 12, 1945, trained at Camp Livingston, he was sent overseas in November. He served with the 183rd and the 115th M.P. in Florence, Rome, Foggia and Verona. On Nov. 13, 1946 he was discharged at Fort Sheridan, Ill.

Back home the folks in the old Pavlik neighborhood promoted the party. A feature was the big welcome-home cake baked by Mrs. Lundy of the Tavern.

Lamprey No Peril to Swimmers

Swimmers in the waters around Charlevoix do not need to worry about attacks by the lampreys. Ralph Price of Ironton became concerned over the possibilities and wrote to Kendrick Kimball, of the Lansing bureau of the Detroit News. Kimball's letter said:

Please excuse my belated answer to your letter of November 8. I have been away for some time and am considerably behind in my correspondence.

Lampreys look have been known to attempt to attach themselves to swimmers in Lake Ontario, but these were Marathon swimmers who were going slowly in deep water. The uncomfortable presence of these creatures caused contestants to withdraw from long distance races on several occasions.

However, I do not believe there is any particular danger in Lake Charlevoix because lampreys prefer to hang out in deep water where their chief victims, the lake trout, are found. They do not seem to appear with any frequency on shoals, beaches or in shallow swimming territory, probably because fishes do not ordinarily frequent warm waters in the summer if cooler water is nearby.

Lake Huron, particularly in the vicinity of Rogers City and Alpena, has more lampreys than your section, but we have no record of an attack upon a human there, although there are numerous beaches and swimming places that meet daily use.

Sincerely,
K. Kimball.

Foster Boat Adds Building to House Paint Shop; Shipping Many Rowboats

Completion is expected within a few days of a 45 x 55 foot addition to the north end of the Foster Boat Company's main plant on Ferry Avenue.

The new structure, which will add 2475 square feet to the present 33,720 square feet of heated production area, will be used for painting and finishing. The need

for additional space became pressing when it was decided to centralize all boat construction in the south side plant. As soon as finishing and painting operations can be transferred to the new building it is planned to resume capacity operations.

The company produces 26 foot two cabin cruisers, 12 foot plywood rowboats, basswood and ash outriggers and all kinds of nutmeg lumber at the south side plant. The Canvas Division, now located in its new building in Petoskey, manufactures boat, truck, trailer and outboard motor covers, awnings and numerous other canvas items.

Early in the war a Navy contract for 33 foot Plane Rearranging boats and 21 foot Plane Personnel boats required more space than was provided by the existing plant and caused the company to construct a cement block addition to accommodate its assembly lines, and later, to acquire its Plant 2 property on Cherry Street where it then carried on part of its assembly operations. Subsequently the Canvas Division was established in the Plant 2 building and later moved to Petoskey, where it completed a number of sizeable contracts for heavy tank covers, half-track covers, tarpaulins, cartridge bags and pyrotechnic pistol holders for Army Ordnance and Army Air Forces.

The company plans shortly to begin making large shipments of rowboats into southern markets, particularly the T. V. A. area in Kentucky and Tennessee where there is an unprecedented expansion of boating activity in the newly formed lakes behind the many dams. Orders now on hand will take up the company's anticipated rowboat production for the next three months.

The 1947 model two-cabin cruiser will be on display at both the Chicago and Detroit boat shows to be held in January. The reception accorded the 1946 model at the Chicago National Boat Show last spring was extremely gratifying, company officials said.

Farm Prices May Decline This Year

Farm commodity prices will be among the first to decline when the downward adjustment of the general price level occurs, Michigan State college farm economists predict.

Although this downward movement in prices will probably be of short duration, it likely will be followed by a period similar to that in the "twenties." Such a period will be one which is generally prosperous but during which time agriculture will have some serious problems. That is the opinion of Dr. Clifford M. Hardin, speaking for the farm economists preparing the 1947 farm outlook information.

The period of inflation, which still exists, has brought or will bring most farm product prices to an all-time high. The downward adjustment in the general price level seems likely for mid-year of 1947.

Federal farm price supports will cushion the downward adjustment. Corn, wheat, hogs, eggs, butterfat, milk, chickens, turkeys, dry beans, soybeans, flaxseed and potatoes are included in the support program. Absent from the list are cattle and lambs.

Dairying Expected to Pay Good Returns

Dairying will continue one of the more profitable enterprises on Michigan farms in 1947. That is the prediction of Michigan State college dairy specialists and farm economists.

In forecasting the 1947 dairy outlook for Michigan the extension dairy specialists believe high demand for dairy products will continue. Normal culling of dairy herds should prevail to take advantage of high prices for beef, even though the demand for milk at a high price continues.

The downward trend in the number of milk cows in the United States is a major factor in determining the outlook. Four percent fewer milk cows are in production now than a year ago, although production per cow is at a record level. Gains in production per cow, however, have not offset the drop in number.

Consumption of milk and milk products remains high. Although exports of dairy products are expected to be lower next year, the reduction is not likely to have any reactions on milk prices until around mid 1947.

About Town

News of folks, your neighbors and mine... but did you know that—

Are you superstitious? If so, watch out! Friday is the 13th... Already word has come that Charlevoix is going to have visitors sometime between June 2 and June 5. At that time the business men of Berrien County have planned a three-day Good Fellowship Cruise on Lake Michigan. The steamship North American has been engaged for the cruise, starting and ending at Benton Harbor with ports of call including Charlevoix and Sault Ste. Marie. You may be sure that Charlevoix will be ready for them. The George Meggison started for Florida Thursday morning with Michigan having almost Florida-like weather. Mr. Meggison was unable to find a person to drive them south, but stated that he and his wife would just take it a little more slowly. With some 20 cousins living in that State, it is no wonder the couple enjoy spending their winters in Florida.

Personal nomination for a youngster with a million dollar smile is baby Steven Bergman, son of Mr. and Mrs. George Bergman. Don't forget there is nothing like the hometown paper for a Christmas gift. It's a present that lasts all year long with 62 issues of the Courier as a reminder of someone's thoughtfulness. The Kit Carson family expects to be leaving Michigan about a week before Christmas. They will drive to Beverly Hills, Calif., going the southern route. The Carsons have relatives in Beverly Hills. Wonder how many members of the famous Sanborn Club are still living in and around the vicinity?

Good news! The State Highway has approved the construction of a new road between Walloon Lake Junction and Boyne Falls, a distance of five miles. That means there will be pavement on that stretch by next summer. Bill Hochman, son of Mr. and Mrs. Angus Hochman left Thursday for Camp Stoneman at Pittsburg, California. From there Bill expects to leave shortly for Korea. Bill was at home for a week's furlough, coming from Fort Bragg. He will be accompanied on his trip with a buddy from Boyne City, who will also be going to Korea. Bill went from here to Lansing where he expected to visit his sisters, Mrs. Robert Riggle and Esther Lou Hochman. Kenneth Russell is another home town boy who will also be headed for the west coast, with his destination, Washington.

Sam Rose received a letter from Mrs. Mason H. Rose, (remember her when she used to teach in Charlevoix?) Mrs. Rose, now retired in Beverly Hills, Calif., this winter. For a number of years she lived in Florida where she taught. She writes that it isn't as warm in California as Florida at present. They have had nothing but rain, rain, rain. After the auction sale at her farm home on Dec. 9, Mrs. William Sutton planned to move to the J. C. Marshall cottages, Mason St., near the high school. "She spends her time going about and doing good" might truthfully be said of Mrs. Mable Goddard.

"Romco, Romco, wherefore art thou Romco?" The question was solved Monday afternoon when the members of the Shakespearean Club listened to a playlet at the home of Mrs. Roy Kipke. The respective parts were ably handled by Mrs. Edwards and Mrs. Kit Carson. As to costumes, attire of Charlevoix furnished the treasures for the pair. Wonder who happened to be "Alice" and "May" for whom the two streets in Charlevoix were named. The John Boss family spent the week-end in Birmingham visiting relatives. What an enterprising community Ellsworth is. Birthday congratulations to Mrs. Ed Burns. Surely spring can't be too far behind with winter so long delayed. "You never saw such a fat round faced baby," said Mrs. Ella Fochtman Monday evening, when she announced the birth of a granddaughter, first-born of Mr. and Mrs. Robert Fochtman. The young miss arrived Monday afternoon at the Charlevoix hospital. She tipped the scales at 8 pounds, 12 ounces and has been named Sharon Kay.

Don't forget there are just 12 shopping days until Christmas. "Oh, for a good old fashioned snowstorm to get one into the spirit of the holidays!" announced a Charlevoix woman the other day. Work is progressing splendidly on the Reed-Stroud building with a newly completed roof. The men are hoping that it won't be long now before work can be completed on the building. Have you noticed how attractively the store windows are becoming with their Christmas decorations?

Mr. and Mrs. Charles Bleha had their guests on Sunday Mr. and Mrs. Walter Dow and family and Mr. and Mrs. Vinton Thompson of Petoskey.

Old Hospital Serves Public of Large Area

Serving a community, both urban and rural, of more than 25,000 persons, the Charlevoix Hospital is the only institution of its kind between Traverse City and Petoskey.

Looking to it for expert care, for surgery, for maternity care are the citizens of northern Antrim, most of Charlevoix, and parts of Emmet and Osego counties.

Started more than a quarter century ago in response to the growing need for hospital facilities here, the hospital organization has progressed steadily, perfecting its operation, acquiring the finest of equipment, but handicapped by the cramped quarters of the old building which houses it.

A new wing, costing \$20,000, was added in 1929 but this has not proved too successful a solution, according to the members of the Hospital Board.

There are three chief criticisms of the present building. First and outwearing the others, it is wooden, two stories and basement, and consequently presents a constant fire danger. Escape chutes, stairways at both ends of the halls and similar precautions have been taken to prevent loss of life. But any fire in a hospital is a fearsome thing, and a wooden building always has that threat hanging over it.

Secondly, the building is old and inefficient. Built as a residence, its interior design is that of an old time farm house, entirely unsuited for an economically run hospital. Operating such a building is costly in heat, in cleaning, in caring for patients.

Third, nurses would rather work in a new, modern hospital. With a critical shortage of nurses now, and with that shortage almost certain to continue for a decade it is proving harder and harder for the Hospital Superintendent to get and keep an adequate nursing staff.

Knowing these conditions and having had to cope with them for years, the board is launching a drive for a new and modern hospital building.

One big expense usually attendant on new buildings will largely be saved by Charlevoix. That is the item of major equipment. For years whenever anything new has been needed, the board has bought the best. The result today is that such things as operating tables, lights, beds are of excellent quality and need not be replaced.

A case of this kind came up this month. The present sterilizer is more than 25 years old and is beyond reconditioning even by a factory expert. As a result, the board is planning to buy (as soon as the money is obtained) a new Scanlon-Morris sterilizer costing \$2500 and adequate for any future needs.

"Romco, Romco, wherefore art thou Romco?" The question was solved Monday afternoon when the members of the Shakespearean Club listened to a playlet at the home of Mrs. Roy Kipke. The respective parts were ably handled by Mrs. Edwards and Mrs. Kit Carson. As to costumes, attire of Charlevoix furnished the treasures for the pair. 15 Boys, Girls Receive Their First Communion at St. Mary's Church

Fifteen boys and girls, members of St. Mary's Parish, Sunday received their first communion at the church here.

It was the feast day of the Immaculate Conception and Rev. Leo Zeilinski preached on the text, "Suffer little children." The entire congregation also took the pledge of the Legion of Decency, agreeing to remain away from improper movies.

The 15 members of the Communion class were Barry Pischner, Gordon Melus, Roberta Mayne, Marjorie Lagerman, Deanna Left, Pauline LeBlanc, Thomas Hamlin, Arthur Malone, James Haggard, Charles and Laurence Ager, Sandra and Deanna Wojciechowski, Richard and Bruce Zeitler.

Mrs. Ed Burns Still Spey at 92, Enjoys Birthday Party

"92 years young, that's what I am", laughingly remarked Mrs. Ed Burns Monday afternoon.

She was all dressed up in a lavender print dress and had just had a new permanent so that she would be ready—just in case.

And sure enough, friends started coming in with cards and gifts, for the three great-nieces, Mrs. Joe Williams, Mrs. Albert Edwards and Mrs. Roy Meyers, had invited 18 friends and neighbors for the birthday party, to be topped off with the traditional birthday cake and ice cream.

Mrs. Burns, one of a family of seven children, was born near Madison, Wis., in 1854. "It's a pretty state now, but in those days it was pretty wild," she said. "Father would be cutting rails and when he returned home he would put his fingers in his mouth and whistle to keep the wolves away."

"And mother was having her troubles at home. We were living in a log cabin. There were three little children then. She would wrap us up in blankets to keep us warm. Then she would place sticks in the fire and when the wolves would poke their noses through the windows she would poke at them with the burning sticks."

Approaching womanhood, the pioneer girl took up the career of nursing, graduating from the Cook County Hospital in Chicago. She worked there for several years, then gave eight months of her life at the Mendota Asylum near Madison caring for persons with sick minds.

Perhaps one of her most famous private patients was Mrs. Ole Bull, wife of the famous violinist of world renown. "I nursed her in her home and often heard Mr. Bull practicing. 'My, how he could play!'"

About 40 years ago the Wisconsin woman came to Charlevoix to visit relatives, fell in love with the town as well as with Ed Burns and married him. Her life has been full because, in addition to being a homemaker, she continued her work of nursing. It was not until three years, at the age of 89 that she decided she would stop.

Asked how Charlevoix had changed during those 40 years, Mrs. Burns said, "There were no cement sidewalks, just board walks, no electricity either. The lamp lighter used to make his rounds. Hitching posts were down town for the horses."

"Another thing, most noticeable. No woman would ever think of walking into the front door of a saloon. 'I am ten years older than Mr. Burns,' she said, 'but I tell him that I am twice as spry.' Last year Mrs. Burns baked the turkey and got a dinner for 35 folks. She still does all her own work, is a splendid cook and does all her own baking."

Rain or shine, Mrs. Burns walks to church every Sunday. When asked if she had a hobby, Mrs. Burns hesitated for a moment, and Mrs. Fred Tyler, one of the guests at the party, said, "Yes, being a good neighbor."

Theater Claims Better Movies Not Available

With a membership of eight, the new Movie Committee plans to meet Friday to map out a program aimed at bringing better films here for the youngsters.

The meeting will be at the City Hall at 4:30 p. m. Representatives of the Palace Theatre have said they will be glad to meet with the group at any time to discuss the problem and see what can be done to improve the situation.

The three members named at the school Open House Dec. 3, met Monday and selected five others to work with them. The full group is Supt. Roy Bennett, Dr. Earl Fodor, Rev. Jackson Turner, Mayor Earl Eider, Mrs. Walter Bergeson, Harley Ochs, Dallas Henry and Dean Davenport.

That Charlevoix movie goers do not see better pictures is due solely to the fact there aren't more good ones, not to any discrimination on the part of the Palace Theatre says L. H. Taylor.

Taylor is the booking manager for the theatre here and two in Petoskey. Friday he was in Charlevoix in response to the protest made by parents at the school Open House last Tuesday.

The Palace gets the entire production of MGM, Fox-20th Century, Warner, Paramount and United Artists, Taylor says. But where, before the war these films were making 40 to 60 good films apiece yearly, now they are turning out 18 to 35. For a theatre which changes its program four times weekly, there simply are not enough good films made to supply the need.

"The charge that the Palace is giving its Charlevoix patrons the films leaving is entirely untrue," Taylor contends. "We show exactly the same pictures here that we do in Petoskey. We either have shown or have booked for immediate show every single film—released so far by MGM, Warner, United Artists and Paramount. We would show twice as many of their films if we could get them."

For October and November the source of the pictures shown were: MGM 4; Columbia 7; Republic 18; PRC 1; Paramount 4; Fox 15.

Control of when a film is to be shown does not rest with the local showhouse, he explained. The booking offices in Detroit set the release dates for films and the theatre has to take the film within a short time or lose all that company's pictures.

Since the big producers release most of their best films in the summer, this necessarily means that the winter film fare seems poorer.

The protest voiced at the Open House may have some results. Taylor has sent copies of The Courier to all the major producers, explaining the situation and asking what can be done to obtain better movies.

"The trouble is with the producers. We'll show all the good ones they make. For one thing, we want the good will of our patrons. For another, the good ones are the money makers. The poor ones don't, besides being a headache for all concerned."

Dr. Gerald Gibbons Buys Nordrum Property

Transactions were completed during the week whereby Dr. and Mrs. Gerald Gibbons became the owners of the Dr. John Nordrum house at 404 Park Avenue. Dr. Gibbons purchased the house for an investment.

The Nordrums have purchased the Howard Bayliss house with five acres adjoining at 921 State Street and expect to move to their new location the first of the year.

Singers Attend Manistee SPEBSQSA Chartering

Last Thursday five Charlevoix barber shoppers went to Manistee to attend the charter night for the SPEBSQSA chapter there. There were Charles Hamlin Robert Miles, Henry Ingalls, Dr. C. B. Saltonstall and D. E. Henry. They reported both singing and listening, as well as eating.

Mrs. Saltonstall accompanied her husband. From Manistee they went on to Milwaukee to a Barber Shop quartet jamboree there.

School heads from all Northern Michigan will meet Thursday at Boyne City to discuss school administration problems especially the new problem created by the sales tax allocation amendment.

Florida Weather Brings Out Spirea

A short time ago Mrs. Hargh Miller on Clinton Street brought some spirea branches from her yard into the house for a touch of greenery on the mantle. This week she planned to discard them for Christmas greens.

Imagine her surprise when she found them almost ready to burst into bloom. The Miller family expect to have an unusual centerpiece for their Christmas dinner.

East Jordan to be Next Cage Game

Before a packed crowd of 2000, Charlevoix's basketball team last Friday defeated the Petoskey Northern 32-21.

Neither team was sure of victory until the last period. The pace was fast from the start, with the score 8-8 at the first time-out and Charlevoix leading 13-9 at the quarter.

Petoskey held the Rayders scoreless throughout the second period while gathering six points. The Charlevoix players, with Holstad in the lineup part of the time, scored 11 points, to make a 27-18 score at the end of the third quarter.

During the final round, Petoskey staged several desperate rallies, all of which failed, netting only 3 scores while the Rayders gathered 5.

Rev. Dykstra Invited to Go to South Dakota

Rev. Ellsworth C. Dykstra, pastor at the Barnard Reformed Church, has received a call to become the minister of the Ammanuel Reformed Church at Springfield, S. D.

Undecided as to whether to accept it, Rev. and Mrs. Dykstra left Wednesday morning for Springfield, where he will preach next Sunday, returning here next week. He will decide on making the change within the next few weeks.

Rev. Dykstra came here as a student pastor in June, 1943 and returned here after his ordination to be installed as pastor in June, 1944.

Family Night To Be Held Thursday Night

Family Night will be observed at the Congregational church on Thursday evening of this week. The occasion will be a pot-luck dinner honoring the new members of the church.

Supper will be co-operative with each person bringing a passing dish. Their own table service and sandwiches.

Next Monday citizens of Charlevoix will decide whether they want to issue \$107,000 in bonds to pay for a new generating unit at the electric light plant.

Men favoring and against the proposition have presented arguments in the last three weeks. Stunned up, the case seems to be about this:

Against buying the new unit the chief arguments have been that the city has had no outside engineering survey made, that the present distributing system is so inefficient that if rebuilt it would make unnecessary the new unit at this time, and that the public hasn't been sufficiently informed of the situation.

The arguments for the purchase, presented previously and elsewhere in this issue, are many. Condensed, they are:

The city last summer had Hamilton and Weber, electrical engineers of Grand Rapids, make a thorough survey of the entire system. The report on this was made only to the Council and recommended strongly the installation of a 1000 Kilowatt diesel unit, which is being sought now.

The demand on the present plant has doubled in the last five years and is going up steadily, even in these winter months. Last summer the plant was overloaded, which means not only inefficient operation but is risky and hard on equipment.

As nearly as can be determined, 93 percent of the current is delivered by the present distributing system to the meters, street and porch lights, city pumping plant. Even if these 7 percent now lost could be conserved (naturally an impossibility) the city still would be desperately in need of a new generator.

When the new factories started here in recent years, one inducement made them, was ample electric power. Unless the new unit is added, the city will be going back on its word. This would mean an industrial black eye and make exceedingly difficult persuading other industries to come here.

With new electrical appliances being added, new demands being made by factories, and new homes going up, future summers almost certainly will see a 15 to 20 percent increase in the demand. Only new generating capacity can meet this.

These facts are among the reasons put forward showing the need for a new unit. One other factor is important, the financing of the project.

The electric fund of the city has \$23,377.44 in cash and government bonds. The net income last year, after all charges and payments, was \$13,808. The net for 1946, says Don Swinton, "will compare very favorably." Thus the Council figures that by the time the actual cash is needed, another \$20,000 can be accumulated.

The plant earnings have been consistently high. Since it was bought in 1899, the utility has earned a yearly average of 13% for the city. Since Oct. 15, 1938, besides turning sums over constantly to other city funds, the electric plant has paid \$35,000 of general revenue bonds, and bought and paid for a small \$20,000 diesel unit.

With this earning record, the Council figures that there would be no trouble in the plant's paying for these new bonds. It is estimated that the money might be borrowed for as little as 1 or 1 1/4 percent on ten year bonds. It was on the basis of this growing demand, civic responsibility, dangerous overloading and ample income that the Council approved the bond issue for the new generator.

WHO CAN VOTE

The following registered voters are qualified to cast their ballots Monday in the special bond issue election: Persons having property in the city assessed for taxation, whether owned outright or being bought under a land contract. The husbands or wives of such persons. Persons owning property jointly.

Lieutenant (J.G.) Earl E. Broussard, who arrived last Friday from Cleveland, Ohio to spend a short leave of absence with his family here, left Tuesday morning for St. Ignace to assume his new duties as Coast Guard inspector.

Are We Going to Keep It "The Land of the Free"?
Last Thursday down at Bellaire A. R. Saunders questioned whether we as Americans could keep on running our own business and living the lives each of us choose for ourselves.

Saunders is the executive secretary of the Michigan Real Estate Association. He spoke primarily on the real estate picture, but the conclusions he drew apply equally to all.

"Most folks in this country are in business for themselves," he said. "The clerk in the shoe store, the farmer, the garage mechanic, all are in the business they have freely selected. And this incidentally is

about the only country left where the privilege still exists. But we're losing it rapidly."

To a large extent, he pointed out, the bureaucrats at Washington have socialistic leanings. Thousands of rulings are made which favor eventual government control of housing, industry, transportation, other lines. He cited bill after bill which was drawn to look harmless but would defeat private enterprise.

The remedy, Saunders suggested, is reducing the bureau to the prewar level or less, and electing officials who believe in American freedom to run our own affairs.

Small Towns Look Best to Babson

Small communities will be the best places to invest money during 1947 according to Roger Babson.

Looking ahead, the business forecast advises businessmen in the smaller interior cities to keep their money at home rather than in stocks.

He also is pessimistic about labor and Russia. Calling the labor situation "terrible" and seeing a possible war with Russia, he suggests that big corporations with plants in the large cities or on the seaboard move all or part of their factories inland to smaller places.

Manufacturer Tells Position On Electric Bond Issue

The following open letter from Gordon Freedman, president of the Freedman Aircraft Engineering Corp., deals with the electric bond issue election and points out a real danger to our community. Fellow Citizens:

Alarmed at the controversy over the vote on the \$107,000 bond issue for the new power unit in the Municipal Electric Plant, I would like to present my views.

As a manufacturer in Charlevoix, we employ 34 people, and contemplate an increase to between 50 and 100 when our new plant is completed next spring. Our temporary office is over the Central Drug store; our machine for reproducing engineering drawings in the basement of the Library; our general woodworking plant in Lewis Brant's Building on Lincoln St.; our machine shop in the Ingalls Building, 1300 Bridge St. The airplane hangar portion of our new building is completed and in addition to housing our propeller test equipment and airplane is used as a packing and shipping room.

We have steadily increased employment since moving here, and unless forced to do otherwise by lack of electric power our employment will continue to increase.

Naturally, a sufficient power supply was one of our first concerns when we considered moving to Charlevoix. It was explained to us that certain improvements in the existing power plant were already necessary but that lack of materials had delayed some of these improvements. It was further explained to us that, regardless of these improvements and regardless of our plant, a new power unit was mandatory. However, we were given the assurance that the people of Charlevoix would not hesitate to promote the new power unit for their own welfare, the summer colony, and prospective industries.

We find the situation to be such that, under the present conditions (which are as good as they could possibly be with the equipment and facilities at hand), when you folks all over town turn on your lights and stoves during the early evening hours, we shall probably

have to turn off our machines. And - there is no hope of operating even at our present capacity on either shift next summer without additional power.

We have invested considerable interest, effort and capital in our endeavors in Charlevoix - but our only recourse, should the other property owners of Charlevoix rot stand behind us, will be to reduce our Charlevoix plant to a mere assembling and shipping point that will give employment to from 10 to 25 people, and sub-contract the major part of our production in other cities which do have adequate power.

Gordon Freedman

WE'RE SORRY

Last week's paper had a lot of typographical errors which we regret and for which we apologize. It isn't that we cannot read proof but continual trouble with the old linotype was largely responsible. We'll do our best to weed out these mistakes, and as soon as the new typesetting machine on order arrives, we expect the aggravating little errors will largely become a thing of the past.

WHAT'S COOKING

TO THE TOWN'S TASTE

Did you ever make a pumpkin cake. I had never tasted one until I was given the privilege from Mrs. Ford Clark living in Carson City, Nevada. I should love to share her recipe with you.

Pumpkin Cake

(This makes a beautifully moist cake.)

1 1/2 cup shortening
1 1/2 cups sugar
2 1/2 cups cake flour
3 teaspoons baking powder
1/2 teaspoon salt
1/2 teaspoon cinnamon
1/2 teaspoon ginger
1/2 teaspoon nutmeg
1 cup cooked pumpkin
3/4 cup milk
1/2 teaspoon soda
1/2 cup chopped nut meats
2 eggs.

Cream the shortening, add sugar gradually and cream thoroughly. Blend in the well beaten eggs. Sift flour, baking powder, salt and spices together. Mix pumpkin and milk together and stir in the soda. Add the flour mixture and the pumpkin mixture alternately to the creamed mixture. Add nut meats.

Pour into well greased and floured pans. Bake 50 minutes at 350 degrees.

Use your favorite icing, although whipped cream is perfect.

It is hard to think of Christmas without candy. But candy in the stores is very limited at this time. From round about through the years I have been collecting recipes from cooks. I have gleaned several dandy rules. Here are some favorites that you might try for holiday dainties.

Peanut Clusters
Melt one pound of chipped, sweet cooking chocolate in the top of the double boiler.

Add 1/2 teaspoon melted paraffin and 1 cup condensed milk. Remove from fire and add 2 cups peanuts. Stir constantly until mixture thickens. Drop with a teaspoon onto a buttered pan and chill thoroughly. Keep in a cool place.

Date Loaf Candy

Boil
3 cups sugar
1 package dates (8 ounce) and 1 1/2 cups milk until mixture forms a soft ball in water.

Remove from fire and add 2 tablespoons butter. Beat until it begins to harden, then add 1 cup nutmeats. Drop on a damp cloth and form into a roll. Roll in damp cloth and cut in slices 1/4 inch thick when cool. This rule makes a loaf about 9 by 4 inches.

Baked Fudge Drops
(Candy that makes no inroads on the sugar)

In the top of the double boiler, melt 3 cakes unsweetened chocolate. Add contents of 1 can of condensed milk and stir until thickened, about 10 minutes. Remove

from heat and let cool until lukewarm. Drop by teaspoonfuls onto a well greased cookie sheet. Top with nutmeats. Bake in a moderately slow oven (325) for 15 minutes. Remove from oven and let cool slightly on cookie sheet. This makes 3 dozen fudge drops.

Fruit Squares

1 cup seedless raisins
1 cup dried figs (or apricots)
6 graham crackers
1/2 cup peanut butter
1/3 cup honey
1/2 teaspoon salt
1/2 cup coarsely chopped nutmeats.

Put raisins, figs and graham crackers through the food grinder, then mix well with remainder of ingredients, except chocolate. Pat mixture into greased pan and spread with chocolate. Chill and cut into squares.

While this is not candy, but a cookie Jewel Bar, a recipe from a California friend who had a reputation as one of the town's best cooks, is sure to win over the family, for it is made with gum drops. And they are yummy!

Jewel Bars
2 cups flour
1 teaspoon baking powder
1 teaspoon cinnamon
1 1/2 cups gum drops
2 eggs

2 cups brown sugar, firmly packed.
1/2 cup nut meats.

Sift flour, measure. Sift again with baking powder and cinnamon. Sprinkle dry ingredients over gum drops. Beat eggs until light. Add brown sugar and mix well. Stir in flour and gum drop mixture. Add nut meats. Bake in two well greased shallow pans in moderate oven, 350 degrees, for 20 min. Cut in squares while hot. Be sure they are not baked longer than 20 minutes or they will be ruined.

From where I sit... by Joe Marsh

A Grand American Tradition

The Cuppers had a grand old family reunion last week—for the first time since the war.

Big and little Cuppers came, by car and train, from as far west as Nebraska and as far east as Vermont. They crowded Doe and Jane's house, set up quarters in the barn, or stopped with neighbors—and a jollier gathering you couldn't have imagined!

I was asked to their final Saturday night supper, when they sang old songs, drank beer and cider, remonstrated. Dark Cuppers and

blonde ones—Vermont accents and Alabama drawls—doctors and farmers... all with their differences of taste and politics, yet as close and harmonious in spirit as a group could be.

From where I sit, it's a great American tradition—not just family reunions, but the ability to get along as one harmonious family, regardless of differences of taste—whether it's taste for politics or farming, beer or cider.

Charlevoix will present the atmosphere of Yuletide not only in spirit but in appearance. A huge community tree has been erected at the corner of Bridge and Clinton Street. The city will furnish colored electric lights or decorations. Other details include the decoration of boulevard lamp posts on both sides of Bridge Street between Belvedere and the Bridge. Each merchant has been asked to place Christmas trees in flag poles in front of each establishment.

The marriage of Miss Morella Oldham, who in 1933 was the National Cherry Queen to George W. Lehmann, son of Edward J. Lehmann, wealthy retired Chicago merchant has been revealed.

An apprehension as to the caliber of the 1936-37 Charlevoix High School basketball team was dispelled Friday night as the Red Raiders opened their season's schedule with a 46 to 13 victory over Traverse City's Class B Trojans. The line up for Charlevoix was Richardson, K. Carey, Radic, Galagher and Shapton.

Charles L. Carey, son of Mr. and Mrs. Leo Carey, was one of the 32 Michigan State College freshman football players who will be honored the night of Dec. 12 when the alumni stage their 16th annual football bust at East Lansing.

The Rebekahs are busy in preparation for their annual carnival to be held December 14th. North of Kalkaska on Trunk Line 13 the State Highway Department is arranging to conduct a series of experiments with different types of snow fence. Three different types will be used, a plain board fence, the ordinary slat board fence such as used by railroads in their snow fence work, and the ordinary wooden picket fence.

It has just been announced that the Conference of Governors will be held at Mackinaw Island on July 22. President Coolidge has been invited to address the conference.

At the annual election of the Rebekahs, the following were elected: Noble Grand, Mrs. Sandy Shearer; Vice Grand, Mrs. Frank

There will be 48 Republicans, 37 Democrats and one Farm Labor representative in the new Senate.

Two Investments

Always Worth Per

One of the biggest comforts anyone can get from an investment is the assurance that it will always be worth 100 cents on the dollar. In good times and bad, you can be sure that the "E" bonds you bought during the war, and those you are buying now, will never be worth less than you paid for them. In fact, after the

first year your bonds will grow steadily in value. Your savings account at this bank is another investment that doesn't shrink; it grows the longer you leave your money on deposit. These time-tested investments you can hold with confidence. Invest in both, for your own future security and for your family's welfare.

Mayor Tells Why Bond Issue Is Necessary

To the People of Charlevoix:
On Monday, December 16th, you will vote upon the proposition to authorize the city council to borrow the sum of \$107,000 to defray a part of the cost of installing an additional generator in the Charlevoix plant of our electric system.

It is my duty to give you a full and complete statement of the facts so as to enable you to form an intelligent opinion and to vote accordingly. I shall try to make that statement as brief and understandable as possible.

1. The Present Equipment.
We now have the following installations:

The Bellaire hydro-electric plant with two turbines with a normal capacity of 300 kilowatt hours. This means a capacity during high or normal water level. Experience shows that during low water during the summer months the capacity falls to a low of 120 K.W.H. The Charlevoix auxiliary with three diesel generators: (a) A Nordberg with a capacity of 450 K.W.H. installed in 1931; (b) a Rathbun-Jones, capacity 500 K.W.H. installed in 1938; (c) a Fairbanks-Morse, capacity 250 K.W.H. installed in 1942.

Total peak load capacity of both plants (meaning the summer months) 1320 Kilo Watt hours. All of this generating equipment and accessories are now in first class condition, considering the age of some of the units, and are being competently and carefully operated. The three units in the Charlevoix plant were taken down and completely overhauled and refitted last winter by our own force of employees and the manufacturers pronounced the job an excellent one.

Both plants are clean and well kept and present a pleasing appearance of proper upkeep and efficiency frequently commented upon by competent electrical engineers. More of our citizens should visit their plants and see for themselves.

It should be explained that for our purposes the capacity of a generator measured in kilowatt hours means amount of electrical current the generator will produce at the instant, usually computed over a fifteen minute period.

2. Operation.
You should be interested in the figures showing the development of the plant. During the past five years, and particularly during the past two years the demand for electrical current has increased in an astonishing amount. There is little need to enlarge upon that. We are all aware of it but some of us do not seem to realize the gravity of the present situation. Here are some figures—

Overall output of the Diesel plant in Kilowatt hours as follows—

1942	899,110
1943	1,022,054
1944	1,199,621
1945	1,507,718
1946 (11 mos only)	1,781,127

The peak load on the system during the month of August, 1946 was 1380 K.W.H. Taking the total summer capacity of the entire system it appears that during August, 1946 the generators over-loaded to the extent of 80 full K.W.H., a dangerous practice and one that must not be continued for long. Engineers and the generator manufacturers advise that these power units operate with the greatest efficiency and with the least wear, as well as with the lowest fuel oil consumption when running at 80 per cent of the manufacturers' minimum capacity or power factor. It can readily be seen that the consequences would have been if one single unit had failed while carrying this heavy overload. It is suspected that the Mayor and city council would have come in for some round criticism, and justly so. Now, if by some mischance this election should go wrong, the burden of that criticism will necessarily fall squarely on the shoulders of the People themselves, the real owners of the plant, and justly so.

In other words, if we continue

to run so closely to the border line of safety, and fail to provide for an adequate margin of safety, we will be gambling with safety and welfare of thousands of people who will be the ones to suffer a chance we have no moral right to take. The plain, blunt way of expressing it is that it is poor business judgment to take such an unnecessary risk. Furthermore, we are losing revenue because of it.

3. Present and Future Prospects.
Let's take a look at what is ahead of us. All around us scores of new homes are being built and awaiting completion in an effort to solve the existing housing shortage. When the present shortage of building materials is relieved it is to be expected that many others will build. There is a marked increase in other building for business and industrial purposes, and indications point to an influx of more and other industries coming our way.

Can we afford to be blind to these things? Most of us are aware of an overwhelming future demand of the people for electric power for all manner of electrical appliances from improved stoves and refrigerators, washing machines, mangles, heating units, and a dozen or more modern devices soon to come onto the market. There is no way of estimating such things nor the extent of the demand for servicing these gadgets.

When the people of a city choose to own and operate a given public utility, as the people of Charlevoix did many years ago, they assume the legal and moral obligation to supply the services to all who apply for them. The city may not furnish the services to one customer and deny them to another on the excuse of lack of facilities which the exercise of ordinary diligence and common sense would procure.

Within the last three years several new industries have come to Charlevoix. We welcome them and want to see them succeed. They all came here on the assurance that the city would supply adequate power. Unless this new unit is installed, we as a community are going to go back on our pledged word to these industries.

These demands must be met, and it is up to us to prepare for it NOW. Next year may be too late. It is my candid opinion that we have delayed too long already as we cannot hope to complete the new installation before August of 1947.

4. Steps Taken to Date

Confronted by the prospects above noted, the city council called into consultation the well-known and reliable firm of Hamilton and Weber, electrical engineers of Grand Rapids, and asked for a complete survey of our system and its advice. This firm has been consulted by former councils and is well acquainted with our plant and the conditions. Following the survey, these engineers recommended the installation of an additional generator of a 1000 K.W.H. capacity. (A statement appearing in the press recently to the effect that no survey had been made "by an outside and impartial engineering firm" is therefore untrue.) The engineers made no recommendation or suggestion as to the kind or make of generator to be purchased, that being a matter for the council to decide after full investigation and competent engineering advice.

I believe you realize well enough that no sensible city official would rely upon the advice of an ordinary electrician without engineering qualifications in deciding so important and technical questions as those here involved. Any other view wouldn't make sense.

There has been no decision as yet as to the kind or make of generator to be installed. That will be settled after the coming in of the advertised bids as required by law and a selection made in the best interests of the city. Likewise the bonds issued, if authorized by you, will be sold to the highest responsible bidder and the interests of the city will be safeguarded in every possible way. You may be assured of that.

5. The Electrical Distributing System
It seems that some individuals are arguing that our distributing system should be the first subject of improvement, or that it should be made a part of a single project. Let us take a look at that. There is no doubt that there is room for an improvement in the distributing system of poles, lines and transformers. The city council is fully aware of that. What you haven't been told is that transformers are not available and will not be for some time and that suitable wiring is not obtainable on the market. If temporary repairs are meant, then the answer is that these repairs are being made as rapidly as possible.

Neither can that project be carried along with the installation of the generator, nor should it be included in the bond issue, for the very obvious reason that there will be no need of borrowing money for that purpose as the surplus revenues derived from time to time will be fully sufficient for the improvement when the time comes. NO BOND ISSUE WILL BE NECESSARY. Then why bring that up?

6. Finance.
While the proposed bonds are general bonds of the city, no additional general taxes will be levied for the payment of these bonds. The city plant has heretofore paid its way and more. It has been used to bolster other city departments on several occasions in the past. There is no known reason while the system will not continue to be fully self-supporting. Furthermore, the burden will not be a heavy one. The bonds will mature serially in installments which the revenue can take care of without any strain whatever. I say without any reservations whatsoever that the people need have no fears on that score.

Neither will there be any necessity for increasing the electric rates, and no raise is contemplated. Should any increase come in later years it will be due in inflated costs of labor and material, an economic matter which is hoped the American people will take care of eventually in their own slow but sure way.

The estimated cost of the new generator as made by the engineers is \$148,000, but the electric fund now has a reserve derived from revenue amounting to \$20,000 and by the time the unit is installed there will be another \$21,000 available to apply on the purchase price. Hence, the issue of \$107,000 in bonds at this time.

In considering this matter, remember that this electric plant is your plant. Don't fall into the error of looking at it as anything else. The city council, the plant superintendent and I are only your agents charged with the temporary duty of representing you and your business. The City of Charlevoix and you are one and the same institution. As you attend to your own private business with judgment and common sense, so attend to your public business with the same interest, and concern.

Yours for progress and a better and more prosperous Charlevoix.

City Has Close Shave on Coal

Charlevoix is going to have a narrow squeak on the coal situation, even though the miners went back to work Monday.

It may be several weeks, coal dealers say, before shipments in any quantity arrive. Meanwhile the piles here are getting dangerously low.

Saturday before the news of the settlement arrived, Mayor Karl Erber received from Capt. Donald S. Leonard two telegrams, one announcing Gov. Harry Kelly's brownout proclamation and the other asking for a detailed listing of available coal stocks in the community.

Mayor Erber obtained the information and wired his reply Saturday noon. This telegram shows the narrow squeak that Charlevoix is having:

"70 tons of all grades hand fired coal, 25 tons of stoker coal. Dealers delivering coal in 50 lb. lots to emergency cases only as these dealers have about 30 tons each."

"The local coal situation is serious as dealers undelivered orders exceed supply on hand, 50 per cent which compels them to dole out 500 lb. lots to customers that are out of coal. School 30 days, court house 8 weeks."

Dorothy Allers Given Birthday Party

Following the delicious dinner cards were the diversion of the evening.

At a quiet ceremony performed at 7 o'clock Monday evening, December 2, Miss Allen Lorraine Livingston, of this city, niece of Mr. and Mrs. Barker Kirby, of Wyandotte, became the bride of William L. Osterbaan, son of Mr. and Mrs. John Osterbaan, of Ellsworth. The Rev. Garrett Lyzenga read the service in the presence of their immediate families at the parsonage of the Christian Reformed church at Ellsworth.

The bride chose an afternoon gown of light blue marquisette for her wedding. With this she wore matching accessories.

Miss Theresa Osterbaan, sister of the bridegroom and her only attendant, wore a green and white check dress with matching accessories.

Donald Seneker, of Ellsworth, assisted the bridegroom as best man.

The bride is a graduate of the Charlevoix High school. The groom was discharged from the Navy in June after serving two years in the Pacific area. He is now employed by the H. J. Heinz Co.

Let's Keep Charlevoix Alive

Next Monday We Citizens Will Decide Our Civic Future For Years To Come

We can choose between progress and slump.

A YES vote on the electric bond issue means progress.

A vote against it means economic and civic strangulation.

Demand for current has doubled in five years.

No new generator equipment has been added.

Demand this summer will be greater than ever.

The present plant cannot possibly continue to meet the need.

A Yes Vote Monday Means:

*To the Citizen---*Your city meets its civic obligations.

Other industries can come here profitably.

*To the Taxpayer---*More efficient operation brings lower costs.

*To the Housewife---*Ample power for stoves and water heaters.

*To Industry---*A live community able to serve you.

As businessmen interested in the future of our community, we
urge a YES vote Monday

Dickens Club Members Hold Xmas Party

The annual Christmas party of the Dickens Club was held at the home of Mrs. Clair Webster on Petoskey Avenue Monday evening. The house was beautifully decorated for the occasion by Mrs. Ray Faulkner, Mrs. Arthur Ranger and Mrs. Angus Pochman, who also served as the entertainment committee.

Mrs. Charles Bellinger, Mrs. E. D. Hawley and Mrs. Webster, The Charlevoixes, sang a group of songs, which were greatly enjoyed. Contests on Dickens' characters and names of the club members furnished real brain-teasers for the group with Mrs. Mary Cooper, Jeanne Carey and Margaret Duerr winning the prizes. This was followed by a gift exchange.

Mrs. J. H. Campbell, Mrs. Roy Hamilton and Mrs. Webster were in charge of refreshments serving delicious punch and fruit cake.

Marjorie Lusk Is Married At Watervliet

Card of Thanks

We wish to thank our many friends and neighbors for the many kind deeds and words. Also the doctors and nurses of the Charlevoix Hospital for their attention and thoughtfulness; also Glenn See, during the recent loss of our husband and father. To Rev. HAPPY NEW YEAR!

About Town

News of folks, your neighbors and mine... but did you know that—

The DeWitt Peters family left Tuesday for Charlotte to spend Christmas at their parental home. Yes, sir, there was a goose on Christmas at the O. A. Solomon home with Mr. and Mrs. Harold Withers, Mr. and Mrs. Ed Salter, and Mrs. Mary Peterson, who left last week for Florida. A few days before, while helping cut fire wood for a party at the Gar Wood lodge at Pine Point, he had the misfortune to cut a toe necessitating four stitches. He is hoping that it will not interfere with his swimming in the ocean.

The kids had a wonderful time at the Palace Theatre Tuesday afternoon when the management played open house to the youngsters of the town. Believe it or not, a robin has already been sighted. Ed Allen discovered one last week. This is surely a first here. The kids are sure to be glad when the extra rush is over, but it is a good thing to get all the Christmas greetings from friends, near and far, before the time of the year. Mr. and Mrs. Louis Helms and Mrs. Frank J. Moore left Tuesday for Chicago to visit relatives and friends.

Nettie Hunsford played holiday dress and laid covers at her Christmas feast for Mrs. Irene Carey, Ella Brunner, Joe Hylin and J. M. Hammond. "Twins a happy day!" doesn't it seem wonderful to see all the college kids home again. A goodly number of them found their way to their favorite news Sunday at their churches.

Mrs. H. W. Widdifield was on tip-top expectancy for Christmas, for she expected her son, B. K. Widdifield, of Minneapolis. He is manager of the life insurance office there.

Rev. Jackson Turner left during the wee sma' hours Christmas morning for Kokomo, Ind., quite a point, down into Indiana. He served notice on the relatives to "hold that feast" until his arrival.

... and of the week goes to Eleanor Miller in her display of Christmas books and magazines about the library. There is a wonderful variety of beautiful Christmas stories.

Last week The Courier carried a picture of that giant 10 pound squash raised last fall out on the Leeb Farms. The man who raised it was Datus Deen, who has charge of the vegetable gardens there. The man holding it in the picture was Joan Kling, who brought it to town.

This is a happy week at the Maylink home. Mr. Maylink, who has been on a southern and western trip for the past six weeks, arrived home in time to spend the holidays with his wife and young son.

Mrs. Harry Powers has received word that her grandson, Donald W. Brown, who went into the army in October, is now stationed in Italy. He is doing office work for a staff sergeant.

The Walter Moore family left this week for Maitesville, Ga., to spend the holidays with George Moore, father of Walt. Last year, for forget, those sugar stamps 3 and 10 are good through December. That's ten pounds extra for you, if you still have them. Happy New Year.

Mother of Courier Foreman Passes Away
John Rathburn, foreman at The Courier, was called to Grand Rapids Sunday, where his mother was critically ill in the hospital. Monday morning he phoned back, saying that she had died during the night. Services were to be in Lake City, Mrs. Rathburn's home, probably on Thursday.

Owls Will Play Traverse Team Friday
The independent Charlevoix Owls Friday night will play the Pousley Cleaners basketball team from Traverse City. The game will start at 8 p.m. in the high school gym. The Traverse team has several former college stars.

Calendar of Events
Dec. 27—The pilgrim circle will meet with Mrs. Lola Lewis for a Christmas party.
Dec. 29—Holiday Tea, 3 to 5 p.m. given by C.I.S. Alumni at "Shady Corner."
Dec. 30—Youth Temperance council meets at the home of Sue Miles on Belvedere ave. for a Christmas party.

Council Discusses Water Tank, Signs New Building

The 100,000 gallon city water tank needs a good cleaning and painting this spring, the Charlevoix Council learned Monday night when a report was presented from the Chicago Bridge and Iron Co. Considerable detail was given in the report. The tank is in good condition. The tank itself is painted in many places. Rather than try to repair it, the inspector recommended a thorough paint job now and then a reinspection. In another five or six years. At that time, it may be necessary to install a new tank on the present tower.

The tank was built in 1905. It has been cleaned and painted every five years since 1910.

The \$50 inspection, Supt. Angelo Litch pointed out was good economy. Most times specializing in such painting work usually quote low for the painting job, then insist that numerous repairs are necessary and charge high for them. Backed by the report, the city can now safely turn down all such extortion charges.

The Council decided to ask the officers of the Charlevoix Co-op. to meet with it Jan. 6 and discuss new buildings wanted at the Co-op, plant next to the city power building.

There also was considerable discussion of bridge street business signs, chiefly on flush vs. overhanging style. The opinions of the merchants along the street will be sought.

Girl Scouts Hold Christmas Parties

The Girl Scout room at the city hall was especially gay in its Christmas decorations this week as all the troops enjoyed Christmas parties, gift exchanges.

The Brownies put up the Christmas tree, made all the decorations and invited their mothers to their Christmas party.

Sunday evening Troop No. 1 had a sleigh ride party and went caroling. Florine Stetter accompanied the girls, directing their singing. At the hospital the patients were so delighted the windows were opened to hear the singing. Mrs. Mabel Goddard was a guest on the ride.

Chief Gets Chimes

It was "Till I Die" this week at the first meeting when the boys presented Charlie Marshall with a Christmas present.

Marshall was as pleased as punch for the boys had given him a set of door chimes for the new home he and the Misses are building on Carpenter Ave.

St. Nick Comes to Charlevoix - May Stay Weeks

If you should go dashing up Clinton Street you will meet Saint Nick, himself.

With cold weather permitting he may consider staying through the Christmas holidays. Last seen he was standing in the doorway of the J. I. Ochs yard. You cannot miss him for he is fully ten feet tall.

Yes, it's a showman, the likeness of the bringer of good cheer with his pack on his back, and the artistic work of Bill Ochs.

Elmer Lyon Elected Farmer Union Head

Elmer G. Lyon is the new president of the Charlevoix County Farmers Educational and Cooperative Union.

Election of officers for the coming year took place at the December meeting held at the William Lake hotel being host to the county group. Other officers chosen for the coming year are: Secretary, John A. Lyon; Treasurer, Frank Carlson; organizer, Charles Leht.

A supper following the meeting, was served by the William Lake hotel.

Alvord Stevens has arrived from Marquette to make an indefinite stay with his parents, Mr. and Mrs. Charles Stevens.

Police Are Investigating Home Blaze

Fire resulting from some undetermined cause caused heavy damage Monday at the small home of Mrs. Clara Denemy, West Carpenter avenue.

First reported by a passing motorist, the fire gutted the frame house, destroying all the furnishings and clothing of Mrs. Denemy and her brother-in-law and sister, Mr. and Mrs. Lawrence Skippasgush, who had lived there since July. Included in the loss were the Christmas gifts of both families.

Mrs. Denemy is the widow of Isaac Denemy, Air Force radio man, killed on one of his first missions over Germany in April, 1944. She is living in Potoskey with her two small sons.

The Skippasgushes had come to Potoskey Friday evening for the week end and had not returned when the fire started.

Cause of the fire is being investigated by the city police force and the State Police.

There was no insurance.

Rev. Dykstra Will Retain Pastorate

Rev. E. C. Dykstra declined the invitation to go to the Emmanuel Reformed Church at Springfield, S. D., he announced Sunday to the Board of Church.

He plans to remain in the pastorate here, he and Mrs. Dykstra returned from South Dakota last Thursday.

Hello World

Young Charlevoix citizens are gazing into the world, with eyes of wonderment as to what 1947 holds in store for them. They are in a room at the Hotel Grand Central, Grand Central, Terry Davis and Kathleen Fessenden.

Harbor Scene Is Used on Calendar

Charlevoix is getting another large and favorable publicity from one of its summer residents.

John W. Webb, insurance man of Oak Park, Ill., is a member of the firm of Conkling, Price and Webb. When he was here he snapped a Kodachrome of a sunset, showing the red harbor tower silhouetted against an orange and purple sky and Lake Michigan.

For its 1947 calendar, the insurance firm is using the picture, photographed in 4x5 inch size.

Mrs. Jennie Seelin Rites Are Tuesday

Mrs. Jennie Seelin, 52, wife of John Seelin, died at the Charlevoix Hospital on Sunday. She had been admitted Friday after suffering a stroke.

Jennie Stewart was born in Potoskey April 4, 1894 and was married to Peter Nangos who died in 1938. On February 23, 1943, she was married to John Seelin and has resided in Charlevoix since then.

Besides her husband she is survived by four sons: Leonard of Benton Harbor, Gerald of Charlevoix; Marshall of Detroit, and Wilford of Oregon; a brother, Herman Stewart of Greenville, and several grandchildren.

Funeral services were held at the See Funeral Home at 2 p.m. Tuesday with Rev. Gaylord Howell officiating. Burial was in the Brookside cemetery.

Drew E. Young II, arrived last Friday night at the Charlevoix Hospital, weighing 7 pounds, 4 ounces. Mother and baby are doing fine. Father is just about recovered.

Holland Rites to Be Thursday

Patrick Holland, 66, retired commercial fisherman, died at the Rollins Convalescent Home in Potoskey Sunday following an illness of 14 years.

He had been bed-ridden for a year and a patient at the home since September.

Born in St. Ignace on April 22, 1880, Mr. Holland was well-known throughout northern Michigan as a commercial fisherman. He had lived in Charlevoix for 30 years. On Nov. 9, 1919, he was married to Lena Murray, of East Jordan. He was a member of the I.O.O.F. and the Methodist church.

Besides his wife he is survived by one daughter, Mrs. Gerald South, of Lansing, and one grandchild.

Funeral services will be conducted by Rev. Gaylord Howell, at the See Funeral Home at 10 a.m. Friday. Burial will be in Brookside cemetery.

Alumni Will Have Holiday Tea Sunday

Plans have been completed for the holiday tea to be given Sunday by the Charlevoix High School Alumni Association at "Shady Corner," the home of Mr. and Mrs. William Hoernig on Michigan avenue.

Graduates and former students of C.I.S., young people home from college, and their guests, are invited to the holiday get-together, scheduled for 3 to 5 p.m.

Mrs. Ralph McRae and Miss Frances Milner are co-chairmen of the event. Elmer Gibson is in charge of ticket sales. It is not necessary to be a member of the association in order to attend the tea.

Cage Squads Win Fourth Game in Row

The Charlevoix Red Raiders won their fourth conference game by defeating Gaylord 41 to 24 at Gaylord Friday night.

Bob Carey was high point man for the Raiders with a total of 21 points, seven field goals and six free throws. Hardy was second with 15. M. Kilpin, Gaylord center, scored seven and Boon, center, six.

Charlevoix led 42 to 14 at the end of the first quarter in 19 to 11 in the half.

In the preliminary game the Red Raiders scored 28 to 17 on the Charlevoix team and the Charlevoix team scored 28 to 17 on the Charlevoix team.

Babson Predicts Business and Price Advance, Foreign Troubles in 1947

By Roger W. Babson

BUSINESS: To reach higher levels than recorded in 1946.

COMMODITIES: Opposing trends.

LABOR: Some basic problems to be solved.

REAL ESTATE: Continued good demand for modern suburban homes.

POLITICS: Increased foreign troubles.

STOCKS: To work higher.

BONDS: Firmness temporary.

General Business
1. One great event of 1947 will be a beginning of a movement of population from the big coastal cities to the small interior cities, unless definite steps are taken for world disarmament.

2. A year ago the U.S. Babsonchart registered 130. Today it is estimated at 160. The Canadian Babsonchart registered 190 a year ago. Today it is estimated at 201. Some time during 1947 these charts will register higher figures.

3. Reconversion of industry from war to peace has been completed although the great government surpluses have not yet been disposed of, leaving much more to be sold in 1947.

4. Inventories, quoted both at their price values and their vol. values, will increase during 1947.

Both raw material piles and manufactured goods will be in greater supply in 1947.

Commodity Prices
5. Some rationing and priorities may continue into 1947; but both will rapidly be eliminated. Government regulations will gradually be lessened. World War II will officially be ended.

6. The retail prices of most manufactured goods will be higher sometime during 1947 than at present. The prices of some food products may decline.

7. The unit sales of some department stores will begin to decline sometime during 1947; but the sales of food and variety chains may continue at peak figures.

8. The great question mark of 1947 will be how labor is to behave. Higher wage rates and less production per man inevitably mean higher prices.

Farm Outlook
9. Pending a weather upset, more bushels of corn and wheat and of some other products will be raised in 1947 than ever before in our history. Although some prices may slide off, the total farm income for 1947 should hold fairly well. But farmers should diversify more in 1947.

10. There should be an increase in certain fruits, fish products and

vegetables with a decline in prices.

The United States will have more to eat in 1947 than in 1946, probably 10% over the prior level.

11. Dairy and poultry products will continue to increase in volume with no increase in price; but fats, sugar and some canned goods will continue short.

12. Farmers will start in 1947 to work to extend legislation on their parity program due to fear of a collapse in farm prices.

Taxes
13. Taxes will not be increased during 1947; and there should be further reductions. More nuisance taxes may be eliminated altogether.

14. The Federal Debt will be decreased during 1947 and the Federal Budget may be balanced by June 30, 1948.

15. The cost of living will continue to rise during 1947 due largely to the lack of interest in their work by so many wage-workers.

16. Providing jobs for returning soldiers at satisfactory wages will be a big political task of 1947. There should be jobs for all, but not at the wages desired.

Retail Sales
17. The total volume of all retail sales will be about the same as in 1946. Poor quality goods will suffer, but any items now available will be purchased.

18. The total dollar value of all retail sales should exceed 1946 with an increased demand for woolen and cotton textiles.

19. There will be a continued demand for men's clothing and especially for shirts and underwear.

20. Wise shoppers will buy only what they need and not grab to stock up on goods not absolutely required.

Foreign Trade
21. The United States will own over 50 per cent of the world's shipping in 1947 and foreign trade will increase.

22. We will continue our policy of making foreign loans, provided the borrowers will agree to spend a fair proportion of the money in America.

23. Both the British Empire and Russia will keenly compete for foreign trade during 1947; but cartels and Government monopolies will be frowned upon.

24. Throughout 1947 war talk will continue, the thought being that, sooner or later, England—who truly is in a terrible predicament—will "shoot" to stop further Russian aggression.

Labor
25. Even President Truman's "eighteen and one-half cents" will be forgotten during 1947. The

year will be noted for threatened strikes and labor disturbances.

26. Industrial employment during 1947 could be up both in hours and in pay rolls, labor leaders' discouraging attitude notwithstanding.

27. Many industries, now operating on a forty-hour week, will return to a longer week during 1947. There will be no wage reductions and some further advances.

28. The government will try to demand better management and closer labor-management relations. Such prospects are not bright for 1947; but Congress will repeal or amend some of the present labor laws which are very unfair to management.

Inflation
29. The Inflation Era, which we have been forecasting for several years, will be in full swing; but the reckless printing of currency will not come until after 1950. The purchasing power of the dollar will continue to decline.

30. All 1947 wage increases will be distinctly inflationary.

31. Sometime during 1947 production in many lines will have caught up with consumption; people will have spent their savings and then there will be a surplus of goods.

32. If Stalin's health continues

good, he will be the world's most powerful man in 1947, even from an economic standpoint.

Stock Market
33. The rails may suffer still further declines sometime during 1947. Certain industrial manufacturing and other war stocks will decline during 1947; but the Dow-Jones Industrial Averages will register higher prices sometime during 1947 than the December, 1946, averages. All depends upon how Labor behaves in America and how Russia behaves abroad and upon what the United Nations do as to disarmament.

34. The safest stocks to buy—considering value, income and safety—will continue to be "chain store" and "recreation" stocks.

35. 1946 saw a large decline in certain stocks compared with the averages. Switching will be the outstanding market feature during 1947. Especially watch for bargains in airplane stocks.

36. The stock market will continue to witness creeping general inflation and no evidence yet exists as to whether the "communist break" in 1947 was the beginning of a real bear market or only a reaction of a bull market.

Bonds
37. Although bank loaning rates should continue a slowly upward (Continued on page 8)

Sliding Time's Here Again

There are some things which seemingly no kid can resist. Sliding's one of them.

When good snow comes, it is impossible for a youngster to resist letting out a few ear-splitting yells and go sliding down any incline he finds. Whether it is on the seat of his pants or on a \$20 sled makes no difference—he has to slide.

Charlevoix in past years has set aside the Grant street hill by the Art dry cleaning

plant for the kids. It is handy to the school, it is central for most youngsters, it's wide enough to handle the crowd; altogether it is a good place to slide except for the car danker.

We don't want any of our kids hurt. As long as they have to slide, it's up to us older folks to see that they can do so in safety. So let's be careful on Antrim street.

That Is The Spirit Which Gets Things Done

One thing impressed me more than anything else in the discussion over the movie programs presented by the Palace Theatre.

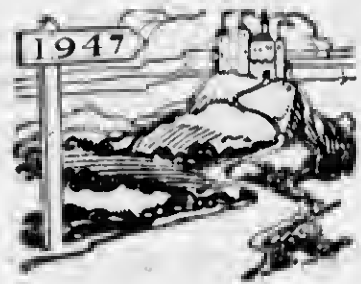

It was the spirit of fairness, the willingness to see the other fellow's side and to work together. The parents as represented by the committee were glad to listen to the problems faced by the theatre folks and to acknowledge the difficulties they must meet.

L. H. Taylor of the theatre frankly admitted that he wished he could get better shows and that he would seek to improve the quality of the week-end bills.

All concerned were interested primarily in one thing—giving the young folks better movie fare.

The blame doesn't entirely rest with the theatre. A lot rests squarely on the parents. The theatre advertises in advance what pictures it will be showing. If parents are interested in their youngsters, it might be well to issue a flat refusal when such pictures as The Crimson Murders or The Return of Frankenstein are shown.

There's no law which says parents have to let their kids see those shows. Occasionally the theatres are compelled by the iniquitous booking system forced on them by Hollywood to exhibit these horror pictures. But the youngsters can be kept at home those nights—if the parents aren't too busy with other things to look after the welfare of their children.

Captain Howard Is Given New Honor

Joseph F. Howard, Charlevoix's official greeter and captain of the port, was elected to an honorary membership in the Great Lakes Cruising club for 1947 at the Directors meeting of the club.

The Board also voted to make him Port Captain in Charlevoix for the year. As Port Captain, Mr. Howard will represent the Club in this port, keep in contact with the headquarters of the Club and report to the club matters of interest. He will also obtain information with respect to cruising and yachting facilities relating to this port and adjacent territory and perform other duties which may be assigned to him by the Board of Directors.

Mr. Howard first came here aboard the boats of the Northern Michigan Transit Co. as early as 1895. Since his marriage to Rose O'Neil he has resided here and for the first 12 years was associated with his father-in-law, John O'Neil. In 1919, he worked with Oscar Wilbur, then agent for the Northern Michigan Transit Co., in Charlevoix. When Mr. Wilbur retired 12 years ago, Mr. Howard continued his work and for the last 8 years he has been in charge of the municipal dock.

Moore's Staff Gives Big Venison Party

One of the enjoyable pre-Christmas parties was that given out at Was-Wa-Gun to some 40 Charlevoix friends by Walter Moore and his staff at the Buick-Pontiac Service.

The complete dinner was featured by venison Moore had shot. Besides Moore the hosts were Averill Howard, Charles Howard and Robert Shaw.

Pop Drost Celebrates 81st Birthday

One of Charlevoix's most colorful residents, Christ "Pop" Drost observed his 81st birthday anniversary Christmas Day.

Born in Holland, he came to northern Michigan in 1879 to work in a lumber camp in Grand Traverse county. He became known throughout the north as a lumberman and riverman and will spin tales by the hour of the rough and ready logging days.

Following his marriage to Nellie Brown at Bellaire on May 2, 1900, the couple settled on a farm in Marion township. Mrs. Drost died in September, 1938. Mr. Drost retired from farming in 1941, and moved to Charlevoix where he now lives with his only daughter, Mrs. Nina Ouderkerk.

He still has many interests, to keep him busy. He spends a great deal of time looking in on his "boys", helps with the farming, and does a little hunting.

Besides his daughter, he has five sons, George, of Alpena, Willard, of Williamston and Louis, Ben and Cecil, all of Marion township. He also has 14 grandchildren.

Art Barnes Home Is Damaged by Blaze

The fire department was called to Art Barnes home at 106 Antrim st., last Wednesday afternoon to extinguish a blaze in the west apartment of the building occupied by William Driggett.

It is believed the fire started from an overheated stove and had been burning for some time before it was discovered by a passer-by.

Damage to the first and second floors and the roof of the building was estimated from \$300 to \$500 by Fire chief Charles Marshall. The loss was partially covered by insurance.

"Missing Ship" Found Safe in Harbor Here

The ship Chapparral, decommissioned lighthouse tender which has been sold to a Canadian firm, sought refuge in the local harbor from the gale which struck Lake Michigan last week.

Until Wednesday morning it was just another ship entering the harbor to get out of a storm. It was then that wire services were reporting that the ship had been missing since Sunday night and that its new owners were seeking some news of the craft which was enroute from Grand Haven to Port Stanley, Ont.

The ship's master, Capt. Hoge, of Spring Lake, contacted the owners for the second time in three days and notified them of the whereabouts of their ship.

**Guard Assigned to Coasting Hill**

Starting this week, the city will have a traffic guard and light at the Grant Street hill where the youngsters go coasting.

A red light has been installed and as long as the light is on, the guard is on duty and the hill is safe for the youngsters to use. When the light is off, there is no guard.

Parents are asked to cooperate in the interest of safety by insisting that their youngsters stay off the hill except when the guard is on duty to control traffic on Grant and Antrim streets.

The hours will be timed to fit in with maximum demand periods by the youngsters.

WHEATON CORNERS W. H. Supernaw Reporter

This will be my last of all about
Wheaton Corners.

The Supernaw farm was bought
by Mr. and Mrs. Thomas W. Twin-
ning and Mr. Twinning's father
and mother, who took possession
the first of December. Mr. Thom-
as Twinning had been in the em-
ploy of the Packard Motor Co. and
spent the most of his time in
Canada during the war. This farm
was bought from Horace Vanos-
man by Henry Supernaw in 1882,
and has been in the family ever
since. It was owned in the last few
years by Harry Olmstead and W.
H. Supernaw.

I want to take this way to thank
my good neighbors I have had in
the three or four summers I spent
on the farm.
Joe Bailey, who is working in
Detroit, is home for the holidays.
Frank Carman moved into the
Walt Ross home for the winter.

INWOOD NEWS MRS. JOHN FRATRICK, Jr.

Mr. Percy Weed from Bay City,
a brother of Mrs. Ed Gregory, is
staying at the Ed Gregory home
for an indefinite visit.

Mr. and Mrs. Clarence Murray
and family left Saturday to
spend Christmas in Detroit with
relatives. Owen Van Dusen ac-
companied them.

Pvt. Robert Morrow of Keisler
field, Miss., arrived home Sunday
to spend Christmas with his par-
ents, Mr. and Mrs. Alvin Morrow.

Lt. and Mrs. Robert Vrataniuk
are spending a few days with his
parents, Mr. and Mrs. Joe Vratani-
uk.

Jimmie Forris, from Michigan
State College is spending the hol-
idays with his parents.

Sorry to hear Mr. Henry Hilton
is in ill health at his home. Since
his operation 11 years ago, he has
been in poor health. Mr. and Mrs.
Henry Hilton were married 49
years ago just recently and they
spent it very quietly at home. Mr.
and Mrs. Orville Hilton and Mr.
and Mrs. Pete Joyce of Pontiac
were dinner guests of the former
recently.

Mrs. Margaret Loitz entertain-
ed the Epworth Ladies Aid at her
home last Wednesday afternoon.
There were 14 members present.
After the regular business meet-
ing gifts were exchanged and se-
cret pulls also received gifts. Candy
and nuts were enjoyed by the
group. A delicious chicken supper
with the trimmings was served
from a candle lit table, buffet
style. The Christmas motif was
carried throughout the occasion.

Mr. and Mrs. Henry Hammond
are spending Christmas down be-
low with their children.

Mr. and Mrs. John Fratrik and
sons were callers at the Jasper
Warner home Friday evening.

Mr. and Mrs. Guy Bost and son
of Harnard were callers at the

ing.

Masons Observe 75th Anniversary

Filling the dining hall to cap-
acity, more than 200 Masons,
Eastern Stars, and their husbands
and wives Friday night duly cele-
brated the 75th anniversary of
Charlevoix Lodge.

Except for Hugh Johnston of
Traverse City, Grand Junior
Warden, the entire program was
supplied by Charlevoix folks. Ar-
thur Fitch told anecdotes as toast-
master, Sam Ross recounted the
story of the building of the pre-
sent temple, the Charlevoix sang
four numbers, H. A. Craig intro-
duced the toastmaster. Rev. An-
gely H. Claypool gave the invoc-
ation and benediction. S. E. Cele-
man, Worshipful Master, presided.

Johnston described the work of
the grand lodge and urged par-
ents to curb juvenile delinquency.

At the conclusion reading lamps
were presented to Fitch and Ross.
One also had been given to Charles
See, ill at the Charlevoix Hospital.
These three are the surviving
members of the original building
committee.

Souvenir booklets telling the
history of the lodge in brief form
were given each guest as favors.

Two Couples Have 51st Anniversary.

December 25 marked the 51st wedding anniversaries of two Charlevoix couples, Mr. and Mrs. Edward L. Snider, of Marion township, and Mr. and Mrs. George Jardine, of this city.

Mr. and Mrs. Snider were married at Coleman, Midland county, and resided in Munising and Cheboygan before coming to their present home in Marion township in 1904.

Mr. Snider was born in Prince Edward county, Ont., Oct. 12, 1871, and came to Midland county in 1900. Mrs. Snider, the former Elizabeth Spencer, was born in Huntington, Ont. and came to Coleman as an infant.

Both are members of the Church of God and have been active in church affairs. Mr. Snider served as a member of the Marion township school board and as treasurer.

The couple have five children, a daughter, Mrs. E. D. Meggison, of Detroit and four sons, Alva of Grand Rapids, Glenn, of Charlevoix, Raymond, of Sheffield, Mass., and Louis, of Indiana. They also have seven grandchildren.

Mr. and Mrs. Jardine, residents of Charlevoix since 1925, were married near Ironton and lived on their own farm there before coming here.

Mr. Jardine, who was born in Hamilton county, Ont., July 24, 1870, came to Charlevoix county in 1890. Mrs. Jardine, the former Mae MacLennan, was born in Evesham township on July 23, 1875.

Mrs. Jardine has been active in church affairs and is a member of the "Congregational" church. Mr. Jardine, who always enjoyed the outdoors as much as was a prominent aviator, has been confined to his home most of the time for the past year.

They have two children, Jack, of Taylor, Spines, and Mrs. Earl Harrington, of this city, and eight grandchildren.

Babson Predicts

Rising 1947 Prices
(Continued from page 1)
tendency, interest rates in general will remain low through 1947. The money supply is now 25% above normal and Government financing demands continued low rates.

38. Anticipating an expected reduction in Federal taxes, 1947 should see a further falling off in the prices of most municipal and other tax-exempt bonds.

39. Some high-grade corporation bonds may hold steady, but sooner or later will decline considerably. The Federal Government's 2 1/2%, which once sold above 106, will sell down to par or new 2 1/2% will be offered at par. Investors will give more attention to diversification and staggered maturities during 1947.

40. More public utilities will be taken over by Federal and other "Authorities" during 1947. Wise investors will consider this possibility when selecting public utility securities.

41. Suburban real estate will continue in greater demand with still higher prices during 1947.

42. City real estate may hold its own, due to less available space caused by pulling down structures to make taxes and provide parking spaces, also to disinclination to build due to the present high inflationary costs. The fear of bombing in case of a re-opening of World War II may also be a factor.

43. Office and residential rent during 1947 may be expected to increase.

44. 1947 will see the beginning of the real building boom which should have started in 1946.

About Town

News of folks, your neighbors and mine... but did you know that—

"These are the days," said a business man about town, "when a fellow looks for the hills to come in." Seems to prefer them to receiving checks, until January 15. . . . Thought Dr. H. C. Nettleton's car was pulled out of his office in the bank lot since until the spring thaw. Monday two high school boys came to his rescue and dug out his car.

The Harold Miller home looked most inviting Sunday afternoon as the Millers played hosts to several of their friends at "Open House." Ted Foster proved to his neighbors that "boys will be boys" when he dined cold weather clothes Sunday afternoon and went for a jaunt with his young daughter on a car-drawn toboggan through the streets. "More fun," he declared. "Quite unusual weather" we were told and we thought we were right back in California, for that is the standard expression there.

These new ski shoes make a fellow's feet look a bit Frankensteinish. Without a doubt Mrs. William Wallace received the most unusual homemade Christmas card of the year. It was sent to her from her son-in-law, Joe Gironzi. It was 18 1/2 inches. In that space a letter was beautifully written. One had to use a microscope to read it. . . . After New Year's, former Governor Harry P. Kelly will become a senior member of the law firm of Kelly, Kelly and Kelly of Detroit.

Mr. and Mrs. August Odmark of Muskegon were holiday guests of Mr. and Mrs. Clarence Ormark. Mr. and Mrs. Gilbert Saltonstall had Mr. and Mrs. Charles Session of Ann Arbor for house guests for the weekend and New Year's. . . . Dick Saltonstall of Detroit did not get to Charlevoix for the holidays. He spent it in Milwaukee, however, he plans to visit Charlevoix sometime in February. . . . When persons, with aged ranging from six to sixty, call someone in town such an endearing term as "Grandma" is evidence of the high esteem in which that person is held. Such was the title that Mrs. Martha Swinton was called in Charlevoix. . . . Harold Newman of Northville spent the holiday with his mother, Mrs. Nina Newman. On his return Bruce Newman accompanied his brother for a short visit.

Today guests at the home of Mr. and Mrs. Pauline Glassford were Mr. and Mrs. Franklin Weaver of Farmington and Mr. and Mrs. Jack Glassford. Dr. Weaver planned to return home last week-end but stories of sheet storms, impassable roads, dampened his ardor of a return trip for a later date. . . . Holiday guests of Mr. and Mrs. Fred Carter were Mr. and Mrs. Stanley Carter of Chicago, and Mr. and Mrs. W. A. Cross, Jr. and three children of Marquette.

Mrs. Tessie Hintz of Chicago accompanied by Mr. and Mrs. Stanley Lockton of Chicago arrived this week-end in Charlevoix, hoping to get to Beaver Island where they were to be guests at the home of Mr. and Mrs. Mike Hall. Mrs. Lockton was the former Mrs. Frank Carter, who died on Christmas Day. . . . The Bob Bridges spent Christmas in Lansing with Mrs. Bridges' brother, Remond. David Howard who used to live on Nichols Street, Saturday he was in the Courier office, and said it was 30 years since he had lived here. Mr. Howard now lives in Muskegon and is a wood buyer for the Central Paper Company. . . . There is a certain woman in Charlevoix who made several youngsters, as well as elders, mighty happy on Christmas Eve. . . . Knowing that old Saint Nick was a pretty busy fellow that night, she did a little pinch hitting for him in Charlevoix; visiting many homes. She was perfect in the role even up to the sleighbells.

If you enjoy seeing bright-eyed and happy children you should have been at the home of Mr. and Mrs. Richard Saratt on Christmas morning. The Saratts held open house for the neighborhood, including the kiddies. And there was even Santa Claus. . . . Orchid of the week should go to all men who have been working on the highways these days doing their best to get roads in passable condition. . . . They really have been pushing a good many tons of snow around these days. . . . How many resolutions are you planning on making this week for the coming year? . . . Miss Glenn Taylor, daughter of Mr. and Mrs. Albert Taylor, spent Christmas with her parents, returning to Grand Rapids Thursday. . . . W. R. O'Neill of Detroit spent Christmas week with his parents, Mr. and Mrs. Dick O'Neill of Huron Ave., and with his sister, Mrs. W. A. Potter of East Grand. Bill has worked for the past ten years in Detroit. On his return he goes to a new job in the research laboratory for the Ethyl-Gas Company. . . . Gov. Kew Sizer will present a bill on page five.

Board Completes 1946 Project, Buys Machinery

Charlevoix County's road program saw one sizeable project completed in 1946; considerable new and needed equipment bought and the basis laid for 1947 construction and improvements. . . . The East Jordan-Ellsworth highway was the first of the county's post-war projects. . . . It was completed and opened to traffic on Pearl Harbor Day, Dec. 7. Built under contract by Glenn Conshank, Bay City contractor, the road was \$32,877.11, of which the county will pay 50 percent under the Federal Secondary Road Program. The grading and final trim will be done in the Spring by county men and equipment. . . . The Commission is now working on five other projects to submit to State for approval. . . . Notable under the County Projects completed during 1946 were the following:

Bridges and culverts. Horton Creek the replacement of two plank bridges with concrete piers. (Continued on page four)

Services Are Friday For Mrs. Swinton

Mrs. Martha J. Swinton, 70, widow of George D. Swinton, died at the home of her daughter, Mrs. Harry A. Oslig, on Dec. 24. . . . She had been in failing health for several years and had been seriously ill a week. . . . Martha Jane Stanley was born in Gallipolis, O., May 28, 1852. When 14 and accompanied by her mother and family, she traveled in Missouri in a covered wagon. There she was married to Mr. Swinton on Jan. 29, 1871.

A short time later they moved to the copper country of northern Michigan, returning in 1876 to the middle west where they lived on a farm in Kansas. In 1879 they returned to Calumet where they resided until coming to Charlevoix in 1911. . . . She was a member of the Congregational church. . . . Mr. Swinton died in 1926. . . . She is survived by two sons, Dr. Andrew L. Swinton, of Marquette, and Prof. Roy G. Swinton, of Ann Arbor; a daughter, Mrs. Craig; ten grandchildren and 12 great-grandchildren. A son, Dr. Archie A. Swinton, died in Charlevoix in 1921. Another son, George, died in infancy. . . . Funeral services were conducted by Rev. G. R. Parker, of Northport, at the See Funeral Home at 2 p. m., Friday. Interment was in Brookside cemetery.

Ellsworth Couple Celebrates Their 56th Wedding Anniversary

Married 56 years and still enjoying life together, Mr. and Mrs. Arthur Knis observed their wedding anniversary Tuesday at their home in Ellsworth. . . . Both in good health, whenever the weather permits their favorite afternoon occupation is taking a ride in the family Chevy. To her and the entire community he is "Grandpa." To him, she still is "Ginny."

Grandpa will be 77 on Feb. 12. Born in the Netherlands, his parents came to this country when he was 2. They were James and Gracie Van Brooklandt Knis. . . . Mrs. Knis, 76, also was born in the Netherlands on Oct. 27, 1870, the daughter of Hessel and Gracie Tiedeman Tiedeman. She came to this country when 12. . . . They were married Jan. 7, 1891 at Forest Grove and lived there for two years afterward. Then followed a succession of moves: to Atwood in three years, a farm west of Bentley Hill for 11 years, then to a farm a mile west of the Ellsworth Cemetery. In 1933 they moved to Ellsworth and their present home.

Both are members of Atwood Reformed church. They have three sons, James, John and Henry of Ellsworth; four daughters, Mrs. Stuart P. Baar of Detroit, Mrs. Martin Van Til of Grand Rapids, Mrs. Evelyn Elzinga of Lansing and Mrs. Frank Louiselle of Ellsworth. . . . 13 grandchildren and 7 great-grandchildren.

Frank Bird Retires After 22 Years

After 22 years as Register of Deeds, Frank Bird Tuesday night turned over the job to his successor, Rex E. Davis.

Davis, formerly of Bayne City, was elected last November, and with his family has moved here to the Norwood street home of Mrs. A. C. Hanson. . . . The Birds plan to take life easier from now on. First will come a four week trip South. After returning they will spend some time out on their turkey farm and the rest here in the city.

The Youth Temperance Council of Charlevoix met Monday at the Walker Miles home. There were 24 present.

Hospital Serves At Low Cost To Community

In its hospital, the Charlevoix community not only has a valuable service institution but a much more sizable business institution than many citizens realize. . . . Doing an annual business of almost \$50,000, it has the distinction, unusual among hospitals of similar size, of being almost self-supporting. Last year's financial report gives in brief form a picture of its financing.

Income came from three sources: Patient receipts, \$12,644.00; Donations, \$326.36; Miscellaneous, \$235.03. . . . Against this income was an outlay of \$17,094.76. Included in this latter figure, however, were 14% of \$279.32, which were paid in the year 1946. . . . Chief expenses were salaries of the staff, food, heat, power. On the payroll during November, for example, were 36 persons, who received \$2911.11.

For its contribution of \$1235.66, the community gets a lot of value in return. . . . There is the advantage of having a fully equipped hospital here when needed, either in emergencies or otherwise. . . . There is the advantage of having an able medical and nursing staff ready in a local institution. . . . And the satisfaction of knowing that the institution is operated for the benefit and help of all the citizens whom it serves.

Outstate Car Owners Urged To Get Titles

Auto owners whose cars carry licenses from other states should apply at once for Michigan titles, County Clerk Penton R. Bulow warns.

Under Michigan law, an autoist cannot buy Michigan plates until he has a title issued by this state. . . . Application for this title should be made at once at the Clerk's office. . . . In about 30 days the new title comes through and 1947 licenses can then be bought. . . . If title application is put off until the last minute, the autoist must be laid up from Feb. 15 when 1946 plates become illegal until the new title gets back.

Regarding the new 1947 plates, Bulow says folks are about as slow as usual in getting them. He expects the customary last minute rush and trouble.

GI's Invited To Hear Benefits Counselor

All GIs are being invited to the meeting of the VFW on Jan. 9 when William L. Lohck will speak at 8:30 p. m. . . . He is the manager of the Social Security and the Field office administrator from Traverse City, and will advise veterans on benefits available to them but not usually taken up.

Also here, then, for consultation on pension and disability matters will be Ira Hart of Oshkosh, district VFW service officer.

Island Mail Contract Goes To Owosso Man

Mail contract for the next three months has been awarded to Leslie D. Emory of Owosso. . . . He has a new 6 passenger Seabee plane here. Jack Stoken will fly it. The schedule calls for three trips a week and is said to be the shortest airmail route in the country. . . . If Stoken can move his belongings to the island and if the airport can be made ready the plan is to operate the plane from there rather than Charlevoix.

With the St. James harbor frozen over, there may be some delay in making the trip. The Mary Margaret is waiting here loaded, her cargo including several hundred cases of beer among other things.

City Asks Okey On Bond Plans

Formal application for approval of Charlevoix's utility bond issue by the Michigan Municipal Finance Commission was drafted Monday by the City Council and will be submitted this week. . . . This draft lists the amount of \$100,000, and the other various details. The bonds will be for \$1000 each, will pay 4% or less, are retired serially during the next 14 years but can be paid off sooner if the city wishes. During the first five years, \$4,000 annually becomes due. . . . The Council also had to turn down the application for a zoning change on Garfield since present residents there objected.

Services To Be Held For Mrs. Durance

Mrs. George Durance, 82, pioneer resident of this community, died early Tuesday at Mackinac City, where she has lived for two winters with her daughter, Miss Frances Durance. . . . Mary Isabel Cook was born at Brantford, Ont., June 9, 1864, and came to Charlevoix county when 19. . . . Shortly after her marriage to George Durance, Nov. 29, 1885, she came to Charlevoix township, living on a farm north of the city for 56 years. Mr. Durance died Nov. 24, 1921. . . . She was a member of the Congregational church.

Surviving are two daughters, Miss Frances of Mackinac City, and Mrs. Genevieve Baumgartner of Detroit; two sons, Albin and William, of Detroit; two brothers, William H. Cook, of Charlevoix, and Arthur P. Cook, of Bayne City; a half-sister, Mrs. George Ellis, of London, Ont.; and three grandchildren, one, Mary, Grace Rougan, whom she raised. . . . Funeral services were to be conducted by Rev. Jackson E. Turner at the See-Funeral Home at 2 p. m. Thursday afternoon with burial in Brookside cemetery.

Mr. and Mrs. L. E. Rodenick of Bayne City visited Christmas with their son-in-law and daughter, Mr. and Mrs. H. Keith Wagner.

Officers Check Into Island's Double Death

Investigation into the double death of Joseph Hagley and James Monee Christmas Eve on Beaver Island is still being made by Prosecutor C. M. Bier, the State Police and Deputy James H. Gallagher.

As reported to them the two men were diving in Holy Cross church about 8 p. m. on one of the island's low jumper slugs. Traders say the slugs earned no light. . . . Found in the same place in the open Model A was Ray Paul, 21. With him were Mrs. C. H. Gurney, Clara Left, and Matt McVill. . . . Where the King's Highway crosses the cedar swamp about a half mile from the church the car crashed into and over the ditch. Mr. Hagley was killed instantly. Mr. Monee died about an hour later.

The impact killed the horse so that its hindquarters crashed across the windshield and on to the front seat. Mrs. Paul and her husband were severely injured. McVill had some ribs fractured. The car carried some 150 feet after the crash. Deputy Gallagher and the State troopers determined that its lights were working properly.

Mr. Hagley came to Beaver Island in June, 1945, from Terre Haute, Ind. Prior to that he had resided in Pontiac. At the time of his death he was supervising a lumbering project on land he owned on the island. He is survived by his wife, Margaret; four adopted children: Jerry, Ann, Mary and Terry; his parents, Mr. and Mrs. Joseph Hagley, Sr., of Terre Haute, Ind., and several brothers and sisters.

Monee was born on Beaver Island in 1890 and was reared there. He served overseas in World War I and except for a short time during which he sailed on the Great Lakes, has always resided there. He was a farmer. . . . He is survived by three brothers, Francis and Barney, of the island and Michael, of Iron Mountain, and a sister, Mrs. Wesley King, of Lansing.

The funeral Mass for the two victims was held at the Holy Cross church at 11 a. m. Friday with the Rev. Fabian Keenan officiating. Burial was in the Catholic cemetery.

In-U-S-O Campaign

Charlevoix leads the entire list of Michigan counties reporting on the recent USO drive. . . . Campaigns in the other 29 have not yet been started. . . . Charlevoix and Lapeer are the only two counties which reported between 110 and 115 percent of their quotas.

Teleoan's Vacation Here

Five Teleoan students at the University there, spent a six day vacation here, returning south Tuesday. They were Tom Rasmussen, Alon Rasmussen, Norman Rasmussen, James Drake, Robert Hubbard. With them was their dog, Mingo. They stayed at the Hudson Hotel, returning to Reshew.

Well Done, Thou Good and Faithful

In this issue of The Courier is a report of the work done during 1946 by the County Highway Commission. Giving only the highlights, the report nevertheless lists a sizable group of accomplishments.

Not mentioned in the report is the fact that Charlevoix County is the only one in Northern Michigan to acquire such a large order of road building machinery from the War Assets Administration. This is important in two ways.

It means the county was saved \$13,000 on the cost. And that the county has this

Another Way to Save Pigs

Several weeks ago there was a story about putting a pig house floor on the slant to save the little pigs. The theory is that the sow goes to the high end and the little ones to the other and so do not get caught at the side and squeezed to death. That sounds all right. But suppose ma-

More Sugar and New Labor Laws Wanted by Grange

The program advocated by the recent annual session of the National Grange includes the time-tested articles favored by U. S. agriculture. But it also has several aimed at 1947 conditions.

The farm wife wants more sugar for canning, and the Grange asks the federal government to do something about it.

Her husband doesn't like to be deprived of badly needed tools and equipment by the almost constant strikes which have held up post-war production. So the Grange asks Congress to amend labor laws to establish equity and fix equal responsibility on contracting parties.

I fail to see as many labor writers

The Government Got the Best of One Deal

Out in the prairie states and the West it is a fixed belief by most folks that railroads waxed wealthy by skimming the government on the land deal. This was the old proposition, set up by Lincoln I believe, under which the nation gave land to the railroads then in return for their building lines into virgin territory. There then was plenty of land but no transportation.

Before the feds were laid, land would not sell even at a shilling an acre. Afterwards it went to \$250. (Try and buy some now for that!)

All this history was dragged up at the

equipment now, not next year when the need may not be as great. Further, new and more efficient equipment means a economies saving in operating costs, a factor which during the coming years will easily double the original savings.

With all costs going up, the Commission merits the appreciation of the county for doing an excellent and business-like job for the County.

Its members, are Lyle Wangemann of Boyne City, Samuel E. Rogers of East Jordan, and Angus E. Fichtman of Charlevoix. Fichtman Rogers is engineer-superintendent.

porker slips on the sloping floor? We used to raise lots of pigs and my father had a better idea. At least we didn't lose pigs.

He just nailed a 2x4 or a 2x6 around the sides and about six inches off the floor. The little pigs could get under it and be safe.

charge, that such a program is anti-labor. True, it would take away some of the unreasonably wide and one-sided powers given organized labor by the Roosevelt regime. But if labor doesn't give up its present right to play dogs in the manger, it may lose more than it should.

As I read the program, all the Grange asks is a square deal for both parties so the farmer can get a new cultivator. The farmer today is smart enough to know that a well-paid factory worker is the best way for him to get good prices. He is willing to pay labor good wages—if he can get that cultivator.

last session of Congress when that body voted to repeal the deal made with the railroads. During the debate, the joker came out. In addition to the land, the roads agreed to carry government troops free and mail at 80% of the base rate.

For land then worth \$125,000,000, our government (which means us) has received in return 900 millions in free transportation, and savings from the railroads, which also were the means of opening the whole West.

Maybe we didn't fare so badly after all.

Board Completes 1946 Project; Buys Machinery
(Continued from Page 1)

Porter Creek the replacement of two plank bridges with concrete piers; Deer Creek on Wilson Bayou Valley Town Line the replacement of one plank bridge with concrete; Bear River, Melrose Township County Line the rebuilding of existing structure which failed, constructed new abutments, floor rivets and painted. Lorb Creek, the replacing of old concrete box culvert which failed with metal pipe.

Grading and drainage: Marion Township, two miles of road graded and gravelled; Hayes Township, two miles of road graded and gravelled; Evangeline Township, one mile graded; Evelyn Township, eight-tenths of a mile graded; Wilson Bayou Valley Township, one mile graded and gravelled.

Gravel operations: Charlevoix Pit No. 13, 4000 yards now in stock pile and gravel placed on nearby roads; Susan Lake Pit No. 15, 717 yards in stock pile and gravel placed on nearby roads.

Clay stabilizing: Approximately 100 miles of County and Township roads; also clay used in maintenance operations too numerous to mention.

The year of 1946 found sorely needed equipment available to a certain degree and the Commission purchased five trucks, two new snowplows, two cranes, two bulldozers and one scraper to replace worn out equipment and also supply new equipment needed to economically and efficiently maintain and construct roadways.

The purchase of the cranes and bulldozers were made through the War Assets Administration and resulted in the saving to the County of more than \$13,000 under factory price, if they were available. However, the type of equipment ordered are from eight to twelve months behind schedule at the present time.

To economize further and keep the cost of maintenance at the lowest possible level, the Commission purchased two drop hammer post drivers, which are placed on the back of small tractors and the net result has been a saving of approximately 50% in time and labor.

The County has erected this fall 13.8 miles of State Fence which required the driving of 7,325 posts, 15.2 miles of County fence with 8,020 posts driven and 19.3 miles of Township fence consisting of 10,185 posts driven.

It is planned by the Commission that a project of roadside beautification by the planting of small trees will be started in the Spring, and thereby in time many miles of this snowfence can be abandoned as the depreciation of snowfence is a large item of expense.

(Continued from page one)

Side at the coronation of Petoskey's winter sports queen as a highlight of the carnival which will be held Jan. 31 through Feb. 8. Mrs. Albert Witke of Midland had an enjoyable Christmas with her mother, Mrs. Julia Richardson and daughters of Adrian were Christmas guests of the Ed Heise, Sr., home.

A letter from Mr. and Mrs. Russell Dumbas, who operated Gray Gables Inn last season for Capt. Don Clough, tells of the wonderful weather they are enjoying at Miami Beach, Fla. Starting their vacation in New York City they visited in Washington and Asheville, N. C. Their trip over the famous Skyline Drive through the mountains in Virginia was beautiful. However, they still think "Charlevoix the Beautiful" is correctly named. They will be at their Alton Road home for the winter, but are already looking forward to their return to Charlevoix and Gray Gables in April.

Mr. and Mrs. P. A. Wilkey and son, Wayne, had as their holiday guests E. Clyde Wilkey of Bay City, Mr. and Mrs. N. W. Wilkey and son, John Wayne of Caro; Mrs. Frank Westley, Pat and Jerry of East Jordan and Mr. and Mrs. L. S. Cole of Flint.

The sheet has played havoc down Broad City and Cadillac way. Telephone poles are down and huge trees have been ruined by the weight of the ice storm. "We really have had a reunion this year," said Mrs. Harold Pomeroy who arrived from Port Collins, Colo., where she teaches Physical Education. Friday her husband arrived from St. Paul, where he is a vet student. Then to make the picture complete at the Fred Willis home there were also Mr. and Mrs. Richard Lemay and Mr. and Mrs. Alfred Torrey from East Lansing where they are students. "It has been four years since we have been together," said Mrs. Pomeroy. The only thing that marred the holiday was the fact that Alfred Torrey underwent surgery at the hospital on Christmas Day. A thought for 1947, read on a New Year's card brought to the office, "Devote to better living the energy that you spend in criticism and see how much happier you will be in 1947."

ALL CLAIMS against the Charlevoix Courier prior to Nov. 1, 1946 must be made before Jan. 1, 1947. Signed, E. L. Steinhurst. 51-4-3

ROCK ELM

MRS. A. B. LAWTON

Plenty of work now but no snow plow through the city.

Mrs. Lawton and son, Joe, enjoyed Christmas dinner with Mr. and Mrs. Frank Lawton.

A letter from Mrs. Lawrence Jensen who recently arrived in Melbourne, Florida, states that the weather there is like May and June with green trees, blooming flowers and singing birds. She said they had been in the north twice and it was great. "Such big waves" and it made them feel fine. It would be very nice if we could all migrate to the sunny south to winter, but some of us like the snow birds, have to remain to take care of things in the north.

Soo Publisher Regent Candidate

George A. Osborn, publisher of the South Star, Evening News, a life-long Republican and son of former Gov. Chase S. Osborn, has announced that he has accepted requests to become Republican candidate for regent

of the University of Michigan. Terms of two regents expire next year. Harry G. Kiefer of Ypsilanti and Joseph Herbert of Marquette, Republican candidates, will be nominated at the Republican state convention and their names will go on the ballot in the spring general election. Term of a regent is eight years and the state constitution provides for eight regents as the governing body of the University of Michigan.

Osborn has been interested greatly in University affairs, in the Alumni Association which he served as 11th district president, in Michigan educational institutions and in Republican politics. He is an alumnus of both the University of Michigan and the Michigan College of Mining Technology. His three daughters are all alumnas of the University of Michigan, two of them graduates and one a post-graduate student.

LOOK AHEAD
The KEY to Contour Farming

U.S. Soil Conservation reports indicate a national average yield increase of 11 per cent for contour-cultivated corn. Significant increases also are reported for other crops.

Allis-Chalmers FRONT-MOUNTED implements with DUAL DEPTH CONTROL make contouring a real possibility for the average farmer. A planter and cultivator mounted ahead of the driver's seat make it easy to follow a curved row.

Seed and fertilizer can be placed at precise depth, in contour rows that catch and hold moisture on the slope. Rotary hoe cultivator attachments roll directly over the row, lifting out weeds.

These are methods recognized as setting a major new trend in agriculture. Allis-Chalmers "looks ahead" to better living for every family farm.

Here's Help on Your 1946 Income Tax

Start Checking Now to Make Certain You Understand New Law

You are Subject to Tax If—
You had 1946 Income from any of these

If you had income in 1946 from any of the following sources, it is taxable.

GROUP A.
If your 1946 income (including your wife's, if you file jointly) was not more than \$4,299.99, and came exclusively from sources in Group A, and if not more than \$100 was not subjected to withholding tax, you can use your withholding statement (W-2) as an income tax return.

Chapman's cash allowance for passage.
Commissions.
Dismissal or severance pay.
Fee, including clergyman's and juror's.
Gifts from anybody for whom you did work or favors.
NLRB award for wrongful discharge.
Prizes, awards, etc., in advertising or promotional contests.
Profit-sharing distribution by employer.
Reimbursement for commuting expenses.
Rewards for doing anything of benefit to the giver.
Salary or wages.
Sick leave pay or sick benefits given voluntarily by employer, not through insurance.
Strike benefits.
Tips.
(All of above are compensation for personal services.)
Dividends on corporation stocks.
Interest on anything except a few uncommon government bonds.

GROUP B.
If your income (including your wife's, if you file jointly) is as much as \$5,000, or if you had more than \$100 on which tax was not withheld, or if you had any income, however small, from a source in Group B, you are required to use form 1040.

Alimony received periodically (but not necessarily at regular intervals) under court order.
Annuity proceeds.
Bad debts recovered after being deducted in a previous return.
Damages for injury to property rights.
Employment policy matured (profit element only).
Gambling winnings.
Medical expenses recovered after being deducted in previous return.

File Early
But any person—or any married couple filing jointly, whose gross income was as much as \$5,000—must file a return by March 15, 1947, if he or she received more than \$100 from dividends and interest and wages on which no tax was withheld—or who had any income, however little, from any other taxable source, can not file form W-2 anyway.

It is this group that must use form 1040. It is such taxpayers who are most likely to have estimates that need checking by Jan. 15. And for them often it will be simpler to file a final return by Jan. 15 than to check the estimate, perhaps file an amendment with a check, and still have to prepare and file the final return by March 15.

Law Is New
The law under which you file this year is new. The standard return form 1040 is slightly simplified. The changes are few but important. Don't trust memory or rely upon previous instructions.

With this article is a check list that includes most of the common sources of taxable income. If you had income not mentioned in either you can consult us.

One more thing here is important to you: If you still owe additional tax, you may want to wait until March 15 to file, in order to delay payment as long as is legal.

But if you have a refund coming it is to your advantage to file as quickly as is legal, which means any time beginning Jan. 1.

Last year millions who filed early received refund checks before March 15.

Such refunds will be made on your return as you file it, without waiting for an audit. If later check shows that you were not entitled to all or some of the refund, you will be billed for whatever you owe. But on the other hand, if audit shows that you were entitled to more than you claimed, the difference will be sent to you.

100 Bushels Contour Plowing Pays Big

BY GENE ALLEMAN
Michigan Press Association
One hundred more bushels of potatoes to the acre is a lot of spuds.

Neil Morrison, Grand Traverse farmer, astonished his neighbors by doing just that.

The surprising thing is that Neil did not employ some new kind of fertilizer and he did not have some new fangled brand of potatoes.

Same potatoes; same soil; same weather—yet 100 more bushels to the acre!

How did it happen? Well, listen to Russell G. Hill, secretary of the Michigan soil conservation committee.

"You'll have to take Neil Morrison's word for it," said Hill. "I even hesitate to cite his case as an example of the benefits of soil conservation. It is so remarkable, so hard to believe."

Agricultural experts insist that one of the problems of Michigan potato culture is soil moisture deficiency. Mr. Morrison has consistently obtained better yields of potatoes by doing a very simple thing. He planted his potatoes on the contour of the land. Contour plowing retained the rainfall and the moisture seeped slowly into the soil, giving the potatoes added development. Result: A lot more potatoes than before.

Having attended a recent meet-

ing of the Michigan Food Council at which Prof. Carl Card of Michigan State College referred to the bumper potato yields at the college's irrigated potato farm at Lake City, we agreed with Hill. Unusual as it is, Mr. Morrison's yield is 50 per cent less than the tested record of the Michigan State College demonstration farm. Irrigation is a sure way to insure adequate moisture for potato culture. Apparently it pays big dividends.

So does modern soil conservation.

Because it is profitable to do so, approximately 80,000 farmers in 36 Michigan counties have organized soil conservation districts under a Michigan law of 1937.

These districts cover about one-half of the agricultural land of the state. Considering the fact that the 36 districts have been formed in less than ten years, such progress is encouraging. Farmers are conservative by tradition; Michigan farmers, too, are mostly Republicans and many of them have been cool to ideas coming out of Washington in recent years.

Yet soil erosion is not a national or state problem. It is a world problem which has existed for many centuries.

Big Beaver Island Pig Contest Ends In Draw

Beaver Island's big pig-to-pork contest is ended in a tie, with bets returned and new spectacles ordered for Dick LaFreniere.

It started last fall when Archie LaFreniere, Jr., and Art Taft got to arguing over their respective abilities to put pounds of pork on a pig. Archie was all for scientific feeding; Art held with putting feed in front of the pig.

So both picked a likely young grunter, put up \$25 apiece with Father Keenan (both men evidently feeling that they could trust the clergy)—and the race was on.

If Archie hadn't decided to take a vacation at Iron Mountain there would have been no story worth mentioning. But he did. He turned the feeding job over to his uncle, Archie, Sr. With it went the prize formula which was doing wonders for his pampered porker.

All went well for a few days. Then they didn't. As nearly as Archie, Jr., could learn on his return his uncle one night was meeting the boys in one of Beaver Island's convivial gathering places, what with one thing and another, he became short of funds, and wanted to cash a check. Instead of a check, he pulled out the formula. Dick LaFreniere was wearing his old specs (at least that's his explanation) and cashed the formula.

When Archie, Sr., next went to mix up a batch of feed, he couldn't find the recipe. So for several weeks, the LaFreniere pig had to struggle along on just ordinary feed. When Archie, Jr., returned he straightened things out so that by butchering time, his pig dressed out 270, just the same as Taft's.

Meanwhile he had tracked down the missing formula, expressed his opinion of his kinfolks who were careless enough to lose him \$25, and suggested that Dick get himself some specs so he could tell a check from a pig feed formula.

The federal soil conservation service recently made a national soil survey.

Findings were sensational.

More than 100 million acres of our best crop land has been irretrievably ruined for further cultivation by soil erosion caused by rain and wind. Of the total crop land now in use—a bit more than 400 million acres—about 150 million acres has been so severely damaged by erosion to make farming difficult or unprofitable.

Hard to believe is the experts' warning that man-made erosion is moving more than three billion tons of rich topsoil every year down into our rivers and reservoirs and out to sea. Carried out to a logical end, this loss of natural resources means the difference between food and famine.

The soil conservation district is a democratically formed cooperative campaign, voluntarily chosen by farmers and directed by farmers, to restore fertility to the soil; to safeguard the present topsoil that is left; to check the corroding damage of water and wind soil erosion and to get the best use of the land.

Here are some illustrations of benefits to Michigan farmers.

Idle marshes in Livingston county have been converted into lush dairy pastures by seeding reed canary grass.

Tuscola county run-off plots have demonstrated that contour crop rows, instead of rows that go up and down the slopes of land, have produced \$25 more yield per acre. More moisture is retained in the soil; nature's own topsoil is not washed away.

A soil survey of one Michigan farm, where old-time farming methods had been perpetuated, revealed a loss of \$1,000 in farm valuation in 12 months due to erosion alone.

Close to 10,000,000 evergreen trees have been planted in Ottawa county, first in Michigan to utilize the benefits of soil conservation. Trees reduce soil erosion by wind and create new wealth for the land.

A newly developed tree planting machine, available to farmers in many conservation districts, can plant 1,000 trees an hour. Two men operate it.

Son Of Pioneers On Island Found Dead

Son of two of Beaver Island's earliest pioneers and a native all his life, Charles A. O'Donnell was buried in Holy Cross cemetery Tuesday after services in the Island church at 9 a. m.

Time of his death is not known. Christmas Eve he was alive when James and Billie Gallagher delivered groceries to his house. Saturday morning he had not been seen around, and Earl Boyle and Don Burke went to investigate. Breaking in, they found his body lying under the bed. Dr. R. E. Palmer said he had been dead for some time.

He was the son of Mr. and Mrs. Anthony O'Donnell. During the lumber days, he worked in the woods and mills. Later he did enough farming on the homestead to maintain himself. He was 73.

Never married, he is survived by ten nieces and nephews: Mrs. Tom Gatliff, Bert O'Donnell, John W. and Anthony Greene of Beaver Island; Edgar, Tony and Patrick O'Donnell of Detroit; Lillian Greene and Mrs. Rose Benjamin of Chicago; Mrs. Sarah Macaulay of Manistique.

About Town

News of folks, your neighbors and more... but did you know that—

Mr. and Mrs. Ray Hamilton left Saturday for New York to attend the annual boat show. From there the couple plan to go to Boston where Mr. Hamilton will visit the shipyards. They expect to be gone two weeks. Harry Colbert, who was 84 years young, in the office before several folks he said, "Can you still do this?" Then merrily he did a few clog steps. "Yes sir, I surely have a lot to be thankful for," he declared.

Well, the editor's family surely started 1947 with a bang, or rather the young son of the family did. Saturday night Dudley Towe made a ski jump. That jump ended with a bang plus two broken bones in his right leg, about two inches above the ankle. Franklin Left and David Towe left Saturday for Decatur, Ga., a suburb of Atlanta where they will remain for a short time and then go on to Daytona Beach and Miami for the winter months.

There from out of town who attended the funeral of Mrs. George Durrence were Frances Durrence of Markinaw City, William and Albin Durrence, Mr. and Mrs. A. J. Baumgartner and Marygrace Baumgartner of Detroit; Mr. and Mrs. A. P. Cook, Mr. and Mrs. Irving Sudman, Mrs. George Shilts of Houghton City; Esther and Edward Shepard of East Jordan, Sam Alexander of Petoskey and Mrs. Marshall Straight of Mancelona.

The popular question of the past week was "Did you listen to the Resa Howl game?" We surely did! Mrs. T. W. Miller was made very happy this week when she received a copy of Edgar Guest's poems, autographed by the poet, himself. The Girl Scouts in Charlevoix are having the spotlight turned on them this month, for an important woman is coming to town. This necessitates a special meeting for all Girl Scout council members at the City Hall on Thursday night of this week. At that time arrangements will be made for a training program, and for the visit of the Community Advisor, Miss Katharine I. King of the National Staff sometime later in the month.

It probably won't be too long before folks will be saying "Lucky boy... lucky girl" for Mr. and Mrs. Niley Louiselle are announcing the engagement of their daughter, Barbara Jane to Bruce Marcene, son of Charles Marcene of Pontiac. No date has been set for the wedding. Barbara was graduated in 1946 from the Charlevoix high school and has been working in Birmingham. The groom-to-be was recently discharged after serving 5 years in the Navy. Bobby McDermott has returned to the Children's Clinic to traverse City for another operation on his leg. He expects to return home in about two weeks. Bobby has been a mighty brave lad those days.

Remember the picture on the Post a few weeks ago of a Main Street all decorated with Christmas wreaths, etc. It happened to be the Main Street of Fall City, Neb., and now the home of one of Charlevoix's former sons, Jack Henley, son of the Walter Henleys. Mrs. Henley received a copy of the picture from her son, with an "X" marking the spot where his law office was. Jessie Allison Hornum and her children are in Honolulu with her husband. Mrs. Allison received some pictures for Christmas and sure enough, there was one of her grandchildren all dressed up in a grass skirt.

Cagers Down Harbor Springs In Closest Game

Frequent fouls, misses and the closest victory so far this season marked the Charlevoix game with Harbor Springs there Tuesday night.

Winding up 30-24, the Raydars had the lead all the way but it was such a narrow one that Harbor Springs could have won the game handily if its team could have got away.

The basket seemed fixed for the five Charlevoix cagers: Hardy, Carey, Currey, Martin and Lagermann. Instead of the usual smooth scoring machine, they talked on far less than half their tries.

The unusually tight defense by both teams slowed up the game, as did the frequent fouls. High spots of the game were Pat Martin's flashy theft of the ball from Harbor Springs.

The Reserve team in the first game also won, 30-20.

Pollard comes here Friday night. Next Tuesday night Harbor Springs will send its team here for the return game.

Alpheus Spring Chandler, one of the Army's best known test pilots; Morris H. Coers, Red Cross Field director in Africa, Sicily and Italy; W. Representatives of contractors and industrial insurance firms also have been here looking over the bridge site. But no formal call for bids has come from Lansing.

Official Check Into Sums Owed County

Seeking to help the county and state recover money legally due it, Roland Parks of the Attorney-General's office was in Charlevoix last week checking cases of persons committed to mental hospitals.

The state has three in Charlevoix and Traverse City. When a person is committed to one of these by the court, part or all his expenses are supposed to be paid by some member of his family responsible for him.

If there is no such person, or he is unable to pay anything, then the county pays the first year's cost, about \$500 usually. After that the state bears the expense.

Parks was here, checking on all recent cases and preparing for interviews with those liable for the money spent by county and state, providing they are able to repay.

The cost at these institutions is low, at Traverse City it being only \$1.31 a day. Patients who can work at whatever they are capable of doing. This not only is better for them, Parks said, but helps to keep down the cost on the families.

County Can Get \$17,600 For Airport Work

Charlevoix County can get \$17,600 worth of work done on its four airports at a direct cost of \$4400, the Board of Supervisors were told Monday.

The state has a fund of \$4400 for the purpose, which must be matched in part or whole by the communities affected. This \$8800 maximum in turn will be matched by Federal funds, making the \$17,600.

The sum can be divided among Charlevoix, East Jordan, Houghton City and Beaver Island any way the communities wish. Interim funds between the communities and the state is the new airport committee: Mrs. Loyola Lockman, George Haggard, R. F. Barnett and Earl Boyle.

North Shore Ready For Final Trip
Ice and wind worked together this last week to delay shipments of last minute supplies to Beaver Island.

Loaded almost two weeks ago with some 40 tons of freight, the North Shore lay at the dock here waiting for the ice to go out at the St. James harbor where it was a foot thick.

Finally the ice breaker Tahonia smashed a path last Thursday and Friday morning the North Shore was ready to go. That night the storm came up after four days of comparative calm, and the ship was held here until Monday at 4:30 when it made the trip.

The Tahonia had waited until the Charlevoix boat reached harbor, then left for the Straits. The trip back Monday afternoon was rough, Capt. Alfars said.

The North Shore is again loaded with what likely will be the final cargo this winter. It includes 10 tons of hay, coal, oil and groceries.

The Mary Margaret is laid up for the winter.

Dutch Girl Writes Thanks For Gifts

Junior Red Cross members of Charlevoix County packed gift boxes last year for shipment overseas to children in foreign countries.

The following letter was written by a school girl in Rotterdam, who received one of the parcels from Charlevoix County schools. Dear Unknown Girl Friend:

How pleasantly surprised I was when I received a parcel from you. Happily this war has passed but still those things are not to be had in our country. I hope your country will never witness the terrible things we have suffered here. Last winter was dreadful. Thousands of people in our country died of starvation. Happily Red Cross helped many people who otherwise would have been killed by the hunger.

After the war there came many Red Cross teams to our country who have tried to save people who had suffered very much from the hunger.

There are still many people left who are still suffering from the consequences of the starvation period. At home we have not suffered. My father had a farm and grew wheat himself, and we have cows. Here in the Netherlands we are grateful to the Red Cross for the way in which they have helped in the food.

Once more I thank you very much for the beautiful parcel, that you have sent me.

With kind regards,
Marie de Klerk.

Road Board Tests New Snow Mover

Investigating its promise of low cost snow removal, the county Highway Commissioners Monday watched a Roto-Wing plow cut high banks on the Horton Bay road.

The Roto-Wing uses a side blade and high speed rotor to cut down drifts and throw the snow back into the fields. Its chief value, according to Supt. T. Reynolds, is in sloping of the snow banks and thus preventing or decreasing further drifting.

It would supplement the present county equipment consisting of plows and scrapers which only pile snow in banks at the roadside. Costing just under \$25,000 complete, the Roto-Wing would pay for itself in five years, its backers told the commissioners.

The highway department now has the job of keeping open more than 800 miles of road. This is a costly job, Reynolds pointed out, and equipment which will cut the cost is needed.

It's a Pleasant, Friendly Custom

Charlevoix has one custom which it can well keep and encourage. It is this one of holding open house on New Year's Day.

Christmas is a time for the family, for staying home with the kinfolks and enjoying the youngsters.

An Orchid To Charlevoix

Mrs. Ed in her About Town column passes out a weekly orchid. Not wanting to be outdone, I'd like to present two or three to the School Board for providing a skating pond for the youngsters.

There are a lot of places all over our country making a great to-do about juvenile delinquency, passing curfew ordinances

and resolutions. Charlevoix is a lot more sensible—it provides a skating pond, frequent basketball and other sports.

To me a town whose folks make a practice of occasional open houses is one whose folks know how to enjoy living.

I seriously doubt if there is another investment in this city which is paying larger dividends in every way than is that skating pond.

Remember Back When?

10 YEARS AGO
Wednesday, January 8, 1937

The big headline this week was: Five Lives Lost In Boat Blast. Capt. L. L. Hill, Leon H. Hill, Everett Cole, Raymond Cole and Bruce McDonough killed Friday when mail boat Marold II blew up. Bodies of Cole Brothers are recovered. Charlevoix Coast Guard risk lives in search for bodies

found Saturday on tanker. Worst Lake tragedy in many years results from gasoline salvaging operation on Steamer J. Oswald Boyd grounded in early November — Cole Brothers buried here Tuesday.

Another headline: Pioneer couple Wed Fifty Years. Mr. and Mrs. George Burns were feted Friday. Residents of this district

for 70 years—Mr. Burns former operator of stage coach.

Local friends have received word of the death on Dec. 28, at Coldwater, Fla., of Mrs. John Wagner, formerly Mrs. Mary Giddings of this city. Surviving her are two sisters, Mrs. Fred Butler and Mrs. Lou Smith, both of Clearwater, Fla.

Capt. and Mrs. James Sanford are enjoying a visit in Muskegon with their son and daughter-in-law, Mr. and Mrs. Joseph Sanford and family.

A communication from Mr. and Mrs. Frank Supernaw, states that

they are now located for the winter at Donna, Texas. Mr. Supernaw, who is the former greengrocer at the Belvedere Golf Club related that the valley was so crowded with tourists they had a difficult time finding a place to live.

20 YEARS AGO

A fine specimen of the snow-white arctic owl, captured last week by Clare Usher and Walter Hergeson in the alley near the Methodist church, was sent Monday in the park department of the city of Grand Rapids, where it will be put in the zoo at John Ball Park.

Mr. and Mrs. Jack Jardine are the proud parents of an 8 1/2 lb. baby boy, Donald Douglas, who arrived at their home on Christmas Day. Thirty-one years ago the same day, Mr. and Mrs. George Jardine, parents of the young child, were married. Seeing that it was the Jardine, Mrs. wedding anniversary, Santa said the baby would have to be a gift to both families.

Mrs. Harold Hillelt has resigned her position at the Charlevoix County Bank, where she has been employed for the past few years.

A. E. Mison submitted to an operation for removal of appendix Tuesday evening.

Floyd Brown, Clayton Dutcher, Walter Hergeson and Miss Doris Krulik have returned to their studies at Ferris Institute after spending the holidays with home folks.

Murray J. Glasgow left Sunday for South Bend, Ind., to resume his studies in Notre Dame University, after spending the holidays with his parents, Mr. and Mrs. George Glasgow.

Loren Hart returned to his school work in Cedar Falls, Iowa, Monday after spending the holidays with his mother, Mrs. Cassie Hart.

30 YEARS AGO

January 3, 1917.

On Tuesday Henry B. Jacobs of the firm of Jacobs and Dawson announced that he had purchased E. L. Dawson's interests and that hereafter the store would be conducted under the name of H. B. Jacobs. (The business was groceries.)

Headline: Horster Fincoo Angers Guards. Soldiers Hittory Deduce Texas Trip As Failure. Say it has gained nothing. But branded Militia as incompetent.

On Saturday evening last Miss

Jane Mitchell, daughter of Mr. and Mrs. John Mitchell became the bride of Roy Stanley Swinton.

Program of the current Historical Society meeting: Instrumental duet, Bruce and Phila Armstrong, Paper, "Misadventures and Education", Mrs. C. E. Taggart. Vocal solo, Miss Irene Finucan. Reading, Mrs. Henry Cooper. Violin solo, Robert Bridge.

Theo Erickson and Horace Fowler agents for the Maxwell automobile, state that they have so far made four sales, with many prospects in view.

Public auctions were being held at Hooker's barn by Will E. Byers, auctioneer. Anyone might list goods who cared to dispose of them.

First local death in Pershing's expedition into Mexico was Corp. Joe Weddenburn of East Jordan's Company I, Thirty-third Michigan Infantry, which occurred Sunday, Dec. 31, at a hospital in El Paso, Texas. He was a victim of alkal pneumonia.

FORMER CHARLEVOIX NIGHT CLUB OWNER MAKES STRANGE WILL

Miss May Orlovski received a newspaper clipping concerning a former resident of Charlevoix, Ira J. Davis, who died at his Cleveland home, which will be of interest to many local persons:

Ira Davis, who did not want his wife's relatives to come into any "easy money" left the bulk of his \$120,000 fortune to two public school systems in West Virginia. He believed it was not good for anyone to receive sizable sums of money for which he had not toiled.

After providing for his wife, Olive, with a sum which proved to be \$40,000 and making three \$1,000 bequests to others, Davis willed the residue of his estate to the schools of Harrison and Doddridge Counties, West Virginia.

The bequests came as a complete surprise to the widow, who is an invalid. The will offered no reason for the philanthropy. The only reason was offered by Stanley Rausch, an attorney, who drew up the will two years ago.

Rausch recounted that Davis told of having a difficult time in winning an education in his native West Virginia and spoke with considerable feeling of youngsters who might be in the same plight today. But, since he did not specify any scholarships, the money probably will help only the taxpayers.

According to Rausch, Davis did not intend at first to make any provision for Mrs. Davis because he thought she would die before he did.

Davis was a native of West Virginia. He operated clubs in Charlevoix, in the southwest and in Florida. About 18 years ago he went to Cleveland.

Warren Duplessis returned home today from a business trip to Grand Rapids.

Income Tax Time is Getting Close

Income tax time is getting close for those who want to have work by making only one report.

Under the law, it is permissible to file an incomplete return and pay 80% of the amount due on Jan. 15; then file another and complete return March 15. Many taxpayers however prefer to wind up the tax year by filing the complete return Jan. 15.

With lower tax rates as a 1947 possibility many individuals and firms are paying business debts, extra medical expenses and similar deductible costs before Jan. 1.

Mr. and Mrs. Bud Gebeau of Lansing spent the week-end with their parents, Mr. and Mrs. Harry Gebeau and Mr. and Mrs. Walter Taylor.

Miss Frances Newland returned to Ann Arbor on Sunday after spending the holidays with her parents, Mr. and Mrs. R. J. Newland, Sr.

About Town

News of folks, your neighbors and mine... but did you know that—

The ice rink at school looked like a big lake Tuesday. Tough luck for the ice skaters for this is really a popular spot. The John Nordlund family moved this week to their new home on State Street and are now busy getting settled. The meeting of the AMVETS at the Legion Hall next Monday will elect officers.

Mrs. Jack Reed was called to Grand Rapids Tuesday because of the critical condition of her grandfather. Two weeks ago she was summoned there and on her return trip was in an automobile accident. Mrs. Reed has not fully recovered, yet she decided to play safe this time and take the train.

There's a mighty interesting yarn in the January copy of Ford Times about Beaver Island. The story is written by Burgess H. Scott, one of the publication's editors. A while ago, Scott, in company with Karl Erber spent three days on the island, getting material for the story. Along with the story there are some pictures, a splendid one of the good ship, Mary Margaret, which the article states "is the most important boat in the world to the 500 inhabitants of the island, for it is the only regular link with the rest of America. Accordingly it is looked on fondly by every islander." Another interesting picture is that of John W. Green standing by what remains of the island's only jail. The article gives a short history of the island and quotes a few of the customs. Helen Edwards is in Cheboygan these days visiting her sister, Mrs. Arthur Knaffle. Mrs. Don Coney is expected to return Thursday from New York City, after having spent a week there with her husband at the annual boat show.

Now we learn there are no half-year license plates for 1947, lack of available steel, this strikes is given as the reason. Go prepared to pay a full year's license for the jumpy this year. Anyway the old plates are good until March 1.

Remember John Kirby, who was captain of the Coast Guard at Beaver Island. He is now captain at the station at Youngstown, N. Y., 11 miles from Niagara. It is now frozen over and is quite a sight. Incidentally the Niagara River flows just in back of the Kirby house in Youngstown, so close that the Kirby youngsters could fish from their bedroom windows.

Understand that Cheboygan has had its eye on Charlevoix "waiting and watching the outcome of the town's experiment with parking meters." If you feel the urge of spring these sunny days gather yourself some forsythia branches (while you don't have to wade knee deep in the snow) and put them in a pair of warm water. Before you know it you can have a gay yellow bouquet for your living room.

Suppose many Charlevoix county farmers will be getting their chores out of the way as early as possible so they can attend the Five County Dairy Herd Roundup at Petoskey Jan. 17. There is a splendid line-up of speakers, including Charles Figg, Director of the Department of Agriculture.

The Ronald Fairbanks left Wednesday for a two weeks detour to the south. They didn't know where they were going, but they were on their way. Mrs. Georgia Gledhill is "at home" to her friends again. She left late in the fall for New York City to visit relatives. Then she came as far as Detroit for the holidays with her sons, and then back to Charlevoix, the beautiful.

Mr. and Mrs. Clarence Wood, accompanied by Mrs. Florine Stelter, left early Sunday for the East. Mrs. Stelter left them at Buffalo for Youngstown, Pa., to be with her daughter, who is a dietitian there. Later she will go to New York. The Woods drove on to Hartford, Conn., to their son's home. And the BIG reason was to see that new grandchild awaiting them. P. R. Ross is doing his best to be a sleek, hard job these days. He has one hard man ahead of him, and that is to lose 20 pounds. How can a guy do that when he has a wife that is such a wonderful cook as Mrs. Ross? Mr. and Mrs. Fred Kaunitz are having a grand time. Mr. Kaunitz is building a new house trailer and hopes to have it all finished in the next week or so. Then the couple will leave for the southland. No, sir, that is not a dirty upper lip that Jack Hartzell has this week, but the sprouting of a mustache. "And it is going to be one of those old-fashioned kind, too," he declares. Would really enjoy seeing him with one of those handlebar varieties.

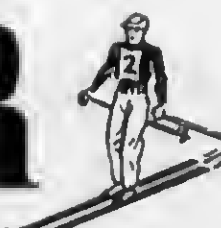

Congratulations to Captain and Mrs. Joe Howard on their 40th wedding anniversary. It was last Wednesday and the couple celebrated it quietly at home, enjoying letters, cards, flowers. Friends called during the day, making it pleasant for them.

County Bank Reports Record Year in 1946

Directors and officers of the Charlevoix County State Bank were elected at the annual meeting Tuesday.

The directors are Robert Bridge, J. M. Foster, E. D. Hawley, E. J. Miller and M. A. Levinson. The new officers are Robert Bridge, president; E. J. Miller, vice president; and E. D. Hawley, cashier. The president reported the 1946 earnings were the best in the bank's history. Individual deposits increased \$163,000 while government deposits, the War Loan Account, dropped \$170,000. Loans and mortgages were up \$400,000 to a total of \$992,000, the largest the bank has had. Most of the loans were for building, buying of homes and inventories, to Veterans under the GI Bill.

While the bank's resources remained about the same as on Dec. 31, 1945, the capital account increased \$30,000 to \$106,894.

School Head Candidates Must File By Saturday

A candidate for the office of County School Commissioner will be nominated by the Republicans at their county convention at the East Jordan High School next Thursday evening.

Leo L. Close of Boyne City is the incumbent. His term expires July 1 and the next commissioner will be elected at the April voting. Under state law all who are candidates for the nomination at the party convention next week must file qualifying papers with County Clerk F. R. Bulow by next Saturday, Jan. 18.

Don't Park Cars On Rural Roads, County Asks

The County Road Commission issued a complaint this week and an order that car owners must park their cars off the highways when leaving them along roads. Not only have the county trucks been hampered in their snow plowing operations by cars left along the roads, but in some cases where cars were parked on both sides of the highway, the big plows were not able to get through between them.

Before police action is taken to keep the roads open, drivers are being asked to cooperate with the County Road Commission by parking their cars as far off the high ways as possible and in places where their presence will not interfere with passage of the plows.

Double Wedding At Island Announced

The engagement and approaching marriage of Vera Mae McDonald, daughter of Mr. and Mrs. Lloyd McDonald, and Mary Margaret LaFreniere, daughter of Mrs. Nels J. LaFreniere and the late Mr. LaFreniere, and the late Mr. LaFreniere, respectively have been announced by their parents. The brothers are the sons of Mr. and Mrs. Tony Wojan, also of St. James.

The double wedding will take place at the Holy Cross church, St. James, Beaver Island, Jan. 29.

Garbage Dumping Is Protested to City Hall

Protests have been made to the City Hall over the practice of some folks in dumping garbage, tin cans and ashes along the Lake Road leading out to South Point. Aside from cluttering up the scenery, it was pointed out, the rubbish will have to be cleaned up by spring.

Returns After Year in West

After a year spent in the high country of New Mexico, serving patients who speak Spanish rather than English, Louise Young is expected back in Charlevoix this week.

After a short stay here, she plans to return to Wheaton College.

large to complete her course there, possibly this June.

After her graduation here, Miss Young enrolled at Wheaton and was in her junior year when the war broke out. Planning to enter the medical field eventually, she dropped out of college and entered Ford Hospital at Detroit to train for a nurse, feeling that she would be more useful there at that time than at college.

At the end of the three year course, she was graduated from Ford at the head of her nursing class. She had applied for overseas service, but due to the end of the war, she accepted the offer of the Presbyterian Mission Board to go to the Mission Hospital at Embudo, N. M., for a year.

This hospital, 50 miles north of Phoenix, is in an area populated almost entirely by Spanish-Americans, most of whom live on isolated ranches.

Women's Guild Has Luncheon; Hears Reports

The Women's Guild of the Congregational church met at the church for a dessert-luncheon and business meeting Thursday.

Twenty-five members were present and enjoyed the luncheon served at a table decorated with greens and lighted tapers.

At the business session presided over by Mrs. Jeff Novotny, retiring president, annual reports of the church circles were given and plans discussed for the year. Mrs. Allen Campbell read an interesting letter from Alice Reel, a missionary who has visited Charlevoix and whom the church aids while she is in China. Mrs. Jeff Novotny was in charge of devotions.

Girl Scout Training Program Planned Here

Final plans for a Girl Scout leadership training program were completed by the Council last Thursday.

Miss Katharine D. King of the National Staff, will conduct the work next Thursday for all leaders of intermediate troops from Boyne City, Bellaire, Harbor Springs and Charlevoix. A course for Brownie troop leaders will be given Wednesday. The Charlevoix Council will serve luncheon both days.

Partner Here For Weekend

Mr. and Mrs. Theodore Thornton of Detroit were here for the weekend, returning Tuesday. Thornton is a partner in Smith-Thornton, Inc., owners of the Alhambra and the Charlevoix Recreation.

Exact Work Describes Making of Propellers

The making of light wooden propellers for personal aircraft was described in detail Monday night by Gordon Freedman of the Freedman Aircraft Co., to the Kiwanis Club.

After outlining the story of his company, which moved here from Cincinnati, Freedman traced the steps followed in creating a propeller.

Two things are necessary: a strong wood which will not warp, and perfect balance. Yellow birch is best; and only a tenth received by the factory is suitable. The rest goes into card display cases. The wood is tested, glued into laminated blocks, dried, tested and sawed into rough shapes. On a

Harbor, Pellston Both Lose to Rayder Squad

Defeating Pellston and Harbor Springs here, the Charlevoix Rayders are still at the head of the unbeaten column.

Last Friday Pellston lost 32 to 16. The local boys started slow with a first quarter score of 6 to 6, but kept widening the lead from there on.

Tuesday Harbor came here to try for the victory they nearly gained a week before. At the end of the first quarter the score was 8 to 0 for Charlevoix and at the half 20 to 3, all the Harbor scoring coming on free throws.

The Rayders slowed down some what in the last half and Harbor crept up to a final tally of 37 to 24. The third period was unusual for the number of times their opponents stole the ball from Charlevoix.

Starting teams were Lagerman, R. Hardy, R. and W. Carey and P. Martin. Substitutes were Davy Hardy, Halstad, Zeitler, Peterson, King and Roberts. Against Harbor R. Carey scored 24 points.

In both preliminaries the reserve team won, 30 to 4 and 32 to 16 against Harbor Springs. Case was the high scorer in both.

Mr. & Mrs. E. R. Jones Married 53 Years

Mr. and Mrs. Edward R. Jones will observe their 53 wedding anniversary Monday at their farm home near Norwood.

They were married Jan. 20, 1894 at Dorr Center by Rev. Charles Jones at the home of the bride's parents, Abel and Alice Newland. They lived at Moline five years and came to this vicinity in 1900.

Mr. Jones, 78, was born May 15, 1868 at Dorr Center, the son of Robert and Anna Jones. Mrs. Jones, 73, the former Jennie Newland, was born Aug. 11, 1873 in The Netherlands and came to the United States in 1882. She is a member of the Methodist church.

The couple have four sons, Vernon of East Jordan, Bert and John of Port Huron, and Abel of Detroit; one daughter, Mrs. Clarence Heise of Charlevoix; sixteen grandchildren and two great grandchildren.

Another daughter, Mrs. Glenn Holcebeck, died July 22, 1932, and a son, Robert, passed away July 17, 1946.

Singers Promote New Male Chorus

Making a change of policy for the local chapter of SPEBSQSA, the organized Charlevoix men singers now are concentrating on their promotion of the new male chorus here.

The purpose is to develop a greater interest in singing by the men. In the chorus, the average singer can participate and enjoy making music, whereas he might be hesitant about taking part in the quartet.

The purpose of the SPEB is to promote enjoyment of singing. By concentrating on the chorus, local leaders say, they believe they can achieve this goal to a larger degree.

The chorus meets the first and third Thursdays of each month at the school. Clarence Odmark is the director and with the goal of 75 to 100 voices, even good listeners are being welcomed. This week will be the second meeting.

Extension Courses Will Start Jan. 24

Two extension courses for adults will be given here this winter by Central Michigan College.

Five of the 15 weekly meetings will be in Petoskey, five in Charlevoix and five in East Jordan. The first is at Petoskey, Jan. 24. The others will be on succeeding Fridays at 6 p. m.

The courses will be on English for two semester hours credit, and on Industrial Arts for three. The latter will be of value especially to 4-H leaders, rural and elementary teachers.

Information and applications can be obtained from Supt. Roy Bennett or School Commissioner Leo Close.

Odd Fellow Team Leads Masonic Players

With a lead of 361 points, the Odd Fellow cribbage players are just managing to keep ahead of the Masonic team.

The ten week series opened Jan. 6. At the end of play Jan. 13, the scores were Odd Fellows 13799; Masons 13438. High men for the two weeks were Odd Fellows, Elmer Poole and Bill Evers; Masons, Robert Richards and L. C. Croy.

Army Recruiter Here

Sgt. William R. Gemmill announced today that he will again resume his regular office hours at the Charlevoix Draft Board on Mondays from 10:00 a. m. to 4:00 p. m. to accept enlistments in the New Regular Army. Enlistments are being accepted from men between the ages of 17 and 34 years.

C. M. Bice Will Be Candidate for Circuit Judgeship

Prosecuting Attorney of Charlevoix County for more than ten years, C. M. Bice, of Charlevoix, will be a candidate for the office of Circuit Judge at the Feb. 17 primaries in the 13th judicial circuit.

It was this long experience with criminal law which makes up a large and important percentage of the cases coming before the Circuit Court that indicated Mr. Bice to enter the contest.

Born on a farm, he attended country grade and high schools. He attended the University of Detroit, receiving both his undergraduate and his law training there. He was graduated with an L. L. B. degree in 1923, and passed the state bar examination that fall. For one year he worked for a large Detroit law firm, and later practiced law in that city.

In 1932 he moved to East Jordan and entered into partnership with the late E. N. Clink. A year later he and Miss Joan Jurgens, R. N., of Grand Rapids were married. The Bices moved to Charlevoix in 1935. They have two daughters, Barbara Joan and Gaylyn Greta. During all his 14 years since coming north, he has practiced law in Charlevoix and Antrim counties.

In 1934 he was elected Prosecuting Attorney of Charlevoix County, serving until 1940. Re-elected in 1942, he still holds that office. During 1940 and 1941 he was Circuit Court Commissioner.

Due to the Antrim County prosecutor's military service Bice served as assistant acting Prosecutor of that County during 1944, being appointed by the Hon. Farm C. Gilbert on the recommendation of E. K. Reuhing, the Prosecuting Attorney there.

He served as a Director of the Michigan Prosecuting Attorneys' Association for two years, 1944-46, has been a Kiwanian since 1935 and is a member of various fraternal and business organizations, including Charlevoix lodge, No. 282, F. & A. M., and the State Bar of Michigan.

Change in Law Would Curtail Road Work

All road work, including snow removal, maintenance and new construction will be seriously curtailed according to Supt. T. B. Reynolds if the proposal to end the special liquor levy is passed by the Legislature.

The special levy adds 10 percent to the cost of liquor, the money going to supplement road funds. It means \$38,826.21 annually to Charlevoix County, or about 25 percent of the budget.

State Asks Bids on New Highway Bridge in City

Lights Needed on Sleigh Rides

Don't take chances when on sleigh rides at night, Police Chief Clarence Heise warns.

Of late there have been several sleigh ride parties. Most of them have carried no lanterns or other lights. With the recent Beaver Island tragedy serving as an example of what can happen to an unlighted vehicle, Chief Heise asks all concerned with sleigh rides at night to be sure and have a lantern or other light. It need not light up the passengers, he explains. All necessary is that it be carried so an auto driver coming from either direction can see it in plenty of time.

District President Addresses WCTU

The W. C. T. U. met at the City Hall on Friday with Mrs. Gay Smith presiding. Mrs. Ernest Howe led the devotions.

Mrs. C. H. Leisner of Petoskey, district president, gave a report on the work of the Union, reporting that there are 13,000 members in Michigan. She was among 13 members chosen to attend the World W. C. T. U. to be held at Asbury Park, N. J., in June. She also showed the Script film, "Casting Unlimited," which has been obtained for showings in the district schools.

Mrs. Floyd Bartholomew, corresponding secretary, reported on a letter sent to Supt. Roy G. Bennett stating the W. C. T. U. was 100 per cent with the community on the "Better Movies" movement. Mrs. John Funk gave a report on the L. T. L. stating they had sent a Christmas package to the patients at Percy Jones Hospital. 21 Members were present at the meeting of the L. T. L.

Petitions are being circulated, it was announced, in regard to liquor advertising in various ways. Mrs. Leisner was accompanied by Mrs. Mae Hebestreet, Mrs. Ervin Chapman and Mrs. Howard Blackwood of the Petoskey Union.

VFW to See Bouts At Thursday Meeting

Thursday night the VFW here will hold the first of its winter social meetings.

Commander Sam King has appointed Adolphus Allard and Bert Pearl as entertainment committee and they have lined up several amateur boxing bouts for Thursday. There will be other entertainment and refreshments but no hassles.

Ira Hart, district service officer, will be here all day Friday at the Mayor's office in the City Hall. He will handle all claims for veterans or veteran's dependents and give help in other ways if requested.

Change in Law Would Curtail Road Work

All road work, including snow removal, maintenance and new construction will be seriously curtailed according to Supt. T. B. Reynolds if the proposal to end the special liquor levy is passed by the Legislature.

Only One Contract To Be Let for Entire Job At Charlevoix

Bids on the construction of the new bridge here will be opened at Lansing Feb. 6 and a contract possibly let at that time.

In the current issue of the Michigan Road Builder, the state highway department is advertising for bids on the job. Contrary to rumors, the job will not be let in two parts. The state will contract with one firm to do the entire job.

The only exception to this will be that the state will supply the bridge steel, about a third of which already is on the ground at the freight depot.

Representatives of the Highway Department were here Monday and Tuesday arranging for a visit of way for the detour. Monday night they met with the City Council at a special session. At that time the Council renewed a resolution originally passed in 1941 by which the city will provide 2000 yards of fill dirt free to be used for the detour.

Heise Plumbing Shop Bought by Gregory

The Heise Plumbing Shop, owned and operated by Edward H. Heise, Sr., since 1929 has been closed and the equipment sold to Clifton Gregory.

That State Contract Is a Real Benefit to the County

Snow clearance is becoming more and more of a problem for highway departments in Michigan (and likely other states) as increasing numbers of citizens ask that their roads be kept open, regardless of the amount of traffic carried. As taxpayers and citizens, they are considerably justified in this.

But it does put a heavy financial load on the county.

In that way Charlevoix is fortunate in having a state contract for clearing the trunk lines. Not that the county makes money off the contract; but that due to this arrangement with Lansing, farmers living on the less-traveled roads can have snow clearance.

Because of the state contract, Charlevoix County has to have extra, heavier and highly efficient equipment. It is paid for having that machinery available. But when the 64 miles of trunk lines are cleared that same equipment can be turned out the almost 800 miles of township and county highway and open those faster and better for the folks there.

There are some folks, I am told, who object to the state maintenance contract

on the grounds that it delays opening the county roads. Just the reverse is true—on the average it means the back roads are opened quicker and cheaper than they otherwise would be.

There is one feature of the state contract, however, which strikes me as being slightly unfair, not alone to Charlevoix county but to all in Northern Michigan.

The state, I understand, pays the same rate for machinery and men in Hillsdale and Branch and VanBuren counties as it does in Charlevoix. The cost of operation would be slightly higher here.

Gas and oil cost more here, due to added freight rates. We have heavier snow to buck, which calls for more maintenance of machinery. The weather in-land (not here in the city, however) will average colder than in the southern part.

Altogether, it seems that in fairness the state should pay a slightly higher rate up here. Of course, here are difficulties such as drawing a line between higher and lower rate sections. But it does appear that the northern counties would be justified in asking for a study of their case.

This Is No Time to Reduce Taxes

From many quarters there comes a chorus of jubilation over the prospects of lower taxes. While the sentiment is understandable, yet the idea of lower taxes right now doesn't make sense.

Perhaps certain taxes should be reduced. But speaking of the vast bulk of the hundred and one levies made on the average citizen, those taxes should stay up. Sure, it will work a hardship, but my tax does that. And to me it is sensible to have a mild hardship now in place of a double or triple one a few years from now.

High taxes for the next few years will

achieve two badly needed results.

Most important, they will drive home the idea to the voters that government economy has largely been a negative quantity, and that as long as surplus burdens, padded payrolls and log rolling continue, you and I must foot the bill.

Second, it will be saving a lot of money. We can afford these taxes better now than we can later and the faster we start paying off the public debt, the easier the load is going to be. With the public as with an individual, the easiest dollar made is an interest dollar saved.

Why Not Find Out the Facts?

There is a lot of discussion these days up and down Bridge street among the businessmen on this question of store signs.

Some favor overhanging or projecting signs. Others want the flush type which sets flat against the building. The argument centers chiefly on two things: effectiveness and beauty.

Now the purpose of a sign is to catch the eye and attract customers. If one type has proved more effective in doing that job, that is the sign which should be approved. If at the same time, it is better looking, that is so much added profit.

So far there has been a lot of arguing. Some say the projecting sign brings in more business; others say the flush type does. The latter is claimed to be much more attractive, to enhance the beauty of an al-

ready beautiful Charlevoix, and to do an equally good job of bringing in buyers.

The Council will be asked to decide a uniform policy for the city before long. It seems to me there is only one sensible way to make a decision—

Let's find out which type of sign has proved to do the better job, and then have an ordinance favoring that design.

It should be easy to get the facts. Most of the leading retail businesses have national associations, such as hardware, drugs, clothing, shoes, apparel. These national associations make it a part of their job to have the answers to such questions, answers based on research and actual tests. A few letters to these associations would bring us the information needed to make a decision.

WHAT'S COOKING

—TO THE TOWN'S TASTE—

Recently, I really indulged in what might be called a "recipe binge." While up at Charlevoix and sitting by the fireside, I discovered a book "The North Shore Cookery" a gift to our Charlevoix lady.

The book was compiled by the Bethlehem Lutheran Ladies Aid of Grand Marais, Minn. Each recipe is a tried and true one from one of the members. From it, I gleaned a few recipes for you, and you will notice they are from some of the world's best cooks. Swedish and Norwegian women.

Banana Kuchen

(Can't you just taste this?) Sift into a bowl: 2 cups flour, 2 teaspoons baking powder, 2 tablespoons sugar, Pinch of salt.

Make hollow in center of this dry mixture and pour into it: 1 cup milk, 2 beaten eggs, 2 tablespoons melted butter.

Stir until batter is smooth, then turn into 2 greased loaf tins. Arrange thinly sliced bananas on top and sprinkle with a mixture of one teaspoon cinnamon and 1/2 cup sugar. Bake 25 minutes in a moderate oven (375 degrees). Serve with whipped cream or spread the top with 1 stiffly beaten egg white sweetened with a little sugar and return pan to oven for a few minutes to brown the meringue.

Kringler (Cookies)

1/2 cup sugar, 1 cup sour cream, 1 teaspoon soda, 2 cups flour, 2 eggs, Vanilla, Pinch of baking powder, 2 cups ground oatmeal.

Mix and roll dough into long narrow strips. Make into figure 8.

Norwegian Prune Pudding

1/2 pound prunes

2 cups cold water

Cook prunes in water until done.

Remove pits and put prunes in small pieces. Add scant cup of water to pitless prunes and thicken with one tablespoon cornstarch (mixed in a little cold water).

Simmer until thickened. Sweeten to taste, add a little lemon juice and a dash of cinnamon.

Fold 2 stiffly beaten egg whites into the pudding and 1/2 cup nuts, if desired.

Serve with plain cream.

Swedish Ham Balls

(Excellent supper dish during holiday week)

1 pound ground ham

1 1/2 pounds ground fresh pork

2 cups bread crumbs

1 cup milk

1 cup brown sugar

1/2 cup water

1/2 cup vinegar

1 teaspoon dry mustard

Combine dry mustard, sugar, vinegar and water and stir well.

Mix the remaining ingredients and form into small balls and place in casserole.

Pour sugar mixture over and bake slowly 1 1/4 hours. Baste frequently.

Baked Rice

(The Scandinavian Way)

Place 1 cup uncooked rice in a baking dish and cover with milk.

Add enough sugar and cinnamon to suit taste, also add a few grains of salt. Add one beaten egg and raisins (if desired). Bake uncovered in 375 degree oven.

When milk is absorbed by the rice, it will be done and each kernel will be large and soft. This seems to be much tastier than when boiled on top of the stove.

STROUT AGENCY ENDS BEST YEAR IN DECADE

Wm. F. Tindall local Strout Real Estate Agent, reports the following sales recently completed, to finish out the 1946 season.

The Kurt Kobornick farm in Bay, to Mr. and Mrs. Errol W. Beck of Battle Creek, who have taken possession.

The Gordon Lashbrook farm, also in Bay to Mr. and Mrs. Paul Drewanz of Roseville, Michigan, who have taken possession.

The James Anderson property in Boyne City to Mr. and Mrs. D. Killane of Pontiac, who own a summer home at Spring Water Beach.

The Thomas Beck cottage and grounds on Lake Shore Drive to Mr. and Mrs. Bruce Hoyt of Belleville, who expect to develop this property.

The Ceina Wurn property, also on Lake Shore Drive, to Mr. and Mrs. E. N. Hillock of Flint.

The Harry McQuiston property at Fir View Beach Resort to Mr. and Mrs. Ira A. Bailey also of Flint.

The old W. H. Dyre place in Evangeline, now owned by E. C. Lyon of Memphis, Tenn., to Mr. and Mrs. Floyd O. Griffin of Boyne City.

This has been by far our best season, in the ten years with this Company, the largest real estate selling organization in the United States, with over five hundred agencies. Sales for the first eleven months of 1946 were nearly six thousand.

Farm values are the highest since 1920, but at that time farm buying was largely speculative, many farms were sold on contract with down payments running as low as ten percent. Today is a healthier market, our buyers are people who want farms for their own use and are paying mostly from fifty percent down to all cash.

Of the many people who have purchased through our Agency, nearly all are still satisfied residents here. This Agency's sales will compare favorably with any in the whole country. We have a nice sales list lined up for the coming season.

There is no territory in better favor with such sections as Detroit and vicinity, southern Michigan, Ohio, Indiana and Illinois.

We appreciate the support given us by our Local Banks and various business places. We always try to enter to the better class prospects. We wish to thank any and all who helped in any way to make it pleasant for our many new comers. We are always at the service of both buyer and seller. Best wishes for a Happy and Prosperous 1947.

Yours very respectfully,
THE E. A. STROUT REAL ESTATE AGENCY

About Town

News of folks, your neighbors and mine... but did you know that—

Old man winter surely hit the thermometer with a powerful bang this week. As one of the business men said, "This is just good old-fashioned Michigan winter weather we are having."

Birthday congratulations to Joanne Ladd, who duly celebrated being five years old, with a dinner party with three other youngsters sharing in the fun; also congratulations to Dean Bos who entered his teens Saturday.

No matter what the weather, there is always one man who gets through, and that is the mailman, even though it may be only the monthly telephone or electric bill that you receive. Tommie Mleha was feeling pretty proud this week as there is a brand new baby brother at the hospital waiting to get better acquainted.

"Just lacked a half ounce of weighing eight pounds," said Tom. "Guess we are going to name him John Christopher."

It was Jane Hecker who showed us that a cup of cooked rice with some whipped cream added to it, plus some good old Michigan maple syrup on top makes a yummy dessert. Try it out on your folks some cold winter night and see if they don't think it's kicking good!

Did you ever wake up with a start in the middle of the night and have the answer to a problem go through your mind? Thursday night I suddenly was awake. "Johnstown that's it, not Youngstown, where Florine Stetler went to see her daughter, Jean. Sure it was the place where the big flood was." Anyway in last week's paper, Mrs. Stetler was going to Youngstown. Sorry, Florine. Lansing is going to be a busy place this week-end for conventions. H. A. Ochs plans to attend a pharmaceutical meeting and Robert Bridge a banker's meeting.

Don't forget to feed the birds these days. Bernie Ward arrived home from Florida last Sunday where he has been for several weeks. While there it was his good fortune to get to go to Cuba. Yes, Bernie has a real sun-kissed look, but just wait for the cold winter winds to relieve him of his tan.

S. E. Coleman says he really gets the \$64.00 question by tourists and summer folks. One day last summer someone called and wanted to know what one did with crickets, for they were eating the lace curtains. Just what would one do?

Have you noticed the intense and studious looks on the faces of the students at school this week-end? Semester exams are on.

Clarence Odmark spent the week-end in Ann Arbor. Turned on the radio the other night and three gals were singing "Winter Wonderland." It was pretty bad. Listened as far as "in the meadow we can build a snowman," and then turned the radio off in disgust. Thought to myself, now if that sponsor could but hear our Charlevoixes sing that number, well, that would be something! ... Marian Benninghoff went to Ann Arbor this week-end to take over the position she had before going to California. She will be Registrar of the Dental School clinic at the University. ... Don't forget to feed the birds these cold days.

With the cold weeks ahead, folks are not coming and going so much. Fear of icy roads keeps folks from going to Grandma's or Uncle Frank's for a chicken dinner every Sunday. So, if you know about anyone who, has died, eloped, married, left town, embezzled, absconded, made good, had a fire, had a baby, entertained, sold his farm, come to town, been honored, fallen heir to a fortune, been arrested, been promoted, cracked a safe, robbed a church, met with success, had good fortune, or committed suicide, won't you please write or call the Courier. It's YOUR way to help your home town paper to become the kind of paper folks will want to read. Lots of folks think Charlevoix is plenty busy in the summer, but WE know there is plenty doing in the winter. Let other folks know about it, too. Thanks a million.

Leo Powers says that he has answered to the nickname of "Cy" for quite some time now. When he was about 15 years old, he and a buddy spent a summer weeding sugar beets. One day they came into town in their straw hats and overalls and a

Courier Installs Larger Linotype New Type Dress

This issue of The Courier may look somewhat different. It is set in a new type face and on another linotype.

Retired is the Model K bought by Mr. and Mrs. A. J. Usher back in 1916. In place of it is not the new and highly versatile machine ordered three months ago, but a larger used machine which will do nicely until the brand new one comes from the factory.

The difference in the appearance of the paper is due to two new sets of linotype matrices which also arrived this week. These matrices are the little brass molds from which the lines of reading matter are cast.

This particular type you are reading now is one called Excelsior. It was developed just before the war after a lot of research to determine what was the ideal newspaper type for readability, good looks and ease on the eyes.

The linotype now on the floor is a much more versatile machine than the old veteran. It can set straight reading matter, advertising, part of the headlines, as well as job composition.

With the factory able to promise nothing new inside of 18 to 21 months, we decided that was too long to wait for modern equipment and so bought this larger machine.

Mr. and Mrs. Albert Kuiper, Sr., will observe their 50th wedding anniversary at their home on Ellsworth Saturday.

They were married Jan. 25, 1891 by Rev. J. H. Vos in the old Spring Street church, Grand Rapids. They lived in Grand Rapids where Mr. Kuiper was a hand carver, until 1913 when they moved to a farm five miles south of Ellsworth. In 1945 when their farm home was destroyed by fire they moved to Ellsworth.

Both are members of Ellsworth Christian Reformed church. Mr. Kuiper, 80, was born May 1, 1866 in The Netherlands, the son of Henry and Effie Kuiper, and came to the United States in 1893. Mrs. Kuiper, 78, the former Jennie Karreman, was born Sept. 27, 1868 in Grand Rapids, daughter of Anthony and Cora Benjamins Karreman.

They have two daughters, Mrs. Effie Weidenar of Grand Rapids and Mrs. Cornelius Van Anle of Battle Creek; four sons, Anthony and Jay of Ellsworth R. I., George of Central Lake R. I., and Albert, Jr., of Grand Rapids; twenty-six grandchildren and seven great-grandchildren.

City Council Inspects Factory Equipment

Mayor Karl Eber and five of the six Councilmen and Supt. A. H. Leitch returned Wednesday from Milwaukee.

They had gone there at the invitation of the Nordberg company to inspect the diesel generating units manufactured by that company. These are the type of electrical equipment needed for the addition to the power plant here.

Those going were Charles Bellinger, Harold Dutcher, W. E. Goss, Kenneth McFadden, and Harley Ochs. They left Sunday afternoon, returned across the lake Tuesday during the storm and stayed over night at Ludington.

Foster Boats Will Be At Two Shows

Foster Boat Company's new two-cabin cruiser will be shown at both the Detroit and Chicago boat shows, according to a half page ad in the big boat show issue of Motor Boat.

The ad carries the information that the boat is made at Charlevoix the beautiful.

Also advertised in the magazine is the new Gar Wood craft made by Gar Wood, Jr., at Tulsa, Okla. The boat has a hull of molded glass cloth and plastic.

Fred Gregory Has Picture of Charlevoix Harbor in Office

Known as an enthusiastic Charlevoix and S.P.E.I.S.Q.S.A. booster, Fred Gregory, of Brazil, Ind., will be back in these parts this weekend.

He and Mrs. Gregory are due to arrive Friday. One of the most far-traveling Barber Shoppers in the country, Gregory has been invited back to serve as one of the three judges at the Bush League contest being put on by the Boyne City chapter Friday and Saturday. The first night will be the regular meeting and Ladies' Night. Saturday will be the contest, limited to non-championship quartettes.

Evidence of his fondness for Charlevoix is shown by Gregory in his office. Back of the presidential desk is a picture of the harbor, enlarged to some 4' by 5' feet. Friends from here who have visited him say it has the effect of a picture window.

S. H. Roses Wed 62 Years, Recall Old Charlevoix

"Sixty-two years," said Simon H. Rose, "and that's a good while to live with one person, especially if she's Scotch," and he glanced at his wife with a twinkle in his eye.

For Wednesday, Jan. 22 marks the 62nd wedding anniversary of the couple.

"Oh, he holds the pennies, but I have always had my share," These words might characterize the secret of their many years together for Mrs. Rose added, "Married life has to be a partnership with each one doing his share."

Married in Elk Rapids at the Methodist church, the couple have made Charlevoix their home since 1894. "Morcy," said Mrs. Rose, "Not only have we watched our son grow up, marry and see his sons and now the great-grandchildren grow, but we've watched Charlevoix grow as well."

"There wasn't even a sidewalk in town when we first came here and it was woods all around this section. Mud, mud, everywhere. I look at the children now," said Mrs. Rose, "with their bikes going down the walks and I think of the days when we rode our wheels in the sand. It is some different."

There is one subject dear to the couple, their family. There was one son, Mason, who passed away a few years ago, but he left a wonderful wife and three grandsons, Mason, Jr., Jack and Hal. These children were all born in Charlevoix, lived for sometime in Sarasota, Fla., where the Roses spent nine winters with them.

Now Mrs. Mason Rose and sons live in California. The son, Mason, is connected with the Institute of Religious Science and Philosophy and is a Counselor in Psychotherapy.

"He is doing a great work," said the proud grandfather. "He has some 200 boys, war veterans suffering from shock that he is helping to get back to normal thinking. Then Jack, the second grandchild is a reporter on the Los Angeles Examiner and Hal is an insurance adjuster."

"We're looking forward to celebrating at least 13 more anniversaries."

"The Wayside" Will Open Early In February

With the opening set for early in February, the new dining room and teen-age resort being built by John Reed and Oscar Stroud is rapidly shaping up.

The interior is nearly done, equipment is arriving, the outside is virtually done except for erection of the big rooftop neon sign.

"The Wayside" has been selected as the new name and this will be displayed on the long sign above the building. The general decorative theme inside will be 1800 English, except in the teen-age wing where things will be strictly modern.

The lobby at the center is in two parts, a circular portion at the front with the big picture windows and structural glass por-

tions fronting on the Petoskey highway. Beyond an arch formed of hand-hewn timber is the main lobby, 30 by 30, with the native stone fireplace fronting the entrance door. At either

side of the arch will be framed murals of English coaching scenes done by Wayne Belding who is in charge of part of the decorating and the lighting.

that are the receiving and deep freeze rooms, the office and the Chef's rooms.

Flanking the center portion of the building are the two wings,

each 24 by 50. The west one will be the dining room with a 100 seating capacity. The east one will be for the teen-age group.

The walls of both are wainscoted with the new fluted wood paneling designed and made by George Smith, Jr., here. The ceilings are of insulating (both sound and heat) tile. The color scheme is white with dark brown wood trim. Long drapes will be hung at the windows.

On the way or already here are the dining room chairs and tables, with their red leather upholstery; the kitchen equipment; the music box for the east wing, and the furniture for the lobby. The furnace, and air conditioner is already installed in the basement.

Rayders Down Boyne; to Meet Mancelona Next

Heading the list as the only unbeaten team in the Conference, Charlevoix Rayders last Friday night handed Boyne City a 37-25 defeat.

The game with Grayling scheduled for here Tuesday was postponed because the Grayling buses did not want to huck the storm and poor visibility. The Rayders' next game is Friday at Mancelona.

Against the traditional rivals at Boyne, the Charlevoix quintet got off to a slow start with the other squad sinking the first two baskets. Pulling ahead to a 9-7 count at the quarter, the Rayders held the lead from then on to the end.

Red Hat Has New Claimant

The red hat at the Charlevoix Recreation, emblematic of the champion bowler here, is changing hands.

Last Friday night Chuck Powell of the Charlevoix Courier team bowled an 89, then a 274. The latter did the trick, it being the highest score bowled so far. With it went title to the red steering cap until now held by Bob Maxwell.

Young Gets Ford Designing Contract

Exclusive contract as the architectural designer in charge of all Ford dealers' remodeling in Northern Michigan, has been granted Al Young of Charlevoix.

Negotiations between the company and Young were begun several months ago but the final contract was brought here with him two weeks ago by Harold Young, brother of Al.

The former is now living here permanently and is associated with his brother to handle the business details while Al sticks to the drawing board as he says. Harold is making his home with his parents, Mr. and Mrs. Gustave Young.

Young has done several designing jobs for the Ford company and now is engaged on one for the Wieneke-Soo Co., at Sault Ste. Marie.

This winter Mr. and Mrs. Al Young are building an unusual home on Belvedere avenue. At the rear of their present small place is going up a combination home and boat house. Below it will have a 45-foot slip for boats. Above there will be a living-dining room, kitchen, bath and bedroom. Among the features of the place will be a stone fireplace, beamed ceiling, sun deck at the north end and log siding outside.

The present part which they now occupy will become Young's studio and workshop.

Storm Hits, but It's Mild Here to Rest of State

Whether or not we've been having a storm these last few days evidently depends on who's talking.

To Supt. T. H. Reynolds of the Flood Commission it wasn't. To the Coast Guard and to Capt. Joe Howard it was just an average winter storm. To most folks around town it was a lull of a blow.

Because there wasn't six or eight inches of drifting snow to pile up, block the roads and cause all-night plowing, the highway men calmly brushed off the 40 mile winds as nothing to get excited over.

The Coast Guard rated it merely as an unusual winter storm. The unusual aspect consisted of two parts: unusually low barometer and such a high wind for the low temperature.

Louis Holstad, officer in charge of the station, said that only twice before in his 22 years of service has he ever seen this barometer sink to the 28.40 it reached at 4 p. m. Monday. By Tuesday afternoon it had come back to 29.45, about normal.

The low temperature was reached Tuesday at 4 p. m., when the mercury read 3 above.

No small boats ventured out, but the big ferries farther south slugged across the lake into the northwest wind.

For most folks it meant simply sticking indoors and putting more fuel into the furnace.

At that, Charlevoix was enjoying a mild spell compared to (Continued on page four)

County Saves \$6000 on Diesel Truck

Saving between \$6000 and \$7000 on the purchase price, the county Road Commission has just added a FWD 7½ ton diesel truck to its equipment.

The machine was bought from the War Assets Corp. Now in 1940, it has been used only at Oscoda airport for plowing snow in winter. For more than a year it has been in storage at Selfridge field.

The machine is equipped with a V-plow and a swing blade. Except for throwing the snow far back in the field, it will cut down the banks in the same fashion as did the \$25,000 rotary wing plow which was demonstrated here two weeks ago.

The truck cost the county \$5,712 as against \$13,000 for a new one. It is equipped with a dump body for summer use and is the second wing-equipped truck owned by the county.

Eight were the rural-line neighbors
Of selfish Penelope Twee.
She lacked good telephone manners
Though proud of her family tree.

She kibltzed their calls and snorted:
"Are you going to talk ALL DAY!"
Yet Penelope's calls were long-winded —
"But I pay for the privilege," she'd say.

Penelope's calls were in series
That lasted from nine until nine.
She'd forget to hang up the receiver
And tie up the whole rural line.

Good rural-line neighbors are thoughtful
For it's better to share, they agree;
Then all of them get better service —
When they need it the line is left free.

Keeping Records of Farm Business Easy, Profitable

Five minutes a day keeping farm records is the best spent time in all farming operations according to Michigan farmers who have had experience with simplified farm account books.

E. B. Hill, head of the farm management department at Michigan State college, reports an increasing number of farmers using the farm account system developed by MSC specialists. "Farmers who once get in the habit of keeping the books say it is an easy task. They say the time spent keeping farm records is the most profitable five minutes of the day's work," Hill explains.

The start of the new year is an excellent time for farmers to begin keeping records. Many farmers have found their wives so interested in the farm account plans that they keep the records. Keeping the books handy to the dining room table, makes possible the making of entries each day after the evening meal.

The real value of farm account books is that the farmer knows what phases of his farming operations are paying a profit. Also of importance is the fact that figures are available to accurately figure income taxes. Records generally improve the efficiency of farming operations and add to the interest in the farm business.

The Michigan Farm Account Books are available from county agricultural agents or from the farm management department at Michigan State college. They are

made available to farmers at the cost of printing. There are two types of books. The brown book is especially suited for those who have found it difficult to keep records in the past. The blue book, while not difficult, is especially helpful for the farmer who desires to make a farm business analysis.

Order for Chicks Should be Placed Poultry Men Advise

Will I buy chicks this year or will I carry my yearling hens over the second year?

That's a question that Michigan State college poultry department specialists often get this time of the year from farmers throughout Michigan. Howard C. Zindel, extension specialist, says it's an established fact that pullets lay more eggs than hens, and lay them when eggs are selling at the highest prices.

July to December is usually the season of highest egg prices. Early hatched pullets produce more eggs from August through December than will older hens. Older hens hit the production peak in their second year of laying—between January and June—when egg prices are usually at their lowest.

Heavy breed yearlings should not be kept over for market eggs alone according to the recommendation of the poultry specialists.

Orders for new chicks should be placed immediately. Soon copies of a list of hatcheries operating under the national poultry improvement program will be available from county agricultural agents and the MSC poultry department. Those hatcheries are inspected for control of pullorum disease and chicks are produced from eggs produced from tested and approved flocks.

Chicks should be ordered for early delivery to take advantage of early buyers during late summer and early fall. When chicks have been ordered, farmers should then begin making ready a sanitary, warm and roomy brooding house to bring the chicks along in a method that will insure healthful growth.

Holiday Stains Need Not Be Permanent

Holiday entertaining has very likely left you with cranberry, candlewax and other stains on your best linens. Michigan State college home economists advise that you remove them promptly before regular laundering.

Heat and soap may set stains permanently. The first step in removing food stains is scraping off any food dried on the cloth. If you use water or grease solvent alternately rub and sponge the fabric. Rub gently so you won't roughen the spot.

If candlewax has dripped on your linens, scrape off the wax with a dull knife. Then sponge the stain with a grease solvent alternately with gently rubbing. Small linen pieces may be dipped in the solvent and gently rubbed. Let the solvent evaporate until the cloth is dry. Then wash in warm soapy water and rinse thoroughly.

Cranberry or other cooked fruit stains should be sponged with cold water first. Boiling water poured on the stain also may be effective. If the stain does not come out entirely, try a drop of lemon juice followed by a thorough rinsing in cool water.

To remove ice cream stains, consider the ingredients you must treat. Cool water will remove egg, sugar and other milk. The grease left by cream may be sponged out with a grease solvent. First sponge with cool water, then when the fabric is dry, sponge with the grease solvent. Finally wash with warm soapsuds and rinse thoroughly.

If some color from the ice cream such as chocolate, still remains, try powdered pepsin. You can

Willie Goes to School at 23

Everybody's joshing Willie Wells about going back to school. They remember when Willie would hide out in the woodshed—scared to bring his report card home to Pa. But under the G. I. Bill of Rights, Willie (who has a wife and baby) is getting a free education at the Agricultural College. And Uncle Sam is giving him a fine report: "Dependent, excellent; Progress, above average."

That goes for all those undergraduate veterans. Like Willie, they appreciate an education more than

ever now. They're industrious and well-behaved—their favorite beverage is milk, or a temperate glass of beer. For them the "three R's" seem to mean: Responsibility, Resourcefulness, Restraint.

From where I sit, cynical folks who thought veterans wouldn't want to return to school—wouldn't stick to steady habits of work and moderation—have their answer in "undergraduates" like Willie.

May Raise Quota For Potato Growers Award

Michigan potato growers are getting such good yields that membership in the famed "300 Bushel Club" is just about the same thing as a list of Michigan's potato growers.

Henry C. Moore, potato research specialist at Michigan State college, says his idea for a "300 Bushel Club" back 25 years ago proved successful. Only 17 growers were able to qualify by raising an average of 300 bushels per acre on a five-acre test plot.

But today he's thinking about raising it to a 400 or 500 bushel club. In the upper peninsula of Michigan alone, there were 225 growers who established an average of more than 300 bushels per acre in 1946. And when the compilation of names for the lower peninsula is complete, the total number is certain to establish a new record.

Better farming methods, better varieties, control of insects and disease brought about through research has increased yields tremendously in recent years.

Sugar Shortage and Meat Curing
Sugar shortages are making it difficult for many farm families to get enough or save enough sugar to cure their home dressed pork. If you are short of sugar

here are a few suggestions for curing that pork. Salt is the chief preservative and is the essential part of all curing mixtures. We add sugar to improve the flavor and small quantities of saltpeter to set the red color in the lean and in the gravy.

Now that sugar is low in the bin, the extension folks say:

Use salt alone for curing if salt is all you have. If you can spare only a little sugar use 1 pound instead of the customary 2 pounds for each 100 pounds of meat. Cut the sugar in your recipe in half or, if you must, leave it out entirely.

Some farmers substitute syrup or mildly flavored molasses for sugar in curing mixtures. Many syrups are about half water, the rest sugar.

Chill the fresh pork promptly and keep it cold (36-40 degrees F.); use the right amount of salt (6-8 pounds for 100 pounds of meat) and hold meat in cure the proper length of time (hams and shoulders 2 days per pound, bacon 1-1½ days).

Mrs. William Poole, 88 Breaks Hip In Fall

Mrs. William Poole, 88, was admitted to the Charlevoix Hospital on Sunday for treatment of a fractured hip suffered in a fall at the home of her daughter, Mrs. Charles Martini.

Her son and daughter-in-law, Mr. and Mrs. Frank Poole, who left last week for Miami, Fla., were located in Detroit and returned here Tuesday.

About Town...

(Continued from page 1)

fellow on Main Street said, "Well, here comes Cy and Josh." That name stuck and many persons do not know what his real name is.

If folks come to Charlevoix during the summer and winter "what the natives do during all those long winter months up here" it would be safe to refer them to Clarence Odmark. He declares there is more going on here during the winter than in many cities. And that brings up another question—Just what is a native of Charlevoix supposed to look like? Seems that is a popular question asked in the summer. "Are you a native here? Are they supposed to look like green-eyed monsters, or what?"

Out in Loveland, Colo., the editor really hit the nail on the head in writing a letter to folks who are careless drivers when he said, "If you don't give a hoot about what happens to you while driving, you can at least do one good last deed for the newspapers. Before you start out, fill out some obituary notices and put them in your pocket where the coroner can find them easily. It will prevent a lot of errors for which the newspapers often get the blame. You won't have time to give any information about the cause of the accident, but they can usually be supplied later by people who are trained to figure it out. If you planned for your son to be an attorney and your daughter a dress designer, say so. All these little details make the final report much more accurate."

What an attractive looking little community Norwood is. Some interesting looking homes along the lake and it looks as though the place would really spell peace and a grand vacation spot to rest a d fish.

Remember D. S. Way who used to be in Charlevoix and whose specialty was "Time and Instantaneous Views of Charlevoix." Mrs. Emma Sutton brought an interesting sample of his work to the office this week. It was a picture of the school house that burned in 1900. (It was a huge frame structure and it was surely going up in smoke.) In the foreground stood many persons. Seen through 1946 eyes was another feature of interest, cords and cords of wood. At least there was no worry about a coal strike.

You folks can be glad you are not in New York City these days. At least Charlevoix has something one cannot get there, namely sugar at restaurants. From a friend who is East, comes word that only a little envelope of sugar is given a customer. Cruel fate, no sugarbowl!

With the exception of Portland, Mich., we had never heard of the custom of everyone turning on his porch light, as is done in Charlevoix. (Course there is a reason, with the porch lights ahead of the electric light meter.) However, it is a mighty good custom. It's a fine feeling to walk up the street at night and find the lights shining on the snow. Gives a friendliness to the town. It's little things like that that helps to make a town.

S. H. Roses Wed 62 Years

(Continued from page one) series," said Mr. Rose. Then we can celebrate our diamond anniversary."

"Couldn't be any more fun than our 50th anniversary," said Mrs. Rose, "when we got married all over again at the Masonic Temple. I was all dressed up in a white dress with my daughter-in-law's wedding veil with its orange blossoms. It surely surprised Sam for he didn't know I was going to."

"I'll never forget Dr. Armstrong that night," laughed Mrs. Rose, "for he said to me, 'if you looked like that 50 years ago, I don't blame Sam for falling for you. I would have fallen for you myself.'"

"The family wants us to come out to California and live and be a Rose among the Roses out there," said Sam. "But home ties are strong." The couple are snug and warm in their little house on Mason Street where they live quietly. Life holds many memories for them. Sam can think of the days when he was a farmer lad in the log house where he was born, sailing days on the Great Lakes (for he still holds his Master of Steamship papers); days as a barber on Main Street, game warden memories and submarine diver days. Now he stays close to home, raises a splendid garden, helps do the dishes sometimes, and is never absent from the meetings at the Masonic temple, for he is a Mason and Templar, and a mighty active member.

When Mrs. Rose was asked if she had any special hobby down through the years, Sam spoke up quickly in answer, "Yes, chasing dirt. Look at me!"

Grandson Writes Of Army Life In Japan

Life in Japan isn't at all bad for some of the Army, writes Pvt. Richard Lowe, grandson of Mrs. Mary McFarland.

In a letter to his folks at Fernside, sent on to his grandmother, he writes:

"... We're attached to the Pacific Air Command headquarters and are under the direct command of General MacArthur. We stay at one of the finest hotels in Japan. We have a big dining hall to eat in and Japanese servants to serve us. All we do is walk out of our room, step into an elevator, go to the lower floor, walk in the dining room and sit down. We even have an orchestra playing while we eat."

"It just gets pretty cold at night but is warm in the daytime. One of my friends was out to Hiroshima where the atom bomb hit and says it is still quite a mess. I think I'll go out and take some pictures. We can go any place in Japan in just a short time free of charge."

About Town

News of folks, your neighbors and mine... but did you know that—

It's getting time to buy valentines again for the gal friend. Such attractive ones are now on display in the stores... Along with valentines seed catalogs are in the offering, and before we know it 'twill be spring... The Pilgrim Fellowship members have taken unto themselves a project, that of cleaning the Congregational church Saturday morning. Understand they are even going to splash some paint around, too. Anyway it's going to be a lot of fun, and who knows, the day's work may prove that there is a real Toni Sawyer in Charlevoix... Mrs. Don Clothier returned home Friday after being 17 days in the hospital where she underwent a major operation. Don is at present being nursed, chief cook and bottlewasher...

Mrs. Agnes Fairbanks said when she came to Charlevoix 12 years ago that one way in which she got acquainted was to read the Courier carefully every week and learn names of folks living here. Said it surely helped to place folks when she met them later... Personal nomination for a fellow with a beautiful speaking voice, Harold Miller. Incidentally, Mr. Miller sings a mighty sweet bass... Did you ever journey to the city a few years back to hear Romberg's famous "Student Prince"? Well, history is about to repeat itself for it is staging a big comeback.

Went into the lobby of the new Wayside, the other night. You have a real thrill ahead, for the place is certainly smart looking. It is going to be mighty hard to tear oneself away from the big davenport in front of that wonderful fireplace. Things are rapidly shaping up, and it won't be long now before it is opened.

Oh, gals, before you know it you will be hiving yourself to the store to get the last word in lingerie, a Pantalan Skirt. To the nation's best designer of lingerie has just dropped this little atomic fashion bomb, declared that the pantalan skirt has a touch of laughter and a dash of imagination with sound structure and entire practicality. Dear, dear, what these women won't wear next!

Had such an interesting talk with Mrs. Elizabeth Mason and Mrs. Ida Ackert in their apartment overlooking Round Lake. During the conversation, Mrs. Mason recalled the item I had in the Courier about the Alice and May for whom two streets were named. We had been informed that the daughters were those of a Mr. Upright. This was not correct, for the girls were the daughters of a Mr. Newman. Mr. Ackert lived next door to them when a youngster and they were playmates... Got such a kick out of hearing Mrs. Mason tell of the days when she was in the pigtail stage tripping to and from school. She told of one particular day when the youngsters broke over the hill and down to Pine Creek. There was Mr. Morgan with his horse and scraper digging out the sand that nearly choked the mouth of the little stream. He was in his hip boots, going back and forth "I always wished that we had waded across that creek," said Mrs. Mason. "Look at it now, wide enough and deep enough to float such boats as the South American".

Talmon Hardy, incumbent supervisor, has just uttered some fighting words, according to last week's Boyne Citizen. He said, "I have only two points to make. First and most important of the issues I can offer the voters of the second ward is that I believe the county seat should be located in the center of the county. That, of course, means Boyne City, and I will do everything in my power to see that the county seat is moved here if the opportunity presents itself. My second point is that I believe that local government should operate to the most efficient interest of the community it represents and that in local government, politics is a minor consideration."

Received such an interesting letter from the J. R. Struthers who are wintering in Ontario, Calif. They tell of the fine time they are having there, and how much they enjoy getting the Courier so that they can read of the fine times we are having here... Weren't you shocked to read of the tragic death of Grace Moore in the airplane crash Sunday, just when the movie magnates were planning a 1947 version of "One Night of Love," in which Grace soared to stardom... Report cards came out Monday and have you noticed the relaxed look in those high school student faces.

55 Pounds of Pike Speared In One Day On Lake Charlevoix

Fifty-five pounds of prime Great Northern pike was the catch made Jan. 10 by Mr. and Mrs. Irving Drost in a day of spearing on Lake Charlevoix.

They used a trout decoy to get the ten fish shown above with Mrs. Drost standing beside the catch.

The largest of the pike measured 35 inches long, weighing 14 pounds. Just before striking at the decoy, it had gulped down a 9 1/2 inch bluegill. Also in the big fish were two long strips of eggs.

Quartet Wins Bush League Title

The Saturday Nighters, Charlevoix SPEB quartet, won first place at the first Bush League contest sponsored by the Boyne City chapter of the barber shop singers.

It was last Saturday night in the Boyne City gym before a packed house. Singers and contestants came from all over northern Michigan.

Prof. Mitchell Baird, also of Charlevoix, was a featured performer on the program. The local piano instructor was down for "piano specialties." He played two serious numbers. Then in response to encores, he shed his formal coat, came back in sport clothes and gave the crowd red hot boogie woogie.

The Sing Sing Singers of Midland were the featured singers of the event. The Snowbelt Chorus, composed of men from the Boyne City and Charlevoix chapters, sang. Judges of the quartets were Fred N. Gregory of Brazil, Ind., Vernon Hale of Grand Rapids and Howard C. Heath of Saginaw.

Quartets were scheduled from Big Rapids, Mt. Pleasant, Sparta, Boyne City, Traverse City, Manistee and Charlevoix. The Saturday Nighters had a few tough moments on the stage when their baritone, Dr. D. C. Nettleton, hit the wrong note on the pitch pipe. The other members are Charles Hamlin, lead; Bob Miles, tenor; and Al Young, bass.

GOP Convention Nominates Close

A. L. Fitch, former state Attorney General, gave the keynote speech at the annual Charlevoix county Republican convention held in East Jordan Thursday evening.

At the same meeting delegates to the state convention to be held in Grand Rapids Feb. 8 were elected and Leo L. Close, present commissioner of schools, was nominated for re-election to the office in the April election.

The convention endorsed the resolutions which were presented by C. M. Bice, who headed the resolutions committee. Close addressed the group briefly following his nomination.

Delegates elected were: Fitch, Close, Mrs. Florence Watson, of Boyne City, and Barney Milstein, chairman of the Republican committee, who also presided as chairman of the convention.

Alternates named were: Floyd Ikens of Charlevoix, Robert Barnett of East Jordan, Arthur Rouse and John Parker of Boyne City.

Others from Charlevoix who attended were Mr. and Mrs. Floyd Ikens, Mr. and Mrs. Rex Davis, C. H. Meggison and F. E. Buhow.

Mrs. William Hall left Sunday for Lansing to spend a week with relatives and friends.

Foster Plant Turning Out Light Rowboats

Turning out ten or 11 completed rowboats a day, the Foster Boat Works here is back on a production basis after a short midwinter lull.

The craft are the popular 12 and 14 foot plywood models designed by Foster. A light boat, the 12 foot one weighs only 150 pounds complete except for oars. The 14 foot pattern is 175 pounds. They are 48 and 50 inches wide respectively and have 16 inch flaring sides.

Retailing at \$97.50 and \$118.50, the boats are finding a ready market. One jobber has an order in now for 300 of them. In addition there are other jobbers handling lesser quantities besides retail outlets.

Surprisingly, many of the boats are being taken to the TVA country in Tennessee and Kentucky. Down there boating and fishing territory is being opened by the new dams. Boats are in demand for private fishing, boat livers and resorts. The light Foster craft are proving highly popular.

The boats are sturdy despite their light weight. Three principal materials go into their construction: waterproof ply for hulls, native hardwood for frames, and brass screws.

One amazing thing about the boats is the number of screws used. From start to finish, the chief job of the men assembling them is to drill holes and place brass screws. Actually there are 666 and 990 of them in the models.

A boat starts as big sheets of plywood brought in by boxcar, and as logs or sawed hardwood lumber hauled to the mill. Oak and ash are the only two varieties used, except for a few minor pieces of basswood such as corner carrying handles.

Templates are used to mark out the six plywood pieces going into each boat—two bottoms, two sides, a forward triangular deck piece and the transom section at the stern. The hardwood for the frames is all thoroughly dried out to shape and smoothed in the woodworking shop and then stacked in racks in the assembly room.

Jigs are used for putting together the various sub-assemblies. These include the bottom frame consisting of keel and floor ribs, the sides, and the transom. Another jig is used for assembling the bottom and side sections.

To ensure permanent watertight joints, a length of cotton caulking twine is laid in a non-drying joint compound between every section. Then the screws (Continued on page eight)

First Robin Greeted Spring Monday

He said it was over on South Hill and it was chirping away like spring. Then he added: "Well, this is a spring day, isn't it?"

Former Russian Refugee, Once Charlevoix Resident, Now Is Member of Minneapolis Orchestra

When the Minneapolis Symphony Orchestra plays its annual winter concert under the direction of Dimitri Metropoulos in Grand Rapids this week, Charlevoixians will see a familiar face in the string section.

It will be that of Nicholas Blinoff, violinist, who first came to Charlevoix in the fall of 1940 as a Russian refugee.

Born in Russia, Blinoff, who is now 48, was an officer in the Imperial Army at the age of 19. After the Revolution in 1917, he joined the Red Army and was sent to eastern Russia near Siberia. While recuperating from an attack of pneumonia he found an opportunity to escape from Russia and left with only his violin and manuscript music.

Making his way to China, he joined a Caucasian Musical group in Shanghai and lived there for several years. His ambition, however, was to study in Paris. Toward this objective, he obtained work on a French liner and after visiting nearly every port in the world arrived in France.

Vet Light Keeper And Wife Observe 56th Anniversary

Lewis Allard, retired lighthouse keeper, and Mrs. Allard will observe their fifty-sixth wedding anniversary next week. The couple were married on February 4, 1891, at Petoskey and have always lived here except for short periods spent at various light-houses in northern Lake Michigan.

"When we were married there was no Catholic church or resident priest here so we had to go to Petoskey. I think we must have picked one of the stormiest days of the year for the trip. There was no rail road into Charlevoix then and we made the trip by horse and sleigh. I can remember the drivers digging out the supply sleighs from Petoskey at Greensky Hill as we passed early in the morning on our way to Petoskey. We were married at St. Francis' church there about 11 o'clock and then started the long trip back to Charlevoix," Mrs. Allard said in recalling the events of the day.

Mrs. Allard, who is now 73, was born in Braebridge, Ont., and came to Charlevoix as a child of six.

Mr. Allard, now 83, has spent a great deal of his life on islands. He was born on South Fox Island and came to the mainland as a young man. He was a fisherman before joining the lighthouse service. He served 7 years aboard the Greys Reef light ship and for eight years at lighthouses along the lake. A mong them were Beaver Head light at Beaver Island, Frankfort, Little Pointe AuSable and Squaw Island, a tiny island of about 12 acres. During those years Mrs. Allard went to the lights with her husband during the months they were open. He retired from the lighthouse service 14 years ago.

The couple have one son, Lee, a veteran of World War I who will be 54 soon; a grand-daughter, Mrs. Robert Herington, and three great-grandchildren, Robert, Michael and Joel.

Arrested on December 23 on a drunk and disorderly charge, Martin has been held in the county jail here until he was released on Tuesday.

A second case which came before Judge Waller on Tuesday was that of William "Red" McCash, 31, who pleaded guilty to a charge of unlawfully driving away an automobile on January 9. He was released on a \$500 bond and will be sentenced later after investigation by the court and probation officers. McCash, a fisherman, was arrested at Frankfort on January 19 and returned here for examination on Jan. 20.

State police from the Gaylord post and local authorities investigated both cases.

Petoskey Comes Here Friday To Meet Rayders

Petoskey will be the next opponent of the Red Rayders when the former's Northmen come here Friday night.

Early in the present season Charlevoix beat the neighboring Class B team 31-22.

Five other games remain on this year's schedule. Grayling comes here Feb. 4. Then follow games at East Jordan and Pellston. The final games are against Gaylord and Boyne City here.

The District tournament will be March 8, 7, and 8 at Petoskey. Four teams will play: Charlevoix, Harbor Springs, Pellston and Onaway. At the same time Boyne City, East Jordan, Mancelona and Kalkaska will compete at Boyne City. The winners of these two series will then enter the regional contests.

By David A. Hamilton
The Ironmen of Mancelona, tried desperately to topple the Class C Conference crown from the Charlevoix Red Rayders last Friday, but came out on the small end of the 34 to 25 tally. Though acting captain Bob Carey was pretty well bottled up, the Kippen teamwork scored an average of three points in the first half.

The game opened with each team driving hard to establish a lead. When the first quarter whistle sounded the Ironmen were ahead 9 to 7. Second period was jinxed for CHS. Mancelona swept all Charlevoix attempts aside with excellent ball-handling and fast play down the floor. Mancy led at the half 19 to 13.

In spite of the size of the floor, the Rayders tromped through to a lead at three-quarter time, 24-22, and had slashed to a well earned victory when game time was reached.

Denies Guilt On Arson Charge

At a special session of circuit held here on Tuesday, John R. (Dick) Martin, 43, pleaded not guilty to a charge of arson. His case was bound over until the March term of court and he was released on \$1500 bond. Judge Ward L. Waller of Cheboygan, presided.

Martin, a commercial fisherman and native of Beaver Island, was arraigned before Justice H. R. Fowler in Justice Court on January 23 on a charge of arson. He was charged with setting fire on December 23 when he burned the two-room dwelling on Carpenter ave., occupied by Mr. and Mrs. Lawrence Skippegoth. The couple were visiting the owner of the house, Mrs. Clara Denemy, in Petoskey at the time of the fire.

Arrested on December 23 on a drunk and disorderly charge, Martin has been held in the county jail here until he was released on Tuesday.

A second case which came before Judge Waller on Tuesday was that of William "Red" McCash, 31, who pleaded guilty to a charge of unlawfully driving away an automobile on January 9. Let There Be Music . . .

I wonder if folks here realize what an unusual place Charlevoix is from a musical standpoint. I have heard more good singing since we came here than I ever did in any other similar place.

In fact, I rather doubt if there's another town in Michigan up to 6,000 or 7,000 that can boast more quality vocalizing than Charlevoix. It would be difficult to list all

the outstanding singers, but few places have groups like the Charlevoixes, the children's choir of St. Mary's led by Sister Leone, or the SPEBSQSA aggregations.

One feature makes it still better. The singing here is spontaneous. The folks sing for their own enjoyment, for the fun of it. So let's have more of this kind of singing. Shared pleasures are doubled.

Rediscovering One of Our Great Men

The other morning I bought a magazine over at Harley Ochs' and received a most pleasant surprise. In it was an article on Jedediah Smith, one of our greatest and least known pioneers.

Few men played a more vital part in pushing our western boundary to the Pacific. Few men are less known. Smith discovered some of the chief land routes; others followed and got the credit.

Fremont is known as the Pathfinder. Except for a couple of minor side trips, all he did was follow Jedediah Smith's routes. The Mountain Men, the fabulous fur trappers who made known the Rockies and Great Basin, hailed him as the greatest and first of them.

There are few sections of the West

that he did not travel. He discovered South Pass, which made the Overland and the Oregon Trails possible. Jim Bridger beat him to Great Salt Lake but Smith found the route across the rest of Utah. He was first along some of the Santa Fe trail, opened the Mojave route to Southern California, discovered the Zion canyon country, found two good passes across the High Sierras, travelled the Humboldt route 10 years before Fremont, mapped the Shasta and Cascade country.

I'm glad the magazines are beginning to discover Smith. Some day some writer like Bernard DeVoto or Kenneth Roberts may do the story of Jedediah Smith which will bring back to life an almost lost but brilliant chapter in our American history.

It Sure Is the Truth

A report just issued by the Commerce Department is likely bringing chuckles and exhortations from the 5,000 weekly editors of this country. In brief it says that there's no pot of gold in weekly newspapering. Brother, don't we know it!

There's a lot of fun, a lot of grief, a lot of variety but there sure aren't any riches, sudden or otherwise, in country newspapering.

The Commerce Department report is in the form of a booklet called, "Establishing and Operating a Weekly Newspaper."

Some of its choicer passages are:

"No business or profession requires a more extensive general knowledge on the part of an individual."

The weekly editor must be a sound businessman and a good newspaperman, as well as needing "some of the qualifications of a sociologist, psychologist and economist."

It winds up with the advice that the best way to enter newspapering is to learn at someone else's expense, then buy and not to try to start a new paper.

BOY SCOUT WEEK

Nearly 2,000,000 Cub Scouts, Boy Scouts and Senior Scouts will observe the 37th anniversary of the Boy Scouts of America during Boy Scout Week, Feb. 7th to 13th. Through their World Friendship Fund of voluntary gifts the Boy Scouts of America have given \$110,461.36 to help Boy Scouts overseas rebuild their organizations. During the first year of their "Shirts-Off-Our-Backs" project more than 400 cases—or twenty tons—of Scout uniforms and equipment collected from Scouts were contributed to Scouts in 13 nations. Scouting has always been an active force in promoting better understanding and mutual goodwill among the nations. Above is the official poster marking the event.

Missionary To Tell of Work In Sumatra During Jap Occupation

One of the few white men who were permitted to carry on their work in Sumatra after that Dutch island fell to the Japanese was Rev. Ragnar Alm, Methodist missionary.

Rev. Ragnar Alm

While a missionary representing the Board of Missions, Alm is a citizen of neutral Sweden. It was this circumstance that kept him and his American-born wife from being arrested and interned by the Japanese. Alm will speak on his experiences and observations at the Methodist church on Feb. 4 at 8 p. m.

He has been a missionary of the Methodist Church in Sumatra since 1930.

The ministry is largely to the native Malays, the aboriginal Batak, and the immigrant Chinese, many of whom have embraced Christianity during the past half century.

New Group to Care For Vets At Hospital

Veterans who truly need service are going to get it from a group in Wayne County.

The Dearborn Veterans Hospital is a big institution, built out in the middle of a desolate and flat section. The government supplies the bare necessities to the hundreds of men there but the small extras they need often aren't furnished.

During the war these were taken out by a group of Detroit women known as the Navy Anchorettes. With the end of the war, they ceased their work. But the need at Dearborn didn't end similarly.

So they are reorganizing as Lest We Forget, Inc., soliciting funds to care for their \$15,000 annual budget and setting out to see that the hospital veterans get needed soap, razor blades, stationery and such articles.

Sam Hackney Reports on the U.S.A.

Sam Hackney and the missus just returned from a trailer trip around the country. They're tired, and glad to be home, but mighty impressed with what they saw.

As Sam reports—every section has something different; a different way of talking; different tastes in food and drink; different laws and customs. But bigger than all these differences is the American spirit of tolerance that lets us live together in united peace.

"Of course," says Sam, "you run into intolerance from time to time. Individuals who criticize another's right to speak his mind; enjoy a glass of beer; or work at any trade he chooses. But these are the exceptions—and we're even tolerant of them!"

From where I sit, more of us ought to make a trip like the Hackneys—to realize firsthand how America is bigger than its many differences... how tolerance of those differences is the very thing that makes us strong.

Philippine Girl Begins Life In U. S.

The "Magic carpet" which was bringing Salud Parayno to this country from the Philippines, came to a stop in Lansing on Saturday and the petite Filipino school teacher alighted to meet for the first time Rev. and Mrs. John W. Alexander through whose efforts she has been brought to the U. S. to continue her studies.

Arriving in San Francisco after 20 days of ship travel which she enjoyed, Salud met a friend at Philippine Consulate office and stayed with her until leaving for Lansing. She arrived in Michigan after a five day trip from the coast and was very surprised at the size of this country.

After spending the week-end at Breckenridge with the Alexanders, Miss Parayno reported at Adrian College on Monday for registration and on Tuesday started her classes at the opening of the second semester.

The Women's Society of the Breckenridge church plan a reception and shower for her on February 9. Later Rev. and Mrs. Alexander plan to bring her north to meet their many friends who have aided in their plan to make this a memorial to their daughter, Evelyn.

Willard Pischner and family enjoyed watching a robin in their yard. Sunday Mrs. Elton Pischner saw one, while at the home of H. R. Pischner. Others have likely seen them, but have not reported the fact to me.

The plane made two trips on Thursday, landing in heavy snow fall. Our aviator sure knows his flying and we appreciate the good service he is giving us.

A personal shower was given Virginia Palmer by some of her school friends and she received many gifts, suitable for a young girl who is entering the Convent as Virginia hopes to soon.

Arvilla Is Director of Fishermen's Group

Commercial fishermen from this area met in Traverse City last week to re-organize the Michigan Fish Producers Association.
Claude VerDin, publisher of the Michigan Fisherman and originator of the Association, was the principal speaker. Temporary officers and directors were named and include Joseph Arvilla, of Charlevoix, as a director.
Temporary officers are: president, Earl Carlson, Northport; vice president, Roy Adair, Munising; and secretary-treasurer, C. VerDin, of Grand Haven.
A convention is planned for June at which time officers and directors will be elected and a plan of action adopted.
Those who attended the two-day meeting last week were Arvilla, John Bissell, Emerald LaBlance, George LaBlance, Jr., Raymond Cross and Ralph Cross.

Foster Plant Turning Out Light Rowboats

(Continued from page one)
are driven in, holding twine, compound, plywood and frame pieces solidly together.
Considerable hand work marks the construction. It would be possible to machine cut the parts to size and thus save a few minutes on each boat in assembling. Instead, such pieces as the plywood sides and bottoms are sawed off slightly oversize. Then they are trimmed down by power planer and finally by hand plane to ensure an exact fit at the joint.

"It costs a little more to do it that way," explains Harry Foster, president, "but it means we're producing a quality boat that will last extra years instead of an average, thrown-together job." After a final sanding operation comes the painting. The sides and inside are given two coats of waterproof varnish which seems the most popular finish. The bottom, the floor boards and the seats are painted a grass green. Then, with a trademark decal in gold on the stern, and with our locks in place, the boats are ready for delivery.

Oars are not included because hardly any two persons want the same. Although the company makes oars as one of its products, it is more satisfactory all around to sell the boat and let the eventual buyer pick out just what oars he wants.
Seven chief advantages are claimed for the Foster boats. They are light. Because of the hardwood and 990 brass screws they are sturdy. They can easily be carried atop a car. They have a low upkeep over the years. They are a dry boat because of the joint construction. With the reinforced transom they are ideal for outboard and with their 16 inch sides, they are eminently a safe boat.

Local Boy Scout troops distributed March of Dime containers to all business places earlier this month. These handy cans are in conspicuous places about town and everyone is asked to give his dime or dollar to aid in the battle against that dread disease, infantile paralysis, which plays no favorites.

About Town

News of folks, your neighbors and nine... but did you know that—

It will soon be Father and Son banquet time in Charlevoix. There's not enough of such events. Sometimes I wonder what Whistler's father looked like... Mr. and Mrs. Robert Bridge are leaving this week for Palm Beach, Fla. Then it won't be so many more days before the Ed Edwards will be wending their way toward New Orleans.

Pfc Ray Whitley returned home from Japan after spending eight months at Yokohama. While there he attended mechanical school and was a guard in a Ford plant. Whitley will receive his discharge in February. He and Mrs. James Landis of Detroit spent the week-end visiting Mr. and Mrs. Veenstra and Mr. and Mrs. James Whitley and Jerry... Mrs. C. E. Scott has received word that her son, Charles, has been discharged from the navy, but plans to spend the winter in Honolulu... Ironton surely grows some nice folks.

About five weeks ago Mrs. L. C. Orlovski went to Victor, Iowa to visit her mother, Mrs. J. C. McQuire. Just two days before New Year's Mrs. McQuire fell and fractured a hip. Last Friday she passed away. As soon as word was received Mary Margaret Orlovski started for Iowa, as well as Lewis, a student at the University of Detroit, for the services which were held Monday.

Mrs. George Dewey and daughters visited her sister, Mrs. R. S. McClintock, for a week.

A card from Arlo Wickertsham down in Clearwater, Fla., says, "Just like Bridge Street in July, it ran onto the Harold Bedfords, the William Wallaces, the Pete Scotts and the George Meggisons in this town yesterday. Everybody is happy except Mrs. Wallace who is homesick." Understand that Pal, the Wallace dog is along and by the way of his tail has told everyone he is having a wonderful time. Mrs. L. Wilson met the Wallaces and Scotts quite unexpectedly over in Brandon and was so surprised that she couldn't find words to express her joy.

Thou shalt not covet... but that's a good looking slave necklace Lillian Swinton wears... Nancy Price has really been having herself a bad time ever since she returned to school from Christmas vacation, down at Denison. She has been in an isolation ward running a high temperature, and then finally broke out in measles. Only case in school.

These are not the days that folks are doing any loitering in front of store windows wondering what merchants have to offer, but isn't it grand that there is another store window for these folks, namely the ads in the Courier each week, so that one can sit by the fire and carefully look over what our enterprising merchants have to offer to tempt one to make that cold walk down town to purchase?

Rev. Ansley Claypoole is discovering what it is like for the first time in his life to really be a sick man. But he is optimistic about being able to return home from the hospital at Petoskey right soon. Local pastors have certainly come to his rescue filling the pulpit for him... Would give a dollar to have known who the man was on Bridge St., Saturday who was talking to another friend. Just as I passed by heard him say, "Sure got a bad case of rheumatism in both my legs, but darned if I ain't glad to have two legs to have it in." He spoke a mouthful!

Publisher Urges Vacation Areas to Work Together

Pointing out the importance of a free press in preserving our American way of life, Arthur Hinkley addressed the Kiwanis Club Monday night. He is publisher of the Petoskey Evening News.

"Freedom of the press," he explained, "isn't an editor's right to print anything he wants. It is the freedom of the citizen to read what he wants to."

Speaking as a public relations man, Hinkley said he hoped the day would come when Northern Michigan could be advertised and promoted as a unit—not as eastern or western sections or as counties or cities.

"We'd get more folks up here if we concentrated on selling Northern Michigan. If we can just get them coming, we'll all get our share. It particularly would benefit Charlevoix, with your unequalled natural advantages."

Sorry... that so many items are missing in this week's Courier, but there is too much going on. Who says Charlevoix is not a busy place during the winter months.

Rev. Wood Head of County Red Cross Fund Drive

Rev. W. D. Wood, pastor of the Church of God here, has accepted the appointment as the county chairman of the annual Red Cross drive this year.

The appointment was made Tuesday by the Board of the Charlevoix County Chapter.

Quota for the county will be decided later this week. Rev. Wood also will announce his various chairmen then.

Feb. 28 has been set as the date for the kickoff dinner and the official start of the fund drive.

The bridgegrooms are the sons of Mr. and Mrs. Anthony Wojan.

The solemn nuptial Mass was celebrated before an altar decorated with gladioli and snapdragons by the Rev. Fr. Robert Boyle of Chicago, uncle of Miss LaFreniere.

Deacon of the Mass was Rev. Fr. Bernard Scheidt of Chicago, also a former resident of Beaver Island. Sub-deacon was Rev. Fr. Fabian Keenan, pastor of the church.

Altar boys were Robert McCann, Buddy McDonough, Larry Cull and Jack O'Donnell.

Miss LaFreniere, given in marriage by her brother, Vernon LaFreniere, chose an eighteenth century gown of white satin fashioned with an off-the-shoulder neckline outlined in a wide lace ruffle. The long sleeves ended in wide lace ruffles over the hands and the bodice, buttoned to the waist in back, had lace inserts. The hoop skirt which ended in a cathedral length train, had a panel of lace ruffles from the waist to the hemline. Her fingertip veil fell from a tica of orange blossoms and she carried a bouquet of pink gladioli and pink and white snapdragons outlined in a ruffle of white ribbon.

Stella Wojan, sister of the bridegroom, was her only attendant. She wore a baby blue tulle gown fashioned with a square neckline, elbow-length sleeves and a full skirt. Her headpiece was of blue and white flowers and she carried a bouquet of pink and white carnations and snapdragons outlined with a ruffle of pink ribbon.

Madeline Wojan, sister of the bridegroom, as train bearer, wore a pink organza floor-length gown and a pink headdress trimmed with flowers.

Michael Elms, nephew of Miss LaFreniere, as ring bearer, carried the four rings on a white satin pillow. He wore a navy Eton suit.

Joseph M. LaFreniere, brother of the bride, assisted as best man. Escorted to the altar by her father, Miss McDonough wore a white satin gown fashioned with a sweetheart neckline and long sleeves which came to points over the wrists. The bodice, which was trimmed with seed pearls, was buttoned to the waist in back. The full skirt ended in a cathedral length train. A Juliet cap trimmed with seed pearls held her fingertip veil. She carried a bouquet of pink and white snapdragons.

The storm, which started early the morning of Jan. 30, blew itself out that night. Severe damage here was suffered at the air-

gusty wind tore the craft loose, overturning it and wrecking the fuselage and wings.

At the same time McPhillips was trying to save two other planes, an Aeronca Chief and Stinson Voyager in the hangar at the airport when the roof was caught by the wind and carried away. Most of the remaining walls collapsed during the day.

Leaving the building a complete loss. The planes, however, were undamaged.

A large plate glass window, measuring 6'x7' feet, in the office of the Brown Motor Co., on Bridge St., and a smaller window in the Michigan Bell Telephone Co. office next door but in the same building, were blown out by the storm at an early hour Thursday.

The plane was purchased recently by Joe McPhillips, airport manager, for training purposes and was equipped with skis for winter use. It was stacked on the ice off Ferry Ave. pink. The

Father Learns of New Son on Call from Manila

The arrival of Jan Stuart Harris was announced to his father, Lt. Jack Harris, by the child's mother, the former Hette Brock, when the father called his wife from Manila last Tuesday evening.

The news of the birth of a son and heir had been cabled to the father who is stationed on Okinawa with the U. S. Army Air Forces but had not arrived when Lt. Harris left his base for a special mission to the Philippines.

Anxiously awaiting the news of the birth he took advantage of an opportunity to call home from the Philippine capital and thus heard the news from the mother.

Young Jan, who weighed in at 7½ pounds at the Charlevoix Hospital at 7:19 p. m., Jan. 28, was asleep in the nursery at the time and was unaware that his arrival was being told half way around the world to his proud dad.

With only four games remaining on its conference schedule, the Charlevoix Rayders Tuesday night added another to its string of straight victories when it defeated Grayling here 30 to 15.

The visitors used a zone defense, which made the game seem slower than the previous Petoskey contest. Fouling was at a minimum, Charlevoix scoring only two gift shots and Grayling three.

The reserves won their game 30 to 9.

Games at East Jordan and Pellston there; and with Gaylord and Lloyne City here are yet to be played.

After the first three minutes of play there wasn't much question of how the game was going. Giving what was probably their best example of flawlessly smooth ball handling this season, the Rayders started off with a steady procession of baskets. At the quarter the score was 15-3.

Potts, the Petoskey scoring star, was bottled up effectively by the Charlevoix boys could do about stopping their hosts. At the half the board read 28-6.

When the second half started, Coach Ray Kipke sent in D. Hardy and Holstad and followed with the rest of the second squad before the game was over. In the final quarter, Petoskey staged a brief scoring spree, running the tally up from 37-8 to the final 50-24.

The first game between the reserves was a nip-and-tuck thriller for the packed crowd. Both teams did better at defense than at scoring. The tally was only 9-9 at the half. In the second half, the Charlevoix squad could not find the basket. The final score was 20 to 17 for Petoskey.

The starting lineup was Bennett, Barber, Case, Donaldson and Shadko. Officials were Dickman and Bensley of Traverse City.

High Winds Wreck Plane, Hangar, Store Windows During Bad Nor'easter

High, gusty winds from the northeast, which at times reached a velocity of 50 miles an hour, accompanied by flying snow caused low visibility, caused considerable damage here last Thursday.

Council to Check on Cost of Needed Hangars at Airport

A few hangars would transform Charlevoix's potentially good airport into a major community asset, the City Council was told Monday night.

The City Council agreed unanimously and instructed its finance committee to start digging and investigating to see where and how the needed dollars could be found to start work.

Last week's storm which wrecked one of Joe McPhillips' planes and the city owned makeshift hangar was the cause of manufacturer Gordon Freedman going before the Council and presenting his views. He pointed out (and the Councilmen all agreed) that Charlevoix had an airport close-in, amply large, well-drained, and with no serious flying obstructions. It also has an eating place across the road, a distinct asset.

Only lacking are hangars for planes. Freedman told how last summer he suggested to friends that they fly up for a short vacation and was turned down because they would not risk damage to costly planes by leaving them out.

"That potential revenue was lost and we'll be losing more all the time," he said.

Other advantages of increased air traffic were discussed, as were hangar designs and costs. The city has a master plan for the airport now. The conclusion was that the finance committee should do some prompt investigating.

In the absence of Mayor Karl Eber, Harry Hooker presided. Charles Novotny's application for a beer sale license was approved. The Councilmen deplored selling liquor to already intoxicated imbibers along Bridge street, okayed \$4,426.75 in bills, and heard that the power plant is producing 11 kilowatt hours per gallon of fuel oil.

Gates will open at 6:30 with a 7:15 preliminary.

Last game before the Komedys contest Feb. 10, the independent Charlevoix Owls will play East Jordan Independents here Thursday at 8 p. m.

The Boys Are Doing a Grand Job

Three things especially impressed me last Friday night at the Petoskey basketball game here.

First (and this has been true of all the games since the very first one) was the smooth play of the Charlevoix team. I never have watched another high school five which equalled the boys here in combined teamwork, in ball handling and in good sportsmanship.

This community has a right to be proud of its team, not alone for its outstanding series of victories but for the clean way in which they all have been won. All too often a high school or college team is built around one star. Not so here. Coach Ray Kipke teaches, and the boys themselves patently practice the idea of team work. There are no prima donnas on the squad, despite recent efforts of outsiders to create one.

Second thing which impressed me Friday was Coach Kipke's sending in the second team early in the second half. The first squad had given certain proof that it could run up a record score. There was no point in rubbing in the point. Kipke's action was the decent thing to do, it gave the second team boys a chance on the floor.

What's Right With Our Schools

For years one of the chief targets of writers, talkers and lots of citizens has been our modern schools. I know—I've tossed a few brickbats via the linotype myself.

Because it's easier to find fault than to see the good, the modern school has taken a lot of lambasting. Last week a friend of mine came out with a short but thought-provoking interview. He is Dr. George Carrothers of the University of Michigan.

All this criticism is hiding the fact that most schools and teachers are doing a good job, he says. While the schools are not perfect, still "teaching is being done quite effectively today for the largest number of children ever enrolled in school by any country."

Those who accuse the schools of doing a less efficient job than in the "good old days" are forgetting that schools today

and it saved some already bruised feelings from taking a further bad beating. It was a fine example of the sportsmanship which is often preached and sometimes practiced.

Third, I liked the attitude of the Petoskey rooters. Their team was out there fighting gamely but unsuccessfully. Unlike the all too frequent booing and jeering on such occasions, there was none from the Petoskey delegation. They matched yell for yell, stood for the Charlevoix school song, and were a credit to their community. Two or three times there were official decisions which looked rather odd, to put it mildly. Yet not even then were there any of the Brooklyn squawks from the visitors.

During the game I was talking with a reporter from our neighboring town. One thing he said was:

"You know, your Charlevoix team is respected wherever they go. The boys play clean and they play fair. They're a wonderful bunch."

That is the sort of reputation which is beyond price.

are much more complex and teaching a much more difficult task than in former years, the University man said.

The simplified program of the early school has given way to a school with hundreds of subjects and many extra-curricular activities. These many subjects are necessary because of the varied needs of a school body composed of "all the children of all the people."

"Today, with all children compelled to attend school, with children not disciplined at home and forbidden to be disciplined in school, with crowded conditions such as schools have never before known, with thoughtless parents often sabotaging the work of the school by unwarranted criticism, the job of teaching has become tenfold more difficult," Dr. Carrothers asserts.

Soory, I Should Have Split The Credit

A couple weeks ago I commented on what a fine thing the skating pond is. Innocently, I gave all the credit to the school. Come to find out, the City pays half or

slightly more than half of the cost of running the pond. So at least half of the credit should go there.

Worried Officials At Lansing Stuck On Dilemma of Much Expense, Little Cash

By L. E. Towe

If you want to see a worried bunch of officials, go to Lansing. They have cause to be. Last fall the voters took away 76 percent of the state's chief source of income. Those same voters still want the same service from the state. Between expenses and available cash, there is an estimated \$53,000,000 gap.

Last week down there I talked with several folks, mostly old friends, and some new acquaintances. Among them were Sen. Don VanderWerp and Otto G. Bishop; Reps. Elton R. Eton, Dick Cooper, Louis Anderson and William Norton; George Averill, Governor Sigler's assistant; Auditor General Muri K. Aten; Treasurer D. Hyde Brake; President A. G. Ruthven of the University, State Police Commissioner Don Leonard; and half a dozen newspapermen.

Most of them believe the voters last fall enacted the sales tax split under a couple of wrong beliefs. Most folks thought, so they say, that the state had a 125 million surplus when actually it had almost none. The 125 millions were already appropriated for such purposes as new buildings and veteran's aid. Further that most folks thought the amendment would return a third

to the local units; actually it hands back 76 percent.

What all this means is bad any way it is answered. If the money is turned over as the law now reads, then the state is going to have to stop a lot of road building, close institutions, curtail not only building but some of the capacity of the colleges and the university.

If the money is held up, that means legal trouble and increasingly bad conditions back home, particularly in the schools.

The Legislature, frankly, is waiting on the Governor to take the lead. He had postponed his budget message until after the conference last Wednesday with local leaders. Now he is waiting for them to bring in their recommendations as to a solution.

With many officials at the capital there was a strong sentiment in favor of resubmitting the question to the voters and pointing out that the issue was clearly one between continued state service and local aid. However, the Governor's announcement put a damper, at least temporarily, on this.

My own impression was that the officials are working desperately to find a break in a situation which seems impossible.

Teachers Club Holds Party At School

Mrs. Helen Pike, Mrs. Dorothy Richards and Clarence Odmark entertained the members of the Teachers Club and their respective husbands and wives at a tea held in the Kindergarten room on Thursday.

A short business meeting at which Mrs. Mildred Smith presided was followed by a program and social hour. D. C. Maltby, accompanied at the piano by Mrs. Maltby, sang two numbers.

of solution short of new and heavy taxes.

The public is demanding more and more service and is not willing to pay for it. Public servants cannot be expected to carry the load year after year in the form of low pay.

Governor Sigler has made the right approach for the present—try to work out a compromise solution. But the basic issue still remains to be settled.

We've got to choose between a lot of pleasant state supported service, or paying plenty for it.

Lester J. Gallagher,
Margaret Stanton Wed

St. Joseph's church at Leighton was the scene of the marriage of Miss Margaret Eleanor Stanton, daughter of Mr. and Mrs. Thomas Stanton of Green Lake, and Lester John Gallagher, son of Cndr. and Mrs. Lester A. Gallagher, of St. Ignace, Saturday morning.

The Rev. Fr. Stephen Kolenic read the double ring service at the Nuptial Mass in the presence of 80 guests.

Escorted to the altar by her father, the bride chose a gown of white slipper satin fashioned with a drop-shoulder affect and net yoke. Miss Helen Stanton, sister of the bride, was maid of honor. Miss Mary Gallagher, of St. Ignace, sister of the bridegroom, and Mrs. John Bissell of Charlevoix were bridesmaids.

John Bissell, of Charlevoix, assisted the bridegroom as best man. Robert Donald and Thomas Stanton, Jr., brothers of the bride were ushers.

Following the Mass, a wedding breakfast was held at the home of the bride's parents. At the reception, 2 until 4 o'clock, the refreshment table was centered with a four-tiered wedding cake decorated with a miniature bridal couple.

Following a wedding trip to Detroit and Chicago, the couple will make their home in Charlevoix. The bride is a graduate of the Caledonia high school and the Mercy Central School of Nursing, Grand Rapids. The bridegroom graduated from the Charlevoix high school and is a veteran of two years in the Army 8 months of which were spent in the European Theatre.

Lem's Dogs vs
Thad's Chickens

Running a newspaper, you get to know a lot about human nature.

Thad Phipps was in the other day, all burned up. Wanted me to run an item on how Lem Martin's dog had reared his chickens again, and ought to be put away by law.

I told him: "Lem was in on Saturday. Said you shouldn't be allowed to keep those chickens so close to his house—and in a residential zone, at that."

Thad shuts up right pronto then. And that very evening I see him making his peace with Lem

at Andy Botkin's Garden Tavern—over a friendly glass of beer.

From where I sit, anyone can find something in his neighbor to complain about. (Some folks may even disagree with Thad's right to enjoy that glass of beer with Lem!) But where would we be if everybody tried to have a law passed against everything they disagreed with? We wouldn't have many neighbors left!

His Extra Income Starts In 1951

Here's a plan that one of our customers followed which in a few years will start paying dividends. Back in 1941, when War Bonds were known as Defense Bonds, he started buying a \$50 Bond every month, at a cost of \$37.50 each. In 1951, as the bonds start to mature, he will begin to collect \$50 a month, and will

continue to do so for as many years as his Bond buying program will have been in force. He is 43 years old, so he expects to keep building this reserve fund for quite awhile. Isn't his plan an excellent one to follow in order to supplement your social security for your own and your family's future?

Beaver Island Scene Of Double Wedding

(Continued from Page 1)
ried a bouquet of pink and white snapdragons and pink gladioli outlined with a ruffle of white ribbon.

Alice Joy McDonough, sister of the bride, as maid of honor, wore a gown of light blue tulle, made with a sweetheart neckline, elbow length sleeves and an overskirt of net. Her headpiece was of blue and white flowers and she carried a bouquet of pink and white carnations and snapdragons outlined in pink ribbon.

Loretta LaFreniere, cousin of the bride, was train bearer. She wore a long white organdy gown with a blue sash and blue head-dress trimmed with roses.

Bruce McDonough, brother of the bride was best man.

Archie LaFreniere and Lawrence McDonough seated the guests.

Mrs. LaFreniere was attired in a gown of raspberry red crepe. With this she wore a matching feather hat and black accessories. Mrs. Wojan, mother of the bridegroom, wore a black crepe gown with matching accessories. Their corsages were of blue iris and white carnations.

Following the Mass, a wedding breakfast for 30 guests was served at the home of Mr. and Mrs. McDonough. From 2 until 4 p. m. a reception was held at the home of Mrs. LaFreniere. The house was decorated in a blue and white motif and refreshments were served from a table decorated in the same color scheme.

At a special service held at Holy Cross church at 4 o'clock, the Sodality bade a solemn farewell to the brides. The Sodality entered the church and were followed by the brides who were escorted by their husbands. The couples knelt at the foot of the altar as the choir sang a hymn dedicated to each of the former Sodality. The brides then laid their bouquets at the foot of the statue of Our Blessed Mother.

At six o'clock a dinner was served at the "Shillegah". Places for 60 guests were laid at tables decorated in blue and white and lighted with blue tapers. The brides' tables held the tiered wedding cakes.

During the evening, a dance was held at the Community Hall. Refreshments included the wedding cakes which were cut and served by the brides late in the evening. Music was furnished by Jo Hanna at the piano, Frank Zulaski, drums; Andrew Salisz, piano accordion; Dominick Marigleki, violin.

The brides are both graduates of the St. James high school. The bridegrooms attended the Pellston high school. The couples will make their respective homes on Beaver Island.

Those from out-of-town who attended the wedding were Mr. and Mrs. Anthony Kasiewicz and Walter Wojan of Cleveland, O.; Bruno Zulaski and son, Frank, Andrew Salisz and Dominick Marigleki, of Pellston; Mrs. Agnes Danaj, of Cross Village; Jne Hanna of Petoskey; Mrs. Vernon LaFreniere of Charlevoix.

About Town

News of folks, your neighbors and mine... but did you know that—

Had a ride on the now streamliner on the Pere Marquette running between Grand Rapids and Detroit? If you have you couldn't fail to see the large picture, mural effect, showing the view overlooking the arm of Lake Charlevoix at Ironston. In the foreground there are two large trees and Don Clotier's boat and in the background the Ironston ferry making a crossing. It is thought to be the same scene used by the Grand Rapids Press last year on their calendar. The picture was taken from a point on the Rulph Price farm.

The Meyer Levinson family had quite an experience on their return trip from Florida. They stopped at Richmond and looked around in the State Capitol building. A guide asked them if they would like to see the Governor's mansion. They started and arrived at the house and were looking about when a man approached them and asked them what they wanted. They explained that they would like to see the Governor's mansion. "Well, I know of no one who has a better right than I to show it to you," stated the man. The Levinsons looked a bit surprised, then the stranger introduced himself. He was the Governor of Virginia.

"Sure was a strange way to meet the Governor," said Mr. Levinson. Rev. Ansley B. Claypole returned from the Little Traverse Hospital last week where he was for eleven days, and is slowly recovering from a major operation. He plans to fill his pulpit both times on Sunday.

Jane Hecker was called to Grand Rapids last week by the sudden death of C. H. Hall, husband of her niece. She returned home Friday, mighty happy to be back. Mr. and Mrs. S. B. Carey left Wednesday for Frankfort where they plan to spend the coming month with Mrs. Carey's mother and Mrs. Gene McCauley and family. Mrs. Victor Douglas returned to Detroit Sunday after spending two weeks with her daughters, Mrs. Robert McDermott, Mrs. Earl Holborn and Hilda Ann Douglas.

A letter from Mary D. Harmon in Miami, Fla., who is well known in Charlevoix states that she has been "real sick." Mrs. Harmon has lived in Charlevoix for many summers and says she is expecting to come back this year. Mrs. Henry Mylink left last week for Tulsa, Okla., to look at a house her husband had located and also to buy new furniture for it. During her absence young Bobbie is being cared for by his grandparents, Mr. and Mrs. John Weinman, who have been visiting here for several weeks, coming from their Hull, Iowa home. It's no wonder that the fruit and brandy cakes that E. Josephine Madill makes for the relatives at holiday time are such welcome gifts, for they are delicious. Sampled some the other day and were they yummy!

Virginia Young returned to the University of Michigan after spending the time between semesters with her parents. House guests for several days were Robert Campbell of Uniontown, Pa., and John Buczynski of Pittsburgh, Pa., both students in the School of Architecture at the University. Mrs. Lyle Beaudoin and son, Joseph, are spending a few days in Detroit with Mr. Beaudoin, who is working there. Mighty proud of the wonderful game the Owls played Monday night. Surely gave the New York Comedy Kings a run for their money. The N. Y. team soon cut their comedy and learned they had to play ball with Charlevoix.

When you see the curtains carefully drawn in the bedrooms these days, it is a safe sign that measles are in full bloom in that house. And that's the way it is up at the Ted Foster's. The children had their "coming out" party Saturday, and of course, it would happen while Dad was in Lansing on business. There seems to be many cases of the measles things about town. Birthday congratulations to Addie Valentine Glessinger! Yes, sir, she was a Valentine gift to her parents. Oh, well, cheer up, Addie. Birthdays are like the measles, everyone has them.

Mrs. Russell Palmer of Beaver Island came to Charlevoix Monday for a few days. The DeWitt Patters family are having a wonderful time doing some winter reading, ten years of Geographic magazines they have had bound. There are several good bridge players in Charlevoix. They tell us that fair weather is on the way, hooray!

Young Charles LaBlance, 13 months old son of George LaBlance, Jr., had the misfortune to fall down stairs the other day and in doing so, knocked out two teeth and injured two more to the extent that the dentist had to extract them. "Now," said Mrs. LaBlance, "we have a gate."

Gaylord Game Friday; Rayders Win from Jordan

With a 50-22 defeat of East Jordan added to the string of victories, only three conference games remain ahead of Charlevoix's rampaging Rayders.

Gaylord comes here Friday night. The teams played before on Dec. 20 to a 41-24 score. The Pellaton game is there next Tuesday and the final Boyce City contest will be here Feb. 28.

The East Jordan game there Friday was Charlevoix's first up a 25 to 7 score at the half. Although Bob Carey led in the scoring with 24 points, he and Dave Hardy had a tie race in the last quarter with 9 points apiece. The box score was:

New Uniforms To Be Worn At Concert

The long-awaited new band uniforms at last have arrived at school here and will be worn in public for the first time on Feb. 21 when the band gives a Coming Out concert.

This will be in the high school auditorium and will serve two purposes, according to Clarence Odmark, director.

It will give the band a chance to display the new outfits. It also will serve as means of saying thank-you to the citizens who helped buy the uniforms. The program will be announced next week.

This will be the first time the band has given a public concert this year, except for the appearances at basketball games.

There are 42 of the new uniforms. In addition the school has three new uniforms for the baton twirlers. The uniforms are of heavy maroon material with white stripes on the trousers and white braid on the jackets.

Father-Son Banquet To Be Held Feb. 20

Mrs. Clayton Trimble has been named general chairman of the annual Father and Son banquet which will be given at the Methodist church dining room on Thursday, Feb. 20. The event will be sponsored by the W. S. C. S. of the church.

The following chairmen will assist with the dinner: tickets, Mrs. Joseph Arvilla; menu, Mrs. F. F. McMillan; dining room, Mrs. Fred Trimble; kitchen, Mrs. Jake White.

Dr. F. F. McMillan and Roy G. Bennett, co-chairmen of the entertainment committee, will announce the guest speaker at a later date.

Asset Midland Finds That Hospital Is Community Builder

"A hotel for the sick," is the description of the new hospital at Midland which was visited recently by Earl A. Young and P. D. Campbell of the Charlevoix Hospital Committee and Board.

119 Charlevoix Vets Want Work

One hundred nineteen Charlevoix veterans who a few months ago were in the armed forces today are back home here and are looking for a job.

That number Monday personally came to the branch office of the Michigan State Employment Service in the City Hall and asked if any work had showed up for them. In virtually every case the answer was no.

Mary Margaret to Get Two Improvements

Beaver Island passengers will be riding the North Shore for a while next spring after navigation opens, according to Capt. Leo Allers.

The Mary Margaret will be going over to Wisconsin for her annual overhaul and a couple of major improvements.

Since the Two Rivers harbor is open before the Sturgeon Bay Canal, she will go there first for a new light plant. The present 110 volt Kohler will be taken out and a new 110 volt DC battery installation put in. The Kohler was new last spring but experience has shown it heats the engine room too much in the summer, and is noisy.

The new outfit, costing about \$1,000, will have a generator driven by the main diesel engine. This will charge a big set of batteries similar to those used on submarines.

At Two Rivers the Mary Margaret's engine also will be given a complete overhaul. At the Sturgeon Bay Canal, she will go into drydock, have her bottom cleaned and repainted and new steel fender rails put on, replacing the wooden ones.

These will consist of six inch steel pipe, welded to the steel hull. There will be one length at the sheer, running the entire length of the ship. Another, running only part of the way forward, will be at the water line for protection against short or broken spiles and to lessen the rolling in rough weather.

The Mary Margaret is expected back in June, depending on the weather conditions, Captain Allers adds.

Mrs. Van Zant, 82, Passes Away Sunday

Mrs. Diana Van Zant, 82, widow of the late Caleb F. Van Zant died Sunday at the Charlevoix Hospital where she had been a patient for several weeks after suffering a fractured hip early in January.

Diana McLanaghan was born in Toronto, Ont., Jan. 20, 1865, and came to this community 60 years ago. Mr. Van Zant, whom she married in Charlevoix, died in 1937.

She is survived by a son, Earl of Marion Township; a brother, Henry McLanaghan of this city, and a sister, Mrs. Fred Gray of Petoskey; fourteen grandchildren and nine great-grandchildren. A daughter, Mrs. Addie Kerr, died 14 years ago.

Funeral services were conducted by the Rev. W. D. Wood at the See Funeral Home at 2 p. m. Tuesday. Burial was in the Brookside cemetery.

A business meeting will be held by the VFW this Thursday night.

New Way Side's Grand Opening to Be Feb. 20

Next Thursday will be the formal opening of Charlevoix's new eating and dancing place, Way Side, built and operated by John K. Reed and Oscar Stroud.

Last minute equipment is arriving, final touches being put on, and the new ranges and refrigerators tried out.

At the formal opening the place will be open for inspection all day and evening. For those who wish to dine, food will be served, as will soft drinks. An orchestra will be on duty in the late afternoon and evening for those who wish to dance.

Contrary to some rumors, there will be no liquor. Since one wing of the new building was designed and equipped especially with the high school youth in mind, the owners decided that good food, good fun for both younger and older folks, and no alcoholic drinks would be the rule.

Inside on either side and facing the entrance door are murals depicting English coaching scenes done by Wayne Belding, who also designed and installed the copper and cold-cathode sign on the roof.

The central lounge with its fireplace, davenport, chairs and shaded lights opens into the two wings. The one on the left, called the Casbah, has the soda bar, the dance floor, the Wurlitzer juke box, and seating accommodations for 65.

The opposite wing to the west is the Colonial Room. With a comfortable seating capacity of 100, it will be the dining room. Its color scheme is white walls, blond furniture upholstered in red leather.

Old Car Licenses Expire Feb. 28

New car licenses must be bought before Feb. 28—or the ear put up, warns F. R. Bulow, in charge of plate sales.

No half year licenses are being sold this year under orders from the Secretary of State. Half year plates are available for commercial vehicles, but not for passenger cars.

The sale this year is going about as usual, Bulow reports. Of the 1200 licenses assigned the Charlevoix office, 311 have been bought.

Draft Board Moves To New Offices

Starting next Monday Charlevoix County Draft Board No. 1 will be at 203 Elm street.

Due to the need for additional room at the City Hall and the fact the Board was only open two days a week, the office and its records are being moved to the home of Mrs. Anna Eccles, who has been chief clerk for three years.

At its new address the office will continue to be open only on Monday and Tuesday.

Miss Kay Fitch and Mr. and Mrs. Ronald Fairbanks returned home Monday from a three weeks vacation trip in Florida.

Keep Off Ice, Coast Guard Says

Parents are being warned by the Coast Guard to keep their children off the ice along Lake Michigan.

The younger ones of late have been going there to play. Some of the older have been going out over the lake to take pictures. Whatever the reason, the ice is dangerous. There are snow-covered holes. Chunks are breaking off. Soon or later some child will be caught and drowned the Coast Guardsman warns.

Schroeder & Hovey Now Walgreen Outlet

Schroeder & Hovey, Charlevoix druggists, now are a Walgreen agency.

Following negotiations which have been going on for several weeks, the store here accepted the Walgreen franchise and will handle that company's line from now on.

The ownership and control remain exactly the same, according to John Schroeder. The only change is that the store will carry the full Walgreen line of medicines, cosmetics, drugs and sundries. These are in addition to all the nationally advertised brands already stocked.

Although the store officially is a Walgreen outlet, the new front sign and window valances have not yet arrived to indicate the new arrangement. As soon as these come, they will be installed.

Owls Surprise Pro Team With Play

There was a surprised professional team at the high school gym Monday night when the Charlevoix Owls gave the Comedy Kings a battle which prevented any clowning and forced them to play top quality basketball.

The Kings came here billed as a comedy outfit which could combine flashy playing with clowning. From the opening whistle, the Owls were pushing them so hard there was no time for funny business—they were too busy keeping ahead.

During the first quarter the colored Kings took life easy and tried a couple of razzle dazzle plays. The Owls immediately pulled ahead. Only by snapping out of it and barely outplaying the independents did they manage to wind up with a 56-48 score.

The Kings excelled at defense and they did manage to flash a few trick baskets. But their team work and passing was little if any better than the locals, despite the fact they play together daily and for a living.

Meggsion and Gallagher were the Owl stars of the evening. Those on the squad are: Bissel, Zeitler, Pearl, Ward, Bennett, R. Bergmann, Meggsion, Gallagher, Chew and Swanson.

State Awards Two Contracts for New Bridge

Contracts for the construction of the new bridge at Charlevoix have been let and preliminary work may be starting by March 1.

Contrary to the report given The Courier here a month ago by a representative of the highway department, the job was let in two parts. The L. W. Lamb Co., of Holland and the Luedtke Engineering Co., of Holland were awarded the contract for building the detour roadway and putting in the foundations for the new haseule span. Their bid of \$897,980.70 was lowest of five submitted.

The other bid was awarded to the Mt. Vernon Bridge Co., of Mt. Vernon, Ohio, for \$270,433.40. It will supply fabricate and put in place the structural steel of the double spans. Part of the steel for this already is on the ground at the freight station. The Bridge Co. will repurchase this from the state under the contract.

Over in Bay City there is a steel bridge now in use on Cass avenue. The citizens there will vote in April whether or not to abandon the bridge. If the vote carried, then the state will purchase the span and the Lamb-Luedtke organization will bring it here to serve as the swinging pontoon bridge to carry the detour across the ship channel. If this is done, then the contract price drops to \$673,982.70.

Charlevoix was unusually well represented at the opening of bids last Thursday. Present at the State Highway office in Lansing were Mayor Karl Erber, Supt. A. H. Leitch, Clerk Ray Hamilton, Supervisor George Haggard, and former Mayor Robert Bridge.

The Name Sounds Good, But ...

Once more there is a movement underway in Michigan to put over a so-called Fair Employment Practices Act.

The name sounds like exactly what we should have in the interest of industrial justice. Actually, as it is planned here in Michigan the act would be likely to cause more trouble and grief than it would cure.

Ostensibly, it would open employment to all citizens on an equal basis regardless of race, color, religion. Actually, it would probably be the cause of more racial trouble and the fomenting of more racial and religious prejudice than it would cure.

It works out something like prohibition did. Laws cannot compel a majority of the people; only public opinion can do that. If a majority of whites feel they don't want to work beside blacks, no law will make them. The only answer is social education and improvement on the part of all until the prejudice itself disappears. It is slower, but it is a lot safer process.

As it would work out now, a Fair Employment law would play into the hands of the professional trouble makers. The Communists and the more radical of the labor leaders are strong for it. Judged by experience, they want it not to assure fair treatment but as a means of stirring up more hatreds.

Either Demagogue or Dumb

Blood brother intellectually to Big Bill Thompson of Chicago when he wanted to punch King George of England "on the snoot," is Michigan's Cong. Clare Hoffman.

The loud speaker from Allegan is against this country exchanging teachers and students with any other nation on the grounds that such persons are Reds or come from places where the hens don't lay as many eggs as ours do.

If there is anything which will work against war and international misunderstanding, it is a personal knowledge of and friendship for another people. Educational exchanges are one sure way to build this up among the leaders.

The conclusion must be that Clare Hoffman either doesn't know fundamental facts, or he is for war. Either way, he's a disgrace to Michigan.

County Just Like Average Citizen In 1946—Pays Out More Than Takes In

Charlevoix County spent \$40,844.63 more during 1946 than it took in, according to the financial report just issued by the state Auditor General's office.

But that \$40 thousand wasn't really a deficit, for the county invested \$48,927.30 in capital outlay, mostly for new highway equipment.

Roads by far are the major item of outlay, \$269,340.38. Welfare and medical assistance are next with \$76,436.03. County government itself cost \$60,501.44.

The county has a comfortable little nest egg in bank accounts and U. S. bonds. Securities on hand Jan. 1 cost \$54,732 and on maturity in 1954 and 55 will bring \$64,309. In addition there was \$73,547.10 in bank accounts,

Just Tinkering Won't Solve the Trouble

There's a lot of argument and boggling the issue going on today over this whole mess of state and local finances. The chief feature has been an unconscionable grabbing by everyone who could get a fist into the pie.

The immediate solution undoubtedly will be some sort of a makeshift compromise which will permit the state to stagger along and will give the cities and schools more money. That the schools deserve to get more there is no question.

The easy answer to the problem—increased taxes—really is no answer at all. It is only a compounding of our trouble like giving a drunk more of the same dog's hair. Under no circumstances should taxes be increased for we are paying enough today to give us good government if the money were allocated correctly.

What we need is a complete overhaul, not only of our tax structure but of our constitution. This will take time but it alone spells an end to confusion and tax inequality. Flashy bromide solutions like making the whole state into one school district would only make the tangle worse.

Two principles should guide a tax program.

1. Taxes should be levied in proportion to the services given by the government. A bachelor existing on a sandhill farm should not pay as much as young Henry Ford.

2. Money should be allocated in accordance to the importance to the public of the service being paid for.

Administration and police are the basic functions of any government and they should be cared for first.

Next in our land should come education. Our common schools should be improved and that does not mean buildings but better teaching. Our colleges and universities serve only a minority and rank lower in importance.

Third would come the services and conveniences, such as roads, institutions and the work of many governmental departments.

It will take a complete overhaul to get rid of present costly duplication, of misplaced money. It will hurt a lot of folks and areas. But if we are to have a healthy government for the next few decades, we must do the job now.

quit appropriating money to private institutions, which they say is contrary to law.

No check was made of the value of the capital assets, such as buildings, road equipment and land. The seven full-time elective county officials received only \$14,000 in salaries, but fees and salaries to them and other officials accounted for an additional \$21,416.90.

Dog expense came to \$969.08 and it cost \$1194.08 to operate the Ironton ferry.

Altogether Charlevoix county took in \$678,480.11 and paid out \$719,324.74, which puts it into the class of a sizable business. Of the total only a sixth, \$106,273.35, was collected as direct taxes. Except for a few thousand taken in as fees, fines, licenses and refunds, the rest came from state and federal sources.

WHAT'S COOKING

TO THE TOWN'S TASTE.

Over at Ted Foster's home, there is a family bulletin board in the kitchen. It is mighty interesting for here one sees perfect school papers, jokes, cartoons that oftentimes takes a friendly poke at some member of the family in fun, and drawings of the children. But to me, the most interesting thing was one corner given over to Mrs. Foster.

Here she had recipes, new, and untried, pinned up for family perusal. About twice a week when there comes that thought of "What shall we have for dinner," then the bulletin board is consulted. A recipe is tried out and it goes into the file. If not, the recipe is discarded.

Hashed Brown Potatoes

Mrs. Foster said that in good hotels she has often wondered how the chef made hashed brown potatoes that always seemed separated, browned all over, but not greasy and all neatly. She feels she has found the secret in one of the new bulletin recipes.

In a large skillet put one tablespoon bacon drippings and one tablespoon of butter or margarine. To this add 3 cups of diced raw potatoes mixed with one tablespoon chopped onion, so that it makes a single layer in the skillet. Cook slowly until the potatoes form a brown crust on the bottom. DO NOT STIR. Just shake the pan occasionally. When nicely browned, cut the potatoes down through the middle of the pan with a spatula, turning each half over. Cook 20 to 30 minutes slowly. Remove from heat, add 1/4 cup of cream, and then continue cooking until browned through on bottom.

A favorite with the Foster children is to have mother stuff pascal celery with peanut butter.

Another recipe tried out on the bulletin board last week was to take hamburger, add an egg, some cracker crumbs, or bread crumbs, salt and pepper, enough milk to moisten, and form into patties. Then cut Bermuda onions in thick slices and butter. On each slice place a hamburger patty. Put in oven and bake 20-30 minutes.

This is the time of the year when a gay spot of color on the table adds much and you will have it in:

Cardinal Salad
1 package of lemon jello
1 cup of boiling water
3/4 cup beet juice
2 tablespoons vinegar
1/2 teaspoon salt
2 tablespoons prepared horseradish

radish
1 cup diced beets
3/4 cup diced celery
Combine ingredients and put in molds.

Mrs. Foster got the next recipe from a relative living in Ann Arbor who has spent many years in travel. If you have an electric dish that you can make this rule in, sitting on the floor of your recreation room, or in the living room before your fireplace, you will truly make a hit with your guests. To make this dish constitutes a real ceremony and a heap of fun with the guests wanting to get a whiff of it cooking. It's

Sul-Ki-Ai-Ki

1/2 bottle of soy sauce poured in good sized skillet
1/2 cup sugar

Cover bottom of pan with small round steak pieces. Cover and simmer 15 minutes. Then add thin slices of onions, a layer of cabbage (cut about 1/2 inch in thickness and be sure and cut right down through the heart of the cabbage.)

A layer of fresh mushrooms, then a layer of fresh spinach. Lastly add bean sprouts. Stir all together and steam through until spinach is done. Serve over hot rice.

Ice-Box Cookies

2 cups of brown sugar
2 eggs
1/2 cup butter or margarine.

3/4 cups flour
1 teaspoon soda (small)
1/2 teaspoon salt
10 chopped dates
10 chopped nuts

Cream sugar and fat well together, add the eggs and mix well. Mix and rub the flour, soda and salt together. Then add to the first mixture. Finally add the dates and nuts. Roll into small rolls and put in icebox over night. Then slice and bake in moderate oven.

Mrs. Foster says this is one of her "quickie" desserts and also one of her favorites:

Baked Stuffed Pears

Stuff raw pears with a mixture of ground nuts, raisins, sugar and lemon juice. Bake in moderate oven until tender. Serve hot or chilled.

Wanted—Someone Who Is Immune to Ivy

Wanted badly—someone who is immune to poison ivy.

Before the tourist season gets under way next summer, City Supt. Angus Leitch wants to get rid of a lot of the poison ivy which can be found in various places around town.

Last summer he and Capt. Hubert Patton tried out the new poison ivy killer and found the

dope does a good job. So the city now has 82 gallons of it on hand, waiting for the ivy leaves to start coming out. But all the park crew members are allergic to the vine. So Leitch is hunting for someone who isn't and who will do a good turn for Charlevoix.

An Open Letter to the Second Ward Voters

ATTENTION SECOND WARD VOTERS:

As a candidate for Alderman of the 2nd Ward of the City of Charlevoix, I would like to take this opportunity to make a few remarks. I have no selfish, personal or financial motive for wishing to serve on the Council. My object is to make Charlevoix a better place in which to live. It will always be my policy to respect the rights and policies of the Council. My object is to make Charlevoix a better place in which to live. It will always be my policy to respect the rights and policies of the Council. My object is to make Charlevoix a better place in which to live. It will always be my policy to respect the rights and policies of the Council.

I am President of the Chamber of Commerce, and have been a member of that body for five years. During that time, I have managed to secure an insight of what should be done to make Charlevoix a better place in which to live. You might ask, "Why doesn't the Chamber of Commerce do something?" I have found that your Chamber of Commerce is not a governing body, but merely an advertising and service organization. The City Council is the governing body that dictates the policies of our community, whether they be good or bad. I am interested in securing more factories, a more prosperous resort, a more flexible zoning, and in general, a broader and more tolerant policy.

I am 34 years old, married, and the father of five children. I'm in the Commercial Fish Business, and have served many service organizations. As Cub Scout Master, Cub Scout Committeeman, Kiwanis, District Sec. of the Michigan Fish Producers Association, and the Chamber of Commerce, etc.

In these remarks, I have said nothing in regard to my opponent. I believe he has served the City of Charlevoix well, and if he is elected again, I am sure he will continue to do so. But, I believe that we are due for a change, because I am sure that the voter is aware that the Founders of our Nation, who formulated our Constitution, never intended that an elective office of a governing body should be monopolized. Under such conditions, there is always a great danger of our losing our most cherished possession—Freedom.

Monday, Feb. 17, is election day. I urge you to go to the polls and vote, whether you vote for me, or my opponent. This is the only way you can be assured that the majority will rule, and that this will continue to be a government for the people.

RESOLUTION ENDORSING

Charles L. Brown

FOR CIRCUIT JUDGE

We, the undersigned members of the Board of Supervisors and County Officers of Antrim County, Michigan, heartily endorse Charles L. Brown for the office of Circuit Judge for the 13th Judicial Circuit of the State of Michigan, for the following reasons:

1. Because his character and reputation are above reproach.
2. He is highly recommended by his neighbors, fellow servicemen, and Judges before whom he practiced law, for his character, ability, judgement, fairness and impartial attitude, which he has at all times demonstrated since establishing an office in this county in 1940.
3. He has unhesitatingly given generously of his time in the accomplishment of many civic improvements.
4. He obtained an appropriation and built the local airport at Bellaire, Michigan, at no expense to the taxpayers of this county, has acted as Veterans' Counselor for the Veterans of this county since June 1946 without any compensation whatsoever, and has cooperated with us fully at all times.
5. Prior to coming to Bellaire he practiced law in Detroit for fifteen years and was one of the official Arbitrators of the Detroit Board of Commerce. This has been thoroughly checked and verified by public officials in this District.
6. We do not wish to dictate or attempt to tell the voters in the other counties as to how they should cast their ballot, but believe they should be thoroughly advised as to his qualifications in order that they may then use their own judgement at the polls.

SO SAYS SUSAN...

I'm told it's the nature of cows to be curious and I seem to be especially curious. So, when I became a cow, (that is, when I started to give milk) I asked the boss all sorts of questions about the whys and wherefors of this milk business. After he had worked around me a while and finally started to walk away with a pail of white stuff I said, "What's that?" The boss, being an understanding man, stops and says, "Susan, that's milk and it's going to the Maxbauer Dairy to be pasteurized and then it is going to the girls and boys and the men and women of Charlevoix. It's one of the most important foods for humans. And, Susan, it's our job to see that they have plenty of clean, wholesome milk."

That just got me more curious so I'll get some more information for you next week.

Minor Elements in Fertilizer Important

Minor elements in fertilizers are something that you hear quite a lot about. But don't let that word "minor" fool you. It doesn't mean that they're unimportant. In certain cases, the addition of just one minor element may have more effect on crop yields than any one or all of the "big three"

—nitrogen, phosphorus, and potassium. Some of the minor elements that have been found to be lacking on some of Michigan's soils are boron, manganese, copper, zinc, and sodium.

When boron is lacking from sugar beet soil, the beets develop what is known as heart rot. This is not the same as black root. In heart rot, the growing tissues die, roots disintegrate and the sugar content is lowered. It is now recommended that borax be included in all sugar beet fertilizer in sufficient quantity to provide about 10 pounds of borax per

acre.

Table beets, when lacking boron, develop black spots throughout the fleshy root. This makes them unattractive and lowers their market value. It is advisable to apply, broadcast, about 40 pounds of borax to each acre of table beets to control this trouble.

In applying borax, one must be careful that he does not apply too much. It should be applied only to crops which definitely need it. Borax should never be applied to white beans or soybeans.

A manganese deficiency seriously affects navy, and garden beans, and soybeans. On such soils, bean leaves become very yellow, production is low and quality decreased. An application of 100 pounds of manganese sulfate per acre, broadcast before the beans are planted or as a side dressing early in the season will correct these troubles. Don't apply it directly with bean seed. If you have a field that will not respond to regular fertilizers, the trouble may be with minor elements. A thorough investigation will help to find just what minor elements may be lacking.

Order Chicks Early

Farmers and poultrymen who do not have their baby chicks ordered should do so immediately. Early chicks mean layers during the late summer and early fall. Many hatcheries offer an additional discount in prices for orders placed early for early chicks. The farmer has more time to spend with brooding of chicks early in spring work hasn't really started in the field. Broiler prices are higher in May and June when you want to dispose of your cockerels if you have early chicks.

Early chicks are those bought for delivery in January, February and early March.

Every farmer who wants a profitable flock should plan an all-pullet laying flock for next fall. It's a proven fact that pullets lay as many as 20 percent more eggs... and they produce them at a time when eggs are selling at the highest prices.

It's Farm Lease Time

March 1 is the traditional moving day for farm folks all over the country. Many farms will have a change of operators then. Adjustments in leases are important for both tenants and landlords right now.

A sound lease has advantages for all concerned. First, it gives both parties an assurance regarding who will operate the farm. Second, it insures that sound

farming practices will be followed. Third, it tells in advance the rent and division of expenses. Fourth, it fixes responsibility for various operations connected with running the farm. Check your lease now. Does it include all of these points?

A NATIVE OF THE GRAND TRAVERSE REGION

What made Greyhound Grow?

...giving the people
good transportation...at low cost
...and lots of it!

From puppyhood, Greyhound grew on one good idea: to build a new, "American-style" travel system for THE PEOPLE.

Not mail... not freight... but PEOPLE.

The thing Greyhound knows best is how to get people to the places they want to go... at the times they want to go... at prices they can afford.

And Greyhound does this for more cities, towns, villages and corners than any other transportation system.

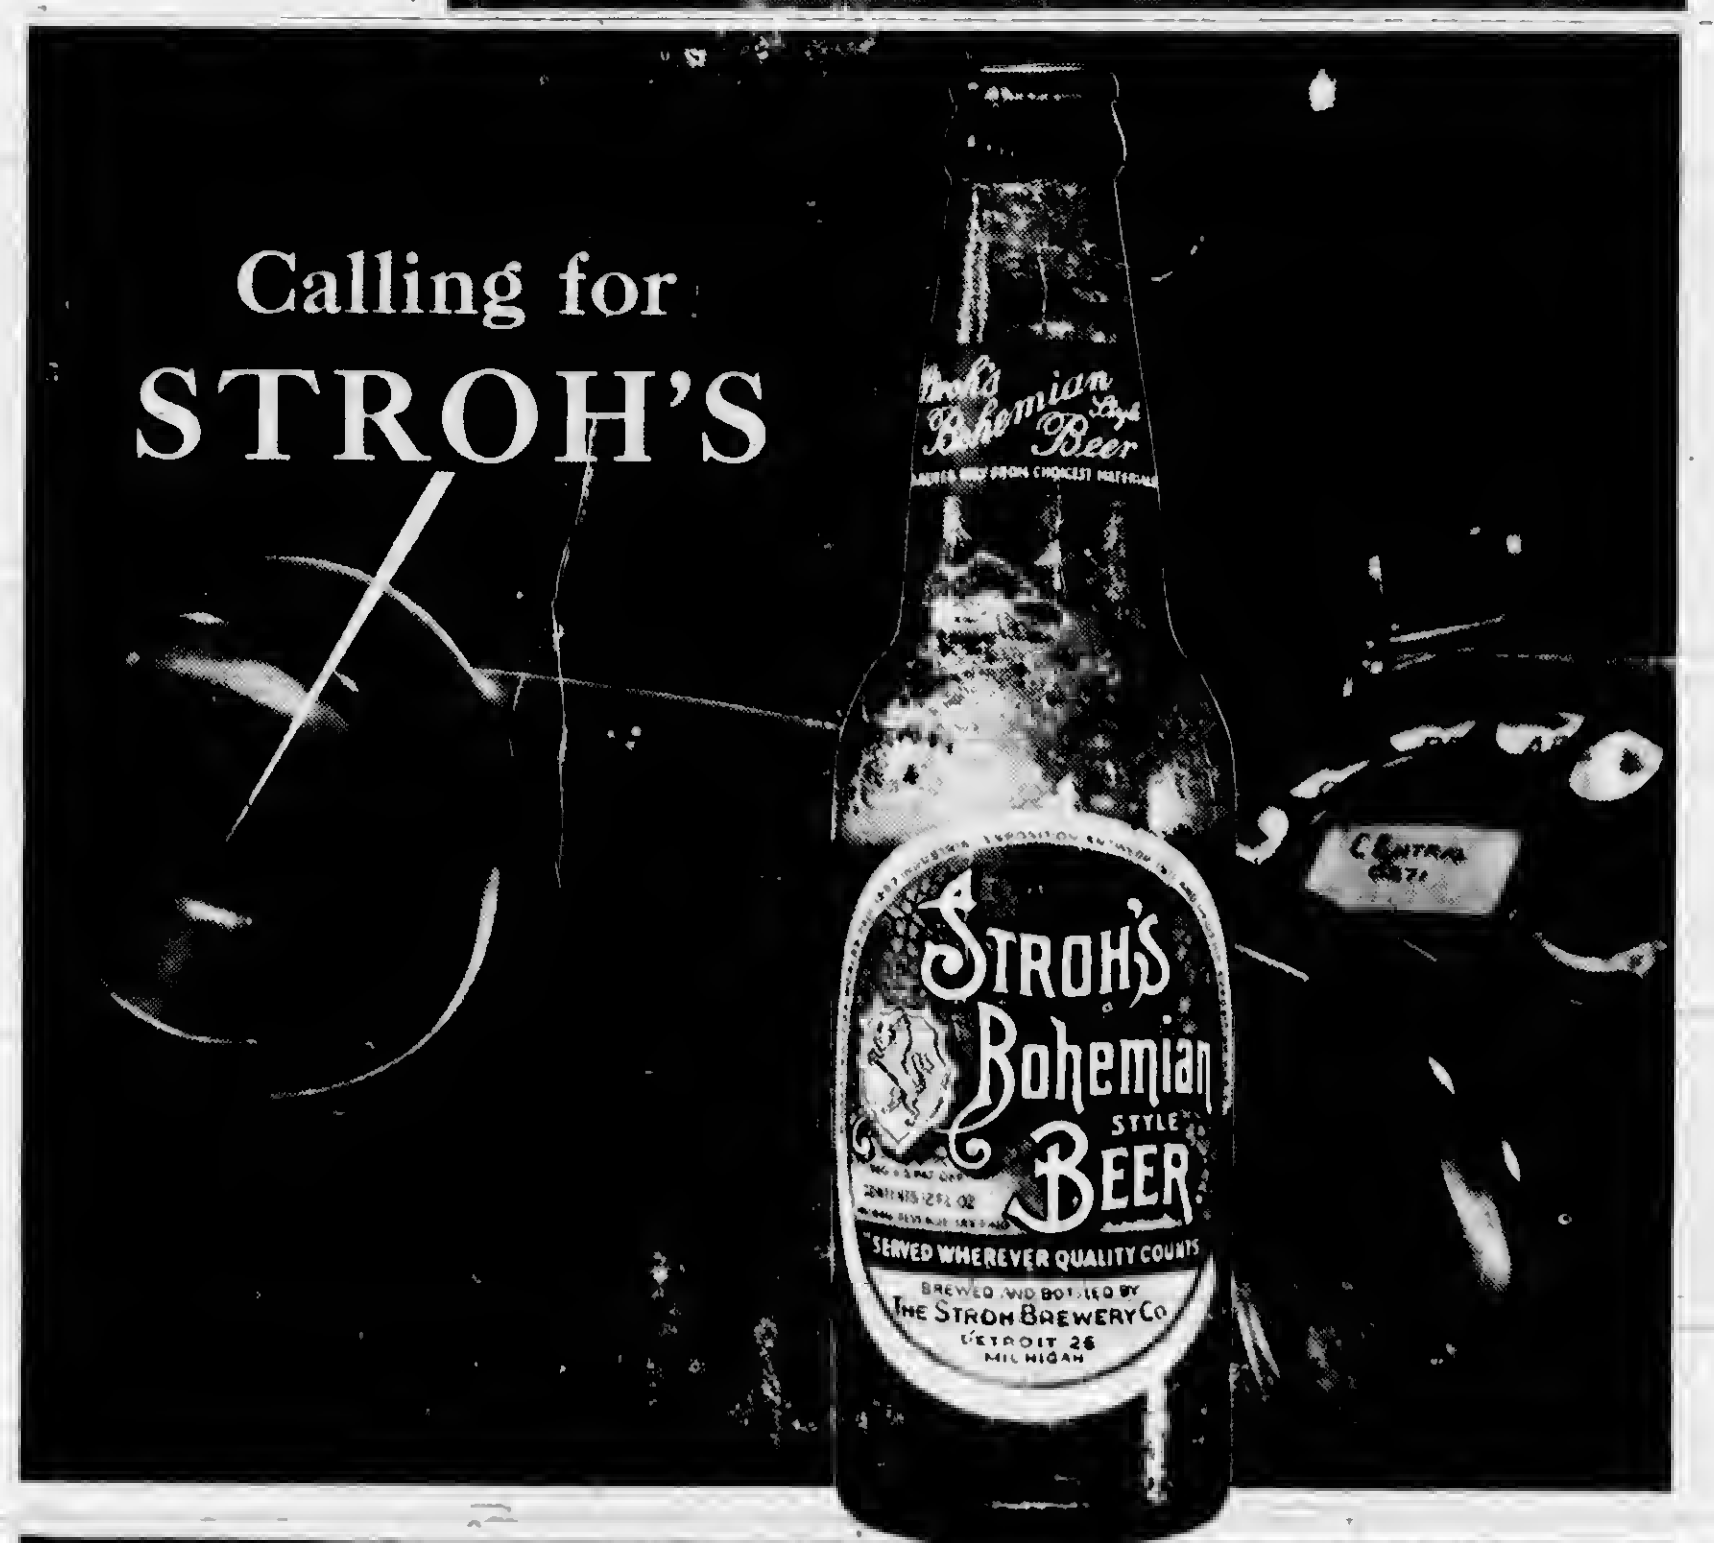

What's more, Greyhound makes this "American-style" travel friendly, easy, convenient... stopping in the heart of big cities... at the drug store across from the city hall... or at Pete Jones' farm, if that's where Pete wants to get off.

Why do the people like Greyhound? There's your answer: good transportation... at low cost... and lots of it.

Cashmere Store Will Reopen About June 15

The Cashmere Store handling imported woollens will be reopening in the Earl A. Young building about June 15, G. B. VanDusen said on his recent visit here.

He and his son, Jim, came up to Charlevoix from Grand Rapids for a brief business and fishing trip. "There's always fishing at Charlevoix," explained VanDusen, "and we wanted to get some of it."

The new stock for next summer is arriving already, he says. This month for example a quantity of Scottish woollens was delivered. On the whole, he says, better goods are available now than there were a year ago.

Pfc. Howe Describes Japanese Party

Description of a Japanese party was given in a letter from Pfc. Emeral Howe to his grandparents, Mr. and Mrs. Lou Hewitt.

It was given by the manager of the building where Howe and others of his outfit are custodians, and was attended by six Japanese men, Howe and his second lieutenant.

"We sure had a time. It was given in the old Japanese style. We took off our shoes at the door and put on sandals. The house was brand new and looked just like a doll house. The ceilings were about a foot higher than my head and we sat on mats on the floor. The tables were only about 1 foot off the floor. We had to fold our legs. Boy, did they ever get tired. We ate with chop sticks. It was really something to remember."

Help For War Nurse Memorial Is Asked

Contributions for the Nurses National Memorial are now being received here at the two banks and the two drug stores.

The purpose of the memorial is two-fold. It will provide a national home and center for all nurses who served during any of this country's wars. It also will serve as a living memorial to the work they did.

The National Memorial is something new. This country never has had any center devoted to serving its military nurses and providing them with facilities for rest and study. The Memorial will be in Washington.

Mary Frances Zeitler

Now On AC Magazine

The following article about Mary Frances Zeitler has appeared in a General Motors publication.

On Dec. 17, 1946, the doors at Michigan State College opened wide and out stepped Mary Frances Zeitler, a journalism diploma in her hand.

Fifteen days later, Miss Zeitler plunged into the world of business and industry as a member of the "Action" magazine staff chronicling the events of the AC Spark Plug Division.

Mary Frances, now 23 summers, first saw the light of day at Charlevoix, oft referred to as Charlevoix the beautiful. There she grew up to graduate from Charlevoix high school, where the newspaper bug first bit her as she went about her duties as a reporter for the Crimson Flash, school paper. Dramatics and basketball included in her extra-curricular activities.

Following graduation in 1941, this 112 pound, 5 foot one inch Miss Zeitler, with odd and varied assignments until June 1942 when she went to work at Ford's in Highland Park. It was her first taste of industrial work.

The Spring of 1943 found Mary clothed in Spartan green gathering bits of wisdom dropped here and there by learned professors of State's journalism school.

Besides acting as unofficial promoter of northern Michigan as a scenic paradise and summer playground, Miss Zeitler enjoys skating, swimming, dancing and writing in her spare time.

Miss Zeitler is the daughter of Mr. and Mrs. John Zeitler, Sr. Edwards.

TEEN - TALK

By Lo Anne Anderson and Joan Ward

The Seniors had an excellent crowd at their dance after the Petoskey game. In fact, it was about the most successful of the season. However, there weren't very many students or adults left after the Petoskey buses left. Come on students and adults of Charlevoix, these dances are given for you, too.

Rumors are flying that the bond might go to Ann Arbor for the State Festival in April. If they are given a first or second division rating by an adjudicator of the Michigan Band and Orchestra Association.

Now that exams are over and forgotten for the semester, everyone seems "moodier" and less tired out from studying that is. Most all the Seniors seem quite happy. Just one more set of exams for them.

The citizens of Charlevoix should have been proud of our majorettes and their new uniforms at the basketball game.

The Seniors have chosen a committee to decide on a play, but no definite date has been set for the presentation. The students are expecting it in the near future. They need all the money they can get to go on their trip, so when a date has been decided on and announced, let's all get out and back them up.

A new Teen Town has been built on the edge of town for the pleasure of everyone. The students are going to show their appreciation to Mr. Reed and Mr. Stroud by making it a big success.

The latest fad in high school in the ladies wear is the "sack dress" in all pastel shades. Even the fellows seem to approve of them.

The student body and the basketball team are starting a few trophies in the face and are bound they are going to achieve their goal and add to the trophy case.

Free Help On Tax Reports. There will be a Deputy Collector of Internal Revenue at the Charlevoix Post Office Feb. 17 to help folks with their income tax returns. No charge is made for this service.

Clip the shoe coupons and save \$3.00.

Women's Guild Meets At Earl A. Young Home

Mrs. Earl A. Young, president of the Women's Guild of the Congregational church, entertained the group at her home on Wednesday.

Mrs. Uno Suomelo gave an interesting talk on "The Light in India," an outline of the subject to be studied by the group during the year. Mrs. Otto Krueger lead the devotions.

Tentative plans were made for the Women's Conference of the Charlevoix Association to be held here in May.

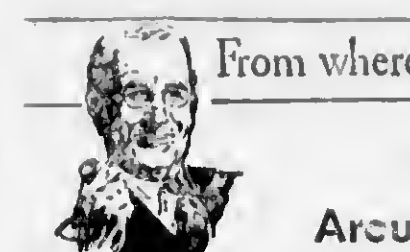

At the close of the business session, the hostess served refreshments to the 13 members present.

Truck Fire Put Out

Catching fire when gasoline on the floor ignited by an acetylene torch, the city fire truck was called Monday to the county highway garage to have a big truck. Damage was mostly to scorched paint, due to fast work by the firemen.

That Ring Around the Bathtub

Jeb Crowell blew his top the other day. Seems that for weeks he's been trying to get his youngsters to scrub out the bathtub after using it. And this night he sees two rings around it—one where young Sonny left off, and another about Pinky's level.

He roves and rants—and takes it out on the misers for her lack of discipline. And later that evening he sees her quietly polishing the hardwood table that's right by his chair. She's removing the rings he's left there with his evening glass of beer!

From now on, Jeb's careful to put his glass down on the table cover—like the misers does. And I hear he's a little more forgiving about rings around the bathtub. Just keeps on patiently reminding.

From where I sit, there are little annoyances in every family—conflicting habits and opinions in every community. A little patience—a little more "forgive and let live"—is the only antidote.

There is plenty of ice in the Passage now, and all around, mostly drift ice and again we have enough snow to cover the ground.

Russell Brown spent a few days on the mainland last week on business, and visited his family at St. Ignace. He returned Saturday.

The plane made nine trips Saturday. The regular mail plane made three trips with mail and the two Pellaton planes carried passengers.

H. R. Pischner walked over the ice from Garden Island, Feb. 2. He reports the new ice was three inches.

A baby girl was born to Mr. and Mrs. Ed. Jazephaitis Wednesday evening. Mother and baby doing fine. When Ed. learned that there was to be another member added to his family, he declared that he would not shave until a girl came to them. So he finally came from behind the brush on Wednesday and now his friends have to look twice to recognize the young man who was an Israelite all winter.

H. R. Pischner and C. B. Kleinberg went to Garden Island on Thursday over the ice.

"Property is the fruit of labor; property is desirable, is a positive good in the world. That some should be rich shows that others may become rich, and hence is just encouragement to industry and enterprise. Let not him who is houseless pull down the house of another, but let him work diligently and build one for himself, thus by example assuring that his own shall be safe from violence when built."

About Town

News of folks, your neighbors and
more... but did you know that—

Have you seen a robin recently? Several folks have reported robins in their yard of late... Mitchell Baird, who was on the program at Boyne recently when the Barber Shop Quartettes held their songfest, made such a hit that he was asked to make a return engagement last Friday before the high school, at which time he played a program of classical and modern piano numbers.

Saturday morning little Louise Broussard gave herself, her family and a travelling salesman a pretty bad scare. She decided that she was going coasting and took herself off for the Alice Street hill with her sled. The ride down was fine, but the sled went out onto Belvedere Avenue just as a car was coming along. The car hit the sled and in so doing threw the child from the sled. Result: one badly wrecked sled, one four-year-old girl terribly frightened but unhurt, one badly frightened driver, and one Charlevoix's basketball team is surely in the spotlight at present chalking up more victories.

Have you got yourself a son for the Father and Son banquet Thursday night? No, the editor does not have a bad case of rheumatism this week. Just sore muscles from skiing Sunday afternoon on beautiful Leelanau peninsula. This section of the north looks like fairyland in its winter dress these days. Many a person went riding Sunday afternoon to drink in the beauty of the countryside. Then there was that prominent business man on Bridge Street who walked home during the big snow recently, only to discover that he had left his car downtown, and had to walk back.

Have to laugh when folks write up here saying, "Hello, Alaska," thinking Charlevoix must be next door neighbor to said spot. Anyway we have not had any 83 below zero weather, as they have been having up Alaska and Yukon way.

Helen Jean Hammond and Virginia Ranger were thrilled gals recently when they were asked to attend the J-Hop at the University of Michigan. The crowd was so enormous that the J-Hop had to be given on two different nights to accommodate all the couples. Val Meylink is saying goodbye to Charlevoix as her home, on Thursday of this week. She will go from here to Detroit to visit her sister and from there will go to Tulsa, Oklahoma. Seems mighty good to see P. R. Ross about town again. Looks fine and says he is feeling fine, although strict precautions are being taken. "Yes, sir," said P. R., "some of the summer folks sent me a two pound box of candy and my wife dishes out just one piece a day." Anyway that box of candy will be lasting quite a while. The Betsy Jo Shop is undergoing a painting and redecorating job.

Belated birthday congratulations to Jane (Bunny) Kohler. Truly she was a thrilled girl last week when her mother had a dinner party for her inviting 27 of her friends. The highlight of the dinner was the unusual birthday cake. Also birthday congratulations to Ruth Miller, Monday night the Bridge Club, of which she is a member, met at the home of Mrs. Arthur Ronger and the occasion was duly celebrated with a candlelit cake, plus homemade icecream. Mrs. Marian Partridge has been giving a series of bridge parties, as she said, "partly to help her pass away her time, while her husband, Henry, is in the hospital in Dearborn." They have been lovely affairs and much enjoyed.

More measles about town... Three swans caught in the ice in Round Lake the other day caused some excitement. Finally they got themselves loose much to everyone's joy. Did you see the northern lights last Sunday morning? A most interesting letter in Detroit warned the cockles of our hearts. Mrs. Vandermade states that "although they have been gone from Charlevoix for a long, long time, the pines, the gulls and the lovely harbor still spell home to them." She says that she never smells a southwest wind but that she doesn't wonder if the ice is out of the bay.

Captain and Mrs. S. M. Rose recently became great-grandparents for the fourth time, for Day. (Continued on page twelve)

Chorus Will Skip Meeting

Architect Will Inspect Possible Hospital Sites

Inspection of several possible sites for the new proposed Charlevoix hospital building will be made this week-end by the architect and members of the Hospital Board.

The architect is N. A. Owings, member of Skidmore, Owings and Merrill of Chicago, a firm which specializes in designing hospitals, one of which is the Little Traverse at Petoskey.

Selection of the Chicago firm was made by the Hospital Board two weeks ago at a special meeting.

Reports were given on the trip to Midland and on the December one to Chicago by Committee. It was deemed wise by the Board to select an architect now so that a site could be selected and plans started.

The choice seemed to be between engaging an all-round architect who planned houses and factories as well as hospitals, or one who specialized on hospitals and had a long record of experience in that particular field. The latter alternative was favored. It was on this basis that the Board decided to sign a contract with Skidmore, Owings and Merrill.

Monday the building committee received word that Owings would fly North Saturday and wished to meet with the Board to discuss preliminary plans and inspect sites.

World Day of Prayer To Be Observed Friday

"Make level in the desert a highway for our God" is the theme of the World Day of Prayer observed annually by Christian women throughout the world on the first Friday in Lent, Feb. 21.

This year the special service in which the women of all Protestant churches participate will be held at the Congregational church from 3 until 4 p.m. Mrs. Allen Campbell was named program chairman at a meeting on Friday at which plans for the service were completed.

The program and readers will include: Foreword, Mrs. Jake White, of the Methodist church; Meditation, Mrs. W. D. Wood, Church of God; Confession, Mrs. A. B. Claypoole, Baptist church; Thanksgiving, Mrs. Ellsworth Dykstra, Barnard Reformed church; Offering, "Preparers of the Way," Mrs. W. A. Cline, Episcopal church; Intercession, Mrs. Campbell, Congregational church. Mrs. A. J. Stelter will be the organist and Mrs. Clair S. Webster and Mrs. Carroll Feidler, the soloists.

An invitation has been extended to the women of the Ironton, Barnard and Norwood churches to attend the service.

Mr. and Mrs. Will Ripley of Cheboygan left recently on a vacation trip to Florida.

City Re-elects Officials, Names New Justice, Gives C. M. Bice Majority

Charlevoix City reelected its incumbent officials, named Capt. Hubert Paddock its Justice of the Peace, and saw its candidate for Circuit Judge defeated outside the county.

The vote in the race for the judgeship followed county lines. On the basis of incomplete returns Wednesday, this county gave C. M. Bice 1060 votes to 229 for C. L. Brown and 360 for R. B. Murchie.

Antrim county, which claims Brown, gave him 844 to 125 for Murchie and 95 for Bice. Incomplete totals for the district were Murchie 1973; Brown, 1899; Bice, 1465.

Lake Craft Bring Sizable City Here

A sizable city's population was brought to Charlevoix by boat during the 1946 season, according to Capt. Joe Howard who last Saturday figured up the totals from his office records.

There were 420 different yachts entered the harbor, with an average of eight or nine persons on each one. Some stayed a day, some as long as six weeks and one man was here eight weeks, living on his craft and doing business in Charlevoix.

In addition 336 passenger and commercial craft were in and out of the harbor, not counting fishing boats. Ships like the South American are included in this count.

Prizes Offered for Best Snow Sculptures

Here's a chance for you snow artists to win some cash prizes. The Courier is planning a snow sculpture competition with \$25 in cash prizes, open to any school pupil or pupils in the Charlevoix area. This means rural as well as city schools.

The approval of the city to the plan has been given, and all that remains is to set the date. This will be governed by the weather but will be within the next four weeks. If there is no good modeling snow, the contest will have to be called off. The contest rules will be:

1. Any rural grade or high school pupil from the Charlevoix area can compete. This includes Ellsworth. Two or more pupils can join forces on a single sculpture.

2. All snow sculptures must be made in the Charlevoix City Park facing Bridge Street.

3. The date will be announced in The Courier and will be on a Saturday.

4. Work shall not be started before 9 a.m. and must be completed by 4 p.m.

5. Working areas will be allotted each contestant; flagrant overstepping of bounds, as well as damaging another's sculpture, will disqualify the offender. A city officer will be on hand to decide all such questions and his ruling will be final.

6. Judging will be on the basis of artistic quality and effectiveness, not on size nor elaborateness.

7. Judging will be done by three persons, whose names and those of the winners will be announced in The Courier after the contest.

8. Prizes will be \$10, \$5, \$4, \$3, \$2 and \$1.

To be assured of a place to compete, reservations can be made in advance for space at The Courier office. Those phoning or bringing in their names will be assured of space in the order the names are received.

City area, receiving 381 votes to 234 for Murchie and 139 for Brown. In Charlevoix he polled 427 to Murchie's 86, Brown's 26.

In the city the only two contests were won by the incumbents. Harley Ochs defeated George LaBlance, Jr., in the second and Harry Hooker won from Emerald LaBlance in the third ward alderman races.

There was no regularly nominated candidate for Justice, retiring Judge H. R. Fowler declining to run again. So friends wrote in the name of Capt. Hubert Paddock and he was elected. The city results were:

Rayders Win from Gaylord, Pellston Fives

Only one game, Boyne City here on Feb. 28, still remains between the Charlevoix Rayders and the end of an unbeaten 1947 season.

Tuesday night Pellston lost to the Maroon players 51 to 29, as did Gaylord last Friday by a 46-28 score.

By David A. Hamilton

The Red Rayders climbed over the Gaylord lads in a rough and tumble game on the local court Friday by a score of 40 to 28. Expert defense and excellent ball handling, with break-away plays and surprising punches was the menu for the evening. R. Carey led the Kipmen with 16 points, five of them legal buckets. Dave Hordy was next with eight points. R. McKellop led the losers with 10. Benser followed with 7.

First period was ushered in with a bang, as both teams raced to make the opening score. Gaylord piled up six buckets and 2 free throws to hold their own as the quarter ended GHS 6, CHS 0.

The second quarter was a different story entirely. The local lads made 13 points, only one on a free throw. Monopolizing the floor show, the Champs waltzed the Jacobson men hither and yon. Half-time came with Charlevoix clearly in the lead 19-11.

The third went as usual with Charlevoix coping 12 points. Nephew, a Yellow and Blue spark helped the GHS boys on the speed end but to no avail. Score 31 to 21.

Final quarter purred evenly on both sides, until L. Holstad entered the game, and breaking from his man three times, scored 6 points in 58 seconds.

School District Has No Outstanding Debt

Contrary to appearance, the Charlevoix school district has no debt.

Some of the fact that it did come from the fact that on the last tax receipts, some of the township treasurers listed a five mill levy under a "Debt Retirement" column, according to Supt. Roy Bennett.

The explanation is that three years ago the school district unanimously voted to collect an extra five mills to be used for school operation. This was for five years.

Some of the treasurers, not having a correctly labeled column on their tax receipts, put the five mills under "debt retirement" when it is a specially approved levy and there is no indebtedness.

Busy Bees Do Well By Allen Campbells

Unlike Sampson, who got his honey from a lion, the Allen Campbells acquire theirs from their cottage.

Two years ago a swarm found a hole in the wall near the stone fireplace of the Campbell cottage near Norwood. For two years they have lived happily there, gathering honey and being protected from the weather.

But two weeks ago Sunday, the Campbells drove out, bored a small hole in the wall, smoked out the swarm and proceeded to clean out the hoard, which amounted to 15 pints, after extracting.

Police Drive Nets \$1025 In County

\$1,025 has already been turned in for the Charlevoix county Infirmary Paralysis Drive, Duane Hosler of Boyne City has announced.

This is the largest amount ever collected in the history of the drive, he stated. More is expected from Charlevoix and Boyne City.

East Jordan has collected the largest amount to date, \$530.00. Boyne City has \$320.00 with more to come. Charlevoix gave \$120.00 in canisters alone. The proceeds from the dance, \$35.00 and the W. F. W. games party, \$17.00, along with several other donations have not been added to the total.

Beaver Island gave \$40.00 to the drive.

Mrs. Glossenger Honored By Bell

Mrs. Addie Glossenger has completed 20 years service with the Michigan Bell Telephone Co.

Starting with the company as an operator in 1910, she left the company after a few years to return again in 1929 to complete the score of years. She was awarded her 20-year pin recently by the company. She has served all the time in the local office except for a short time spent in Chicago.

Mrs. Glossenger is not the only Michigan Bell Telephone representative in her family. A brother, C. E. Ripley, of Holland, retired last fall after completing 49 years service. He started with the company here.

Coast Guard, Police Called to Save Dog

Many magazines feature "The Man of the Hour" on their covers, but Charlevoix could easily boast of "The Dog of the Hour" Tuesday afternoon when Skipper, the brown and white dog belonging to Ray Hamilton created quite a stir.

There was ice on Round Lake. Folks noticed a brown dog on the ice. But what was not generally known was that the collie, many years old, was almost totally blind. Whether Skipper was confused or just decided to go on a dangerous journey in his old age was not disclosed.

At any rate, the ice broke and in went Skipper for an icy both.

It was Agnes Fairbank's observing eye who discovered the dog floundering about, trying hard to pull himself out of the water. She called the Coast Guard and the Police as well.

In the meantime another person, knowing the dog, called the Hamiltons. Ray and his son, Bob, set out in the rowboat and reached Skipper just as he had about reached the exhaustion point. Being so heavy plus the strong current of the lake, it had been pretty hard for the dog to get out of the water.

A warm basement, blankets and hot food had wonderful restoration powers and before long Skipper was comfortable, totally unaware of the excitement he had caused on Main Street—all on a snowy afternoon.

City Chairmen Named for Red Cross Drive

Duerr and Hawley, co-chairmen of Charlevoix, have named the following city chairmen: 1st ward, Mrs. Mable Goddard; 2nd ward, Mrs. J. C. Marshall; 3rd ward, Mrs. Alfred Brown; organizations and clubs, Lou Comfort; Commercial, Industry and Business, Joe Howard; Summer people, Otto Krueger, E. J. Edwards and Arthur Ronger.

These chairmen will name the assistants in the wards.

The annual fund kick-off dinner will be at the Hotel DuRoi in Boyne City Feb. 27 at 7 p.m. Ward, chairmen and volunteer solicitors who intend to be there are asked to notify the district chairman by this Friday.

Venetian Night Plans to Be Made Saturday

Plans for Venetian Night next summer will be made this Saturday when the Marine Club meets at 8 p.m. in the City Hall.

To help in working out arrangements, all boat owners and others interested in putting on one of Charlevoix's premier summer events are asked to attend by S. E. Coleman, Board of Commerce secretary.

Due to the fact that every other night this week was filled, the Marine Club officers decided to do the unusual and have the meeting Saturday after the stores close.

Among the topics to be discussed are getting out more decorated boats; having more publicity for the visitors to eat, publicity for the event; decorations.

Clarence Wood is commodore of the club and will preside at the session.

Kiwanis Offers \$100 in Amateur Prizes

With \$100 in cash prizes, amateur performers of Charlevoix County and Ellsworth are invited to compete in the Amateur Show being sponsored by the Charlevoix Kiwanis Club the last of March.

March 27 has been set as the tentative date. The show will be held in the high school gymnasium.

Entry is open to all varieties of performers. Among the musicians there can be soloists, duets, trios, or quartets, either vocalists or on instruments.

Impersonators, imitators, solo and duet dancers; tumblers, acrobats, jugglers, comedians, magicians, novelty acts—all can compete. The only limit planned by the committee is three persons in a novelty act.

Dean Davenport, club secretary, is in charge of entries.

Owls Have Busy Week—Four Games

The Owls, Charlevoix independent basketball team, were really busy last week.

After playing the New York Komedy Kings Monday they defeated Petoskey Tuesday and Central Lake Thursday. Then Saturday night at the East Jordan tournament they lost by close scores to Indian River and Traverse City.

In the Traverse game the score at the quarter was 2 to 1, and 8-5 at the half. The final was 35-24. Indian River won 38 to 30. Traverse City afterward beat East Jordan easily and became tournament champions.

Wednesday night the Owls played Boyne City Veterans here at the high school.

Why Not Keep Our Money At Home?

P. J. Hoffmaster, head of the state conservation department, points out a good lesson for northern Michigan communities to ponder.

Our state still is a considerable producer of wood. Although the big "inexhaustible" forests are gone, the farm wood lot and the state forests produce about 200 million dollars worth of products annually. Some of this is processed in Michigan. Much of it is sent out as logs or rough lumber and brought back as completed goods.

Hoffmaster says that forest areas should seek industries which would process the wood right at home, saving freight and keeping the production income here in the state.

Sounds sensible.

They Sure Look Fine

A couple of years ago the Saturday Evening Post had an article about some town, it was in North Carolina I think, which was revitalized because of its high school band.

Charlevoix isn't dead by a long ways, or dying for that matter, as is proved by the 42 new band uniforms which have finally arrived and which will be given their formal introduction to the community Friday at the band concert.

This town can be proud of itself for digging up \$2200 for new uniforms. And it can be just as proud of Clarence Odmark's young musicians. They make mighty good music, and in their new uniforms they are a distinct and decidedly major civic asset.

Did You Notice the Landscape Sunday?

If there is anything rarer than a day in June it is one of those perfect winter days such as we had Sunday.

Of course, that red sunrise didn't promise anything too good, but the snow covered trees, spider web patterns of the clothes umbrella in the back yard, the drooping spruce branches, and the sparkling jumble of ice out on Lake Michigan all made a picture.

Put it under the turquoise blue sky at about 8 o'clock and there were enough ready-made pictures around Charlevoix to drive a camera bug crazy.

William Smiths Recall Cold Wedding Trip On Their 47th Anniversary

Mr. and Mrs. William F. Smith who will observe their 47th wedding anniversary Thursday, celebrated the occasion with a family dinner at their home Sunday.

Present were their son and daughter-in-law, Mr. and Mrs. John Smith, and three children, of Petoskey; their sons-in-law and daughters, Mr. and Mrs. Fitch Tooley and daughter, of Boyne City; Mr. and Mrs. Harry A. Bingham and two children, Mr. and Mrs. Hugh Mayne and two children and Miss Mary Smith, of this city. One grandson, Tom Smith of Grand Rapids was unable to attend.

Mr. and Mrs. Smith were married at 6 o'clock Mass at the St. Francis church in Petoskey Feb. 20, 1900. The couple had made the trip to Petoskey the day before in a two seated cutter and spent the night at the City Hotel. They were accompanied by their attendants, Theresa Barrett and Dan Haggerty.

The temperature was 20 degrees below zero, Mrs. Smith recalls, and on their way back to Charlevoix the lantern they had in the back of the cutter to keep them warm set the robes on fire and they had to stop in the freezing weather to extinguish the blaze. A wedding supper at the home of her parents in Hayes township awaited them.

Mr. Smith, who will be 73 on April 1, was born in Two Rivers,

Wis. At the age of 9 years he went sailing on the Great Lakes and followed this life until a year after his marriage. In 1901, he went to work at the water works which were located where the Fish Hatchery now stands. He worked 12 hours a night, 7 nights a week for \$40 a month stoking the furnaces with hemlock and hardwood. After a year there he started a draying business which he operated until moving to a farm in Hayes township in 1915. He retired in 1929. Since then the family has resided at 106 Petoskey ave.

Mrs. Smith is the former Catherine Haggerty. She was born in Berea, Ohio, Aug. 5, 1874 and came to Hayes township with her family at the age of 9.

Both are in excellent health. Mr. Smith can be seen every day as he makes a trip to town to do the shopping. He also enjoys fishing. "We hope to be around a while," Mrs. Smith said, "and enjoy that golden wedding anniversary three years from now."

Besides their five children, they have nine grandchildren.

Mrs. Bonnie Nickerson left recently to spend a month in the east with her son-in-law and daughter, Mr. and Mrs. Russell Kroeze and family who now reside in New York City.

Swing Bridge Erected in 1901 with City's \$20,000 Bond Issue

With the contracts let for the new bridge over Pine River and with surveyors here already running levels, it will not be many months until the present swing bridge will be only a memory and scrap metal.

But for the last 46 years it has carried wagons, buggies, autos, trucks, bicycles and pedestrians over the ship channel. Built in 1901 it has a 130 foot span with a 19 foot, 8 inch roadway besides the two 6 foot walks. Originally it had wooden walks and roadway, but in 1932 these were replaced with the present ones.

This is the second bridge across the Pine River at Bridge street. The first one, which the 1901 structure replaced, was sold to East Jordan back then and now carries traffic over the River Jordan.

There is no known record of just when the first steel span was put in, nor whether there was not a still earlier one, possibly of pine logs, to carry traffic across the river at the natural crossing here.

When the swing bridge was being constructed, and it took less than a year, a scow held in place by cables carried traffic across the river.

According to Arthur Bergeon, former mayor and alderman, the city of Charlevoix floated a bond issue in 1901 to pay for the new swing bridge, there being no state highway funds then to do such things. Frank Glassford, former first ward alderman who came here in 1901, recalls that the bond issue was not more than \$25,000 nor less than \$20,000. Both men agree that the bridge may have cost more than the bond issue since the city could have had some cash on hand.

About 1912 a sinking fund was created by the Council to start paying off the bonds, which were cleaned up by 1920.

Don't wait—only three days left to take advantage of those Campbell's.

WHAT'S COOKING

TO THE TOWN'S TASTE

The Weather Family
Of all the families talked about, The Weathers are most noted. From Coast to coast or pole to pole You'll find them quite devoted.

Take old man Rain, he wets you down;
His brother Fog, is misty;
And Zero chills you to the bone,
But Cyclone, he's so twisty.

Clear Weather makes a guy feel gay,
While Cloudy is depressing;
And then there's old Unusual—
He surely keeps us guessing.

Most people fancy Cousin Snow;
Jack Frost spreads lots of glitter;
Old Hot and Dry are hard to take,
But Balm makes us twitter.

There's Changeable, Chinook and Sleet,
Spring Thaw and Uncle Icy;
But I like all the Weathers
They make each day so spicy.

Monday of this week was annual Menu Day at the Shakespear Club when the members brought their favorite dishes to club along with the recipe. Such delicious food! Five rules were chosen at random to share with you.

Where Cissy Spent Her Honeymoon

Most of the young newlyweds in our town spend their honeymoon at Roundstone Lake or Jackson Falls; why the Martins even went as far as New York City.

But when Cissy Copper married the young Carter boy, they allowed as how they were going to spend their honeymoon right here.

"There's no place better than our town," Cissy says. "And I'd like to start married life at home, with things Bud and I are used to."

Makes sense, come to think of it. Folks naturally left them alone;

and except for occasional visits to the Garden Tavern for a glass of beer, they stayed at home, getting used to married bliss.

My missus prefers traveling—and that's her right. But from where I sit, there's no place better for a honeymoon—or second honeymoon—than right at home—with your own possessions, good home cooking, and a friendly glass of beer or two—with the best companion in the world.

Remember Back When?

TEN YEARS AGO

P. J. Moran, well-known local resident, died from a heart attack at his Clinton Street residence at 11 a. m. Thursday.

R. C. Korth of Charlevoix was elected president of the newly organized Northern Michigan Breeder-Hatchery Association. Chief Boatwain Oscar Smith, commander of the Charlevoix Coast Guard station, and surfman James Marsh left Monday for district coast guard headquarters at Grand Haven to report for flood relief duty.

Hubert Ackert, 82, pioneer Charlevoix resident, died late Monday afternoon at the Charlevoix Hospital.

Mrs. Alonzo Powers, who has been confined at Charlevoix Hospital for several weeks from injuries received in an automobile mishap, was taken to her home Monday.

Mrs. H. C. Wilson and Millard Olney were called Monday to Reed City by the serious illness of the former's uncle and latter's brother, Willard Olney.

At a recent meeting of the county road commission, the scale for common labor was increased from 30 to 35 cents per hour. The minimum for truck drivers was raised from 55 to 40 cents, with the maximum at 45 cents per hour.

THIRTY YEARS AGO

A faucet froze and burst in the unused back kitchen on the third floor of the Charlevoix County bank building Monday evening, at a little after six o'clock. Employees of J. L. Crane's drygoods store worked overtime that night getting stock off the counters and shelves out of the way of the deluge coming down through walls and partitions.

Adam Pfister returned Wednesday morning from Chicago, Hammond, Indiana and Wisconsin points.

Hugh Baetz caught a record-breaking trout weighing fourteen pounds in Pine Lake right near the railroad bridge the other day.

Mr. and Mrs. G. Ellsworth Dalton returned to Charlevoix Wednesday morning after a ten day visit in Grand Rapids, Saginaw, Alma and Grand Haven.

Miss Ida Levinson returned to her home in this city Saturday, after a three months visit in Detroit and with her sister in Chicago. Her sister, Miss Elizabeth Levinson, left Monday afternoon for Cincinnati where she will spend the next three months visiting her brother.

The offices of the county treasurer and register of deeds at the court house are receiving a new coat of paint.

The mail was carried via dog sled over the ice from Cross Village to the Beavers Monday—the first trip of the season.

ROCK ELM

MRS. A. B. LAWTON

Not much news of late. So far as known, everyone around here is well and able to work.

The road was blocked last Sunday night so that Earl Bradley, who was on the night shift at the East Jordan foundry, was unable to report for duty.

Frank Lawton made a short call on his mother and brother Friday and reported everyone well in his neighborhood.

Earl Bradley had the misfortune to lose one of his calves from blousing this week.

People hereabout found themselves without electric lights on Saturday morning. How dim the light of the old kerosene lamp seemed, out how thankful were to have even that, and a

flash light.

Haven't heard from our Florida neighbors since the recent cold wave, so do not know how they have fared.

MURRAY SCHOOL

Peggy and Tony Price visited Southwoods Sunday afternoon.

Mr. and Mrs. Leo Belmer visited her parents, Mr. and Mrs. Cecil Murray Saturday. John (Bud) Murray came home Sunday.

Marguerite McKay, Charles Pawell Wed

In a quiet ceremony at the Methodist manse at 3 p.m. Friday, Marguerite McKay, daughter of Mrs. Emerson Hull, and Charles R. Powell, were married.

Rev. Gaylord Howell read the double ring service in the presence of close relatives and friends.

The bride chose a two-tone gray dressmaker suit, black accessories and a corsage of white gladioli for her wedding.

Mrs. Robert Miller, as her sister's only attendant, wore a brown gabardine suit, brown accessories and a corsage of pink and white gladioli.

Norman Houck assisted as best man.

Mrs. Hull was attired in a black ensemble with white accents and black accessories for her daughter's wedding.

A reception for 25 guests was held at the home of the bride's mother following the ceremony. A three-tiered wedding cake topped with a miniature bride and groom centered the large refreshment table. Bouquets of gladioli in pastel shades were used about the rooms.

Mr. and Mrs. Powell will make their home in this city where they own and operate the Charlevoix Cab Co.

Sales Books

Salesbooks are essential in many businesses.

Of late they have been aggravatingly hard to get. One of the biggest suppliers promises nothing under six months.

Just this month we have made a connection which will promise and so far evidently will deliver standard salesbooks in two months.

This may not last. But at least it looks better.

At any rate, if you want salesbooks or will need them this summer, it would be a good idea not to wait too long before ordering them. If you don't want them until May or June, order now and we'll hold them until then for you. We'd rather have them on hand than two weeks late.

One other thing, Salesbooks are just one of the office and business supply items we carry or get for you. If it's a rubber stamp or a filing case, we've got it or will get it.

But please don't ask for an adding machine. Manufacturers say it will be anything up to a year before they are back in any quantity. We do have plenty of ribbons for 'em though, if that's any help.

Then fresh fruits and vegetables were added, "economy" stores became "superettes", then today's super markets and now the "store of tomorrow" is being developed.

18 Urged As Limit For Driving License

A bill that is a definite threat to the present system of running many Northern Michigan farms is now before the Legislature at Lansing.

Sponsored by the large city forces, the bill would lift the age limit for auto licenses from 14 to 18 years. It is urged as a means of curbing wild youthful driving.

In the rural areas and particularly in the North it is pointed out that the children between 14 and 18 play an important role by acting as delivery drivers. Such a law would mean increased costs on many farms.

Warns Against Proposed New Federal Gun Law

Members of the Rod and Gun Club have received cards warning them against a gun licensing law now before Congress.

This law, the cards say, would forbid ownership of any gun besides a 22 or a shotgun without U. S. permission, or the buying of a gun without Federal red tape. Ownership or purchase would require FBI fingerprinting.

Mrs. Rex Gorsline and son, Michael, arrived Saturday from Williamston to spend two weeks with her mother, Mrs. Anna Eccleston. Mr. Gorsline, who brought them here returned home Sunday. Sally Eccleston, student at Marywood Academy, Grand Rapids, accompanied them here for the week-end.

SO SAYS SUSAN...

Ever since last week I've been wondering why milk is so important a food for people when I get along so well on plenty of good hay and grains, so when the boss was getting me all slicked up the other day I asked him, "Well Susan," he said, "people need four important nutrients in their food, proteins to make them strong, along with fats, carbohydrates and minerals to give them energy. Milk contains all of these food materials more nearly in the right proportions for a proper diet than any other one food. You should know too, that if milk is to be a health food, it must be properly handled. That's why we send our milk to the Maxhauer Dairy to be pasteurized and bottled for the people of Charlevoix."

I thought to myself that a food that had all of those big words in it must be important.

James Rose, 86, resident of Charlevoix for 30 years, died at the Lockwood General Hospital, Petoskey, late Thursday evening. He had been in failing health for several years and had been a patient at the Bowman Convalescent Home in Petoskey for several months.

Mr. Rose was born at Gallen, Mich., July 13, 1860. He resided in Indiana for many years before coming to this community in 1916. His wife, the former Ella Cooper, whom he married at

Ora, Ind., preceded him in death in 1908.

100 Attend Blue, Gold Dinner Marking End of Successful Year for Charlevoix Cub Scouts

In observance of National Boy Scout week, the Cub Scouts of the five local dens, their parents, den mothers and chiefs, committeemen and their wives and Roy Willard, of Petoskey, North district Scout field executive, met Thursday evening for a Blue and Gold dinner.

More than 100 were present for the dinner served in the school lunch room with each den providing food for its own group and guests.

Howard Brumm, Cub Master, graduated four Cubs into Boy Scouts. They were Dean Davenport, Ed Emans, Arthur Teylor and Bobby Marsh, who were accepted as Scouts by David Hamilton, scout master.

Roy Bennett, committeeman, presented the awards to the Cubs. As he did this he explained what each award was for and how one must win it. He impressed the Cubs and their guests by portraying the need for work from the day of birth and how necessary it is to attain one's goal in life. "By continuing the work it has taken to win these awards," he advised, "you will learn to appreciate and cherish all the things being done for you." He also gave credit to the den mothers and chiefs for the fine accomplishments of the boys.

Awards and recipients were: Bobcat award, Paul Ailers, Martin Johnson, Jack Stebe, Tommy LaBlance, Charles McDonald, James Emans and Tommy Swanson; Wolf awards, Tommy Gibbons and Tommy Swanson; Bear awards, Bobby Marsh, who was also given the Webelos, the highest rank in Cub Scouting, Wilfred Brow and Billy Golden; Lion award, Bobby Marsh; Silver Arrows, Bobby Miles, Billy Golden, Billy Haggard and Larry Swanson; Golden Arrows, Ritchie Davis, Billy Haggard and Dean Young.

At the Pock meeting which followed, Earl Johnson, committee chairman presided. Willard spoke briefly and aided in drawing up the charter for 1947. Brumm, who has been acting Cub Master since Jan. 1, and Dr. Gerald Gibbons were named Cub Master and assistant Cub Master respectively, to succeed George LaBlance Jr. and Emerald LaBlance. Other committeemen present were Uno Suomela, head of the financial program and William Heering.

Den Mothers and Chiefs present were Uno Suomela, head of Miles and Alvin Ranger; Den No. 2, Mrs. Ralph Hamilton and Sam

Alderman Hooker offered the following resolution and moved its adoption, seconded by Alderman Bellinger:

WHEREAS the Common Council has heretofore and on the 30th day of December, 1946, adopted a resolution authorizing the issuance of bonds of the City of Charlevoix in the amount of \$107,000 for the purpose of paying part of the cost of additions and improvements to the Electric Light Works of said City, and,

WHEREAS application for approval of said issues has been duly filed with the Municipal Finance Commission, and said Commission has suggested two changes in the wording of said resolution which requires a short amendatory resolution,

Van Orman Rites At Ellsworth Church

Ellsworth—Funeral services for Benjamin Van Orman, who was found dead Thursday morning in his barn, 1½ miles east of Ellsworth, were held Saturday at the Ellsworth church, with Rev. Henry C. Alexander officiating.

Mr. Van Orman was found by a neighbor, Frank Routley, and had apparently died from a heart attack early Wednesday night, according to the county coroner, who investigated.

He was born Oct. 17, 1884, the son of David and Carrie Van Orman, on the farm where he died, and had lived here all his life. He had been living alone since his wife died Jan. 10, 1944. A brother, Robert, is the only survivor.

There will be an Officers Training meeting at the Odd Fellows Hall Feb. 25 from 10 a.m. to 4 p.m. Dinner at noon will be potluck and the meeting is open to all members.

New Farmers Union Formed At South Arm

With Archie Murphy as chairman, a new Farmers Educational and Co-Operative Union was organized Thursday at the South Arm Grange Hall.

Carl Witte, member of the Mason County Farmers Union and cherry grower there, spoke and helped with the organization. On the previous Tuesday Witte addressed a full house at the meeting of the Norwood Union attended by farmers from all parts of the county.

He described the campaign by the cherry processors to tax the growers two cents a pound as an attempt to shift a \$90,000 annual advertising budget to the producers. Witte said a similar proposal is being put to the potato growers. He explained that the State Farmers Union opposes such industry levies because the grower has no control of his product at the plant or warehouse.

Jordan Valley Dairy To Handle Fluid Milk

From now on the Jordan Valley Creamery will handle raw milk as well as cream, its directors decided last Wednesday when they met with interested farmers from Antrim, Charlevoix and Emmet counties.

It was pointed out that some dairymen are more interested in selling milk than butterfat and would prefer to deal with their own cooperative. Since the new addition to the plant was designed for handling raw milk, the directors approved of the change.

Under this arrangement, milk dealers can buy needed fluid milk in time of shortages; and when there is a surplus the plant can manufacture sweet cream, dried milk, condensed milk or other product, depending on the market.

Gar Wood Plant Here Being Closed

The Gar Wood, Jr., Specialties, Inc., plant, opened here last Spring as a contributing plant for the Wood Marine Engineering Co., of Tulsa, Okla., is now in the process of closing.

Rapid developments in the glass and plastic field resulting from Gar Wood, Jr.'s, research have resulted in the construction of the Gar-form line of inboard boats from materials which do not involve the use of any wood whatever. Consequently the Wood Jr. organization has no need for the plant at Charlevoix and it is stated by D. I. Coney, acting for Wood, that every effort is being made to bring the affairs of the Corporation here to a close by March 1.

Coney says that all of the organization sincerely regret the necessity for closing and, for leaving the community. Coney plans to have his family remain here until after the school year closes.

Teach Your Pupils To Think, Industry Advises Schools

Educate your children to think and let them learn particular skills after they finish school was the word brought to the Kiwanis Club Monday by Dr. Glenn E. Loomis, superintendent of the Traverse City Schools and former principal here in 1916-20.

Last summer Dr. Loomis was one of 30 Michigan educators who visited half a dozen industrial centers on a five weeks jaunt, conferring with the heads of such firms as Ford, GMC, Swift's, Metropolitan Life, CIO. The purpose was to learn what the schools should do to prepare pupils for a successful life.

They found that industry was doing a far better job of giving specialized training than the schools could hope to.

The demand today, Dr. Loomis says, is for the high school or college graduate who has a well-rounded personality, a good education in basic fields, who can think for himself and his employer, and who can lead.

Extra curricular activities which develop leadership were rated as highly important by business leaders. One president offered to hire every football captain turned out solely on the basis of proved leadership.

There is a conflict today in in-

dustrial over incentives, he stated in speaking of organized labor. Industry wants to pay more for extra value; union labor is opposed to this, wanting uniform payments for uniform production. Dr. Loomis was presented by Supt. Roy Bennett, program chairman.

Earl Johnson, chairman of the Scout committee, reported that

the Cub Scouts, sponsored by the Club, started with 25 boys last year and ended with 43 enrolled. Fifteen hikes were taken by the Cubs who earned 33 awards.

Don Rabach of Sturgeon Bay, Wis., visited from Saturday until Wednesday with his brother and sister-in-law, Mr. and Mrs. Clarence Rabach.

I deeply appreciate the support given me by the voters of Charlevoix County at the recent Primaries, and the many letters of encouragement.

Rural Telephones

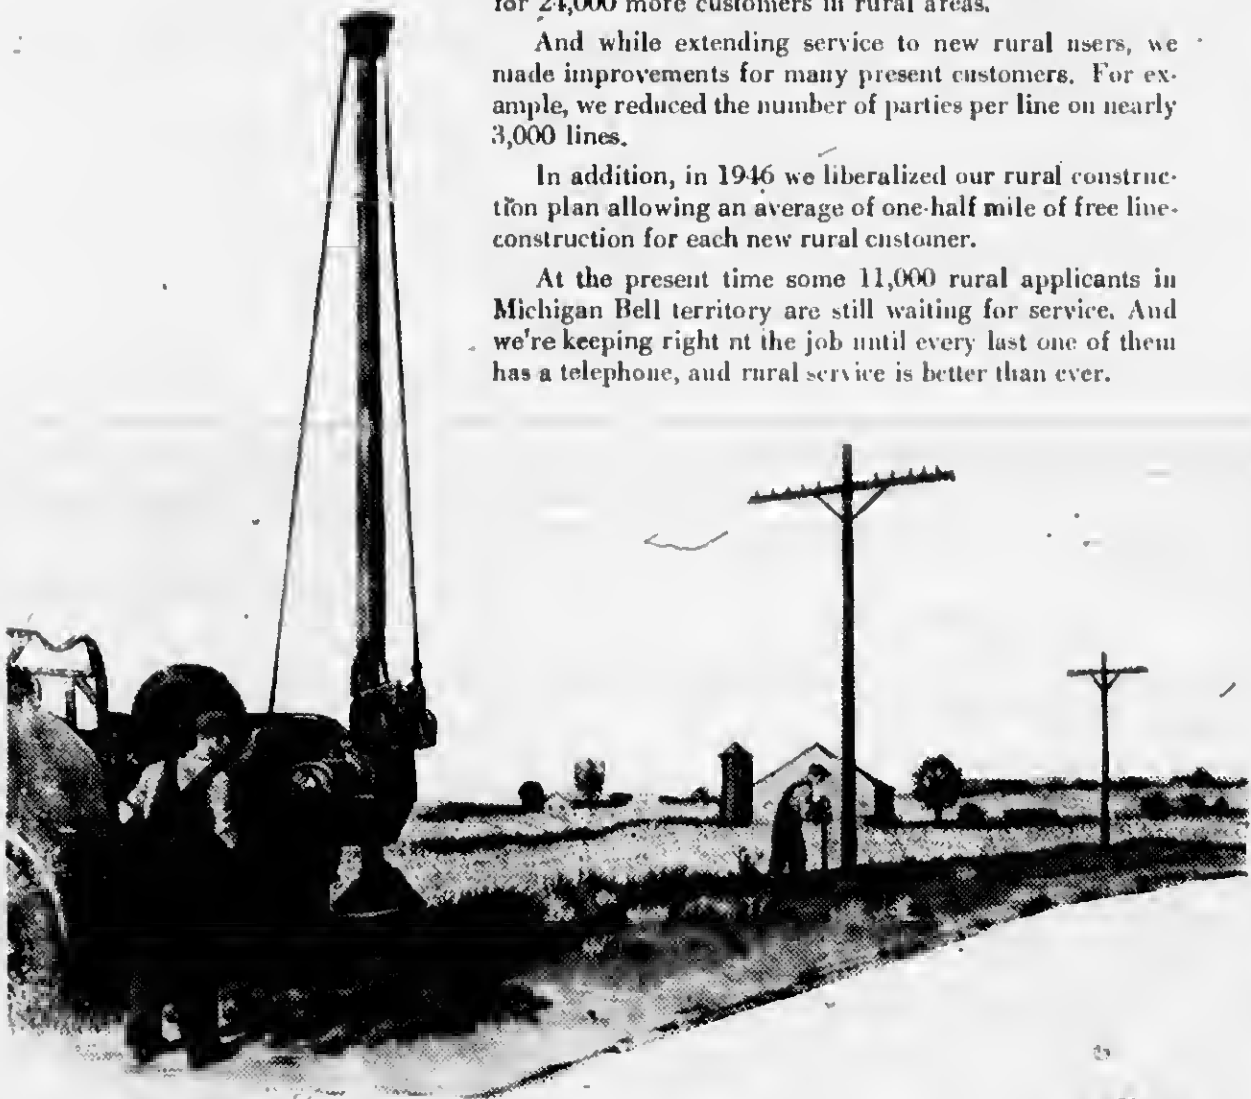

Coming Through!

Our big 5-year \$13,500,000 rural expansion and improvement program is moving right along. Last year we added nearly 10,000 miles of wire and provided telephone service for 24,000 more customers in rural areas.

And while extending service to new rural users, we made improvements for many present customers. For example, we reduced the number of parties per line on nearly 3,000 lines.

In addition, in 1946 we liberalized our rural construction plan allowing an average of one-half mile of free line construction for each new rural customer.

At the present time some 11,000 rural applicants in Michigan Bell territory are still waiting for service. And we're keeping right on the job until every last one of them has a telephone, and rural service is better than ever.

About Town

News of folks, your neighbors and mine... but did you know that—

Friends of Mrs. H. McRee are sorry to learn that she has been ill in bed at the home of her daughter, Marnie, in Detroit since the last of December. The cause is a heart condition. Mrs. McRee is now somewhat better. Capt. McRee is expected to come back to Charlevoix sometime next month. The grand opening of the Wayside was a real success and everyone is proud that Charlevoix has such a splendid all-the-year-around place to eat in such beautiful surroundings. Mr. and Mrs. Rudy Korhonen arrived home Saturday after spending a few weeks with their daughter in Kalamazoo. Rudy says that he is feeling fine after his vacation.

Where there's life there's hope and the spring seed catalogs are coming in now. Think even now will relish the day when mother says, "Henry, it's time to take down those storm windows." That will mean spring is truly here. Pvt. Anthony E. Novotny, son of Mr. and Mrs. Anthony F. Novotny, was graduated Feb. 21 from the Army Air Force Remote Control Turbine School at Lowry Field, Denver, Colo. The Ronald Fairbanks experienced a thrill they will not forget for sometime. On their return home from Florida they came by way of Washington, D. C. They were fortunate in getting passes to go through the White House and the Capitol. While in the Senate Chambers they heard the resolution passed that would limit the President's term of office to eight years.

Weekend guests at the home of Dr. and Mrs. G. B. Saltonstall were Mr. and Mrs. Charles C. Sessions of Ann Arbor, Dick Saltonstall of Grosse Pointe Shores, Mr. and Mrs. Charles Cruikshank of Grosse Pointe and Mr. and Mrs. Jack Dolan of Milwaukee, Wis. In order that their guests might enjoy the real hospitality of the north, the Saltonstalls invited some of their Charlevoix friends to join them and their guests on an old fashioned sleigh-ride party, followed by a square dance at the K of P Hall.

A card from the Frank Couriers way down Mexico way says, "Nearly 2000 miles from home. Very nice and an interesting trip but find nothing to compare in beauty to a certain spot in Michigan." Mr. and Mrs. Charles Warner, who lives out on Route 1, announce the engagement of their daughter, Lucille, to George Anderson, son of Mr. and Mrs. Oscar Anderson of Marquette. Lucille was graduated from Charlevoix in 1944, and left a few months later to work in the School for the Blind at Lansing, Mich. Mr. Anderson is a teacher of crafts at the school.

Met the genial Barney Englehart the other night. (Let they are snowed in these days). Barney is caretaker at Camp Charlevoix and has been a busy fellow during the winter months getting the camp grounds and equipment in shape for June when the boys will come back. The trees and underbrush have been cleared back and the shoreline landscaped. Two new cabins are ready. Mrs. Lula Cornell returned home Friday after visiting relatives in Marquette. Tony Faculak has returned from a business trip to Detroit and Indiana. What a pleasant person is Lt. Mary Simmons. Bet the fellows' hearts skip a beat or two when she enters their rooms at the Percy Jones hospital.

Frances Hamilton has an interesting hobby, collecting toby jugs. Being a member of Dickens Club, this is one way in which she can enjoy some of the characters found in the writer's novels. The lovely Royal Dalton jugs represent different characters from the stories. Just as one thinks the big snow is over, along comes more. Wonder just how many tons of snow have been dumped from the trucks over the banks on Park Avenue. Birthday congratulations to little Mark Nordrum, who was all of two years on Monday. No matter the weather, Bill Ochs at MSC manages to get through to spend week-end with his parents quite frequently.

Weren't you proud of the band last Friday night in their new uniforms at the concert. As we were leaving the gymnasium a woman said, "What a difference! You should have heard the concert given last year and then the one tonight." Congratulations to Clarence Odomark, the director, who is doing a wonderful job. Remember when Nick Hamilton could not see over the top of his bass drum and look where it is now!

Schools to Notify Pupils of Day For Snow Sculpture

Saturday may be the day for the snow sculpture. If there is snow enough in the city park and the weather looks favorable, the competition will be held in the Charlevoix City Park Saturday from 9 a. m. to 4 p. m.

It is open to all school pupils of the Charlevoix area and Ellsworth. The Courier, which is sponsoring the snow sculpture contest, will notify the teachers of the city and rural schools so that word can be passed out Friday. These schools are the public and St. Mary's, Murray, Boy Shore, Ironston, Marion Center, Norwood and Ellsworth. All necessary to enter is to be at the Charlevoix City Park at or after 9 a. m. Saturday and make any snow figure you want to. The competition closes at 4 p. m. Three judges, to be announced later, will pick the winners.

At the suggestion of several citizens, the prize money will be divided differently than was announced last week. The prizes will be \$7.50, \$5, \$3, \$2, \$1.50 and five of \$1 each.

If no notice is given at the schools Friday, then the contest will be postponed until the weather is more favorable.

183 Attend Annual Dad-Son Banquet

Charlevoix's fathers and sons, 183 of them, filled the dining room of the Methodist church Thursday night for the annual Father-Son banquet.

They enjoyed a ham dinner served by the members of the Women's Society of Christian Service, took part in community singing led by Clarence Odomark, and heard talks by Dr. Gerald Gibbons, Robert Shanahan and Capt. Hubert Paddock, U. S. N. retired.

Dr. F. F. McMillan, as chairman of the program committee, called the gathering to order and asked Rev. Gaylord Howell to give the invocation. Community singing followed the dinner. Then Supt. Roy Bennett introduced Rev. W. D. Wood as toastmaster. He in turn presented Mr. Odomark again, who played Kreiser's "Old Refrain" on the violin.

Then Dr. Gibbons gave the Toast to the Sons, pointing out the responsibility of the father. Robert Shanahan's response for the sons was humorously clever. Captain Paddock's address centered about the worth-while traits of character which have marked suffering men. Among these are uprightness, integrity and dependability. He illustrated his talk with instances from the story of Noah; a young lieutenant under his command who won the Navy Cross for saving his men on a Normandy beach; and a submarine commander who died to save his craft.

Lt. Mary Simmons Heads Cancer Drive

Lt. Mary Simmons, who has been home on leave from Percy Jones Hospital, Battle Creek, attended a state training school of the American Cancer Society at the Pantafo Hotel Feb. 18-19. She was also named chairman of the Charlevoix county campaign and will name a county chairman and workers to assist in the drive.

Kiwanians Tell Club Of Florida Experiences

Describing their experiences in Florida, M. A. Levinson and Arlo Wickersham addressed their brother Kiwanians Monday night. Levinson told of experiences on the way down and described Daytona Beach and the old fort at St. Augustine. Wickersham said that to him Florida was a shell with sucker traps around the edge and mostly desolation on the inside.

Chorus to Meet This Thursday Evening

The Charlevoix Male Chorus will meet this Thursday night at the City Hall following the Board of Commerce banquet.

Charlevoix county road commissioners and officials who are attending the annual state road conference in Grand Rapids this week are Lyle Wangerman, chairman, and Angus Fochtman, a member of the board. T. B. Reynolds, county Engineer-supervisor, and Ralph Hamilton, road commission clerk.

Farmers Invited to Businessmen's Dinner March 1

Farmers of this part of Charlevoix and Antrim counties will be invited to attend a banquet and program as guests of the Charlevoix businessmen March 11.

George Hurrell of Michigan State College will be the speaker. A member of the Extension Department staff, Hurrell's specialty is land use and that will be his topic here at the banquet. The banquet is being sponsored by the Kiwanis club and the Board of Commerce is cooperating in putting it on. Fred Willis and Arlo Wickersham are program committee members. The place and time for the banquet will be announced next week.

Commerce Board Dinner Is Tonight

Plans have been completed for the annual Board of Commerce dinner to be given at the Masonic Hall at 7 p. m. Thursday, S. E. Coleman, secretary of the board, has announced.

P. VanFossen of Flint, Traveling Passenger Agent for the Great Lakes Greyhound Company, will be the speaker of the evening. He will also show several films.

George LaBlance, Jr., president of the board, will give the address of welcome. Several vocal numbers by D. C. Malby and the owners, Mr. and Mrs. C. A. Odomark will complete the program. Coleman will act as toastmaster.

Guests from other northern Michigan cities are expected to be present for the dinner which will be served by the local chapter of the O. E. S. Mrs. C. S. Webster has been named general chairman of the event and has appointed Mrs. Ray Faulkner dining room chairman.

Way Side Thronged At Formal Opening

Between 325 and 350 persons were at Way Side, the new Charlevoix eating place, last Thursday for the formal opening.

They came to inspect the excellent new plant, eat the dinners, listen to the music and try the dance floor. Since then, congratulations have been coming to the owners, Mr. and Mrs. Oscar Stroud and Mr. and Mrs. J. K. Reed. A letter from the Ministerial Association praised the owners for giving the teen age youth a place to meet and for operating an eating place which did not serve liquor. Similar letters came from individuals who also commented on the need of Charlevoix for such a place.

The chef at the Way Side is Cottell Burline, formerly of the Netherlands Plaza hotel at Cincinnati. He came to the Way Side directly from there. Other cooks from Cincinnati will be here this summer.

Helping Burline is Mrs. Zack White, formerly of Zee-Mar Pines, and her husband. He also entertained occasionally on the piano with his boogie-woogie.

Mrs. Betty Coney is hostess and cashier. Waitresses are Miss Margaret Melins, Mrs. Clara Crain, Miss Isabel Smith, Miss Edna Novotny, Mrs. Sylvia Metzger. In charge of the soda bar is Mrs. Dorothy Case. Her assistants are Joan Ward and Gladys Coney.

Theodore Melin is bus boy. In charge of maintenance is Frank Kerchak.

The pictures of the Wayside used last week were taken by Don I. Coney, general sales manager of the Wood Marine Engineering Corp., of Tulsa, Okla.

Red Cross Director At Kick Off Dinner

Miss Anna Marie Anderson will be the guest speaker at a "Kick Off" dinner given by the Charlevoix County Chapter of the American Red Cross at the Hotel Dilworth, Feb. 27 at 7 p. m.

This dinner will open the \$5000 fund drive in the county.

Miss Anderson entered Red Cross service in 1944, serving overseas as recreational worker, program director and club supervisor in various hospitals and camps.

Memorial Fund Quietly Helps When Misfortune Strikes Anywhere in Charlevoix Community

Devoted to the meeting of emergency needs of persons or families who have had misfortune and would suffer except for prompt help, in the Lenore Goldman Myer Fund the Charlevoix community has a highly unusual and efficient means of helping others.

Only one exception is made to the strict meaning of the word emergency in the Fund's charter. That is milk for the young or school children who need extra nourishment.

Named in memory of Lenore Goldman Myer, the Fund was started in the fall of 1940. For some 35 years the Alvin D. Goldmans of St. Louis have been summer residents of Charlevoix. Besides their two sons they had one daughter, Lenore. Married and mother of two children, she died in August, 1940, of cancer.

Her friends here and many relatives, in place of costly flowers for the funeral, quietly collected about \$2000 and turned it over to the family to be used in any way they saw fit in memory of Mrs. Myer. They decided to make this the nucleus of a Memorial Fund, to be administered here for the benefit of those in this community.

Friends who knew Mrs. Myer say that in this way the Fund is only doing a work which she had made her personal concern every summer she came here. No case of pressing need ever came to her attention, they say, that Lenore Goldman didn't do something about it.

In October, 1940 the Fund was formally set up as a non-profit corporation. Six Charlevoix citizens were named as trustees with full power to administer the fund. They are: Mrs. Arthur Ranger, chairman; Robert Bridge, secretary-treasurer; Mr. and Mrs. William Meyer, Mrs. Bridge, Arthur Ranger, trustees.

Unlike so many similar foundations, the Lenore Goldman Myer trustees are not limited to use of the interest. The sponsors instructed them to meet real emergency needs if and as they arose, spending even principal if the occasion justified it. The need, not the dollar, is to guide them.

Under this provision, new gifts are needed from time to time to keep the work going. Increasingly of recent years, Mrs. Ranger says, residents of Charlevoix make a gift to the Fund in place of flowers at a funeral or a present on a birthday.

At the school, the same system for giving out milk has been used from the start. Every child in the lower grades gets a half pint bottle daily. Those whose parents can't afford it, pay. For those who cannot, the Goldman Myer Fund supplies the milk.

During the first semester this year, the Fund paid \$81.37 for 2065 bottles. During 1945-46 the total was \$695 half pints.

Fire Destroys Home On Himebauch Farm

If the electric motor to the water pump hadn't quit, or if the fire truck could have got there, or if the fire hadn't been in the walls—if it hadn't been for these ifs the big home on the former Ecklund farm now owned by Mr. and Mrs. Clarence Himebauch wouldn't have burned completely last Thursday night.

Cause of the fire is not known but an oil burner in the basement is suspected. Himebauch had 2,000 bushels of potatoes stored there and kept the oil heater going to prevent freezing. There was no explosion but from the fire's start the heater is suspected.

Miss Alice Himebauch, his sister, was staying with them and noticed smoke in her room about 11 p. m. She at once went downstairs and awakened the rest. Then she walked and ran a mile and a half, to notify her brother-in-law, Albert Elliott, and her parents.

Elliott called Floyd Black and Vern McGahan, other neighbors. Virtually everything in the house was saved, including the canned fruit, bathtub and stool, clothing and dishes. By ripping off sheets of sheet iron and leaning them against the walls, a garage within 12 feet of the burning house was saved.

One member of the family took the entire fire coolly. That was 16-day-old Gordon Leslie Himebauch. While the rest were fighting the fire or carrying out furniture he slept calmly in his baby basket for two hours—in the barn.

Venetian Night Queen Suggested by Marine Club

Plans for Venetian Night this summer were talked over Saturday night at the annual meeting of the Marine Club.

Officers for the coming year also were elected. Franklin Ochs is the new commodore, succeeding Clarence Wood. Dr. John Nordrum and James Bellinger are vice and rear commodore respectively. William Bellinger and Capt. Joe Howard are secretary and treasurer.

Two major improvements are needed at the harbor, the meeting agreed. First are power and water connections handy for the boats that tie up here. Second are modern toilets and possibly showers for both the boat folks and the travelling public. It was pointed out that few things make a more favorable impression on travelers than a city with clean and accessible rest rooms.

More eating places were given as one of the major needs on Venetian Night. Board of Commerce Secretary S. E. Coleman said several organizations here would be invited to have stands to dispense ice cream, soft drinks, hot dogs or hamburgers. With more crowd here last year than the stores could handle, a situation arose which was bad both for the stores and the public.

If more boats decorated and substituting prizes for cash also were discussed. The Marine Club voted to ask the members of the Shakespeare and Dickens clubs, or both jointly, to sponsor and handle the selection of a Venetian Night queen and court for this summer.

Deer Stage Show On Lake for Ironton Folks

Eventually wanting to look around, last week four deer came out on the ice at the mouth of South Arm, looked around for some ten or 15 minutes and then went back to the Hemingway place.

But Gill first saw them and notified many of the Ironton folks. There were a buck and three does.

William Tryon to Stand Trial Here, Son Has to Tell Story of Shooting

At the price of forcing a 12-year-old son to tell that he saw his father kill his mother, William Tryon of Boyne City Monday was adjudged to be possibly guilty of murder.

Arraigned before Justice Horace Fowler here, Tryon heard the main facts of the case against him brought out. At the conclusion of the four hour hearing, Justice Fowler bound him over to the March term of court, ordering him held without bail.

Tryon was represented by two attorneys, Guy C. Conkle, Jr., of Boyne City and Roman C. Glocheski of Grand Rapids. Glocheski conducted the cross questioning and twice during the long examination seemed possibly to indicate lines which the defense might follow when the trial comes.

During the morning session, Dr. G. C. Conkle was on the stand. On cross examination Glocheski brought out that Dr. Conkle had studied psychiatry, had served three years as doctor at the Pontiac State Hospital, and had been the Tryon family physician from the time the couple was married.

In the afternoon, again on cross examination, Glocheski tried to shake the story told by 12-year-old Billy Tryon, who had said he saw his father shoot his mother.

A Few Changes Are Needed

Like all sessions of the Legislature, a lot of bills are being introduced at Lansing. Some of them are good and some are not.

Among the latter I certainly would count HB 129 which appropriates \$10,000 to investigate seditious activities. The state cannot afford to be throwing away even \$1,000 these days. And ten years from now we'd look back on such an investigation and call it a witch hunt.

In the good category I'd include House Bill 131 which provides \$50 to \$100 fines and 5 to 90 days in jail, plus loss of a hunting license for three years for anyone convicted of killing a female deer. It is about time the hunting law had some fine large teeth and I believe public opinion will back up such penalties.

Senate Bill 108 says judges have to keep all cases before them cleaned up, at least within six months, or no pay. The public certainly is entitled to that grade of service.

Best bill of all, to me, is Senate Bill 117 which authorizes the creation of a constitutional revision commission. It would have 15 members named by the governor and report before November, 1948. Our old constitution sure needs overhauling.

It's Fun to Know the Other Fellow

The other night at the Father and Son banquet, Rev. W. D. Wood spoke truly when he praised the Methodists for sponsoring an event "open to all men of all faiths."

We always can stand more of those affairs. Every community has the same failing: small groups are inclined to stay too closely to themselves, whether it be church, club, lodge or neighborhood.

Charlevoix is far better than the average. Here we have the Masons and Odd Fellows having an annual cribbage tournament. The Kiwanians and farmers swap meetings back and forth. The Methodists have the Father-Son and the Congregational church the Mother-Daughter. Other

groups such as the Marine Club and the SPEER cut across social, economic, fraternal lines.

But the fact remains that one of the most enjoyable features of small town life is getting together of an evening with folks whom you don't ordinarily meet and talking about any subject under the sun. It is such renewed contacts that brighten life greatly.

I'm not suggesting more meetings. Heaven knows there is more going on nights now than most of us can get to. But whenever it is possible, let's have more of these events "open to all men of all faiths."

It May Be Necessary, But It's Brutal

The putting of young Billy Tryon on the witness stand at the arraignment of his father probably was necessary legally. But it still was a cruel public spectacle.

The boy, a sensitive-faced lad, was a nervous wreck for weeks after his family tragedy; even had to be sent to a hospital for a time.

After all that, Monday he had to face a room of strange adult faces and relive the horror. That he has unusual stamina is proved by the fact he was able to testify for an hour and then stand another 60 minutes of not too kind cross questioning.

One could sense that Mike Biee hated to have to put Billy on the stand. His questioning was as gentle as it possibly could be and still develop the story as our legal custom requires it has to be developed. I suppose the very job of the defense made it obligatory to try to shake the boy's story. But that fact did not make the mental torture of a 12-year-old any easier.

Here at the office we debated for a long while how to handle the story. Finally we toned it down to give just the gist, leaving out all the grimmer passages. When it comes time for the trial Billy likely will have to suffer the entire (and possibly a worse) ordeal all over. But The Courier will not repeat it beyond saying he testified. Once of that is enough.

Klooster to Sponsor John Deere Day

Conrad Klooster will sponsor a John Deere day at his Atwood implement store on March 25.

The event will start at 10 a. m. There will be free food at noon for all who come. New equipment will be on display and in the afternoon the movie, "The Windjammer" starring Bob Burns will be shown at the store. There also will be door prizes.

A similar event was held last year when the new Klooster building was opened.

Mr. and Mrs. Don Stevens of Grand Rapids spent the weekend with the former's parents, Mr. and Mrs. Charles Stevens, and other relatives.

Remember Back When?

Ten Years Ago

Millard Olney, resident of this city for 75 of his 77 years, died Thursday afternoon at Reed City following a brief illness.

Miss Helen Gallagher (now Mrs. Ivan Phillips) had been chosen Charlevoix winter queen to represent this city at the Tenth Annual Michigan Winter Carnival at Petoskey, Feb. 5.

George O. Haggard withdrew as a candidate for the first ward alderman, leaving the field to P. D. Campbell, the incumbent and Karl Erber.

George Meggison was one of three farmers of the state to receive a plaque for their achievements in promoting dairying in Michigan.

Plans are going forward for the fireman's masquerade ball, a former popular winter entertainment feature before discontinuance several years ago.

Commercial fishing practically stopped this week in Charlevoix waters, due to light catches and winter conditions. Several local operators moved their boats to Frankfort and Ludington.

James Morey spent the weekend at Traverse City with Mrs. Morey and children. Mrs. Morey is recovering at the home of her mother from a recent major operation.

George W. Weaver plans leaving this week for Lincoln, Neb., where he will join his son-in-law and daughter (Marjorie), Mr. and Mrs. Gaffney, where the former has taken a position.

Twenty Years Ago

"Dad" Brady gets a puff in this week's paper as "the 95% efficient caretaker of a 95% efficiency auto camp."

Everyone is talking about Charlevoix's big winter carnival scheduled for Friday and Saturday, Feb. 11 and 12, at Mt. McSaba. Gib Holland of the Nowland Lake district landed a 14 pound pickerel, caught in Nowland lake Monday. The fish measured three and a half feet long.

Ice cutting was completed today. The total cut amounts to about 10,000 tons. Work was started earlier this season and completed in the record time of three weeks.

Mr. and Mrs. Oakley Hammond are the proud parents of a baby

daughter, Helen Jean, born at the Charlevoix hospital last Saturday.

A. Russell who for the past two years has been Pere Marquette local passenger agent, has received notice of his promotion as travelling passenger agent of that railroad and will leave the first of next week for Chicago to begin his new duties.

Clifford Swanson, son of Mr. and Mrs. Edward Swanson of Norwood township, died Tuesday morning at the home of his parents.

Central Lake's public school and gymnasium were completely destroyed by fire Monday night at about 10:45 o'clock. Loss about \$75,000.

B. A. Herman left Tuesday for Grand Rapids. From there he will go to Chicago where he will be joined by his brother on a trip to Florida.

Thirty Years Ago

Messages received at the local Western Union office, Monday state that our ambassador to Berlin, James Gerard, has received his passport; also that Bernsdorff, the German ambassador at Washington, has received his walking papers. No state of war, however, yet exists.

Monday at 8 p. m., Miss Mildred Eckinger became the bride of Roy I. McArthur at the home of her father, D. J. Eckinger on Huribut Avenue.

Will Mixmang, an Indian youth well-known in Charlevoix and a former Carlisle student, died in Cross Village Monday. He ran the picture machine at the Majestic theatre for some time and lived out at the Indian settlement at the Charlevoix Rock Product Co.

Capt. S. M. Rose has purchased the barber shop which Frank Wood has run for the past 33 years and will remodel it. Wood says he is a "tired business man" and intends to "go fishin'."

Mail was being carried to the Beavers by dog sled, this winter. Mrs. Oliva M. Carlstein, a former resident of this city, died of paralysis, last Monday morning, at her home at Horton's Bay. She was 68 years of age.

Past Matrons Entertain At Tri-City Meeting

The Past Matrons Club of Charlevoix entertained the clubs of East Jordan and Boyne City at a Tri-city meeting recently.

A buffet luncheon was served at the Masonic Hall with 33 members present. Luncheon tables were decorated with red tapers and Valentine favors. A large birthday cake, honoring the members with birthdays this month, was a feature of the luncheon. Games and a social hour and a brief talk by Mrs. Charles Bellinger, Grand Adah, concluded the meeting.

New Can Labels Give Grade, Describe Food

The A & P company is trying out something new in canned food labels.

It is an attempt to answer the old demand for something on the outside to show what's inside the can. As worked out by A & P, the can label gives the grade as determined by government standards, A, B, or C. Then it goes on to describe just what the grade means. Grade A might mean, for example, a vegetable picked and packed at the prime, and with 16 percent liquid. C grade might be the same vegetable in smaller size, less tasty and with 25 percent liquid.

Bert Solves the Labor Problem

You hear a lot about capital and labor nowadays, as if the two could never get together. But look at Bert Childers—who has 320 acres of producing land, a fair-sized herd of cattle, and two farm hands working for him.

If you called Bert a "capitalist" he wouldn't know what you meant, and neither would Spike and Sandy, the hired men. Bert works side by side with both of them; and in the evenings they all around the fire together—sharing a friendly glass of beer or two.

If anybody has a beef—whether it's about wages or hours or equipment—they talk it over at those friendly evening sessions.

I don't say all labor problems are as simple as Bert's. But from where I sit, the basic principle applies to any farm or factory or business: A principle of confidence and mutual respect, of daily talks together in a friendly and congenial atmosphere.

SO SAYS SUSAN...

Last Tuesday the Boss was showing a guest about the barn and they got to talking about the price of milk. Any way, the guest thought the price of milk should come down because the price of butter had taken a drop. Right away the Boss explained to him that if the milk producers had taken advantage of the high price of butterfat, the people of Charlevoix would have had to go without milk. "We realized," said the Boss, "that butterfat prices had gone out of proportion to whole milk prices and that eventually they would get back in the proper ratio." He added, "You must remember, too, that retail prices of milk in Charlevoix were never as high as they were in most places, in spite of the fact that the producers and the Maxbauer Dairy had, and still have, those increased operating expenses."

When the Boss got through explaining all the expense there was in getting a bottle of milk from me to the user, the price looked pretty reasonable.

100th Anniversary of the Birth of Alexander Graham Bell

MARCH 3, 1847

The telephone was born and raised in a laboratory

Alexander Graham Bell's invention of the telephone was the achievement of a trained scientific mind.

Continuous scientific progress to improve telephone communication began with him and has continued ever since. It is carried on today by the six thousand men and women of the Bell Telephone Laboratories.

Dr. Bell's thoughts on work and research were given to a number of young people in a graduation address. "Don't keep going only where others

have gone. Leave the beaten track occasionally and dive into the woods. You will be certain to find something that you have never seen before.

"Follow it up, explore all around it; one discovery will lead to another and before you know it you will have something worth thinking about."

That has been the policy of the telephone business from the beginning. It underlies the progress that has been made and the progress that is to come.

FIRST SENTENCE EVER SPOKEN OVER THE TELEPHONE (on March 10, 1876) was, "Mr. Watson, come here. I want you." It happened when Alexander Graham Bell spilled some battery solution on his clothes and called out for assistance. Thomas A. Watson, his assistant, came running in from another room and exclaimed—"Mr. Bell, I heard every word you said—distinctly."

Tryon Bound Over To Circuit Court

(Continued from page 1)
What I did. I'm a bad man and I don't want to live."

Following the physician, Bice called Billy Tryon to the stand. Giving prompt answers to the questions, he was there an hour. Briefly, his story was that he, his sister Patricia, 10, and cousin, Bobby Harbaugh, had gone to the show, came home and gone to bed downstairs. He partly roused when his parents came in.

Shortly afterward he heard his mother screaming. This awakened him completely and he ran upstairs. With only an occasional quiver in his voice, he told the story of the tragedy. Of how his father ("he always yells and talks loud") was shouting at his mother and was hitting her and swearing at her. Of how she was sitting on the bed holding the sheet in front of her. Of how he got between them and tried to separate them. ("Mother never wanted my sister and me to see them fight.") Of how his father grabbed him and pushed him away. Of how he got on the other side of the bed, his father went for the shotgun, came back and said, "I've wanted to do this for a long time"; then shot three times. Of how his father had said good-bye as he ran by him out of the room, then jumped downstairs and ran two blocks to his grandparents.

At the cross examination Glocheski shifted from his accustomed place at the judge's right to the left side of the bench, so that Billy had to look at his father and could not see his aunt, uncle and grandmother.

Billy broke down several times under Glocheski's questions. He told how his father and not he had gone for the gun, how his father had tried to get him to take it and shoot, how his mother had told him not to and he hadn't. Other testimony by Kenneth Lane, police chief, and Harbaugh added little to the story.

At the conclusion, the defense

asked for a ten-day period to prepare and submit briefs. Bice argued that this was unnecessary, that if Tryon was not bound over Monday the case would have to be postponed to the May term instead of the March, that briefs could be submitted to the circuit judge.

Justice Fowler denied the request and bound Tryon over, holding that the evidence indicated enough possibility of guilt to justify a trial.

The one note of humor in the entire proceedings was supplied by Glocheski in his request for a ten-day delay. He said he personally would prefer to have the case come up in the May term as he always had wanted to visit beautiful Charlevoix in May and having the trial then would mean he could.

Justice Fowler was not visibly impressed by the argument.

Mr. and Mrs. Angus Fochtman left Monday on a vacation trip to southern Michigan where they will visit their son-in-law and daughters, Mr. and Mrs. Robert Riddle and Miss Esther Lou Fochtman and their son, Richard, at Lansing.

Miss Betty Kirkwood returned to Holland on Tuesday after spending the week-end with Dr. and Mrs. Earl Faber.

Mr. and Mrs. Frank Novotny had as their week-end guest, Guy Davis of Detroit.

Mr. and Mrs. Harry Gebeau spent last Thursday in Traverse City with Mrs. Lillian Hansen.

About Town

News of folks, your neighbors and mine... but did you know that...

The headlines in the morning papers this week "Army to Free Draftees" must have made a good many mothers and aunts feel pretty good, not to speak of the boys themselves. Word has been received from California that Mrs. Clara Todd and Frances Ohlstead are planning on returning to Michigan in a few weeks. According to Mrs. Todd "there is no place like Michigan." ... Surely knew there was a wedding in town last Saturday and more wedding bells are to be ringing.

Mrs. Rose Ager arrived home last week from West McHenry, Ill., and was she surprised. She found that during her absence friend husband had done a modernizing job on the kitchen, building new cupboards and putting in a window above the sink, making it much lighter in the room. What woman doesn't like an attractive kitchen since that is where she spends a great deal of her time. But Mrs. Ager thought her cup of happiness had really run over, for there are also new grandchildren. There is a new grandchild at her house and her mission to West McHenry was to see another. She was accompanied from Lansing by Mrs. Kenneth Ager. The new mother down in Illinois is Mrs. Howard Burman, known in Charlevoix as Evelyn Ager.

The birds are flying north again and this time it was Mr. and Mrs. Frank Bird, who arrived home Monday night after doing Florida for many weeks. It was their first really big vacation in 35 years and they made the most of it, doing the state from one end to the other. Mr. Bird said the frost had killed much of the Florida fruit and flowers. When they arrived in Knoxville on their homeward jaunt they were greeted with a foot of snow. ... Another Charlevoix person to return home from Florida is Mrs. H. B. Jacobs. She spent the past four months there. On her return she stopped in Lansing and visited. ... Dr. Gerald Gibbons has an identical twin living in Detroit.

Shirley Bradley Lusk, Charlevoix's bride of Saturday, has an interesting job in Lansing in a flower shop. She has been taking a course in flower arrangement. Her friends realize how clever she is with flowers when they saw the bouquets she made for her own wedding. Even her little hat was all of flowers. ... Personal nomination for a mighty sweet youngster in town, who is easy on the eyes, is little Marlene Chew.

Mrs. Rose Pearl has returned from Houston, Texas, Mississippi and Louisiana where she has been for several weeks. Enroute home she visited a friend, Barbara Kysela at Wayne. ... Belated birthday congratulations to Archie Livingston, Sr. and Mrs. Walter and Charles Hollinger. ... Rev. Jackson E. Turner is giving an interesting series of sermons on "Interesting Personalities in the Bible". Treating the characters from a different angle than one usually hears of them. His next week's sermon will be on "Judas".

The Kit Carson family is back home again after seeing America from the Pacific to the Gulf of Mexico. One member of the family is especially glad to be back, young Kit, and he was glad that Dad got here before the snow was gone. The Carsons spent some time in Beverly Hills with relatives and saw many interesting spots in California, including Yosemite, the Sequoias and Death Valley. Coming back they saw the Grand Canyon and then on to Texas. (Thought they never would get through the State, it seemed so huge.) New Orleans and its old French Quarter followed and finally the family ended up in Florida. On their return home the Carsons arrived in Chattanooga, Tenn., just a day after the funeral of Grace Moore.

More new folks are arriving in this section, the latest being the Thomas W. Twining family of Detroit. Mr. Twining is the new owner of the Supernaw farm at Norwood. He has been a salesman for Packard and spent a great deal of his time in Canada. Now he wants to settle down so that he can spend some time with his family and enjoy living, and at the same time have a pleasant spot in which to live. With him came his father and mother who have been living in Cadillac. Another relative of the family recently purchased the Bolton farm.

New Reporters Write For Courier

Three new correspondents have been added to the staff of The Courier.

They are sending in news from communities to the south. Mrs. Harry Bos is the new Atwood reporter. At Eastport Miss Ethel Derenzy is writing the news. At Barnard Mrs. Dick Potter is the new correspondent.

For years Mrs. Clyde Smith has covered the Barnard community for The Courier but last month she suggested that another person be obtained to handle the news.

Three South Arm Pike Total 55 Pounds

Fifty-five pounds of Great Northern Pike in just three fish were brought to The Courier office Monday morning by five unusually lucky fishermen.

All three fish were caught Sunday, the quintet reported, on perch hooks and lines while the men were fishing through the ice near Holy Island. The five were William Barnes, George and Jim Sharow, Jack Cunningham and Bob Allard.

The pike measured 42, 40 1/2 and 40 inches; and weighed 20, 19 and 16 pounds.

Barnes explained they were caught on fine silk perch line and measured off less than a half inch with his thumb and finger to show how small the hooks were. Small minnows were used for bait, they stated.

Leonard P. Adams, Former Mayor, Dies

Leonard P. Adams, 79, former mayor and businessman, died at his home early Sunday morning after a long illness.

Funeral services were conducted at the See Funeral Home at 2 p. m. Tuesday by Rev. G. R. Parker of Northport.

Mr. Adams was born at Hartford, Mich., Oct. 3, 1867. He came to this community more than 50 years ago and operated various businesses until he retired six years ago because of ill health. He served one term as mayor and was active in the Board of Commerce and other civic organizations. Prior to his illness, he was active in the Knights of Pythias and the B. P. O. E.

Surviving are his wife, the former Mary Frances Works, whom he married before coming here; a son, Prescott, of San Marcus, Texas; two daughters, Nell of this city, and Mary of San Antonio, Texas and four grandchildren.

Burial will be in the family vault in the Catholic cemetery.

Tryon Trial Set For Week of April 21

The trial of William Tryon, 34, who is charged with first degree murder in connection with the shooting of his wife, Opal, 29, at their home in Boyne City, on Dec. 2, was set for the week of April 21 by Judge Ward Waller in Charlevoix county circuit court Monday.

Tryon appeared briefly in court Monday morning with his counsel, Guy C. Conkle, Jr., of Boyne City, who entered his client's plea of not guilty. Tryon is being held without bail in the county jail here. Judge Waller of Cheboygan did not set a definite date for the trial other than the week of April 21.

Coach Ray Kipke's Red Rayders completed an undefeated season Friday when they trimmed the Boyne City Ramblers 42-13.

The Rayders who have won 15 games this year including two non-conference games with Petoskey, a Class B outfit, are the only undefeated team in the conference.

Charlevoix led 21-5 at the half. Both sides used a man to man defense all through the game but the Rayders' ball handling was so smooth there was no real competition.

The score at the end of the third period was 32-11 when Coach Kipke put in Halstad, Peterson, Lagerman, Martin and Zietler to finish the game for the Rayders. Final score was 42-13.

R. Carey was high point man for Charlevoix with 7 baskets and 1 free throw for 15 points. Hardy accounted for 11 points and W. Carey and Martin six each. J. Moore tallied 5 for Boyne.

The Little Rayders-Boyne B contest proved to be the best game of the evening with Boyne taking the game 17-14. Each team led during the last half with the score tilting from 12-12, 13-14, 15-14 and Boyne making a last basket to take the game. Andrews lead Boyne with 8 points and Bennett for the Little Rayders with 6.

Charlevoix will enter the Divisional tournament at Petoskey on Friday as the only undefeated team in the conference. They will meet Harbor at 8:50 p. m. Earlier in the evening, Pellston will play Onaway. The winners will clash at 8:50 p. m. Saturday.

Three men from the Reserves have been promoted to the first string and will be taken to the district tournament. They are Warren Shadko, Ross Case and Dick Donaldson.

Tickets for the district tournament are now on sale at the high school. Applications for reserved seats also will be taken there and the tickets can be picked up at Petoskey high school between 4 and 8 p. m. Friday. Reserved seat tickets for Saturday can be picked up after the Friday game if previously requested.

Odd Fellows Ahead; One Match To Play

Although the Odd Fellows still lead in the annual winter tournament, the Masons Monday for the first time piled up a larger evening score than their opponents.

They garnered 17,320 points to the 17,013 of the IOOF. Next week is the final game, after which the winners will be banqueted by the losers.

Ellsworth Cannery Adds Million Dollars Yearly To Income Of Surrounding Territory

Bringing more than a million dollars annually into this community, the Ellsworth cannery plant has grown from a cracker-box to one of the most modern in the country. E. H. Rood Monday night told the Kiwanians.

Manager of the Reid, Murdoch cannery now and connected with the plant almost from the start, Rood described the financial troubles of the early days. During the building days, he and the treasurer regularly went out each week and sold enough stock to pay the men. When finally the place was ready to operate, it was with little machinery, none of which they owned.

All was hand work and only 15,000 cases were packed the first year. Business was slowly built

Business Men To Consider Trade Program

Possibility of forming an organization of businessmen to discuss common problems and see what cooperation will do will be investigated March 13 at a meeting to which all business and professional men of Charlevoix are invited.

It will be at the Way Side starting at 6:30 p. m.

The movement resulted from frequent talks and suggestions which have been made along Bridge street all winter. Finally several interested men met with the Executive committee of the Board of Commerce to talk it over. Result of this was the plan to have a dinner open to all interested. At that time a possible program will be outlined. The decision on whether to go ahead and try out one or more cooperative ventures will be made by these present.

A letter sent to 126 firms and individuals here suggested that the organization, if one is formed, operate as a special committee of the Board of Commerce, thus avoiding duplication of effort. Among potential programs which such a committee could foster would be more winter tourist business and special events such as trade days.

Girl Scouts Will Observe Birthday

Girl Scouts here will celebrate the 35th anniversary of their organization next week.

The observance is nation-wide, "Better Citizens Build a Better World" being the anniversary slogan.

All five of the troops here are planning some special event for next week at their regular meetings.

In addition, the parents of the 100 members are invited to a tea being given March 13 at the City Hall room in the afternoon. This tea is in honor of the troop leaders and is a thank-you gesture from the Scout Council and the parents. Mrs. Uno Suomela is in charge.

Zoning Law Keeps Councilmen Busy

The city zoning ordinance kept the city council busy for most of the Monday night session.

First discussion came when Wayne Belding, Mr. and Mrs. Harold Isaksen appeared and asked to have the dividing line between commercial and residential property on Petoskey avenue moved some 537 feet westward.

Belding owns a house and lot at the edge of the residential district. The Isaksens want to buy it, landscape the grounds, and put up a dry cleaning establishment with a modern exterior next to the house.

The Council said it would be willing to make the change when there were no objections from any of the neighboring property owners. Some do object now, the Council understood.

Also discussed was the coming hearing on advertising signs along Bridge street. The street committee was instructed to obtain and study similar ordinances from other cities, draft a tentative ordinance for Charlevoix and have it ready for the public hearing March 17.

Chief Clarence Heise is back on the job.

Ray Kipke, Coach of Red Rayders, Has Long Record of Successful Teams

Charlevoix's Red Rayders have completed another successful year in basketball for their coach, Ray Kipke, who in no small way is responsible for their outstanding record.

The team has rolled up a total of 595 points in 15 wins, for an average of 40 points per game. They have held their opponents to 320 points or 21 points per game.

Looking back over the years, one finds that championship teams are nothing new to this quiet, unassuming man. His teams have won 7 district tournaments, 5 regional tournaments to enter state competition the same number of times. In 1938, the Rayders went to the finals and were defeated only by the great St. Augustine team from Kalamazoo who held the state Class C title for several years. He also has on the right side of the ledger three championship football teams.

When one is able to get "Kip" to talk (for he has never been known to utter an unnecessary word), one finds that he kind of grew up in sports. A native of Lansing, he played football, basketball and baseball while attending Lansing Central. He went on to Michigan State College to major in Math, minor in Physical Ed., and make a record for himself by playing football four years and basketball and baseball one year each.

All this time he was working his way through college, washing dishes, cleaning the State Police barracks and working at the Boys' Vocational and Industrial school. In '25, while still in college, he coached one of the first football teams this school had. After graduation in the winter of '26, he was assistant football coach at Olivet and in '27 and '28 he coached baseball and football at Williamston. He came to Charlevoix in the fall of '28 and has coached here since then except for one year, '44-'45, which he spent at Walter French, Jr. high school, Lansing.

Since his return he has coached two Class C championship football teams; his 1945-46 basketball team won the district Class C tournament and was defeated in the Regional only by the Manton team which went on to take the state tournament. His 1946-47 team goes to the divisional tournament this week with a fine season behind them.

The reputation the Rayders enjoy in this part of the state reflects Ray Kipke's training, not only in winning plays but in sportsmanship and manliness. And the Rayders themselves go into the tournament with a triple incentive for taking honors—for team, for school and for Coach Kipke.

Two Get Terms; Four On Probation

Wednesday, Judge W. I. Waller returned to the bench here to sentence two cases and place four more on probation.

Perry Campbell, 30, Boyne City was sentenced to 7 1/2 to 10 years, and Fabian Wabanimo, 17, of Beaver Island, to 3 to 9 years on statutory charges.

Donald Lawson, of Charlevoix, RED 3, was put on 3 years probation for non-support; Dewey Medley, of Boyne City, 1 year probation for non-support; William "Red" McCash, 2 years probation for unlawfully driving away a car, and Jack Price of Boyne City, probation for a statutory charge.

Coach Ray Kipke

Farmers Will Be Guests At Dinner Here Tuesday

Businessmen of Charlevoix will be hosts to farmers of the surrounding country next Tuesday night at a resumption of the country-city dinners.

It will be held at the Way Side at 7 p. m. with a turkey dinner planned for the group.

George Hurrell, land use expert from Michigan State College, will be the speaker.

Businessmen are inviting whom ever they wish. For any one in the city who has trouble finding a guest, Fred Willis and Arlo Wickersham have names of the farmers and will make arrangements.

The dinner is being sponsored and arranged by the Kiwanis Club.

DX Service Opens Blacksmith Shop

Newest addition to Charlevoix business is the blacksmith shop opened this week by Roy Melms at his DX Service.

James Rayman is forge and anvil expert. Recently returned from the Army, he had more than three years training and experience in blacksmithing while in uniform. First he attended the school at Fort Reno, Okla. Afterwards at the remount depot there he was given the job of shoeing lame horses and officers' mounts. For a year he was in Italy in charge of a field shop in the northern Apennines and the Po valley, keeping transport mules shod.

A former partition has been removed at the garage, a large forge built, and a new partition is being put up to make a separate smithy shop. There will be both a rear and front entrance, as well as a hitching rack at the rear of the building.

Amateur Show Will Be Staged April 10

Amateur performers who are planning to enter the Kiwanis Show at Charlevoix should mark another date on their calendar.

Set originally for the last of March, the show definitely will be held April 10. The postponement was made because of Lent, according to Dean Davenport, show chairman.

The club is offering cash prizes of \$100 for the best acts to appear in the entertainment, which will be in the high school auditorium.

Davenport is accepting applications now and making reservations for performers who wish to appear at the tryouts.

Chatterbox Installs Fire Protection

An Auto-Fyr-Stop system has been installed by Norman Houck at his Chatterbox Cafe.

This provides both automatic and manual fire extinguishing equipment as well as an alarm installation.

VFW to Stage Ring Bouts Thursday

Thursday night the VFW will present another group of boxers at its weekly meeting.

This one is open to the public with a special invitation extended to the ladies, according to Lee Allard. The March 13 meeting will be for the nomination of new officers.

Red Cross Launches 1947 Fund Drive

The American Red Cross launched its annual drive this week to raise \$60 million, of which Charlevoix county's quota is \$5,000.

County chairman Rev. W. D. Wood announced that workers started this week to solicit contributions in an effort to complete the drive in as short a time as possible.

"Through the Red Cross you support a vast program of mercy and community service reaching into every part of America," County Chairman Wood said. "Your own Red Cross chapter is one of 3,755 centers from which flow this help."

Two major contributions made by the Red Cross each year are to Americans any place in the nation at the time of disaster, and to the veterans at home and our servicemen still in uniform. A financial report presented by the Charlevoix chapter revealed that \$1,389.02 had been spent in local aid largely to help

Contrary to current rumor, no one during all the war years received any pay from the Red Cross. All work was donated. The only remuneration paid was for mileage to those who did unusually large amounts of Red Cross driving, mostly on Home Service and Service Men's Family work.

a number of large families who had lost their homes and all their possessions through fire and other emergencies.

Secondly, it gives aid to veterans at home and the servicemen still in uniform.

In this county alone aid to servicemen, veterans and families has totalled \$5,066.28, loans and grants; \$1,161.51, medical aid and \$995.93 for wages.

Beyond the usual peacetime expenditures for domestic disaster and sick relief, the Red Cross has a large budget for foreign relief. Last year \$25 millions was spent in Austria alone.

City chairmen and their workers are: First ward, Mrs. Mabel Goddard, chairman, Mrs. Clarence Wood, Mrs. Uno Suomela, Mrs. Hawley and Mrs. Durall; second ward, Mrs. J. C. Marshall, chairman; Annabelle Cunningham, Mrs. Robert Miles, Mrs. John Mol, Mrs. Frank Harris, Mrs. Earl Miller, Mrs. LaVerne Heise, Mrs. Glenroy Ikens, Mrs. Jake White, Mrs. Walter Smith, Mrs. James Marsh and Mrs. Albert Smith; third ward, Mrs. Alfred Brown, chairman, Mrs. Helen Plum, Mrs. Leroy Allers and Miss Eleanor Brown.

Other workers are business and industry, Joseph F. Howard; organizations and clubs, Lord Comfort; summer residents, Arthur Ranger, E. J. Edwards and Otto Krueger.

Bennett, Close Attend Educator's Meeting

The annual conference of the American Association of School Administrators is in session at Atlantic City, N. J., from March 1-6.

Roy G. Bennett, superintendent of the Charlevoix schools and Leo L. Close, Charlevoix county school commissioner, left Saturday to attend the meeting.

Bradley-Lusk Wedding Impressive Ceremony

In an impressive ceremony at 2 p. m. Saturday at the Congregational church, Shirley Ann Bradley, daughter of Mrs. H. Keith Wagner of Charlevoix, and Fay A. Bradley of Lansing, became the bride of George William Lusk, son of Mrs. George Lusk, of this city.

Rev. Jackson E. Turner read the double ring service in the presence of 60 guests before an altar decorated with baskets of white snapdragons, red carnations and lighted candelabra.

Donna Jean Bradley of Lansing, cousin of the bride, sang "I Love You Truly" and "Always", accompanied at the organ by Mrs. Charles Bellinger.

Escorted by her father, the bride was attired in a gray dress-maker suit. She wore a hat of red carnations and carried a bouquet of the same flowers.

Barbara Bradley was her sister's only attendant. She wore a fuchsia suit dress with matching blue accessories. Her flowers were white carnations and blue baby iris.

Charles Bergmann assisted the bridegroom as best man and Harry Zeitler and Jack Warner seated the guests.

Mrs. Wagner chose a navy and aqua crepe dress for her daughter's wedding. Her hat and gloves were yellow and her flowers were white carnations. Mrs. Lusk wore a navy crepe dress with aqua trim, matching accessories and white carnations.

A reception was held at the Tower Hotel after the service. The refreshment table was centered with a three-tiered wedding cake. Lighted white tapers and bouquets of mixed flowers decorated the table.

A dinner for the wedding party and their immediate families was served at the home of Mrs. Wagner at 6 p. m.

The couple left on a wedding trip to Chicago after which they will make their home in Lansing.

Both are graduates of the Charlevoix high school. The bridegroom was discharged last year from the U. S. Marine Corps Reserve after serving three and a half years in the Pacific.

Out of town guests who attended the wedding were Mr. and Mrs. L. E. Roderick and Mrs. Louis Manglos of Boyne City; Mrs. Richard Smith of Waterliet; Joan Bradley, James Ryan, Elaine Taylor, Joan Heise, Virginia Ranger and Barnaby Chambers of Lansing; Mrs. Charles Dennis, of East Jordan; Nancy Totten of Alma; Claire Martin of Rochester and Mrs. Harry Lusk of Traverse City.

Novel Party On Train Given Erik Arvilla

Erik Arvilla, who observed his sixteenth birthday anniversary Feb. 26, celebrated the event at an unusual party Saturday.

Erik and 12 friends, accompanied by his mother, Mrs. Joseph Arvilla, boarded the Pere Marquette train for a trip to Petoskey. At the station there they were joined by his grandparents, Dr. and Mrs. F. F. McMullan, Mrs. Harry Stewart and Mrs. Fay Davis who had brought birthday cup cakes and ice cream cones with them and the party was held on the spot with the trainmen joining in the celebration. After Erik opened his gifts, the party boarded the train for the return trip.

The children really learned about trains from the conductor the brakemen and other officials who showed them all the cars from the baggage car to the sleepers and explained everything to them.

Those who made the trip were Jill Davis, Cynthia Curtis, Helen Schwab, Eileen Arnold, Gale Ann Curtis, Marilyn McClintock, Stephen LaBlance, Johnny Haggard, Jack and Jill Stewart, Joel and Al Mac Arvilla.

Bands From Five Cities Will Play Here To Qualify For Place In State Tourney

Bands from Petoskey, Gaylord, Boyne City, and East Jordan will come to Charlevoix Monday for the first qualifying Festival of the Michigan Band and Orchestra Association in District 2.

First one of its kind held in this district, the purpose of the Festival is to determine which bands

thus compete against a musical standard, not against each other. Petoskey is the only Class B band coming here; the others are Class C.

Each will play three numbers: a warm-up march, a free choice, and the state required number, "Triumph of Ishtar Overture" by Olivadoti. The festival will start at 1 p. m. with the Charlevoix band playing first and will end at 3:30.

Leonard V. Meretta will be adjudicator. A member of the Western Michigan College at Kalamazoo, he has had considerable band experience.

CARD OF THANKS

I would like to express my gratitude to friends for their many kindnesses shown me prior to my leaving for my new work in Portland, Oregon. I would like especially to thank the girls at the Michigan Bell Telephone office for the gifts and kind wishes.

SO SAYS SUSAN...

The boss' family had company Sunday. After dinner the men strolled out to the barn to look around and they were talking about the meal. One of them remarked that his wife was so scared of getting fat that she was just about starving the rest of the family.

The boss said the missus was scared the same way but she fed the family all right. "She makes more milk dishes," he explained. "Says it gives us the food we need but isn't fattening. I can't keep up with all those calories the way she does but I know we feel well fed. And she still has the curves in the right places."

Old City Bridge Now Rests At Holy Island

The old Pine River bridge which was taken from here to East Jordan in 1901 when the present swing span was erected isn't there any longer.

Facts in the case were supplied by Ted Coblenz and George Secord at the Kit Carson Lumber office. They report:

That the bridge was taken from here to East Jordan but it stayed there only some 20 years.

In 1921, 22 or 23, East Jordan put up the present bridge. The old Charlevoix span was across a channel which was where the low water fill now is at the east end of the Jordan bridge, a channel now filled in.

When the old bridge was torn down, much of it was sold for scrap iron but the main girders and what else was needed was bought by the owner of Holy Island, hauled there and used to bridge the channel from the mainland. Although this channel is pretty well filled in now, the old steel girders still can be seen and still carry the road across.

Asked where the "Holy" name came from, Coblenz says the King Strang Mormons came there from Beaver Island to hold their Feast of the First Fruits. This was a sort of thanksgiving celebration in the early fall. Since the Mormons owned the island, it came to be called Holy. An effort was made several years ago to change the name to a more conventional one, but it failed. Folks preferring the colorful and historic title.

Charlevoix county is almost off its war footing with 82.1 percent of its men and women back from the services.

Of those who have returned, the Veterans Employment Service reports that 73 percent have found work. In the Charlevoix area, this amounts to 116 men and women, according to H. E. Smart of the State Employment Service.

Potato Growers Seek To Raise Standards

In an effort to fight the poor reputation of Michigan potatoes, and to improve the quality of them when marketed, potato growers of Northern Michigan are joining the Michigan Potato Development Association.

As explained by its backers Michigan potatoes are regarded as inferior to those from Maine, Idaho and the Far West, chiefly because growers and wholesalers have been putting them on the market poorly graded or wrongly labelled.

Chances are cited like that of a Detroit buyer who purchased a car of Land-o-Lakes potatoes from Ellsworth, then used the same sacks to sell ten other carloads of inferior spuds as Land-o-Lakes products. Truckers will buy field run potatoes, haul them to Detroit and Chicago. Since many of them are inferior, these loads help discredit all potatoes from Michigan.

The remedy, say the Development Association men, is three fold. First there must be stricter inspection, not only of the grower, but of all potato dealers. Next the growers must put up a better pack. Maine and Idaho potatoes, they say, are actually no better than good Michigan, but they are put up to catch the housewife's eye and so bring premium prices.

The third job is to advertise Michigan potatoes. Solicitation to join the Association is now going on. Members pay on the basis of acres grown, or potatoes shipped. The movement is most active now in Antrim, Emmet, Otsego, Grand Traverse and Leelanau counties. Ken Peckies and Paul Docter are chairmen in Banks township.

Mr. and Mrs. Lee Sneathen spent the week-end in Cheboygan with their son-in-law and daughter. Mr. and Mrs. Donald Bore. Their son, Frank, accompanied them.

About Town

News of folks, your neighbors and mine... but did you know that—

With the sun shining so hard every day, folks soon will be peeking around that proverbial corner, looking for spring. The weather surely puts one in a state of expectancy and everyone will welcome the spring thaw. There is still much evidence of the rice ceremony outside the Congregational church, for grain is still scattered about on the snow. Had to laugh last Sunday when one woman walked out of door, glanced down at the rice and then sadly said, "What a lot of rice puddings there are on the ground."

Yes, sir, and it is Grandpa Hubert Paddock these days, instead of "Captain" that townfolks are using for their morning greeting. Mrs. Jack Reed went to Grand Rapids Tuesday afternoon to spend a few days with her mother Mrs. Sovilla Owen and incidentally help her to celebrate her birthday. Mrs. Owen expects to return with her daughter the last of the week to see the new Way Side. The Joe Williams can have a chance to indulge in a sweet tooth orgy for this week they received a package of pralines from Florida where their folks are wintering. And whose mouth does not water at the thought of pralines?

This has been a week of real victories at Charlevoix high school. Winning top honors in basketball and also the band contest is something. Our school has made a splendid showing. It is getting paint-up, clean-up time in Charlevoix and several women are in the throes of redecorating. And how the sun does show up the dust and dirty windows! Wonder who will have the first crocus in bloom in their yard in Charlevoix?

Orchid of the week goes to the Girl Scouts on their 35th birthday anniversary, and to the leaders who give so generously of their time to carry on this worthwhile project in this community. Mrs. Donald Grubbs of Burgess has been visiting her daughter in Lansing for the past two weeks. Mrs. Maud Struble has returned to her home in Shepherd after visiting her daughter, Mrs. Iona Tripp, of Burgess for the past three months. After hearing nothing but "Open the Door, Richard" on record and verbally, I am hoping that Richard gets that door open soon and then goes out and buries himself.

John T. Foster has been appointed intramural athletic director at Detroit Tech. Foster has made quite a record for himself during the past few years. He was graduated from Michigan Normal, gained lieutenant commander's rank in a six year Naval aviation career, served in the Aleutians, besides being a letterman in football and track in college. F. Josephine Madill and Mrs. Agnes Tallman have returned from Rome City, Ind., where they have been for the past three weeks.

Robert O'Brien has been discharged after serving 20 months in the army. One year of that time was spent in Panama. O'Brien was of Runciman, Sask., and died of pneumonia. O'Brien was a friend and relative here. This is the first time they have been back to Charlevoix in 36 years and they have found many changes. The big cry of the week is "Where can we find an apartment to live in," and the cry is going to be louder when all the bride men get here.

Out-of-town relatives who were here for the funeral of Mrs. Margaret Poole were Mr. and Mrs. George Hamilton of Farmington, Mr. and Mrs. Cecil Poole and William H. Poole of Detroit; Mrs. U. C. Wakeman of Reed City; Mrs. William Stephens, Sr., and Mr. and Mrs. William Stephens, Jr., of Grand Rapids; Almeda Poole of Oak Park, Ill.; Mr. and Mrs. Elmer Poole, Jr., Mr. and Mrs. Jack Wood of East Lansing. In the passing of Mrs. Poole, Charlevoix lost a wonderful Christian woman. In spite of blindness she kept on for years teaching her Sunday School class in the Methodist church, a class that she dearly loved and of which she was a teacher for more than 30 years. Several of "her boys" as she called them acted as pallbearers at the service. They were Louis Brown, Harold Newman, Clair McGowan, Donald McGowan, Wayne Belding, Glenroy Iken and J. C. Marshall.

Coach Ray Kipke has been getting quite a bit of kidding about the picture of him which appeared in last week's Courier. He says the comment is that he looks like a criminal.

New Bridge Will Be Fifth Span Built Here Across Pine, World's Shortest River

Pictured above is an architect's drawing of the proposed million dollar bascule bridge to be built over Pine River on U. S. 31.

Tentative plans call for the construction of the temporary bridge and new structure in 1947-48. The new span, the fifth over the river, will be 223 feet over-all between traffic barriers and 111 feet over water; it will have a 44 foot roadway with 6 ft. walks

and a clearance of 16 ft., 10 in., as compared to the present bridge which has a 130 ft. span, walks and a clearance of 18 ft., 2 in.

Like so many towns whose history is reflected in some architectural or physical development, Charlevoix's growth and progress can be told by its bridges.

Pine River over which these structures have been built has the distinction, it is said, of being the shortest river in the world. In its natural state it was from 50 to 60 feet wide and in places afforded not over two feet of water. It was also quite crooked at first, but was later straightened beyond the old Fountain City House.

When the early settlers came here they found the shores bristling with trees that had fallen out over the water, the tops of which had been removed to allow canoes and Mackinaw boats to pass through to Round Lake.

A tow path was cleared along the south banks of the river by the Dixon party. Boats were landed at the mouth, a man put ashore with a line, and being called on and he presented an example of good neighbor policy within the county. He had invited the Boyne Airs, SPEB quartet from Boyne City, to come here and sing. They presented three numbers.

Ed Reban, county agent, presented George Hurrell, land use expert from MSC, the speaker of the evening. He gave many facts about Charlevoix county.

Hardwood land is slowly coming back into production. The county has 992 farms, averaging 133 acres. There are 36,000 acres of plowland, a third of which is in alfalfa. Orchards occupy 1300 acres, 300 more than in 1930. Farming is a \$1,800,000 industry with dairying producing \$425,000; livestock, poultry and fruit each \$300,000. Farm land occupies 48% of the area and is valued at 47% of the assessed value. Recreation land is only 7% but is assessed at 32% of the county's total.

He forecast that the number employed in the service field, such as resort business, would increase while the farm proportion would decline, due to the mechanization of farming. Hurrell said that the best future here for the farmer lay in dairying.

Your county has resources in land, scenery, fish, game and water, if you take care of them right, that can make Charlevoix one of the outstanding areas of Northern Michigan.

After his talk, he showed many colored slides on land use. These range from fruit trees to the right use of land for resorts.

The new structure, \$270,433.40; L. W. Lamb and Luedke Engineering Co., Holland, for construction of temporary bridge and approaches, excavating of channel and construction of necessary abutments and housings for machinery on each side of new bridge, \$697,980.70. The total is \$968,414.10.

The State Highway Department will then construct the permanent approaches which will cost an estimated \$46,498.76.

144 Men Attend City-Farm Dinner

One hundred forty-four farmers and their businessmen hosts met at the Wayside Tuesday night for a resumption of the city-county dinners here.

Sponsored by the Kiwanis Club, Tuesday's was the largest dinner of its kind.

Kiwanians W. D. Wood, Ansley Claypoole, Fred Willis and Arlo Wickersham were in charge of the program. Dal Henry was called on and he presented an example of good neighbor policy within the county. He had invited the Boyne Airs, SPEB quartet from Boyne City, to come here and sing. They presented three numbers.

Fishermen Plan Member Drive

The Charlevoix division of the Michigan Fish Producers Association is planning a membership drive here, particularly for associate members.

These are men who are in fishing crews, those who furnish supplies, fish dealers and others interested in the industry. Members are the licensed fishermen.

The Charlevoix district was organized March 4 at the City Hall. John Cross is president, Mike Cull, vice president and Joe Arvilla, secretary-treasurer.

John Deere Day To Be March 25

Annual John Deere Day will be held at the Conrad Klossner store at Atwood March 25.

A film on soil conservation will be shown in the morning and a Bob Burns feature in the afternoon. There will be a free meal served at noon.

Klossner this week installed a new neon sign on his building facing U. S. 31. In green, red and gold, it shows that he sells John Deere machinery, Bean Sprayers and GMC trucks.

Trade Promotion Meeting to Be Tonight at 6:30

Decision on forming an organization to promote more business and better trade relations here in Charlevoix will be made tonight when retailers, professional men and representatives of fishing and manufacturing meet at the Wayside.

The dinner will start at 6:30 p. m. For months there has been talk of the need for an organization which would give an opportunity for those directly interested in business conditions to work together.

The Thursday meeting was called in answer to this talk and to determine if there is enough demand and opportunity to justify such a move.

Tickets for the dinner can be obtained at the Schroeder & Hovey Drug Store, or at the Wayside on Thursday evening. The meeting is open to any person, man or woman, directly connected with or interested in Charlevoix business conditions and advancement.

Rites Held Here for Mrs. Margaret Poole

Funeral services for Mrs. Margaret J. Poole, 68, widow of the late William H. Poole, were held at the Sec Funeral Home at 2 p. m., Saturday with Rev. Gaylord Howell officiating.

Burial was in the Brookside cemetery. Mrs. Poole died Wednesday at the Charlevoix Hospital where she had been a patient for six weeks.

Margaret Jane Linn was born in Alliston, Ont., Sept. 27, 1858. In 1877 she was married to Stephen Hamilton. He came to Charlevoix about 1880 and his wife and two children joined him in 1881. He died two months later. The two children born to this union are Mrs. William Stephens of Grand Rapids and George Hamilton of Detroit.

On April 3, 1883 she married William H. Poole who preceded her in death in 1928. They had eight children, six of whom survive here: William H. and Cecil of Detroit; Mrs. Elvina Wakeman of Reed City; Mrs. Mabel Martini, Elmer and Frank of this city; two children, Wallace and Grace died in childhood.

She was a life member of the Macabee lodge and the Methodist church. She taught a boys' Sunday School class for many years and continued the work after she became blind in 1929 until ill health forced her retirement five years ago.

Besides her children she is survived by a brother, Thomas Linn of Charlevoix; one sister, Mrs. Sarah E. Walker of Medford, Ore.; 26 grandchildren; 28 great grandchildren and one great-great-grandchild.

Psychiatrists Named To Examine Tryon

Three psychiatrists have been named to examine William Tryon before his trial in April.

They will report to the Circuit Court their findings as to his sanity. A state law requires that this be done with all persons accused of murder. The three, all from the Traverse City state hospital are: Drs. R. P. Sheets, M. M. Nichols and John Berghorst.

Here Are Those 55 Pounds of Pike

Above are the 55 pounds of Great Northern pike which were brought to town by William Barnes, Jack Cunningham, Dob Allard, George and Jim Sharow. The Sharow brothers are shown above holding the fish which they report catching on perch lines near Holy Island March 2.

13 Farm Families Face Long Hike to Get Their Mail

Thirteen families over in South Arm township are wondering if they will have to go for the mail or if the mail will come to them. It is a complicated story.

This year the highway commission rerouted its snow plows in the region northwest of East Jordan so that more roads were opened and no families were snowed in, as well as giving school buses a better route. But to do this, a three-quarter mile stretch of road north of the Ellsworth road was left unplowed since no one lived along it.

But this unplowed section forced Walter Davis, the mail carrier, to back track and travel an extra 5.6 miles each day. This he did, presenting the post office department with a bill for the extra mileage.

The bill was turned down and Davis was instructed to quit the extra travel after March 15. Thirteen families, according to Supervisor Ben J. Smatts, also were notified that they would have to move their mail boxes down to Route 66 if they wanted delivery after that date.

There the matter rests. If the sun doesn't thaw the road open by Saturday those folks either will have to move their box, or go to town, or go letterless.

Commissioner Sam Rogers says the cheapest thing next year would be for the township to pay the extra mileage. It would be more economical than keeping open a tough section of road when the plowing cost for the county averages \$112 a mile.

Henry A. Smith Rites Held Friday

Henry A. Smith, 77, resident of this city since 1920, died suddenly at his home last Tuesday evening.

Mr. Smith was born in Montreal, Can., on April 9, 1869, and as a small child came to northern Michigan with his parents who settled in Antrim county. In 1907 he was married to Rosalie LaFontaine Sorenson, at Traverse City. They made their home in Antrim and Emmet county before coming here 18 years ago.

He is survived by his wife; a daughter, Mrs. Dan Peters; two sons, George and Albert, all of this city; a step-son, Oscar Sorenson of Traverse City; a sister, Mrs. Etta Hollis, of East Jordan and eight grandchildren.

Funeral services were held at St. Mary's church at 9 a. m., Friday. Burial was in the Catholic cemetery.

George A. MacDonald Dies At Winnetka

George A. MacDonald, summer citizen of the Chicago Club here for many years, died March 4 at his home in Winnetka.

Mr. MacDonald until his resignation Feb. 1 had been vice-president in charge of sales for the Quaker Oats Co. He had suffered from a heart ailment for more than a year. He was a native of Scotland.

Surviving are Mrs. MacDonald; three daughters, Mrs. L. S. Killally of Ottawa, Ont., Mrs. H. F. Waddell of Peterboro, Ont., Mrs. Ian Hodge of Lancaster, Pa.; and two sons, Angus of St. Joseph, Mo., and Robert of Lake Forest, Ill.

Team Starts Against Gaylord in Regional

Winning the district championship after its undefeated season, Wednesday night Charlevoix's Red Rayders played Gaylord in the first round of the Regional Tourney at Petoskey.

The two teams have met twice before, Charlevoix winning both: 41-24 and 46-20. The winner of this contest Friday at 8:20 p. m. will face Lake City. This is the aggregation which upset the much-touted Houghton Lake five in the district meet, after losing twice to the big lake boys. Lake City drew a bye in the tourney and Friday's will be its first game.

The Friday winner Saturday will play the final game against the survivor of the Northport-Manelona contest, played Friday night. Of the two teams, Manelona here is generally picked as likely to win over Northport.

The regional champion will go to the state tournament at East Lansing. (Continued on page six)

Cancer Society Unit Formed Here

A unit of the American Cancer Society is being organized in Charlevoix county, one of the few in the state which does not boast of a county group.

Lt. Mary Simmons has been appointed commander and has named the following county officers: chairman, Dr. G. B. Saltonstall; secretary, Mrs. Sam Tokoly of Boyne City; treasurer, E. D. Hawley; education, Roy G. Bennett; publicity, Frances Martin.

City chairmen named recently are: Charlevoix, Mrs. Dean Davenport; East Jordan, Mrs. Ernest B. Garrison; Boyne City, Mrs. Moude Knightlinger; St. James, Mrs. Lloyd McDonough.

The educational program, which will be the main project in Charlevoix county this year, includes distribution of pamphlets, the setting up of exhibits, the showing of movies, the placing of speakers before group meetings, etc. The service program is equally varied. The Field Army units cooperate with the medical profession in the setting up of tumor clinics and prevention clinics, the transportation of cancer patients for diagnosis and treatment, the supplying of dressings and local projects for the improved care of advanced cancer patients.

In an effort to acquaint interested persons of the organization, a meeting has been called for March 18 at the city hall by Mrs. Davenport. At this time, the project will be explained in full and other committeemen named. Each local organization and club is asked to send at least one representative to this meeting.

Building Good Will

Two groups received considerable benefit from Erik Arvilla's sixth birthday party a couple of weeks ago.

First were the youngsters, who got a first hand introduction to the way a modern passenger train operates. There are those among us who can remember when a train ride was just another trip but a ride in an auto was something special. Not so today's youngsters.

Mrs. Arvilla proved a wise mother in planning such an unusual party. It combined a lot of fun with some practical education.

The second benefit is the railroad's. The train crew who coped with a dozen six-year-olds, showed them all over the train, entered into the party and did the honors of a host—that crew built up a lot of good will for the Pere Marquette which it will be reaping for years to come.

Not Economy, But a Grudge

The Detroit Labor News is trying to launch a drive to abolish the State Police. The plea of economy and a charge of uselessness are coupled to make the idea seem good. Both are so much camouflage.

The more lawless elements of organized labor traditionally detest the police organization. Part of the feeling is historical dating from such tragic events as the Haymarket and Pullman and Homestead affairs, and hence baseless today.

Some of it is modern. If I'm on an illegal picket line, or out heating up some man who wants to work, or putting the fear of death into his wife and kids—at such times I don't want an officer whom I cannot scare or influence to come along and tell me to behave or else. And then see that I do it.

That is the real gripe of the union—it knows the state trooper will carry out his orders and there is enough of him to do the job. What that job is depends on the governor. Frank Murphy in 1937 could have sent five troopers into Flint with orders to stop the sit-down strikes. And there would have been no national epidemic of the industrial plague which followed. Instead he told the officers to see that the strikers were unmolested. And the sit-downers proceeded to take over the auto plants without due process of law but safe—with the troopers obeying orders.

Paul Johnnecheck Retires After 21 Years

With twenty-one years light-house service to his credit, Paul Johnnecheck retired last week. "For the first time in more than 20 years, I won't be packing my bag late in March and getting ready to return to my light," Mr. Johnnecheck said, "and it's going to seem kind of funny too. Allways before we had to have the light in operation when navigation opened early in April. This year I'm going to be planning my garden and it's going to be nice for me."

Mr. Johnnecheck, who will observe his sixty-second birthday this month, joined the lighthouse service in March, 1926. He served aboard the 103 Relief ship for several months before going to

Squaw Island where he was stationed two years. He was stationed at Lansing Shoals for 14 years and at White Shoals for 2 years and 19 months. His last 2 years were spent at Aux Ile Gallets, better known as Skillagalee.

He claims outstanding experiences during his 21 years at the lights. Radio was a god-send to the men for it helped pass the long hours they spent from home. All lighthouse keepers play cribbage but Mr. Johnnecheck has no idea how many games he's played.

Born in Charlevoix county, he went to Chicago in 1912 and later lived in Grand Rapids and Detroit before returning here in 1924.

Mr. and Mrs. Johnnecheck have three daughters, Mrs. George Wachelin of this city; Mrs. Ray Burrows of Traverse City and

Now the Labor News sees a possible chance to attack the organization. The state is hard up, due to a couple of spending amendments adopted last November. An isolated but must unsavory graft situation has been exposed in the police ranks.

(Incidentally, this is the one time that a serious charge against the organization ever has been made or proved, at least as far as I can recall since 1925 when I first became acquainted with the police.)

So the Detroit publication suggests that the state save \$3,000,000 annually, turn the barracks into health centers (which would cost more to operate) and turn the whole job of law enforcement over to local police.

Naturally that would snit labor, which has proved that local police in strong labor centers rarely interfere with a rampaging bunch of the strong-arm boys. But nothing is said about Michigan's outstanding record of preventing bank robberies; of highway safety education, of catching arsonists, of traffic control. No local police force can do these jobs. But Detroit labor, to give its muscle men more chance to do their stuff, would take away all these services and protections from the people of Michigan, ostensibly to save \$3,000,000.

Take Your Choice

With discussion of guaranteed wages, socialized medicine, old age security and half a dozen similar ideas going strong these days, I was struck by seven short sentences I have just read which sum up the basic facts. They are by Don Herrold:

"A guy in jail is guaranteed a job."

"He is also guaranteed a fixed annual wage."

"He is guaranteed food and shelter."

"If he's in for life, he's guaranteed an old-age pension."

"People who want everything guaranteed in this world have got to take the surrender of freedom that goes with it."

"The only organization that can 'guarantee' is the government, and the only way the government can 'guarantee' is to put us all in a virtual chain gang and divide the potatoes we raise."

"Personally, I'll take freedom and the risks that go with it."

Mrs. George Hoffland of Sturgeon Bay, Wis., and five grandchildren.

Florine Hamlin's Marriage Announced

The marriage of Miss Florine Hamlin and William Winegard, son of Mr. and Mrs. John Winegard of Detroit, in that city on Feb. 22 is announced by her mother, Mrs. Josephine Hamlin of this city.

The bride chose a navy suit and red accessories for her wedding.

Her sister, Valda Hamlin, was her only attendant and wore a gray suit and blue accessories.

Nell Wilson of Detroit, was best man.

The bride, who attended the Charlevoix high school, has been employed at the Kerr Dental Manufacturing Co., Detroit, for the past four years. Mr. Winegard, who is a barber, operates his own shop in Grosse Ile where the couple will make their home.

Tom Bacot left last week for Detroit to make an extended visit with his sister, Mrs. Anna Hummel. He accompanied Mr. and Mrs. Ralph Bacot and son, Jack, who spent a week with relatives in Detroit.

WHAT'S COOKING

TO THE TOWN'S TASTE

March 3 was Annual Menu Day of the Dickens Club which was held at the home of Mrs. Clarence Wood. There was evidence of many good cooks and wonderful food.

Following are five of the recipes collected which will give the readers a sample of the good things eaten.

Molded Ham Loaf

Heat contents of can of condensed tomato soup and 1 cup water; add 1 1/2 tablespoons unflavored gelatin, soften in 1/4 cup of water. Blend in a cake of Philadelphia cream cheese. Cook until thick. Add 1/2 cup mayonnaise, 2 tablespoons prepared mustard, 2 tablespoons vinegar, 2 cups ground cooked ham. Combine in a loaf and chill. Serves ten.

Mystery of the Rocking Chair

Ma Hoskins has a favorite rocking chair that's worn and shabby, with a noisy creak. Pa Hoskins has listened to that squeak for thirty years . . . and he decided to do something about it. So he bought a new rocker, and hid the other in the barn.

Ma allowed as how grateful she was . . . but when Pa missed her one afternoon, he heard a familiar sound that led him to the barn. There was Ma rocking happily in her old chair—squeak . . . squeak. No need to tell you how t'a felt.

Quick as a wink he hid the new rocker and then brought Ma's old chair back to the house. Now when he hears that squeak, he looks at the mellow glass of beer he's drinking and says to himself: "She's just as entitled to her small pleasures as I am."

From where I sit, that's one of the reasons the Hoskinses are the happiest, oldest-married, peace-fulest folks in our town.

Cancer Drive Workers Meet At Traverse

Representatives of northern county units of the Michigan division of the American Cancer Society met at a noon luncheon at the Park Place in Traverse City last Thursday to make plans for the annual campaign to be held in April.

Joe Matel, field representative of the Michigan Division and George Webber, state campaign manager, were the speakers.

Charlevoix county sent several representatives who obtained details of the work in order to organize a chapter in this county. Lt. Mary Simmons was named commander recently and

will announce the names of her committee members at an early date.

Those attending from here were Harley Ochs, R. F. Sloan, Clarence Wood, P. D. Campbell, Mrs. L. C. Hamlin, Mrs. D. C. Nettleton, Mrs. Dean Davenport, Mrs. Arthur Wexstaff and Mrs. Robert Wexstaff.

One Party Celebrates Two Birthdays

The birthdays of Mrs. Ella Schrader and L. E. Tripp were celebrated at a 5 o'clock dinner given by Mr. and Mrs. Neeland Baker at their home on Route 3, Charlevoix.

The table was decorated with a carnation and jonquil bouquet, and following the dinner, which was served by candlelight, a three tiered birthday cake was cut and served with ice cream.

Guests included Robert Tripp, Mrs. Maude Struble of Shepard, Mr. and Mrs. Floyd Baker and Clifford Short. Games were played and gifts presented to the two honor guests.

Mr. and Mrs. Bonnie Nickerson spent Sunday in Traverse City with their son-in-law and daughter, Mr. and Mrs. Warren Shapton.

Property Moving Faster Than In '46

Property in Charlevoix County is changing hands faster than a year ago, according to Register of Deeds Rex E. Davis.

During January and February the office receipts came to \$202,400 more than in 1946. Bulk of the increase was in deeds, mortgages and abstracts. Inasmuch as the county pays Davis a flat salary instead of the usual fee set-up, all of this increase goes into the general fund.

Realty Board Is Told Prices Will Stay Up

The Antrim-Charlevoix Board of Realtors met Feb. 20 at Bell-sire with a dinner and business session combined.

Rental housing for G.I.s, rents, realty prices, recreational lands and realtor responsibility in the community were discussed. A. R. Saunders, executive vice-president of the state association, said he expected house values to stay high during 1947 because labor costs will continue high also.

Harry Adams: Former Citizen, Dies in West

Word has been received here of the death of Harry Adams, former resident, who died suddenly at Wilmington, Calif., Feb. 24. Funeral services and burial were held at the California city on Friday.

Mr. Adams was Western Union operator here for several years, and has lived in California for more than 30 years.

He is survived by his wife, the former Marion Saunders and two sons and a daughter.

One-Man Orchard Sprayer

On the W. G. Mawby fruit farm, Grand Rapids, Forrest Graham operates a one-man spray gun which enables him to do work formerly requiring two operators.

In operation, direction of the spray gun is changed merely by a forward, rearward, or rotational pressure on an auto steering wheel within easy reach of the tractor controls. A foot valve controls the spray mixture from the pressure spray tank drawn by the tractor.

Since this device will spray from either side, advantage can be taken of wind direction. Farm labor specialists of the Michigan State college of extension service recommend the spray gun because one man can do the spraying in young orchards. In older orchards, lower parts of a tree can be sprayed in this manner with a man on the tank tower to spray the tops.

Why does your doctor have a reception room?

You probably have never given a thought as to why your doctor has a waiting room — it's one of those things you just take for granted. And that's the wonderful part of it—you DO take it for granted. You take your place in the waiting room as matter-of-factly as you take your turn at the voting booth. It's as democratic as America itself. The doctor's reception room is the American way of making YOU the elector of your own medical service, — of giving you the freedom of choice in selecting your doctor.

New Chicago Service To Start In Month

Amazing things about this country were shown to 140 members of the Board of Commerce and guests at the annual dinner meeting of the group.

D. J. VanFossen, travelling passenger agent of the Great Lakes Greyhound Lines, was the speaker. He outlined the growth of the bus service in Michigan, and told of some imminent developments. The North Star line is adding a new service which with a connection at Grand Rapids will provide direct fast service to Chicago, over Route 88. This will start next month.

More Northern Michigan tours are being planned by the Greyhound company and Charlevoix will be included in at least one of these. The firm also is testing an experimental 54 passenger bus equipped with toilet facilities for express service.

After his talk, VanFossen showed the color film, "This Amazing America." He was brought here by Benjamin Brown, Local Greyhound agent, and S. E. Coleman, Board of Commerce secretary.

Following the dinner served by the Eastern Star in the Masonic

dining room, Coleman presented George LaBlanc, Jr., Board president, who welcomed the guests. Clarence Odmark, accompanied by Mrs. ElDean Towe, played two violin solos. Coleman introduced guests from East Jordan, Boyne City and Harbor Springs. D. C. Maltby with Mrs. Maltby as accompanist, sang two bass solos. Coleman then presented VonFossen whose talk concluded the program.

St. Mary's Parish Will Help Raise Relief Fund

The program will be curtailed unless the national quota of \$5,000,000 is reached.

Jack Foster has returned to Detroit after spending the week-end with his parents, Mr. and Mrs. J. M. Foster.

Seems like the Senior Class is getting ahead now. Work has been started on the annual play, and just about everything that has to be taken into consideration during the Senior year.

The government class is in a dither putting the finishing touches on ten minute speeches. The Junior J-Hop will be held sometime in April. There is also a chance of the Senior Prom in March.

The student body of C. H. S. are showing their appreciation to Jack Reed and Oscar Stroud by making the Way Side their second home.

Junior class rings should be getting here pretty soon. At least the Juniors have high hopes. New expressions in school are: "Cats Sake," "Rough," "Get off my neck," "Charge," "What say Mert," "Do Tell," "That's a killer," etc.

Many of the Seniors are coming to school in their best tog. Reason: Senior pictures.

The latest fad in the men's wear are new flashy plaid shirts. The brighter the better.

A new dancing school has been started by Mrs. L. Merica at the Sugar Bowl every Thursday night. The improvement of some of the fellows is very promising, and the girls of C. H. S. are grateful.

Hope you didn't put your skates and skis away. This has been a most unpredictable winter. One hardly knows just how to plan, but winter seems to hang on by having small snow flurries now and then. We should appreciate the many winter sports opportunities we have in Charlevoix. Every community cannot be so fortunate.

Why freight rates are going up....

Since 1939, railroad employees have had three general pay raises totaling 52 1/2%, and the prices of fuel, materials and supplies have risen 61 1/2%.

But when the war ended in 1945, the railroads were still hauling freight at rates no higher, and in some cases lower, than when the war began.

Without increased revenues, railroads could not meet these costs and also provide improvements in equipment and facilities—improvements that are essential for the low-cost freight and passenger services which are necessary to America's high standard of living.

Under these circumstances—and almost a year after the last major wage increase—the Interstate Commerce Commission recently approved an average increase in freight rates of 17 1/2%.

Of all the price increases in America

today, few have been so little and so late as that in the price of railroad transportation.

How important are healthy railroads to a prosperous country?

Only when the railroads are financially healthy can they provide the new equipment, improved road beds, and better terminal facilities needed for still better service to you.

The defense of the nation depends upon the continuance of the efficient transportation which served the nation so well in the last war.

The railroads are among the largest employers of labor. They buy over

100,000 different products. They pay big taxes—taxes which are spent not only for public schools, public health, and police and fire protection, but even for highways, airways, airports and inland waterways.

Railroads are America's lifeline—keeping goods flowing among the 48 states day and night in all weather.

They can continue to do this only if there is a reasonable balance between income and outgo. Like yourself, the railroads must make ends meet!

We are publishing this and other advertisements to talk with you at first hand about matters which are important to everybody.

Harold Totten at his farm on U. S. 31 has one of the new John Deere manure loaders, only one of its kind in this part of the state.

Operated from the rear of a tractor, the loader consists of a 12 foot boom, a steel bucket with fork teeth, and the winches to operate it. Four shovels will fill a spreader.

Totten says the machine is most efficient when four or five neighbors exchange work and all use their spreaders to keep the load-er busy.

Two Nominated For Eveline Supervisor

For the first time in 20 years, William Sanderson's name will not head the No. 1 ticket in Eveline Township.

At the caucus William Vander-Wall led Supervisor Sanderson in the voting for that office. No opposition developed for any other township posts. Sanderson thus is the only nominee on Ticket No. 2. The rest of the first ticket is: Ralph Price, clerk; Evelyn Kamradt, treasurer; Mark Saunders, highway commissioner; A. R. Loomis and John Knud-

Red Cross Directors Explain Work Done In County, In Field For Servicemen, Families

Once again the American Red Cross is making its annual drive for funds and we on the executive board wish to issue this statement about the work Red Cross has done and is doing in Charlevoix county.

In regard to the military installation part of Red Cross there was misunderstanding as to what Red Cross could and could not do. It was not generally understood that Red Cross was under the order of the military at all times. Where a club was located and how it was run in most cases depended on the commanding officer of that area.

That many men never saw the Red Cross especially in the Pacific area was due to the fact that Red Cross was always dependent on Army or Navy shipping for transportation and men and military supplies did take priority.

Furthermore for 4,000,000 men under arms there were 6,000 Red Cross overseas personnel. Taking into consideration that a club required a minimum of three persons it is very possible many men did not see a Red Cross worker particularly if they were in a fluid area where clubs could not be established.

There is one request which we who have worked as unpaid volunteers through all the war years are making of all servicemen and veterans. If you have any gripes against the Red Cross, please come to us and give us the facts. We want the dates and the names and the places where Red Cross was out of line. If a whispering campaign called your brother a thief you would insist on proof by the one who saw him steal or you'd make all those who repeated the slander eat their words.

It is the same with Red Cross. If you saw those things you criticize, we want the facts on them that they may be followed up and corrected. In the meantime remember that actually hundreds of servicemen here in this county have had help of Red Cross. Prolonged extensions, emergency furlooms, loans to those enroute home or back to camp, birth and death messages, help with family allowances, hospital bills paid when the allowance checks couldn't cover, basic maintenance given when checks were late and many other personal services were Red Cross help.

We have given little publicity in this county to the Home Service work that has been done for servicemen and women and veterans and their families. Home Service is a confidential service and where, in a city, it would have been possible to publish columns each week on the people who received help, saying for example: "Mrs. X was given \$25 weekly basic maintenance for herself and three children by Red Cross because her allowance check was held up" or "Pvt. J. asked that Red Cross look after his five children while the mother was in the hospital which was done by putting a housekeeper there and seeing that the mother's hospital expenses were paid".

But in small towns such as ours in this county people know their fellow townspeople in a way impossible in a city and we have felt that publicity would violate the confidential character of this service. Many persons, due to the circumstances of war, have needed help that in normal times they would have been well able to handle. They were reluctant to have their friends and neighbors know their needs and the anonymity of 'Mrs. X' doesn't hold for long among the curious.

Pamphlets with a few facts and figures on the work done by this chapter have been placed in public places for all to read. We must continue the services to the men still in service and to those who have been released from service and their families. To do so we must have your contribution.

Over the past five years we have made loans and grants totaling \$5996 up to October, 1946 to servicemen and their families. We have spent \$1101 for medical care and \$995 for telegrams for and about servicemen and their families. And since the war we have spent \$1389 on relief of families who have lost everything through fires.

We are a source of aid for those who can receive help no other place. We must be able to carry on. Trouble often strikes where it is least expected and we must be there to help. It may not be you who will need Red Cross but it may very likely be a friend. Without your contribution we may have to say 'Sorry but we can't help you—we haven't the funds' to some veteran who gave more than the value of your Red Cross membership for you.

Yours sincerely,
Charlevoix County Chapter
American Red Cross.

Ralph Hamilton, treasurer

About Town

News of folks, your neighbors and mine... but did you know that—

It has been family reunion time out at the George VerSnyder farm for last week M. J. Miller of Rhinelander, Wis., Jake Kendall of Manitowish and Mr. and Mrs. J. M. Miller of Ironwood visited at the VerSnyder home. Congratulations to the Catholic women who sponsored the St. Patrick's Day dinner. They had an excellent crowd for their dinner and made themselves a nice little nest egg for their work. Mrs. E. B. Bowman spent a most enjoyable week-end in Albion with her daughter, Linda, and incidentally saw her perform in "The Taming of the Shrew" given by the Albion players. Then, Saturday was a big day for Mrs. Bowman for it happened to be her birthday. "I felt like Queen Elizabeth as I was truly treated like royalty by the girls," she said.

Mr. and Mrs. Harry Hooker have announced the marriage of their daughter, Beverly Madge, to John Edward Strauss, son of Mr. and Mrs. Michael Strauss of Mt. Pleasant. Miss Hooker has been in Florida during the winter months. The ceremony took place Feb. 22 at Way Cross, Ga. The couple are making their home in Cleveland. Birthday congratulations to Jill Stewart, who celebrated her ninth birthday Saturday with the traditional cake and ice cream plus a theater party to which 25 children were invited. Also little Joe Beaudouin attended the big age of five years last week and the event was duly celebrated. The snowbirds are returning and among them this week were Mr. and Mrs. Herman Menorelli, who spent the winter months in Fresno, Calif. They plan to remain in Charlevoix for a few days, return to Detroit for Easter and then come back for the season. Friends of Mrs. Menorelli will be happy to know that she is much improved in health and is feeling fine. Mrs. Nora Moran, who has spent the winter in Florida is expected back to open her house on Clinton Street about Easter time. Birthday congratulations to Rev. Jack Turner who is spending Thursday and Friday in Manistee with his parents and duly celebrating the occasion. Personal nomination for one of the best looking girls in town is Eleanor Herrington. Understand she has two sisters who are also easy on the eyes. Mr. and Mrs. Arthur Edwards are back home again after their winter sojourn in Los Angeles. Will be glad when that Whisker Derby is over at Traverse City. Some of the strangest looking beings frequent our streets of late and you should have seen the crowd at the tournament when Traverse was there en masse, whiskers and all. Sorensen Retires after 15 Years as Cribbage Secretary

Final windup of the 1947 Odd Fellow-Masonic Cribbage Tournament took place Monday evening with a banquet served by the Masons at their dining hall to the winning IOOF players and their losing brethren. Of the 80 players taking part, about half were on hand for the dinner. High scorers were presented with a tie by Secretary S. O. Sorensen: Robert Mitchell for the IOOF and D. Richards for the Masons. They also were elected team captains for next year. After 15 years' service as secretary of the tournament, Sorensen asked to be replaced at the job and Joe Williams was appointed in his place. A deck of cards (so "they could learn to play") was presented to Fred Christiansen and Horace Fowler, low scorers of the two teams. Tributes to the good fellowship and friendship resulting from the tourney were paid by Leo Carey, J. C. Marshall, Fowler, Fred Bergmann and Joe Smith.

Mr. and Mrs. Harry Hooker have announced the marriage of their daughter, Beverly Madge, to John Edward Strauss, son of Mr. and Mrs. Michael Strauss of Mt. Pleasant. Miss Hooker has been in Florida during the winter months. The ceremony took place Feb. 22 at Way Cross, Ga. The couple are making their home in Cleveland. Birthday congratulations to Jill Stewart, who celebrated her ninth birthday Saturday with the traditional cake and ice cream plus a theater party to which 25 children were invited. Also little Joe Beaudouin attended the big age of five years last week and the event was duly celebrated. The snowbirds are returning and among them this week were Mr. and Mrs. Herman Menorelli, who spent the winter months in Fresno, Calif. They plan to remain in Charlevoix for a few days, return to Detroit for Easter and then come back for the season. Friends of Mrs. Menorelli will be happy to know that she is much improved in health and is feeling fine. Mrs. Nora Moran, who has spent the winter in Florida is expected back to open her house on Clinton Street about Easter time. Birthday congratulations to Rev. Jack Turner who is spending Thursday and Friday in Manistee with his parents and duly celebrating the occasion. Personal nomination for one of the best looking girls in town is Eleanor Herrington. Understand she has two sisters who are also easy on the eyes. Mr. and Mrs. Arthur Edwards are back home again after their winter sojourn in Los Angeles. Will be glad when that Whisker Derby is over at Traverse City. Courier Price To Go Up May 1

Starting May 1, the subscription price of The Courier will be \$2.50 to all Charlevoix and Antrim county addresses; and \$3.50 for all others. Two factors justify this advance. The Courier is a much more costly paper to produce than it formerly was, due to such items as more pictures, increased news coverage, more readable type. Because of this increase in quality (with its corresponding rise in cost) the publishers are finding that the subscription price must be increased that first 50 cents. Secondly few weekly papers have as expensive an out-of-town mailing list to maintain as does The Courier. A sizeable majority of these subscribers are summer residents who want the paper sent here in summer and away in the fall; often these addresses must be changed two or three additional times. Making these changes entails considerable time and expense. For this reason, in addition to the extra postage required to mail papers outside the county, the price must be higher. All subscriptions paid on or after May 1 will be at the higher rate. Before that they will be accepted at the present rate, even though they are not due until after May 1. However, no subscription will be accepted at the low rate for more than one year in advance.

Amateur Show Auditions April 5

Auditions for the Amateur Show being sponsored at Charlevoix by the Kiwanis Club will be held April 5.

The show itself will be the night of April 10 and like the auditions will be at the Charlevoix high school gymnasium.

An entry blank for amateur performers appears on the inside of this paper. Anyone wishing to compete for the \$100 in cash prizes being offered should fill it out and send it to Dean Davenport.

All applicants will be sent personal notice of the auditions which will start at 7:30 p. m. Two sets of judges are being lined up by the club committee. One group will hear the auditions and select those acts which are good enough to compete at the April 10 show. Another group will be at the show and select the cash winners.

Any kind of amateur act can compete. The tentative plan is to divide the performers into groups and have similar ages compete against each other. Final decision on this will be made later.

Tells of St. Patrick
Dr. F. F. McMillan told about the real St. Patrick at the Monday meeting of the Kiwanis Club, held at Shady Nook.

Mr. and Mrs. P. B. Scott and a guest, Peter Lavigne, of Escanaba came Sunday to visit at the home of the former's parents, Mr. and Mrs. C. E. Scott and Mrs. Scott's mother, Mrs. George O'Brien.

The CHAMPS --- and the Trophy

Symbolizing the championship of all Northern Michigan, the Charlevoix basketball players crowd around Co-Captain Bill Carey as he holds the newly-won Regional trophy at the Petoskey gym last Saturday night. It has just been presented by Referee G. H. Hinkley of Alpena. Shown left to right are Cliff Lagerman, Bill Carey, Dave Hardy, Bill Peterson, Ross Case, Lyle King (12), Bob Carey, Dick Hardy, Don Zeiler, Louis Holstad, Jim Roberts, Pat Martin and Warren Shadko.

Cancer Unit Is Organized In City

At an open meeting to organize a city unit of the American Cancer Society, P. D. Campbell presented an interesting history of the organization and the program for 1947.

Mrs. Dean Davenport, city captain, was chairman of the meeting and after giving a resume of the work already accomplished, named several chairmen and told what was expected of them in the educational, service and financial campaign to be started in the near future.

Dr. Robert McClintock spoke briefly on the work of the national Society and how the medical profession assisted in the work of the field army of the society.

Mrs. Walter Bergeon was named education-chairman; Mrs. Gordon Freedman, campaign chairman for the April drive and Mrs. Arthur Weststaff, service chairman. Dr. McClintock and Dr. Gerald Gibbons were asked to serve on the advisory board to which six laymen will be named at a later date.

Architect Writes Of Hospital Site

Below is a letter from N. A. Owings, member of the firm of Skidmore, Owings and Merrill.

This is the architect firm which has been engaged to design the new proposed hospital. Dear Mr. Towse:

On our recent trip to Charlevoix, my associate, Mr. W. T. Priestley, and I studied the three very interesting locations which, as I understand it, can be made available for the Charlevoix General Hospital.

While we thought all three had many attractive features, we felt that the one which was designated as the trailer camp seemed to have a happy combination of all the elements we considered fundamental to a satisfactory hospital site.

We liked the fact that the hospital grounds, using this site, would be some distance away from the main highway and yet would be easily accessible from two directions to the highway. We liked the fact that there were quite a few attractive trees, as well as a rolling character to the land. In addition, there is a sewer and water within a reasonable distance, which should reduce the cost of providing utilities.

Briefly, we felt that this site not only was attractive but also combined practically every feature we would require in obtaining an almost perfect location for your hospital.

Sincerely yours,
Skidmore, Owings & Merrill,
N. A. Owings.

Trade Promotion Group Approved

Some 16 members of the steering committee named last Thursday, night by the businessmen at the Wayside met Tuesday evening in the City Hall.

With Walter Bergeon presiding, the group drafted an outline of a business promotion organization, picked two slates of officers and named four temporary committees on membership, meetings, projects and finance.

A general meeting open to all men and women of Charlevoix interested in civic and business promotion has been arranged for next Friday night, March 28 at the Wayside, when a meat or fish dinner will be served. At that time the steering committee's report will be submitted and projects for 1947 proposed.

A new organization, open to anyone interested in promoting Charlevoix as a business center and supported by them, was enthusiastically approved Thursday night by 70 men meeting at the Wayside.

The dinner meeting was called in response to frequently voiced statements that such an organization is needed here to supplement the tourist promotion job now being done by the Board of Commerce.

Following the dinner John Schroeder stated the purpose was to learn if those present favored a business promotion program, and what they wished to do about it. L. E. Towse served as temporary chairman during the ensuing 40 minute discussion.

On the basic question of the need for such an organization at least 60 of the men present voted favorably. Next discussion was whether the new set-up should be within the Board of Commerce or entirely separate but cooperating closely with it. The latter course was adopted by approximately a three-fourths vote.

The job of planning a 1947 program, outlining the new organization and nominating two slates of officers was turned over to a committee nominated by the 70 present. One man from each of the businesses represented in Charlevoix was named by the group. Walter Bergeon was chosen as temporary chairman of this committee, which was instructed to meet within two weeks.

It also was directed to arrange for another meeting of all persons interested, and at that time to report its recommendations on program and organization.

Mr. and Mrs. Joe Williams have purchased the Shapton property at 116 E. Upright.

Mr. and Mrs. Mark Cross and family and Mrs. Cross' father, Edward B. Gallagher, returned home Sunday from a vacation trip to California.

Movies to Be Shown At Farm Meeting

Sound movies and a weiner supper are planned for the joint meeting this Friday night at the Barnard Grange Hall of the Inwood, Norwood and Barnard Farm, Bureau and the Barnard Grange.

The latter organization had a regular meeting set for Friday but changed plans to allow for the joint session. The film is "Here Is Tomorrow" and came from the State Farm Bureau. It will be shown at 8 p. m. by Ed R. Berman.

Weiners and buns will be available after the program.

The Young Married Class of the Church of God entertained the Young Peoples Class Monday night at a St. Patrick party.

It was held in the city hall club room and attended by 65. There were songs, games and refreshments.

Victors Will Go To State Tourney At East Lansing

Tonight the Red Rayders, Regional Champions of Northern Michigan in Class C, will meet the Evart team at Big Rapids in the first round of the state finals. The game is scheduled for 7:30. Evart before the district tourneys started was rated as one of the five outstanding C teams in the state. (So were Charlevoix and Houghton Lake. The Rayders went on to win the Regional and Houghton Lake lost to Lake City, who was easily defeated by Charlevoix.)

Friday the winner of the Big Rapids game will play the survivor of the Whitehall-Colon tilt in the East Lansing field house at 10 p. m. Saturday at 7:30 will be the final against the survivor of Saginaw's SS, Peter and Paul, Centerline, Milan and Jackson's St. Mary's.

The team will leave here on the school bus for Big Rapids shortly after noon.

Meeting the cream of Northern Michigan's Class C teams, the Charlevoix Rayders last week at Petoskey walked off with the undisputed rank of Regional Champions. (Continued on page three.)

Sign Law Proves Tangled Affair

The tangled complexities which face any attempt to draft a sign ordinance were partly unraveled Monday night at a four hour Council session.

Planned as a hearing on proposed revision of the present sign ordinance, the aldermen discovered that a law limiting big store signs would bar small doctor's signs, rule out many present gas stations and rooming house signs.

So the drafting of an ordinance was postponed at least until next Monday when Supt. Angus Leitch will report on just what present signs there are, and try to figure out a uniform code hitting all needs. The Council however is pretty well satisfied what the new code will provide for the business section.

Big store signs must be at least ten feet above the sidewalk, must not extend nearer the curb line than three feet, or have more than 36 square feet of area. They also must be structurally sound.

Confident that it will adopt this change, the Council voted formal permission to John Schroeder to erect his new Walgreen sign which is four by nine feet.

The Council also voted to advertise for bids on the new generator unit at the power plant, bids to be in by April 21. Bids on bonds will come later.

Playing Ostrich Is Risky

Some individuals at Lansing and Washington are talking rather foolishly these days. They would abolish the Communist Party.

Under no form of government can that be done. Hitler tried a similar thing, hacked by his Gestapo, and there never was a time when liberalism and anti-Nazis were not active in the Reich.

You cannot legislate beliefs out of men's minds.

It is too bad that a small minority of our residents today believe that Communism is the coming social order. Under our Constitution they have just as much right to believe that as I do that Jefferson's principles are still valid.

If their party is declared illegal, the Communist by conviction simply will go underground. If I have to live in a country where there are rattlesnakes, I want them out on top of the ground, not worming around inside the walls where I cannot keep track of them.

So it should be with our Communists. Our only effective weapon against them is complete exposure and constant knowledge (and publicity) of what they're up to.

Outlawing them only would be playing into their hands. Every revolutionary cause thrives on martyrdom and secrecy.

Bureaucratic Efficiency Is Wonderful

The way some so-called public servants serve the public is a thing of wonder—if it were not for the way it costs the taxpayers' money.

The other day I had a prime example

of efficiency. I had written to the War Assets Administration office at Detroit asking where I might buy a small quantity, say a couple of hundred pounds, of a light metal material.

Back came a letter and a folder which cost at least \$1.00 to produce and send. It described all sorts of steel for sale, with the minimum purchase being for 40,000 pounds.

Two Are Good Men, But One Is Not

In April Michigan will elect two Regents of the University. It is an important job, the Board being responsible for the operation of our \$100,000,000 institution.

Two of the candidates I know personally as fine men. Joe Herbert of Manistiquic is a Regent now, has a record of excellent service and deserves reelection as the Upper Peninsula's only candidate.

George Scheinbaum of Reading is a successful manufacturer, a civic minded citizen. He served on the Mackinac Park Commission.

I do not know Kenneth M. Stevens, except that he comes from Detroit. He probably is a good man. In view of the possible union with Wayne University, there could well be another Detroit on the Board.

The fourth candidate is Prof. John L. Brumm of the Journalism Department of the University. He should not be elected. His qualifications include ability as a clever after dinner speaker and playwright; but there they end. His social and economic beliefs are too radical even for good liberals to swallow. His election would be a sad error for the state.

Pfc. Haggerty Finds Unusual Vehicle

Evidence that the Japanese can contrive unusual things is shown in a picture of Pfc. Richard Haggerty taken in Kobe.

He is shown sitting in or on a tricycle delivery truck which looks like the unscrambling of a motorcycle-pick-up collision.

The front end is strictly motorcycle with handlebars. Then, right in front of his knees is what looks like a radiator.

There's a 1910 hand brake at his left side, the motor evidently between his feet and the gas tank below the narrow beam seat. Behind him are two wheels carrying a small truck body.

New Tucker Car Is Named for Citizen

Named for a Charlevoix man and summer citizen, ads announcing the new Tucker '48 car are appearing in the metropolitan papers.

The man is Preston Tucker, head of the new Tucker Motor firm and son of Mrs. Charles W. Holmes, 121 River Place. Tucker himself is a frequent summer visitor here.

The new car will have an opposed six cylinder engine mounted at the rear. Another novel feature is a door which includes a section of the top, so that there will be less bumping of hats and heads when getting into the machine.

It was designed jointly by Tucker and the late Harry Miller who produced many of the Indianapolis winners.

WHAT'S COOKING

TO THE TOWN'S TASTE

This is the time of the year when a lot of folks are welcoming the spring. Jean Foster was this day to her table when she makes:

Cardinal Salad
1 package of lemon jello
1 cup boiling water
1 cup beet juice
2 tablespoons vinegar
1/2 teaspoon salt
2 tablespoons prepared horseradish
1 cup diced beets (cooked)
3/4 cup diced celery
Combine ingredients and put in moulds.

Hilda Wood makes a casserole dish of Baked Ham and Noodles that is one of the favorites in her household.

Baked Ham and Noodles
1/2 pound ground ham
1/2 pound American cheese
1 green pepper
One 8-oz. package noodles, cooked and drained
1 cup mushrooms
1 can Campbell's tomato-soup
Mix together and bake in a 250 oven for one hour.

I was at the Rose Ager home recently and sat out in her kitchen talking with her and her family. When I asked her if she had some favorite rule that she would like to give me for the paper, her husband spoke up and said, "Give her the one for your apple dumplings." Now, when a man speaks up in meeting like that you may know that the rule is a good one. And here 'tis:

Apple Dumplings
Lard, size of an egg
1 teaspoon baking powder
Pinch of salt
1/2 cup of sweet milk
To these ingredients add enough flour to make a stiff dough. Roll out and cut in about four inch squares (like pie crust).

On each square place sliced apples, sprinkle with sugar and cinnamon. Then bring each of the four corners together, making the dumplings. Put these dumplings in a pan containing one cup of sugar and a pint of water and 1/2 cup butter. Bake 1/2 hour. Serve with cream.

Supper Sponge Cake
If you are wondering what to make for supper tonight and want something all the family will be sure and go for, try making Mrs. Aver's Sponge Cake.

1 cup sugar
3 eggs well beaten
1/2 teaspoon salt
1 teaspoon lemon extract
1 cup flour, sifted two times to which 1 teaspoon baking powder has been added
Add 1/2 cup boiling water
Combine all ingredients and put in loaf pan. Sprinkle sugar on top and bake in a slow oven until done.

Then if your family enjoys prunes they will surely enjoy this dish which turns the usual breakfast prune into a glamour dessert.

Frozen Orange Prune Whip
1 stiffly beaten egg white
1/2 cup sugar
3/4 cup cooked sieved prune pulp
1/2 cup orange juice

From where I sit... by Joe Marsh

Do Men Like Women?

Maybe you read that recent article in a national magazine, claiming that American men don't really like the company of women. They just put them up on a pedestal and leave them there.

But I wouldn't say that that was so in our town. Look at any married couple—like the Cuppers. Jane wouldn't nag if Dee spent his evenings "with the boys"—but actually Dee likes nothing better than to stay home with the fire, sharing a glass of beer with Jane, playing cribbage, or just talking.

And when he does go out, for an afternoon of fishing down at Seward's Creek, or for an evening glass of beer at Andy Botkin's Garden Tavern, Jane is almost always with him (except when she's got a spot of baking in the oven).

From where I sit, respect doesn't rule out everyday companionship... and never should. They go together—essential parts of a successful marriage.

plans and state title contenders. The trophy presented to the massed team at the end of Saturday night's game marked the end of two successive weeks of steady play, and the right to go after the top prize.

Gaylord was Wednesday night's opponent, and the toughest competition, 36 to 32. Lake City, victor over Houghton Lake, came Friday and was downed 46 to 21 in a game that saw Coach Ray Kipke send every man onto the floor, even the three players promoted from the Reserves seeing considerable action.

Mancelona, rated as likely to be the toughest competition of the lot, lost to the Rayders 41 to 23 Saturday night. In first three minutes of play the teams seemed evenly matched, Mancelona playing inspired basketball and the Charlevoix boys following their usual tactic of starting slow and gathering speed. Enough speed was collected that the quarter ended 15 to 9.

On the scoring end Bob Carey easily was the outstanding basket-hitter of the entire tournament. He rolled up totals of 24, 11 and 19. The box scores were:

SO SAYS SUSAN...

We cows have often been accused of preferring "far-away-pastures" but we are not as dumb as you might think. We relish those nourishing and health-giving foods we get right at home. Even though we do go astray when opportunity comes, you'll notice we usually come strolling home for regular meals. It occurs to me that it is fortunate for all of us cows and our bosses too, that most of the homes in Charlevoix appreciate milk and cream that is produced, pasteurized and bottled at home. You see, the producers who are supplying you with milk through the Maxbauer Dairy feel that they are a part of your community because Charlevoix is their trading center.

Empire Team Stay At Charlevoix

Charlevoix was host for three days and nights last week to the Empire basketball team—and both parties enjoyed it.

The 12 players, their coach John Bacon and several rosters arrived Wednesday at the Charlevoix Hotel and stayed here until Saturday. Proprietor John J. Connolly of the hotel and Lowell Merica of the Sugar Bowl both praised the Empire delegation. Bacon liked Charlevoix so well he stayed over an extra day here.

The Empire team, coming from a school with only 18 boys, was one of the most popular at the Petoskey tourney.

ABOUT TOWN

(Continued from page one)

date set for the annual Mother and Daughter banquet. If you haven't a daughter, better start hunting for a girl about town for that night. This week-end Charlevoix will probably have all the earmarks of a deserted village for lots of folks are going to follow the basket ball boys to the games. Mr. and Mrs. John Wellwood of Flint, parents of Margaret Duerr, are spending the week with the Duerr family.

Have you been one of the housewives around town who has tried Mildred Webster's Molded Ham Loaf that was in "What's Cooking" corner last week. Hope you were not in the predicament that one housewife was who followed the rule as printed, for one word was wrong. It read Cook, it should have read COOL. A thousand pardons to one of the best cooks in town. So that you may get the rule correct, here 'tis again: Heat one can of tomato condensed soup and a cup of water. To this add 1 1/2 tablespoons unflavored gelatin softened in 1/4 cup of water. Blend in a 3-ounce package of cream cheese. COOL until thick. Add 1/2 cup mayonnaise, 2 tablespoons prepared mustard, 2 tablespoons vinegar and two cups ground cooked ham. Chill. Rule will serve ten.

Mail Carrier Sends In Another Version

Walter Davis, rural mail carrier from East Jordan who was concerned in the South Arm mail-or-no-mail story last week, writes the editor a letter telling another side of the story.

The one carried last week, as it plainly said, was supplied by Highway Commissioner Sam Rogers and Supervisor B. J. Smatta. The point is the 13 families are getting their mail and the road has been opened. Mr. Davis writes:

Dear Sir:

In reply to the article in the Courier dated March 12, 1947 regarding 13 farm families going without mail, I will say that all the facts presented were not true.

I did not present the Post Office Department with a bill. The extra driving by me this winter and last winter when the same road mentioned was closed was cheerfully done with no thought of extra pay. However, after an inspection at this office by Post Office Inspectors during the month of January we were asked to present this case to the Post Office Department. We did so asking that the mileage be

increased 5.0 miles for four months a year. This was not allowed because no new families were being served.

Taking the road commission's own figure of snow plowing cost as \$112.00 per mile for 3/4 mile would have cost \$84.00 to keep this road passable. In our opinion the road could have been kept passable for a less amount because it is very well protected from drifting.

In the suggestion that it would be cheaper for South Arm Township to pay for the extra mileage, I wish to say that the Post Office Department does not expect anyone to pay for service on any Rural Free Delivery route. This case will be up to the road commission and South Arm Township in the future.

From the results already obtained it appears that this road will go on the snow removal map and remain there. Two days after the notices were sent out the piece of road in question was opened for which we are very grateful.

Two Amendments On Spring Ballot

Two amendments will be presented to the voters of Michigan at the April 7 election.

No. 1 would change the present provision on judicial primaries. Now, a primary has to be held whenever there is a judge-ship to be filled, no matter if only one man is nominated. Under the proposed change, no primary would be required unless there are more candidates than places to be filled.

The purpose of the amendment is to save unnecessary election costs.

The second amendment would allow corporations to hold unused real estate in or within two miles of cities of 5000 or more for 30 years. Now such unimproved land can only be held ten years. The change would permit corporations to buy and hold land for long range future needs, but also might work to allow big firms to choke out competition or civic development.

Tracy Boss Named For 36th Term

Ellsworth—Two tickets were nominated for Banks township officers at the biennial caucus held Friday at community hall.

Wren L. Chellis was elected chairman of the caucus; Harm J. Timmer served as secretary and tellers were Silas Docter and Peter G. Vanderark.

Nominations on Ticket No. 1 were: Supervisor, Bert DeYoung; clerk, Tracy E. Boss; treasurer, John Peebles; justice of the peace, Henry Elzinga and Kenneth Peebles; constables, Miner A. Postmus and William Reamsma; member board of review, William P. Smith.

Ticket No. 2 was completed with exception of clerk as follows: Supervisor, Edward Klooster; treasurer, Bernice DeYoung; justice of the peace, John R. Wetland and Charles D. Edson; constables, Bruce McElroy and Harry DeGroot, Sr.; member of board of review, Nathan Carpenter.

As Boss has no opposition as clerk, he will likely be elected at the regular election for his 36th term. The caucus committee of Wren L. Chellis, Harm J. Timmer and Gerrit Rubingh was continued until next caucus.

Charlevoix Couple Wins Bowling Prize

A check for \$25 was delivered this week to Jean Englehart and Ralph Kline.

It represented the first prize in the mixed doubles tournament put on March 2 and 9 by the East Jordan Recreation alleys. Miss Englehart in three games rolled 406; Kline gathered 637. These plus their handicap of 276 gave them 1310, the top score.

Tenth place in the contest was won by Hilma Hardy and Dick Hull. Ninety-six couples took part, coming from Charlevoix, East Jordan, Beulah, Cadillac and Bellaire.

Barney Adair, manager of the East Jordan Recreation, is announcing the Rainbow City Classic now, open to all members in ABC sanctioned leagues. It will be held April 6, 13 and 20, with \$350 in prizes to be divided equally between winners in two classes. These are for actual pin fall and for 80% handicap of 200 average.

More Than A Seven Letter Word

No matter how many feet cross our threshold, the "welcome" on our door mat will never wear out. Making you feel at home here has always been part and parcel of our idea as to how a bank should serve its customers. We'd be poor businessmen if we ever abandoned it. But there's a difference between a welcome that's spoken merely with the lips and one that springs

from the heart. Anyone can tell the difference between the two. It's a real old-fashioned, warm-hearted welcome that you can expect to receive when you do business with us. If it doesn't measure up to your expectations, we'd certainly appreciate your telling us about it, for that's the only way we can keep our standard of service high. Stop in and see what we mean.

Michigan Bell Reports on 1946

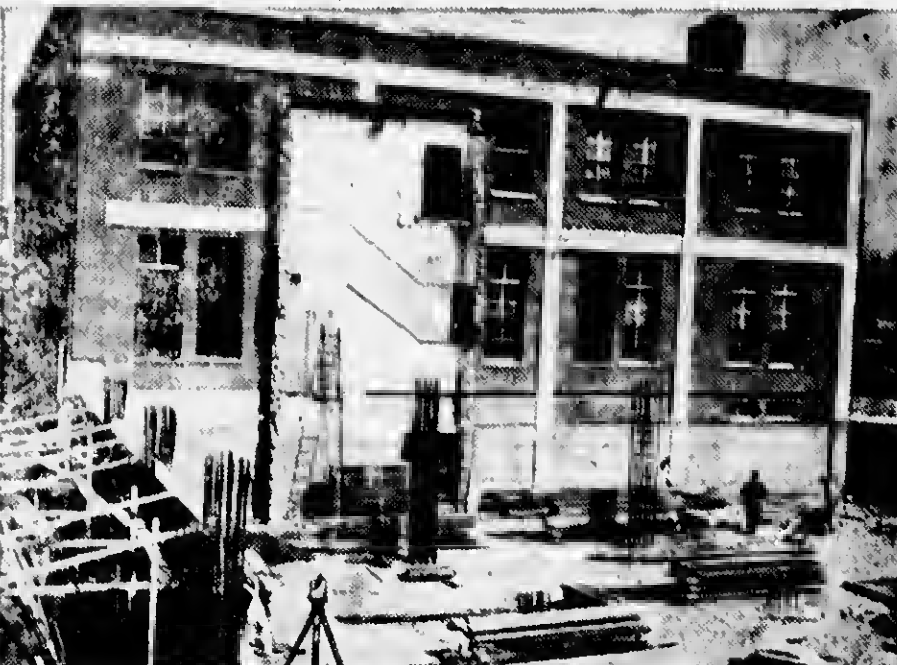

During 1946, Michigan Bell installed more telephones, served more telephones and handled more calls per telephone than ever before. Total revenue was larger, too. But so were expenses. Earnings on investment were more than in 1945. But in the second six months, due to rising costs, earnings were on a downward trend.

ABOUT CALLS—On the average business day there were 7,304,000 local calls, and 197,000 long distance calls. . . increases of 22% and 23% respectively over 1945. Although at times some calls were delayed by insufficient facilities, telephone people gave more good service than ever before in history.

ABOUT TELEPHONES—Michigan Bell installed 31,000 telephones a month, double 1945. A net gain of 204,000 telephones brought the total in service to a record high of 1,378,000. However, it was necessary to give priority service to many thousands who would have preferred individual lines. And 65,000 others were waiting for telephones at year's end.

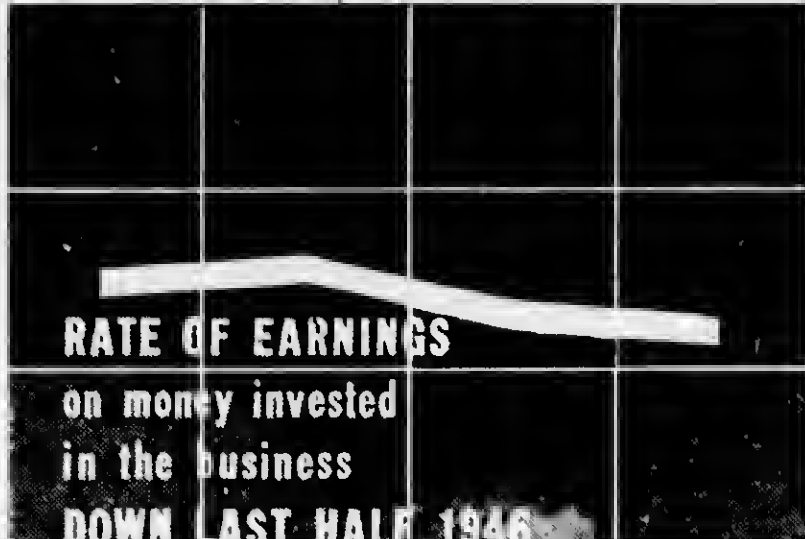

ABOUT CONSTRUCTION—\$36,000,000 worth of buildings and equipment were added. This investment, all-time high for one year, would have been much greater but for continuing shortages of materials. Increasing demands for service and higher labor and material costs have raised the estimate for our 5-year post-war construction program to \$220,000,000.

ABOUT JOBS—Michigan Bell's force rose 6,000 to more than 22,000 people, about one-third of whom had less than a year's experience. Nearly half of all Michigan Bell men were returned veterans of World War II. Wage adjustments, made early in 1946, amount to \$8,461,000 a year. Payrolls totaled \$54,445,000, up 50% over 1945.

ABOUT REVENUE AND EXPENSES—We took in more money than ever before—\$91,000,000, or 13% more than 1945. But expenses also increased. Operating payrolls were up 39% for the year. Total expenses, excluding taxes, were 25% over 1945. Total cost of giving service, including taxes, was \$79,000,000—an increase of 11% over 1945. Revenues in 1946 include \$3,500,000 subject to refund to customers if the pending rate reduction order of the Michigan Public Service Commission is upheld by the court.

ABOUT EARNINGS—Earnings for the year were \$12,000,000, or 7.2 cents on each dollar invested in the business. If the Public Service Commission's rate reduction order is upheld, 1946 earnings will drop to 5.9 cents, insufficient, we believe, to attract the new capital needed for expansion and improvement. As it was, during the last half of the year, rising costs sent the earnings rate on a downward trend, which pointed to the possibility that higher rates might become necessary to assure financial stability of the business.

THE PROSPECTS—Our objectives in 1947 are to provide as quickly as possible: 1. Enough telephone plant to take care of all unfilled orders for service and to care for future demands; 2. Facilities to furnish promptly the type of service the customer desires; 3. Improvements in local and long distance service; and 4. Extension and improvement of rural service.

Present indications are that shortages of needed materials will

continue to handicap us in 1947. But, we expect by year's end to have filled most requests for service and to have made progress in further improving the quality of service.

Telephone men and women turned in a record-breaking performance in 1946, and we have confidence that in 1947 they again will surpass all previous accomplishments and give to Michigan continuing telephone service of the very highest order.

Northern Band Festival Is May 8

The 14th annual Northern Michigan Festival, a non-competitive musical event, will be held at Petoskey May 8 with more than a dozen bands in this area taking part.

Leonard Falcone, director of the Michigan State College military band, will be the critic and director at the massed band concert, a highlight of the one day event. Credited with being one of America's leading bandmasters, he will be adjudicator of the festival though there will be no ratings given to the participating bands.

The festival, the outstanding band meeting in northern Michigan, will see schools from Traverse City, Elk Rapids, Kalkaska, Mancelona, East Jordan, Bellaire, Boyne City, Harbor Springs, Pellston, Charlevoix and the host band, Petoskey, in a parade followed by individual band performances and a massed concert. The newly-outfitted Charlevoix band under the direction of Clarence A. Odmark will attend the festival three weeks after attending the State Musical festival.

Junior Dairymen Sponsor Tractor Show

Sponsored by the Charlevoix Junior Dairymen for the benefit of all farmers, a tractor maintenance program will be held next Wednesday at the Norwood Local Farmers Union Hall.

This is the old Hilton school house seven miles south of Charlevoix on U. S. 31.

A representative of the Standard Oil Co., will be at the meeting and present a sound movie on tractors and their use. There will be no charge.

The Junior Dairymen are a branch of the 4-H Club.

Mrs. Hazel Crain is the fund's treasurer and Lavern McGhan is secretary. "Anyone can contribute to it in memory of a friend or relative."

Farm Group Talks Over Local Problems

Inwood Farm Bureau discussed local problems which the organization could work on at its meeting Monday night at the Will Ager home.

These included potato marketing, turkey raising and reforesting. The Blue Cross program also was talked over. There were 19 members present. Clara McGhan and George Block led the discussion.

Cubs To Receive Awards Thursday

Awards will be given out and a handicraft exhibit presented at the Cub Scout Pack meeting Thursday at the high school lunch room.

Six dens will be represented. The meeting is open to parents and teachers.

Buy Tickets At Game School Advises

In response to the big demand here for tickets to the state finals at East Lansing, the following information is supplied by Supt. Roy Bennett's office.

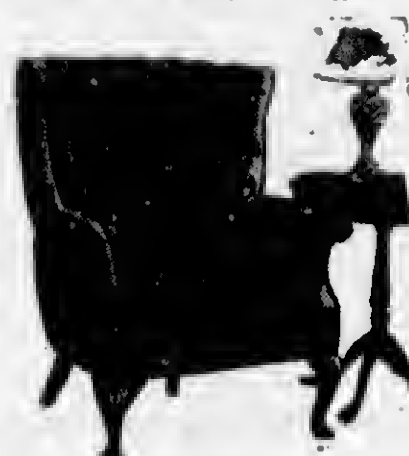

The State Athletic Association does not provide the local schools with tickets for the Thursday and Friday games. These have to be purchased at the gym.

One hundred Saturday reserved seat tickets are allotted to each school winning Friday night. In case Charlevoix is to play Saturday, a representative of the Charlevoix school will be in the lobby of the Hotel Olds at 8 a. m. Saturday morning with the \$2 reserved seat tickets. Only four will be allowed a customer. Tickets will be on sale until 9 a. m.

Experience last year was that early comers at Jensen Field House got better seats than did those buying reservations.

About Town

News of folks, your neighbors and mine... but did you know that—

Mrs. Frank Harris plans to leave this week-end for South Bend, Ind., where she will stay with her daughter, Mrs. James Morrow for the next two months. The members of the Dickens and Shakespeare Clubs will hold a banquet April 8 at the Wayside, at which time the husbands will be the guests of honor. While looking through my pocket-book last Sunday for my twelve year old (and you know what a woman's pocketbook is like) a paragraph that I had read from the Norwich Herald of Norwich, Kan., went through my mind: "I am 25 cents. I am not on speaking terms with the butcher. I am too small to buy a quart of ice cream. I am not large enough to purchase a loaf of candy. I am too small to buy a ticket to the movie. I am hardly fit for a tip, but, believe me, when I go to church on Sunday, I am considered SOME money."

Phyllis Roberts was among those from Michigan State who spent her spring vacation with her mother, Mrs. Bertha Roberts. Isn't it wonderful to think that we have delivery service again in Charlevoix. No more lugging and tugging bags of groceries, or borrowing the youngster's little red wagon. Now the delivery man can bring our groceries right to our door. Sunday night was an extra special time at the Church of God. Recently the Ladies Aid purchased a large white illuminated cross. It was placed in back of the choir and lighted for the first time. All the lights were turned off and by the light of the cross the choir sang "Lift Up the Cross." It was most impressive. The cross will be used for communion services and other special church occasions.

"Couldn't get away from my overcoat in Florida," said Ed Edwards. "Would have enjoyed a bit more sunshine, but in spite of it, the Edwards enjoyed themselves on their vacation jaunt. One of the high lights was visiting the famous Ballingrath Gardens and the Edwards arrived in time to see the azaleas in the gardens at their heights."

March may have come in like a lamb but the last week of it started out very lion-like. And to think that Sunday was like a spring day. Almost had visions of arbutus in bloom. Wonder how many folks remember the H. L. Oldham family. Mr. Oldham owned a big Marmion touring car in the "days back when." How slowly he would drive down Bridge Street and what an attraction that big car was. Mr. Oldham was a big man, jovial, and with a hearty laugh and the twinkling blue eyes. It was always a privilege to be invited to their home for the family were wonderful hosts. Mrs. Oldham was a talented musician and played the piano beautifully.

Just learned that Ernest Homingway was at one time a Horton Bay resident and during boyhood days attended the little Horton Bay school.

Mr. and Mrs. William Eisen-drath of Glenview, Ill., were weekend guests at the home of Mr. and Mrs. Arthur Ranger. They own a farm on the south arm of Lake Charlevoix, opposite Holy Island, and came to make arrangements for farm work and some improvements at the farm. They plan to return again in May.

Mrs. Guy Eccleston announced they have an early spring visitor, a robin, in their back yard.

Mr. and Mrs. Arthur Fitch, who have been in Rome City, Ind., for the past month were due home Tuesday of this week, but due to the unexpected storm, decided to stay put for a little longer. (Continued on page 8)

Amateur Show Set for April 10, Tickets on Sale

Entries for the Kiwanis Amateur Show are steadily coming in to Dean Davenport, general chairman of the event set for April 10. Entries will close April 5. That evening at 7:30 auditions will be held at the high school here of all applicants. At that time the committee in charge will decide on the arrangement of the acts on the program.

Tickets for the April 10 show are now on sale. Every member of the Kiwanis club has them. They also are on sale at the Central Drug store.

Health District Is Making School Survey

Physical facilities and equipment at all schools in Health District No. 3 are being surveyed these days by the District Sanitarian, R. T. Colman.

The purpose is to help school boards planning postwar improvements, the survey being purely advisory. When he visits the school, Colman checks lighting, seats, sewage, water, hot lunch facilities, electricity, safety, play equipment, heating.

While there he fills out a report which he leaves with the teacher in rural schools or school head in graded. This report then is turned over to the Board at its next meeting.

By pointing out the most urgent needs, Colman explains, the survey can help Boards decide which improvements will contribute most to the pupils. It also can aid in avoiding such costly mistakes as a downstate board made when it painted the school building a dark blue and the walls a glaring cream, only to have to do the whole paint job over.

Colman is the new Sanitarian here, having taken the place of William V. Ross the middle of February.

Ballots Are Going To Township Clerks

Ballots have been going out to township and precinct clerks all week from the office of County Clerk F. R. Bulow.

Voters April 7 will have three ballots. One will be on the two constitutional amendments. Another will be for the non-partisan candidates; three supreme court justices and one circuit judge.

The third will be the general partisan ballot for two University regents, state school superintendent, member of the state board of education and agriculture, and the county commissioner of schools.

Copies of the ballots are on display in the Central Drug window.

Kiwanis Club Backs Local Cancer Society

Cancer was the topic discussed Monday at the Kiwanis meeting at Shady Nook.

Dr. Robert McClintock, the speaker, stressed the importance of recognizing the symptoms early and starting treatment promptly.

Cancer, he pointed out, has killed more people than died in World War II; a large proportion of these could have been saved by early diagnosis and treatment.

A movement is under way now to acquaint the public with cancer facts, particularly the one that there is little to fear if early treatment is sought.

The Kiwanis club voted unanimously to endorse and cooperate with the local cancer society which has been organized.

H. E. Ruis Heads Ellsworth P. T. A.

Ellsworth—At the last meeting of the Banks Township PTA, J. B. Mudge of Eastport entertained with dulcimer music and the pupils of Mrs. Earl Farrell's room put on a puppet show.

Another interesting number was the history of Ellsworth and vicinity read by Mrs. Lambert Marcus.

Officers for the following year were elected: president, Henry E. Ruis; father vice-president, Grant A. Hastings; mother vice-president, Mrs. Lynn Carpenter; teacher vice-president, Mrs. Max Bolser; secretary, Mrs. William G. Patterson; treasurer, Mrs. Emery J. Wilson.

Mr. and Mrs. Clifford Colley, of Petoskey visited Sunday with Mr. and Mrs. Elmer Gibson.

Bowlers Size up Scores as Leagues Near End of Winter Season

Typical of scenes at the Charlevoix Recreation is the one above, taken of a Sunday night mixed doubles foursome sizing up the score after it's all over. Left to right they are: seated, Lester Smith, Mrs. Chuck Powell, Gordon Clement, Glenn Ingalls; standing, Chuck Powell, Mrs. Clement, Mrs. Ingalls, Mrs. Smith.

Three Dinners Given Champion Rayders

Three dinners, provision for extra entertainment at Lansing, and the sincere gratitude of most townspeople have been given the members of Charlevoix's championship basketball team during the last ten days.

First dinner was given by the Wayside to the team and cheerleaders the Saturday night after the final regional tournament at Petoskey. The bus load of players and the six girls stopped on the way home for a dinner served at a long table in front of the lobby fireplace.

Monday night the Knights of Pythias gave the team and cheerleaders the annual banquet at the club rooms. Wednesday, John Kluhn was host to the crew at the Ross Tea Room.

At the Pythian dinner, Grover Genett presented Ray Kipke, introducing him as a coach and man whom both players and townspeople liked and respected. Kipke, commenting on the Evert game, remarked, "we took the game of give and take, we took the ball and then gave it back."

Brief remarks were called for from each of the 25 players and the five cheerleaders there. Dick Hardy presented Kipke with a matched leather set from the team. Afterward Theo T. Glass of Levering gave a half hour of magic.

Bert Smith Finds Flying Is Safer

Flying is cheaper, faster and a lot easier on the nerves than driving, Bert Smith of Charlevoix Recreation has decided.

A week ago Saturday he had to go to Detroit. On the way down he had two blowouts, and a third on the way back. Besides, he ran out of gas, had his starter break off, and made two hitch hikes for help.

Then, Tuesday he had to go to Flint. He flew down alone, transacted his business, and flew back in about the time it would take to drive.

Extension Group will Meet Here Friday

The Charlevoix Extension group will meet with Mrs. Lota Coulter 213 Antrim St., Friday at 12:30 for a potluck luncheon and lesson.

Each member is to bring her own table service, sugar, sandwiches, and dish to pass.

Lesson will be on "Curtains and Draperies" and "Color in the home."

We're Proud of Them

Charlevoix last Friday morning was a place largely populated by regretful folks. Our team had lost in its try for the state title.

But along with the regrets was the even stronger feeling of pride. To us here, our Rayder boys still are champions.

They are champions in their sportsmanship, in always playing the game hard and clean, in the way they work together, and in their wholesome outlook and attitude.

The loss at Big Rapids Thursday night was not a sweet pill to swallow. But far more important is the fact that there was no alibing, no sobbing. On that night and that place Evert piled up a larger score and so won the right to go on to Lansing.

The important thing is not the outcome. It is the fact that our boys played the game the way they did. We're proud of them.

Men's Lenten Luncheons Will Start Monday

Starting next Monday, the annual Men's Lenten Luncheons will be served Monday through Thursday at the Methodist church.

The luncheons are open to all men of the community and will be served at 12 noon.

At each luncheon one of the ministers of the Charlevoix Ministerial Society will give a ten minute Lenten talk.

Friday the Good Friday service will take the place of the luncheon. This will be a union service and will be held at the Methodist church.

Rayders Take in State Cage Finals

Coach Ray Kipke and his Rayders, their mascot and three drivers returned home Sunday afternoon after a big week-end in Lansing where they attended the semi-finals and finals in the State Basketball tournament.

After playing Evert (and losing 30-25) at Big Rapids, Thursday night, the next morning they left for Lansing. After checking in at the Olds Hotel at noon, the boys took off on a sight-seeing tour of the city taking in the Capitol building and the campus of Michigan State College. Others attended the movie or had a grand time meeting former Charlevoixians on the street and passing the time of day. Some of the boys spent the afternoon in the lobby of the hotel, had their picture snapped by a news photographer and saw it in print the next day.

Friday night they attended the semi-finals at the Jensen Field House at Michigan State and saw Evert beat Whitehall to go into the finals.

The outstanding event on Saturday was a luncheon at the ball room of the Olds attended by all the teams registered at the hotel. Each team gave a school yell as they were introduced.

Saturday night the Rayders witnessed the finals in all classes at the Field House.

After returning to the hotel Saturday night the most amusing incident of the trip took place—Jim Roberts lost his bed. He had his troubles getting a new one for the night.

At 7 a. m. Sunday, they started for home after a well-earned week-end of fun and basketball. The boys who made the trip were Bill and Bob Carey, Dick and Dave Hardy, Pat Martin, Cliff Lagerman, Lyle King, Jim Roberts, Ross Case, Louis Holsted, Bill Peterson, Don Zentler, mascot Chuckie Fairbanks. They were accompanied by Coach Kipke, Harry Bingham, Max Novak and Joe Smith.

Despite the disappointment of losing at Big Rapids, a couple of Rayder rosters expressed the general sentiment neatly Friday:

"We lost. So what? We still have one of the best Class C teams in the state. What more can you ask?"

"I've had a whole winter of real basketball played by a swell bunch of kids. Why should I ask for more?"

Loose Dogs Run Deer, Raise Havoc In Heads

Loose dogs are raising havoc with Charlevoix county's growing deer herd.

Last weekend alone several reports were sent to the conservation officers of packs of dogs running the deer.

A pair, for example, was chased out on the ice beyond South Point and when last seen, one of the deer was down with the other wandering about nearby.

Saturday noon a pack of hounds was seen running 14 deer south of the city.

With most does carrying fawns at this season, the damage done is especially bad for the future.

Under state law, any peace officer is obligated to shoot dogs running deer on sight.

The new men's chorus of Charlevoix will have its regular weekly practice meeting at the City Hall Thursday evening.

Business Promotion Meeting Friday Will Make Plans for 1947

Open to all men and women interested in advancing this community as a business center, a dinner meeting will be held Friday night at the Wayside to form a business promotion organization.

This meeting is a direct follow-up of the one held two weeks ago. The general committee named then met last week and worked out a plan for the organization, nominating two states of officers for submission to the meeting, and appointed temporary committees to report on four phases of the organization's work.

The dinner meeting Friday will start at 6:30 p. m. Like the previous one, an effort will be made to have it end between 8 and 8:30 p. m. There will be no outside speaker, the time being devoted to the proposed plan for organization and deciding on a course of activity.

The purpose of the new organization, according to the steering committee, is to provide a means for citizens here to work together in promoting better business conditions, and increasing better feeling among the members themselves.

Tickets are on sale at both banks, Campbell's, Charlevoix Recreation, Belding's, Dutcher & Johnson's, Bergens, Schroeder's, Dahlquist's, Dal Henry's, John Mol's, Weststaff's and the Curtis Market.

Since no individual solicitation will be made as was done before, all persons interested will need to contact one of those selling tickets. The meeting committee also has emphasized that this meeting is for both men and women, particularly those interested in a business and wives of men who plan to attend.

Island Line Pilot Breaks Back In Fall

Jack Stokan, pilot of the Beaver Island mail plane, is at Charlevoix hospital while Les Emery comes north three times a week to make the island hops.

Stokan is recovering from a broken back received March 16 when he fell off the wing of the Seabee striking on the motor heater. To make matters worse, his kit of tools fell on top of him. He has one chipped vertebrae.

After six weeks in bed, he expects to be able to be up and back on the job in a body brace.

Mother-Daughter Chairmen Named

Committee chairmen for the annual Mother and Daughter banquet to be held at the dining room of the Congregational church April 9 have been announced by Mrs. Lena Swanson, president of the Margaret Parker circle, which sponsors the event.

Program chairmen are Mrs. Allen Campbell, speakers, and Mrs. A. F. Novotny, musical program; dining room, Mrs. Arlo Wickham and kitchen, Mrs. Amos Webster.

250 Attend Klooster's John Deere Day

With the sudden storm blocking most country roads, attendance at Conrad Klooster's annual John Deere Day at Atwood Tuesday was held to 250, less than half the expected crowd.

Max Novak took his conservation class down in the forenoon to see the soil film, returning in the afternoon. With both Ellsworth school buses tied up, many Ellsworth pupils in the Atwood area also were able to be at the store.

Following the conservation film in the morning was one on new tractors. Then came lunch served at the long counter. In the afternoon was another film on new equipment, the Bob Burns picture, registration and awarding of door prizes.

J. E. Levall of Traverse City and W. T. Musser of Lansing helped direct the day's events.

Auxiliary Receives Gift Shop Report

The local post of the American Legion Auxiliary has received the following report on the "Gift Shop" at the Veterans' Administration Hospital, Fort Custer from Mrs. Allen Lennon, chairman of the Rehabilitation committee.

More than 3,000 gifts, valued at approximately \$10,000 were provided by the 370 Units of the American Legion Auxiliary in the state for the "Gift Shop" which is operated at the hospital.

The project, established in 1945, was continued this year for the therapeutic value to the patients, and the "good" feeling it developed with the family and close relatives of the hospitalized veterans. 1,153 patients selected 2,673 individual gifts which were sent to every state in the union and to England, Holland, Italy and Brazil.

All gifts in the shop are given by the units throughout the state with each organization sending

gifts for a family, a father, mother, two boys and two girls. The local unit, which has a membership of 45, sent seven gifts valued at approximately \$25.

Mr. and Mrs. E. J. Edwards Return From South

Mr. and Mrs. E. J. Edwards have returned from a three weeks vacation trip through the south. Among the interesting places they visited were the French Quarter at New Orleans where Mrs. Edwards, while shopping for china in a shop there, found a cup with "Charlevoix" printed on it in gold letters. While in the southern city they also saw Lt. Edward K. Shanahan, and were dinner guests at the home of Mrs. Guenard, the former Wilma See of this city.

They also saw Natchez at Pensacola the Aircraft carrier U. S. S. Saipan was laying at anchor. In Clearwater, Fla., they visited friends who are at the Belvedere Hotel in the summer. After a short visit in Detroit they returned home on Friday.

Ackert-Novotny Nuptials Celebrated

In a quiet ceremony performed at 2:30 p. m. Friday, Miss Elizabeth Ackert, daughter of Mr. and Mrs. Morris E. Ackert, became the bride of James Novotny, son of Mr. and Mrs. Frank Novotny, Sr.

Rev. Gaylord Howell read the service in the presence of their immediate families at the home of the bride's parents.

The bride chose a two piece aqua gabardine dress for her wedding. Her hat was a bandeau of pink and white carnations and her corsage was of the same flowers.

Mrs. Frank Novotny, Jr., sis-

ter-in-law of the bridegroom, was her only attendant. She wore a light green wool suit with black accessories and a corsage of pink and white carnations.

Mr. Novotny assisted his brother as best man.

For her daughter's wedding, Mrs. Ackert was attired in a light blue crepe dress with matching accessories. Mrs. Novotny, mother of the bridegroom wore a navy blue dress with navy accessories. Both had corsages of white carnations. Mrs. John Ackert, grandmother of the bride, wore a black ensemble with a corsage of pink carnations.

A reception for the wedding party followed. The refreshments, table, which held the three tiered wedding cake, was decorated with a large bowl of pastel snapdragons and lighted with white tapers.

Following a wedding trip to southern Michigan the couple will make their home in Charlevoix.

The bride is a graduate of the Charlevoix high school. The bridegroom, who was discharged from the army last year after three years service, was with the 149th Field Artillery of the Dixie Division in the South Pacific.

Wakefields Have Eventful Weekend

Mr. and Mrs. Milo Wakefield and their three children don't leave town often but when they do they include everything from wedding to family reunions to accidents.

Saturday they went to Muskegon for the wedding of his youngest brother, Edward L. Wakefield in his English bride, Eileen Myler, who had sailed from England March 7. The couple will visit here this week.

The occasion was also a reunion for Mr. and Mrs. Harry Wakefield who had their seven children at their respective families together for the first time in 16 years.

Enroute home Sunday Mr. and Mrs. Wakefield and family spent a short time in Manistee before continuing their trip home. Mrs. Wakefield took the wheel at Beulah and the rest of the family were taking a snooze when a car came onto the highway from a side road near Grawn without stopping and side-swiped the Wakefield car. All members of the family received minor bruises but after spending the night with relatives in Traverse City came home with Rev. W. D. Wood, who had gone for them early Monday morning. Their car which was badly damaged, is in a garage in Traverse City being repaired.

From where I sit... by Joe Marsh

Apple Tree Versus Wheat Field

If you ever visit Jeb Crowell's farm, he'll take you right out on that back porch of his and show you his apple tree.

"There," says Jeb, "is nature's noblest creation—fifty years, and bearin' still the finest cider apples in the county!"

But last fall, when a group of us was there, Bud Denny points across the river to his grain fields and says: "There's an even finer sight! Acres and acres of golden grain you can make dozens of appetizing things with—including wholesome, sparkling beer."

Both of them got so eloquent on the subject, that the rest of us worked up quite a thirst; so Jeb goes to the icebox for beer and cider. And when the refreshments come, Bud chooses cider, and Jeb takes the beer!

From where I sit, that's the answer to most disputes. You can talk all you want, but when it comes to tastes and preferences, there's just no argument.

City, Co-Op Discuss Building Plans

Termination of a loose-end arrangement seemingly was brought nearer Monday when the directors of the Charlevoix Co-Operative Co., and members of the City Council met to discuss building plans and lease.

Five years ago a lease to the company for the land occupied by the elevator was authorized by the Council but never signed. Monday the directors asked permission to build new concrete coal bins at the north end of the elevator.

The Council members—Dutcher, Ochs, Hooker and Bellinger—maintain the city must have an alley for gas trucks at the south side of the power plant tanks on land which the Co-Op would like for coal storage.

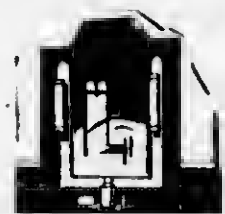

The upshot was that a delegation visited the site and a new lease seems likely to result. Terms verbally agreed to would allow the Co-Op to use 38 feet north from the building in place of the ramshackle old wooden sheds there now.

Tentative permission also was given to erect new grain storage silos on the west side of the elevator if the Pere Marquette will move the present siding farther west to make this addition possible.

Bellaire Singers Will Give Concert Sunday

ABOUT TOWN

(Continued from page one)

er. Mr. Fitch is anxious to return home and get in preparation for garden time. . . Mr. and Mrs. Herbert Colburn of Detroit spent the week-end at the home of the latter's parents, Mr. and Mrs. Bert Sharrow. . . If Junior were to ask you, would you be able to tell him what sets the date for Easter each year. . . Don't forget the Good Friday service next week. . . Mr. and Mrs. J. C. Otto and Mr. and Mrs. William McGregor of Bay View were visitors at the home of Della M. Compton and J. A. Noble Sunday.

Folks about Charlevoix swear they heard Pete Scott's voice calling "Oh, Min" last week. Maybe they did! Seems that Pete of the Lost-One Log Cabin fame, does have his troubles. The family has been in Florida this winter, had a wonderful time with no sad mishaps. Then, they started home and things went swimmingly until they came to Nashville. One of the big department stores intrigued them, and in they went. Pete was looking about and turned to say something to his better half. It was then that "Oh, Min," suddenly became "Oh, M-I-N" for Min had disappeared. For the next couple of hours Pete was in a dither. He searched hither and yon, to the car, back to the store and then back to their trailer car again. Still, No Min. Just as he was about to report his misfortune to the police, along came Min. Seems the couple had been doing a "round the mulberry bush" act in Nashville, for Mrs. Scott had been on the hunt for Pete. From last reports the couple have not yet decided just who lost who. Friends of the couple are planning to take up a collection to buy them a log chain before they leave next year so that all will be well and Charlevoix folks won't be hearing Pete's voice from somewhere down in the deep south calling, "OH, MIN."

Mrs. Alice Miller states that she has been having the time of her life this winter. She has held "Open Yard" at her home on Belvedere Ave., this winter. 20 and 30 youngsters have enjoyed her hospitality and kindness in using her hill to ski and slide. "Of course some of the shrubbery has suffered," said Mrs. Miller, "but it can be replaced. The children have such fun and I am more than rewarded by the smiling, happy faces and the kisses they throw to me through the window."

Courier. It reads: "I see by reading your paper that the Flint administration is asking the people of Flint to have patience and wait for a thaw to remove the snow. They should come up here to Charlevoix and see and learn how it is done. When it snows they are out early and clean all the streets so traffic can go through. Also they plow the sidewalks. Charlevoix has its own electric plant and water works. This is God's Country." Discovered the little chapel not far from the council trees, where the Indians of this vicinity worship. It is in a beautiful setting and we hope to attend one of the services soon.

About Town

News of folks, your neighbors and mine... but did you know that—

There's a breath of spring in the front office of the Courier, a beautiful bouquet of poplar buds and forsythia, a gift from Mrs. Ray Faulkner. It was a surprise to me to find that poplar buds look like pussy willows. Well, one might say there was a suggestion of spring outside when one sees men using brooms to sweep the gutters on Bridge Street, instead of snow shovels as has been the custom for many weeks.

Last Friday night at the Business Men's Meeting at the Wayside Howard Brumby was passing out Helms souvenirs, little metal plectrums of gherkin size. Robert McLean said it brought up memories. He was given the same souvenir when he attended the great Glasgow Exposition in 1901. Which proves he comes honestly by that wonderful Scottish accent of his. Next week is vacation for the students of the University of Michigan and Charlevoix's students will be home. Every day we see familiar faces back again on Main Street, Charlevoix folks back from the four corners of the continent. Didn't the sunshine Monday morning give you a start as you tried to look through your dirty windows, or perhaps yours are not dirty. A thousand pardons.

Congratulations to the group who conceived the idea of using the collection to be taken on Good Friday toward the burning of a war memorial in the new hospital when it is built.

A recent copy of the Detroit Times carried a picture of a hometown boy, Dick Fotchmann and two of his classmates, admiring their new room and its excellent bed at Michigan State. For many months the boys have had to live in one of the quaint huts in pretty cramped quarters. Now Dick found himself occupying a spacious room in the new men's dorm.

The flu had its fling about town and several folks are out this week, walking a bit wobbly and looking as though they had lost a few pounds. Marjorie Wood, who is Physical Education teacher at Grand Rapids, is spending spring vacation with her parents, Mr. and Mrs. Clarence Wood. The front office of the Northern Auto Company is undergoing a redecorating job, Spring is in the air!

"This heat is killing me," said Floyd Supp as he came into the office Monday afternoon. He claimed that he was still wearing his red flannels.

We tried to buy some stamps for the stamp book the other day, learned that there are a number of stamp collectors in town. Now that is a group of folks who really should get together. A gal with a real sense of humor is Helen Nettleton. The Congregational church is undergoing a paint job on the interior and the light paint in contrast with the dark benches is very effective. Alder Lewis passed by my window Monday on his way to club with a girl of nondescript under her arm. Now wouldn't you just know that Mrs. Lewis would be a person who enjoyed needlepoint.

Friends of Minnie Payton have received letters from her in California telling of her garden at this time of the year. Incidentally Miss Payton now puts the scales at one hundred pounds, so the California sunshine is doing her world of good. Stanley Swinton, nephew of Mrs. June Crink, is an Associated Press man stationed at Batavia, Java. He has been having some real experiences and is writing them up in a book which he hopes to have published when he returns to the States in '48 or '49. Gordon Freedman and Pat Hawley are among the many folks in town who enjoy murder mysteries.

Mr., Mrs. Clifford Mayhew Lose Son

Funeral services for Gerald Harvey Mayhew, 10 weeks old son of Mr. and Mrs. Clifford Mayhew, were held at the See Funeral Home at 2 p. m. Tuesday with the Rev. W. D. Wood officiating. Burial was in the Brookside cemetery. The child died unexpectedly at the family home Sunday.

Besides the parents he is survived by a brother and a sister, his paternal grandmother, Mrs. Harvey O'Brien and his maternal grandparents, Mr. and Mrs. Louis Kamradt, of East Jordan.

Amateur Show Entries Close This Saturday

More entries are being sought by the Kiwanis Club for the Amateur Show on April 10. A number of contestants have applied, among them being several from Boyne City. But more are needed to make a well-rounded hour and a half show.

Final time for applying is Saturday afternoon. That night at 7:30 the auditions will be held at the high school. The show next Thursday will be at the school gymnasium, starting at 8:15. Judges have been chosen to pick the winners of the \$100 in cash prizes. They are Luten Wilson of Boyne City; Clarence Ochoick and Mrs. Walter Bergeson.

All Kiwanians have tickets to sell.

School May Put On Own Film Show

Unless something is done about both prices charged school children and the grade of picture fare offered here, the school next fall will have its own sound equipment and will put on shows at cost for the youngsters.

This notice was given to L. H. Taylor, representing the Palace Theatre, last Thursday night by the members of the Citizens Movie Committee.

Last December the matter of quality and price of shows caused the formation of the committee at the annual School Night. Representing the Charlevoix public, the committee met with Taylor and Ed Sandie of the Palace. At that time Taylor promised to bring the matter before Mrs. Elizabeth M. Mason, the owner, and her brothers who assist her in operating the property.

Nothing further had been heard so the committee called the meeting Thursday. When Taylor said he himself had no authority to make changes or definite promises, Dallas Henry suggested that in the future the committee wanted to meet with someone who could.

Suppl. Roy Bennett and Mrs. Walter Bergeson of the school then told how the school was planning to buy a sound projector for visual education and if prices were not adjusted for the school age group and better movies scheduled, the school itself would put on evening shows at cost for the pupils.

Taylor stated he would try to work out a suitable price schedule for the students before the fall term opens, but said he did not believe it would be possible to do any thing before.

Kiwanis Plans Three Events This Spring

Kiwanis Club is planning three special events this spring. If enough material is donated, there will be a White Elephant Sale held this spring.

The Boy Scouts of the club-sponsored troop will stage a paper collection during April. Next Monday the district lieutenant-governor, Donald Prohazka of the Soo, will be the club's guest.

This week Fred Bancroft gave some of his observations of Cuba. A historical land, with a most friendly upper class, he described it as a pleasant place to visit. Overpopulated, its people are unhurried and pay more taxes than we do.

J-Hop Will Be At School April 26

Spring, according to the high school Juniors, is bringing in the biggest social event of the year, the J-Hop on April 26.

Dancing will be from 8 to 12. Several bands are being considered but none signed yet. The dance will be in the school gym. The class voted not to allow stags at the party.

Weather Observer Is Needed Here

Charlevoix is going to be without an official weather station unless someone speaks up right quick and volunteers for the job. Harry Ladd has the post now but is moving away. The work consists of taking observations and sending reports to Lansing.

To keep us on the weather map, won't someone volunteer?

Church Choirs Prepare With Song For Observance Of Resurrection

"Hallelujah! Christ is risen!" the church choirs will be singing here Easter Sunday. Typical of them is the Episcopal. Shown are Bill Caroy, Colleen Reed, Clark Bergeson, Bob Sherwood, Sally Swinton, Bob Carey, Debby Bergeson, John Dodge, Michael Bergeson, Sara Colman, Helen Rose Cline. At the organ is Mrs. Walter Bergeson.

Citizens Are Asked To Honor Army

In honor of Army Day next Monday, Mayor Karl Erber has asked all business places in the city to display their flags and to observe the day in all other ways possible.

In proclaiming the day, Gov. Kim Sigler said:

"The purpose of Army Day is to pay tribute to those soldiers who gave their lives for our country, and to those who by their heroism, sacrifice and devotion to duty made possible the defeat of our enemies on the battlefields of the world so that this nation might survive and again live in peace."

W. C. T. U. To Be Host To District Institute

The W. C. T. U. district institute will be held at the Methodist church here on Friday, April 11. Mrs. Sadie Patten, state director of Christian Citizenship, will be the principal speaker at both the afternoon and evening meetings.

A cooperative supper will be held at the church dining room at 6 p. m. Representatives from Petoskey, East Jordan, Boyne City, Helleare, Manelona, Kalkaska, Good Hart and Charlevoix will be present for the meeting which will open at 2 p. m. and 7:30 p. m.

Pythian Sister Temple Is Reorganized Here

Charlevoix Temple No. 149 of the Pythian Sisters has been reorganized and at a special meeting at the K. of P. hall Monday evening, members were initiated and officers installed.

Gladys Helms, Grand chief, of Charlotte, Helen Millman of Quincy and Maude Barnaby of Grand Rapids, all state officers, were in charge of the installation. Twenty-three charter members and six new were initiated by a team from Traverse City.

Officers installed were: Mrs. Irma Roff, most excellent chief; Mrs. Arlene Davis, senior; Mrs. Esther Livingston, junior; Mrs. Charlotte Edwards, manager; Mrs. Florence Novotny, mistress of records and correspondence; Mrs. Lucille Stebe, mistress of finance; Mrs. Lola Lewis, protector; Mrs. Norma Cunningham, guard; Mrs. Jeanne McGill, past chief; Mrs. Helen McGill, pianist; Mrs. Livingston, press correspondent; Mrs. Clio Cook, Mrs. Grace Geniet and Mrs. Neva Smith, trustees; Mrs. Neva Smith, installing officer and Mrs. Lotti Nowland, captain.

The work was witnessed by sixty members and guests including 30 members from the Traverse City lodge.

At the close of the business meeting, refreshments were served by the Knights of Pythias.

Crow Stays All Winter, Becomes Pet

There's a pet crow around town and folks on the north side of the river are hoping no one will take a shot at it.

All winter the crow has stayed around the Beach Hotel, River Place and near Cy Marshall's house. One day he followed Marshall's car all along Bridge street, keeping just above it, evidently expecting more food.

According to Marshall any crow that has the nerve to stay all winter and help give the place an air of spring deserves to be allowed to live.

Daughter Banquet Program Announced

An interesting program has been announced by Mrs. Allen Campbell and Mrs. A. E. Novotny, co-chairmen of the annual Mother and Daughter banquet to be held at the Congregational church April 9.

Mrs. W. H. Miller will be toastmaster and will introduce Mrs. Chir S. Webster who will give the toast to the daughters. Sue Webster will respond with a toast to the mothers.

At the musical program arranged by Mrs. Novotny, a group of Browne Scouts will sing two numbers, under the direction of Mrs. Dora Davenport and accompanied by Mrs. Ted Foster; a Girl Scout quartette will present three numbers; a high school girls group will give several vocal selections; Sally Miller will present a piano solo, and group singing will be led by Mrs. Davenport with Mrs. Novotny at the piano.

Mrs. C. H. Stenberg is chairman of the hotel committee.

Citizens Will Elect New B of C Officers

Along with city officials, the voters of Charlevoix on April 7 will elect officers and two directors of their Board of Commerce. A separate polling booth will be set up in the lobby of the City Hall and ballots will be given all voters, inasmuch as the Board of Commerce is a branch of the city government, all taxpayers are entitled to vote.

Officers to be elected are a president, vice-president, and two directors. George LaBlance, Jr., is the president now. The vice-presidency is vacant. The term of Arthur Bergeson and Kit Carson ended this year. Directors are elected for three years.

A nominating committee is now selecting slates of officers which will be submitted to the voters.

Palace Theatre to Be Open Four Nights

Starting April 8 the Palace Theatre here will be open only four nights a week.

This will be the next four or six weeks. It will be open Friday, Saturday, Sunday and Monday; closed Tuesday, Wednesday and Thursday.

Lack of good films is one contributing reason for the temporary change according to Ed Sandie.

Old Timer Wonders If Folks'll Vote

The old timer who lives just across the street from me dropped in Saturday morning and discoursed for half an hour on the election next Monday.

Among other things he said: "Folks will do as usual. Stay away from the election in droves and then six weeks from now will be cursing the fact that government is punk and no better than should be."

"I was over talking to Pete Bellow yesterday and he was bewailing the fact the county sent out 5000 ballots. The law makes 'em print that many. But maybe half of them will be used."

"Folks are funny. Here we have the right to vote and don't. But over in Germany under Hitler and I guess in Russia today, you got out and voted, or else. To boot, you wanted to vote right here we really have a voice in running our public business, and won't vote. Over there they don't have any real voice, and have to. Well, maybe one condition leads to the other."

Bonus Blanks Expected Here Next Week

First bonus application blanks disappeared like hot cakes when they reached Charlevoix Tuesday. The American Legion received 100 and they were soon gone. F. R. Bulw, County Clerk, says that more are expected by the first of the week and these will be available at his office, at the sheriff's, and from the veteran organizations.

Both the Legion and the VFW are planning to help veterans fill out the forms. The Legion, says Commander Don Meggison, will have men at the Legion hall Tuesday, Wednesday and Thursday to fill out and notarize the forms while the veteran is there.

The VFW will have Major R. L. Suratt there to help all Monday afternoon, or whenever the blanks arrive. He will be at the VFW hall.

Whitley to Be Given Award

The Army's Bronze Star medal will be formally presented to James T. Whitley at 1:30 p. m. April 10.

If the weather is fine, the presentation will be at the honor roll in the city park. If not, it will be at the school gym. The American Legion is in charge. Supt. Angus Letch, for whom Whitley works, will speak briefly. The presentation will be by Lt. Vernon Yehle of Detroit.

The medal is awarded for heroic action Feb. 1, 1945.

County Now Unit For State Vet Fund

Charlevoix County is now a separate unit in administering the Michigan Veterans Trust Fund, instead of being a part of District 5.

The Trust Fund is that set up at the end of the war to help all veterans, both men and women, and their dependents in any emergency. Coming from the 50 million trust fund, the county's allotment is \$2200 a year during the reconstruction period.

Chairman of the administering board is Kenneth Forbes, representing the Charlevoix Ambulance. Robert Richardson of Boyne City represents the VFW and Martin Chak of East Jordan the American Legion. Gilbert Lindsay of Boyne City is the authorized agent.

The Trust Fund works fast. Not a dime, nor welfare aid, it supplies food, fuel, clothing, hospital costs and other necessities only when a genuine emergency arises.

Palace Theatre to Be Open Four Nights

Starting April 8 the Palace Theatre here will be open only four nights a week.

This will be the next four or six weeks. It will be open Friday, Saturday, Sunday and Monday; closed Tuesday, Wednesday and Thursday.

Lack of good films is one contributing reason for the temporary change according to Ed Sandie.

Good Friday Service, Easter Rites Planned

Trade Promotion Group Formed

Formation of a Charlevoix Business Improvement Association was completed Friday night by 93 interested persons meeting at the Wayside.

Adopting an outline of organization, the group approved as its purpose promotion of business and community interests.

Officers elected were Walter Bergeson, president; Ted Foster, vice-president; E. D. Hawley, secretary-treasurer.

Gifts Offered to Easter Baby

The first baby born Easter Day or afterward in the Charlevoix area will be given a good start in life's comforts by the city businessmen.

Suggested at the Business Improvement Association meeting last Friday, 14 firms will make gifts to the newborn. They and their gifts are: Campbell's, shoes; Central Drug, travel kit bag; Courier, announcements; Betsy Jo Gift Shop, formula set; Bergeson's, infant's dress; Dahlquist's, baby record book; Fales, rubber pants; Levinson's, baby socks; Polly Kay, bonnet; Schrader & Hovey, toilet set; Smith Housefurnishings, high chair pad.

Each of the banks will set up a \$2 account. Henry's will give a harem to the father if it's a boy or a shampoo and wave to the mother if a girl.

The offer is for any baby born Hayes, Evelyn, South Aro, Banks, Norwood, Charlevoix, St. James or Peaine townships, or the city. Each gift will be held at the store until called for.

Ice Looks Bad for Another Two Weeks

With ice in Lake Michigan as far as the eye can see, boats will not be leaving the harbor for some time as the construction of Capt. Leroy Allers, Strong winds, rain and wavy weather will be the deciding factor in the break-up, he said.

Last year the Mary Margaret made its first run to the Island on April 10 but unless the break-up comes soon the first trip this year will be much later.

The ice field varies from a few inches to more than ten feet, extends as much as seven miles from shore. Arrivals report open water west of the Beavers in the regular shipping lanes.

Kramers Back, Are Getting Hotel Ready

Mr. and Mrs. E. L. Kramer, owners and managers of the Beach Hotel have returned to Charlevoix after spending the winter in the west.

They are now supervising the usual repairs at the hotel and making plans for a big summer.

Mr. and Mrs. Kramer left San Francisco Jan. 25 and came via the southern route making stops in Arizona, New Mexico and a brief visit in Florida. Enroute they engaged various department heads and other employees.

Employment Office Started by Heckler

A new business is being started in Charlevoix.

Henry C. Heckler, besides his accounting and tax work, is starting an employment service at his Shann Building office. After checking with both employers and employees, he found a demand for the service. By classifying both jobs and applicants, he can save time for both by sending only persons fitted for the work to apply.

"It's a case of getting the round pegs for the round holes," he says.

Sign Ordinance Still Pending

No further action was taken on the proposed revision of the sign ordinance Monday night by the Council.

No one appeared to discuss the matter further and the Councilmen decided to let signs rest until the committee and attorney are ready to bring in a complete new ordinance for submission.

With Easter coming Sunday, Charlevoix churches are making plans for a variety of observances.

Friday will be Good Friday with the traditional closing of all business places from 1 to 3. The union services will be at the Methodist church with all pastors taking part.

Plans Meguza Dinner

At the regular meeting of the Past Matrons club held at the home of Mrs. Glenn See Friday evening, plans were made for a dinner to be given at the Masonic Hall here for Mrs. Charles Bellinger, Grand Adah of the OES and other officers of the Meguzee.

At that time arrangements will be made for the annual Meguzee which will be held here in May. At the social hour which followed, Mrs. C. S. Webster won a prize and Mrs. W. H. Miller was awarded the hostess prize. Refreshments were served at a table tastefully decorated with forsythia.

The next meeting will be with Mrs. Miller late in April.

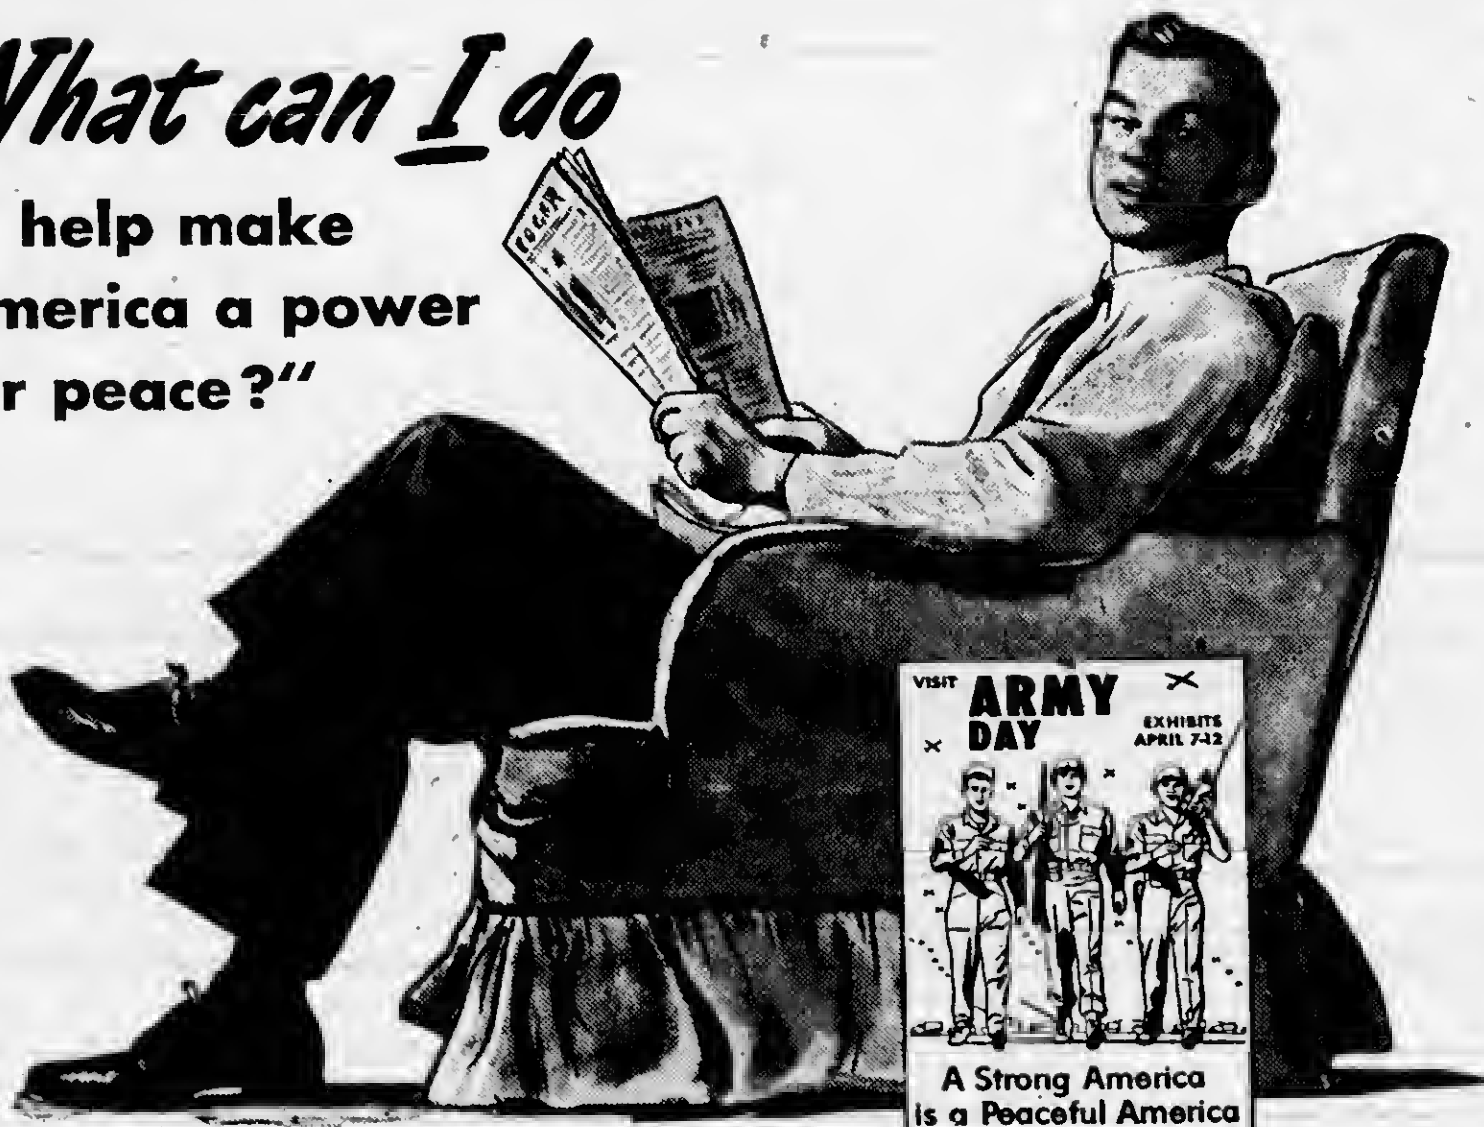

The 40-Hour Week is Swell
— for everyone except your doctor

Your doctor is heavily in favor of the 40-hour week, and he would very much like to share it with you. He could, too, if the Government ever took over medicine and put your doctor on the payroll. But as long as Americans prefer the freedom they enjoy under America's private enterprise system, your doctor can't place his personal wishes above his social responsibility. As a private physician, your doctor has a professional code that makes his time yours to command. He believes that this is the way you prefer it, which is why your doctor looks with disfavor upon any movement that tends to destroy private enterprise.

**"What can I do
to help make
America a power
for peace?"**

America has declared herself for a binding and durable peace. Americans, in thought and word, have supported this aim.

But intentions won't win peace, any more than they will win war. A permanent peace can be assured only when every American is willing to play an active part in its fulfillment.

The need for a strong America. By helping to keep this nation strong, you can help make it a power for peace. And until that peace is a guaranteed fact, the War Department has laid down a basic pattern of protection. Its provisions enable every young man to make a personal contribution to his country's strength and security.

You can review the Army and its civilian components by visiting ARMY DAY exhibits during week of April 7-12.

What Farmer Was
It Whose Team Slid
Into The Channel?

What farmer was it whose team was dragged off the dock by the Argo Milling Co., by a skidding bob sleigh and rescued by sheer man power from the ice filled channel back before 1912?

Mr. and Mrs. G. E. Dutton of Rose City were brought to The Courier office a while ago by Mrs. A. J. Usher. While here they started recalling old Charlevoix events.

According to them this farmer had a beautiful team, and was driving down by the Argo mill when the load skidded on the ice and slid over into the channel. The horses broke loose, pawed their way through the ice to a shallower spot near the bridge. One was roped around the neck but when the hastily gathered crowd started to pull on the rope it strangled the horse. Finally a man, it was Nels Palmer, the Duttons think, slid down the rope, made a sling of it about the horse and the crowd pulled it straight up to safety. The other was similarly rescued.

They also related how the captains of the old Missouri and Illinois had a personal grudge. One time neither would give way for the other and they jammed both ships into the channel together, shifting the bridge some six feet to the north. The Illinois later was driven on the sand at the channel entrance by the same captain and a tug seemed unable to pull it free until just when a big ice breaker from the Straits pulled around North Point. The tug meanwhile had been collecting its pay by the hour.

Another ship which came to real grief was the old Warrington, loaded with new lumber which piled up on South Point. Draymen were hired to collect the lumber which washed ashore and haul it back for reloading on another schooner.

A lumber barge, the old Pine Lake belonging to the Charlevoix Lumber Co., was used to lay the phone cable to Beaver Island. This was in 1906 or 07. The big rolls of cable were loaded on the barge which then was towed across.

Food Dealers Sent
Letter On Milk

Letters to all places in Charlevoix serving milk have been sent out by R. T. Coleman, district sanitarian.

They call attention to the fact that with the approach of summer and the tourist season, food dispensers should study the milk ordinance of the city.

Attention is called to the provisions that milk must be served in the original containers with the cap in place. The latter also points out the advertising value of being able to say that all milk served is pasteurized.

Kroger Keeps Prices Down

Night Fishing Okey, If You Like It

"Any restrictions on anglers who desire to flounder among the sunken tree tops during the dark of the June moon appear unwarranted."

That is the conclusion Dr. David Shetter of the conservation department's institute for fisheries research draws from volunteer creel census records on night trout fishing.

The charge has often been made that the after-dark fishermen take a disproportionate share of the trout, particularly the big browns. But the night fisherman's entire catch on the Au Sable drainage in 1946 was less than six per cent of the total catch on these streams.

The Palace Theatre will be closed Tuesdays, Wednesdays and Thursdays until further notice.

SO SAYS SUSAN...

The boss came out to the barn last night and looked me square in the eye. "Susan", he says, "you got to give more milk. The kids need it."

It seems that some Dr. Brady writes a health column and last Saturday he said that every kid (and adult too) needs a pint and a half of milk a day, at the very least. If they don't get that much they are shy on something called riboflavin which cuts down energy. Worse yet, for the girls, in time it will mean poorer looks.

So the boss said that Maxbauer's Dairy wanted more milk. Because Charlevoix folks preferred a home product handled right and safely pasteurized.

CARD OF THANKS
We wish to thank all of our relatives, neighbors and friends for the many acts of kindness shown us at the death of our mother. We especially wish to thank Rev. Gaylord Howell, the pallbearers and those who sent the beautiful flowers.
The Bentlie Family.

will be coupon bonds in denominations of \$1,000 each, numbered in direct order of maturity from 1 to 107, and shall bear interest at a rate or rates not exceeding three per cent per annum, expressed in multiples of 1/4 of 1%, payable on October 1, 1947 and semi-annually thereafter on April 1st and October 1st, and such interest for any single coupon period shall be at one rate only.

The bonds will be subject to redemption in advance of maturity, at the option of the City, in inverse numerical order on October 1, 1949 or on any interest date thereafter, at par and accrued interest plus a premium as follows (unless any such premium shall be greater than the interest to accrue on any bond between the redemption date and the stated maturity of the bond, in which event the premium shall be the amount of interest so to accrue):

As to each bond called for redemption on or prior to October 1, 1951, \$25.00; As to each bond called for redemption after October 1, 1951 and on or prior to October 1, 1954, \$15.00; As to each bond called for redemption after October 1, 1954, and on or prior to October 1, 1957, \$10.00; As to each bond called for redemption after October 1, 1957, and prior to October 1, 1961, \$5.00; notice of redemption to be given by publication at least thirty days prior to the redemption date, in a publication circulated in the State of Michigan which carries as a part of its regular service notices of sales of municipal bonds.

The bonds shall be awarded to the bidder whose bid produces

the lowest net interest cost to the City after deducting the premium offered, if any. In determining the net interest cost, interest on premium will not be considered as deductible and interest on bonds will be computed from April 23, 1947 to the respective maturity dates.

No proposal for less than all of the bonds will be considered.

The City is authorized and required by law to levy upon all the taxable property therein such ad valorem taxes as may be necessary to pay the bonds and interest thereon, without limitation as to rate or amount.

A certified check in the amount of \$2,000.00 drawn upon an incorporated bank or trust company payable to the order of the Treasurer of the City of Charlevoix must accompany each bid as a guaranty of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid be accepted and the bidder fails to take up and pay for the bonds. No interest will be allowed on the good faith checks.

Rids shall be conditioned upon the unqualified opinion of Messrs. Miller, Canfield, Paddock and Stone, Attorneys, of Detroit, Michigan, approving the legality of the bonds. The cost of such opinion shall be paid by the City. The City shall pay the cost of printing the bonds.

The right is reserved to reject any or all bids.

Envelopes containing the bids should be plainly marked "Proposal for Bonds".

BY ORDER OF THE COMMON COUNCIL.

Law Makers Eat State Potato Bread

The Michigan Tradesman last week carried a little news item which indicates a possible added use for some of our surplus potatoes. It reads:
"Bread and cake made from Michigan potatoes were served at luncheon one day last week in the Senate and House dining rooms at Washington, D.C. Jack Schaffer of Detroit, president of Peter Pan Bakeries, Inc., flew 300 loaves of bread and 40 cakes to the Nation's capital in his private plane. The stunt was planned with cooperation of Congressman Paul Schaffer, who has been an ardent advocate of the use of potatoes in bread making in order to aid in disposal of the country's 100,000 bushel excess crop."

Request List Is Lost

Some months ago Readers Digest carried an article about the work Judge Malcolm Hatfield of Berrien County in helping distressed persons who came into his court. To answer the questions which poured in afterward, he compiled a small booklet. Just recently by a mischance all these requests were destroyed before they could be answered. Judge Hatfield is asking that those who wrote in before, do so again.

Orval Davis, Representative

Why We Unhesitatingly Endorse Charles L. Brown for Circuit Judge

It is not "just because" he is a Veteran of World War II, but because:

- 1—He is not a member of any "clique" or "ring".
- 2—His character and reputation are above reproach.
- 3—Although he now lives on his small cherry farm in Leelanau County, 2 1/2 miles from Traverse City, he has been endorsed by every Supervisor and County Officer of Antrim County and, at the Primary Election his former home town, Bellaire, Michigan gave him 322 votes to 17 for his two opponents, which shows the regard and esteem in which he is held by his friends and neighbors who know him best.
- 4—Since 13 years of age he has "been on his own", he has earned every penny he ever had and therefore thoroughly understands and appreciates the feelings, desires and problems of the every day average man.
- 5—He wants those who are saying he is unqualified because he is "just a common farmer in Leelanau County" to know he is proud to be called a "farmer". There is nothing "High Hat" about Charley Brown.
- 6—He is committee chairman of a number of civic and service organizations.
- 7—He is thoroughly experienced in the trial of civil and criminal cases in all Michigan Courts. Born in a logging camp near Manton, Michigan, 4 1/2 years ago, he has practiced law since 1927, with the exception of his 4 years Army service in World War II, where he defended over 100 Court Martial cases as additional duty.
- 8—The Detroit Board of Commerce considered him among the best qualified two hundred men they could find in that City when appointing him a member of their Arbitration Panel.
- 9—As Air Inspector and Base Commander in World War II, he fearlessly "broke up" cliques detrimental to morale and those which were dealing unfairly with enlisted and officer personnel and contributing to inefficiency.
- 10—His assignment as Theatre Commander of American Forces on British owned islands in World War II gave him invaluable experience in international relations and problems and shows the confidence our American military leaders had in his judgment, experience and decisions.
- 11—He has acted as Veterans' Counsellor for Antrim County, without compensation, since his return from the Army in June 1946 and is noted for his honesty, ability, judgment, fairness and impartial attitude.
- 12—Because of his long absence in the military service, he is unknown to many of you, therefore we take this opportunity and medium of giving you some of the information about him which we have been able to thoroughly substantiate and which we believe should be carefully considered by the voters of this District before selecting so important an official.

It Always Pays To Consult A REALTOR

About Town

News of folks, your neighbors and mine... but did you know that—

Personal nomination for a woman about town, whose home spells hospitality with the capital "H"—Marian Partridge. Her series of bridge parties held through the winter have been truly enjoyed... Don Bellinger from Ypsilanti is spending Easter vacation with his parents, Mr. and Mrs. C. E. Bellinger... Floods and more floods are reported from the southern part of the State... Charlevoix folks who braved that section of the State for Easter time, came home telling unusual stories of difficulties they encountered. The little Looking Glass river over in the center of the state looked like old Mississippi itself.

The Frank Couriers have returned home after a glorious vacation trip in their car. They went some 6000 miles and covered ten states on their jaunt, going as far as Texas. They started for Mexico amid traffic and dust. Too much bumper-to-bumper driving caused them to turn back. But, the couple did not forget Charlevoix while they were gone. In fact before leaving they got a supply of Charlevoix folkers and placed them in oil stations, hotels and tourist cabins, for they are real town boosters. It is not so with all travellers. Mrs. Courrier told of an incident that happened in Kentucky. They were about to do one of the caves when they noticed a car with a "PW" on its license plate. Coming back from the cave they noticed a woman sitting in the car. Mrs. Courrier approached her and asked her where she was from. "A little town near Traverse City," was the reply. Insistent, Mrs. Courrier asked the question the third time before the woman said, almost in a tone of confession, that she was from East Jordan. So it pays to have a town's real boosters go places and tell other folks about our vacation spot up here in northern Michigan. An orchid to the Courriers.

Did you ever hear of Hoopskirt Alley in Charlevoix? It is an interesting question to ask the old timers. Also, persons have had several versions of where the street was in town. On good authority we learned that it is Armistice Street, where Frances Martin can look the entire one block length of it, from her bedroom window. Do you remember when a large maple tree used to stand in the center of the road. Could it have been that the tree made the street so narrow that it was dubbed Hoopskirt Alley. At least that one block has borne a picturesque name... How long ago has it been since Charlevoix's sprinkling wagon has been in operation. From statistics we were informed that it took 300 barrels of water for Bridge Street in those "days back when."

Dr. and Mrs. Carlton Dean spent the Easter holiday weekend with the Archie Livingstons. The Deans, who live in Lansing, have been in Florida returning only recently. Their trip combined business with pleasure... Remember back when Charlevoix was flooded with baby alligators, souvenirs from Florida that Charlevoix folks sent back home while they were vacationing down there. Did you receive one?? Mrs. William McGinnis was a mighty happy woman last week. Her husband was home from Dayton, Ohio where he is working. It has been Christmas since she had seen him.

Many women had beautiful corsages for church Easter morning...

Hollywood may have its Hedda Hopper and her hats, but Charlevoix has its Hedda Hopper as well. It is Sadie Hedda Hopper Faulkner, since last week. At that time Mildred Wester and Ruth Miller staged a clever and unusual Backward April Fool party at the Webster home. Guests came in strange attire but it was Sadie who won the laurels. She wore a new hat, in fact it was a most becoming little blue hat, made from an old blue plush bedroom slipper with four feathers pinned into it. Not only did she fool the women at the party, but some men as well who complimented her upon her new spring bonnet saying that it was much prettier than the hats most of the women were wearing today.

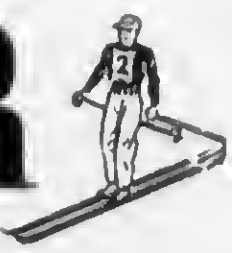

Monday Easter cards were taken from the racks in the stores and it won't be long now before folks will start looking for Mother's Day cards... For the last word on how a college girl can hitchhike home at vacation time from college and really have a wonderful time, just consult Joan Hesse... Did you hear Ferdin and the other night. Seemed like an old friend was back in Charlevoix. During the winter months fog horn has been silent... A new note from one of our exchanges: "Friends will be sorry to learn that Norman Pinkbinder (Continued on page 5)"

Besides her husband she is survived by a sister, Mrs. Etta Quick, of Grand Rapids; a nephew and two nieces.

Brown Swamps Murchie for Judge As GOP Takes State Election Races

With only one third of the registered voters going to the polls Monday, Charlevoix County's election vote was in line with the rest of Michigan's.

On the partisan ballot, Republicans were elected. Charles L. Brown led Robert B. Murchie, 1226 to 943, in the surprising victory for circuit judge. Brown won by close to 1850 votes at the latest tabulation from all four counties. The first amendment for dropping unessential primaries carried in both state and county, in the latter 876 to 828. The second lost, locally 988 to 713. This would have let corporations hold unimproved land 30 instead of 10 years.

Tahoma Plows Channel Through Ice to Open Lake Fishing Season

Crashing in through the heavy ice Friday morning the Coast Guard's Tahoma was the first vessel into Charlevoix Harbor this year.

She came in answer to a request from the fishermen here, for helping in opening the channel so they could get out to the lake. Tuesday Joe Arvilla acting for the others called the Cleveland headquarters. It was expected at first that the Sunday would be sent but the Tahoma got free first and came here from Grand Haven.

She entered the ice at 7 a. m. and took about 6 hours to pound her way through. Capt. R. E. Mrozowski said it was not too easy. He believes that in spots the ice was anchored to the bottom. The surface ice, where not windrowed, was about 20 inches thick.

The Tahoma is handicapped in her work this year by having only about half her normal complement, carrying only four officers and 24 men instead of the usual 50.

Saturday night the Tahoma plowed out to bring in Ralph Cross' boat, Alice, which had wintered at Northport and Frankfort. Leaving at 9:30, the Coast Guard ship had to find the Alice by radar in the fog and then drive a new channel back.

Monday morning she was followed out by Ras Hendrickson's Lucille H. and Joe Arvilla's Birdy L. On that trip the Tahoma took out three light crews. To White Shoals went R. F. Peters, CBM; Albert P. Laubenstein, BM2C; and James Gallagher, SIC. To Grays Reef she took B. E. Aldrich, keeper; Peter Gallagher, Michael Nawrocki and R. F. Hansen, assistants. To Isle aux Galtes went D. A. Backus, keeper, and Alfred Hansen. A second assistant will be taken out later.

Tuesday she left with William H. Kruwell, keeper of the South Fox light; and Peter Timmer and Allen Cain, assistants.

Robert Foehntman New B. of C. Head

Selecting two new officers for one year terms, and reelecting two directors for three years, some 350 Charlevoix citizens Monday voted the Board of Commerce ballot.

Robert Foehntman is the new president, succeeding George LaBlance, Jr. L. E. Towe was named vice-president.

Re-elected as directors are Kit Carson and Arthur Bergeon.

Norwood Reelects VanDusen Supervisor

Orton VanDusen again was elected supervisor by the Norwood voters Monday.

Other new township officials are: William Parsons, clerk; Orville Hilton, treasurer; William Alward, highway commissioner; Edwin Gregory, Clyde Warner and Floyd Wagner, justices of the peace; W. J. McKay, Board of review; Frank Carman, Robert Jones, Ed Jones and Marie Hilton, constables.

SPEB Chorus Will Sing At Club Show

Since its members are to sing at the Kiwanis Amateur Show, all SPEBSQSA Chorus men are to meet at the high school gym this Thursday evening.

Members are asked to be there on time due to the show's starting hour.

Phone Service Curtailed Here As Girls Strike

With calls largely restricted to emergency ones, Charlevoix county is learning how to get along with a bare minimum of telephone service.

Since telephone workers went out on strike Monday morning, a skeleton switchboard staff has handled the most essential calls according to a prepared list. These include state, city and county calls, hospitals, doctors and health units, Western Union and transportation calls. Long distance and other local calls are handled so far as there is time.

Wages, according to C. L. Johnson, local Bell manager, are the basic question at issue. The union is asking for a \$12 raise for all employees on a national basis; less differential between city and country pay scales; four weeks vacation for those with 20 years service; and a closed shop, Johnson says.

This increase if granted would require a \$1.50 per month increase in telephone rentals in Michigan, he says.

This is directly denied by the union in a prepared statement which points out that an equivalent raise has been granted workers in the last six years but no similar increase in phone rentals has followed.

According to Mrs. Ida Rose, union representative here, the union 30 days ago voted 100% in favor of strike if the demands were not met by the company. All operators, except for Miss Hilda Cooper who is not a union member, are out on strike.

They are Luella Bartlett, Georgia Bruhl, Esme DeBuccie, Addie Glossinger, Lillian Henley, Ruth Hoffman, Darlene Holbeck, Gene Hamlin, Peggy McGhan, Freda Pemberton, Marie Rabach, Ida Rose, Donna Rose, Dorothy Southwood, Lois Walstad, Betty Woodward, Alma Halverson, Barbara Butler, William Cross, Bob Miller and Rex Gihhard.

The business office is not on strike.

The local union here offered to supply a staff to handle emergency calls, but the offer was turned down by the company on the grounds that Michigan Bell must determine what are emergency ones.

Annual Get-Together In Detroit, April 26

The 15th annual Charlevoix Get-Together will be April 26 at the Detroit Y. W. C. A., 2230 Withers street.

The committee, according to Miss Grace M. Papineau has planned an unusual program. Because there is no complete list of Charlevoix folks now in Detroit, the committee has requested that all who have friends or relatives there, let them know of the event and date.

Earl Shapton is president.

Ironton Ferry Is Back In Service

The Ironton Ferry Tuesday was back on full schedule.

Contrary to reports last week, she did not start operating, even on a curtailed schedule, until Monday. The channel, through 12 to 16 inch ice, was not cut until Sunday night. It was saved by hand.

Willis Cross is second man on the ferry this year, taking the place of Fred Dustin who is on the lakes. Bud Gill continues as the operator.

Many Report to Coleman for Track Team as Spring Sports Start

With 46 high school students out for track, Coach S. E. Coleman is starting the annual spring work of building a Charlevoix track team.

The squad is evenly divided between veteran seniors and juniors, and the ninth and tenth graders who will be the team in two or three years. Those out and the events for which they now are training are:

100, 120, 220 dashes: John Bennett, Frank Martin, Dave Smith, W. R. Carey, Dick Donaldson, Jerry Gibbons, Don Carey, Ross Case, George Haggard, Jim Jolliffe, Bob Carey, Robert Sherwood, Jim Feidler, Michael Bergeon, Dick Radford, Bill Novotny, Neil Suonela. Many of the sprinters also are going out for the hurdles.

General to Award Medal to Whitley

When the Army's Bronze Star Medal is presented to James T. Whitley here Thursday, it will be by Brig. Gen. Ernest Birt, Ret.

The presentation ceremony will be at 1:30 p. m. If the weather is clear, it will take place at the Honor Roll in the city park. If not, the ceremony will be at the high school gym. In charge of the American Legion, the brief program will include music by the school band, a few remarks by City Supt. Angus H. Leitch, and the presentation by General Birt.

League Bowlers In Final Matches

With the winter howling season drawing to a close, the Men's Wednesday Night League saw the Courier and the Rod & Gun teams bowling a nine game playoff Wednesday night for the championship and trophy.

The Rod & Gun Club was first half champions and the Courier five won the last half.

The Men's Commercial League will finish Thursday night with Wilbers having first place clinched. Bunched for second are the Rayders, Foster Boat and American Legion.

The Ladies Tuesday Night League has two more weeks to go. Rexall Drug is in first place and Girls Faculty in second.

Friday night Alice and Don Bellinger and Barbara Todd each rolled identical scores of 145 in the same game. Earl Johnson was high man all week with 220 until Saturday when Em Chew rolled a 224.

Dick Hull, Norman Houck, Bob Miller, Toby Grace, Ralph Klein, Ted Ager, Jack Hartzell and Bert Smith went to Benah Sunday for the single and double classes. Hull and Houck took second place in the C doubles; Hull eighth in the singles; Hartzell and Smith fifth in the B doubles and Smith fourth in the B singles.

Milk Producers Will Meet Next Tuesday

Several counties in northern Michigan have recently organized a county milk producers association.

This has been done not only from a financial standpoint but also to find ways so farmers can work more closely with processors.

With this in mind all fluid milk producers in Charlevoix county are invited to a meeting to be held in the basement of the Library at Boyne City on Tuesday at 8:00 p. m. At this time, Arthur Howland from Michigan State College will discuss the advantages and purposes of such a dairy association.

Ellsworth Baby Wins Easter Gifts

After it looked as though the babies all were scared of the 575 worth of gifts being offered by Charlevoix merchants for the first one born after Easter, a son came to Mr. and Mrs. Earl Denny Wednesday noon.

The Denny's live near Ellsworth. The baby was born at the Charlevoix hospital.

James Key Faulkner Arrives. So that all their friends may hear of it—Mr. and Mrs. Ray Faulkner are grandparents now. Easter morning they received a message from their son, Ray, at Palo Alto, Calif., that James Key had arrived at 12:40 a. m.

She is the daughter of Mr. and Mrs. Carlos J. Cole of Hayes township, and had been admitted to the hospital for treatment of a heart condition early Monday morning. She had been ill at home for some time.

Born in Hayes township on Nov. 6, 1933, she was a fifth grade pupil in the Charlevoix schools.

Besides her parents, she is survived by several brothers and sisters.

Charlevoix County contributed a total of \$1096.01 to the 1947 March of Dimes.

Union's Action To Decide if Cannery Works

Whether 500 farmers in Charlevoix and Antrim counties have a ready market for their big cash crops this summer may be decided Thursday night at the Ellsworth Community Hall.

The FTA-CIO Union, Local 74, will meet then to discuss the final proposition made it by the Reid-Murdoch Cannery plant, and to take action on it.

Starting last February, the union and the company have been negotiating over a contract for the coming season. Counter proposition has followed proposition from both sides until the company submitted its final offer, to be considered Thursday.

Wages and union security have been the two major issues. On the latter, the union asked for a union shop—membership compulsory if a job is held for 15 days. The company flatly refused this, holding that too many sons and daughters of neighboring farmers work at the plant for short periods to help out and to earn a few dollars for school. A union shop would be unfair to these, the firm maintained.

In place then the union has asked for maintenance of membership. An employee who is a member of the union must remain one during the time he works, the union holding that after it works for an employee, he should support the organization while he holds the job.

The company has sent out letters to all its 500 farm suppliers. These tell how the negotiations with the union have lasted longer than expected; and that until a labor agreement is signed, the company cannot sign contracts with farmers for the summer crop.

If no agreement is signed, the plant will not operate.

The canning plant brings a million dollars a year in wages and farm cash to the area. At the season's peak, it employs 350.

A Christian Act

The women of the Methodist church last week did an unselfish, a fine and a truly Christian thing. They made possible the holding of the men's noonday Lenten luncheons.

Efforts were made to have other groups shoulder the load but none would. Finally the Methodist women agreed to prepare and serve the four dinners. That entailed a lot of work, of bother, of time, and meant little in cash return.

But it made possible the holding of a most interesting and unusual series of meetings—for the men.

See How the Mighty Are Fallen—Perhaps

It was just 50 years ago that the entire British Empire celebrated Queen Victoria's Diamond Jubilee, and Rudyard Kipling wrote his "Recessional" for the occasion.

Today, a half century and two disastrously victorious wars later, LIFE magazine reports that Britain's representatives is playing a decidedly secondary role at a world conference because his nation no longer has the power to support its position.

Kipling was uncannily prophetic in his third verse:

"For called our navies melt away . . . Lo, all our pomp of yesterday is one with Nineveh and Tyre."

But don't sell the Empire short. Those Brits have an uncanny ability to come out on top.

A Move in the Wrong Direction

There now is a bill before the state legislature to put direction of the county school system directly under the state.

Introduced by Sen. Don VanderWerp, the bill would create county school districts. Each present district would elect a member of a county school board, which would then hire a county school superintendent. It would replace the present elected school commissioner, and would be paid by the state.

That last is the fly in the ointment. It is another step along the primrose path of letting the state run local affairs. No matter who hires him, a man naturally takes orders from the source of his pay check.

As for the idea of a county school district, and an appointed superintendent—with those I have no quarrel. Likely they are needed and worth-while changes from the present system. I also know that school districts have been poor, school commissioners underpaid, and in occasional cases the rural pupil has suffered.

But when the price is turning over another chunk of local self-government to state control, I believe the advantages to be gained by the proposed bill would be bought at too high a price. If we are to continue a self-governing people, we must retain local self-government as the basis of the whole operation. There's no time better than the present for reversing the trend of the last wild dozen years.

Quality Potato Production Urged
Higher quality potatoes for the 1947 potato crop are possible

through the use of certified seed and following other good production practices, according to H. C. Moore, potato specialist at Michigan State college.

At this time, the varieties of certified seed that are available include: Russet Rural, Sebago,

Minominee, and Chippewa. Moore warns that this year, many lots of ordinary potatoes are affected with ring rot—a potential loss maker at harvest time. By planting certified seed potatoes produced from vigorous, healthy fields and relatively free from disease—farmers can help to guarantee good harvests.

Growers are urged to place their orders for certified seed as soon as possible. The supply of most varieties is rather limited. The source for certified seed can be obtained from the offices of county agricultural agents or from the Farm Crops department, Michigan State college, East Lansing, Michigan.

Mastitis Can Be Reduced
Mastitis, one of the great menaces of the dairy herd, can be reduced by treatment—but it must be coupled with an efficient program of herd management.

Veterinarians of the U. S. Department of Agriculture, and several state agricultural experiment stations report that penicillin proved highly valuable during the past year in mastitis control. Dr. C. S. Hyman, veterinarian at Michigan State college, who first announced use of penicillin in Michigan in 1945 warns, however, that a mastitis control program is also important.

Laboratory examination of milk from suspected cows is the first step. All infected cows should be treated whether they show symptoms of mastitis or not. It is important to treat according to the type of mastitis infection shown in the test.

Even though a cow has been treated successfully, she can become reinfected with mastitis-producing bacteria. Improper use of a milking machine or rough hand milking make it easy for mastitis bacteria to get in the udder. Injuries from cramped, small stalls, high door sills, jagged stumps around the barn-yard, and the like, increase the danger of infection.

Melrose Leader Tells

How He Took Funds

Carl L. Goodwin, political leader in the county and secretary of the Melrose Unit School district for more than two decades, is out on \$3,000 bail, charged with forgery.

The case concerns misuse of school funds. Goodwin has given him a signed confession, says Prosecutor C. M. Bice, in which he admits obtaining orders and then checks to fictitious persons, and cashing such checks.

Disclosure of the situation came when coal bills seemed unaccountably high. Investigation by the non-incumbent candidate for supervisor revealed other peculiar-looking things. State police investigated and last Thursday Goodwin was brought here to be arraigned before Justice Horace Fowler.

The cash bond was supplied by Harry Parker of Petoskey.

SO SAYS SUSAN...

What's sulphur and molasses? Must be something horrible for the boss was saying the other night that he was glad kids didn't have to take it any more.

Seems that back when he was a boy every spring the youngsters all were dosed with the stuff to make 'em feel better.

The boss says that all is needed is just plenty of good pure milk, like Maxbauer's Dairy gets from approved dairies right around home.

"It's all the spring tonic any kid needs," he said, "and it sure tastes a lot better than that stuff used to."

ABOUT TOWN

(Continued from page one)

is again laid up with infection in one of his fingers which was amputated a few months ago. Gee, what a stubborn finger! Has anyone seen rubouts yet?

The August Odumks of Mission were here for Easter. "Last week," Mr. Odumks said, "we went to Detroit to hear our son play in the Symphony down there. This week we came to Charlevoix to hear our other son play at the Easter services."

More new cars about town... What will be Charlevoix's loss is going to be Adrian's gain. Persons were truly disappointed to know that the Harry Ladds were leaving town. But they go to a wonderful place, the Eastern Star Villa at Adrian and will be in charge of it. The couple have been untiring in their civic work in Charlevoix. The Girl Scouts know they are losing a real friend... Mrs. Charles Robertson and two daughters of Adrian came Thursday to spend Easter week with Mr. and Mrs. Edward Heise, Sr. Mrs. Edward Heise, Jr. is opening a yarn shop on Mason Street where the plumbing shop used to be. This kind of a shop filled a much-longed need in this community.

Guess it is time to leave town. In a recent issue of the Courier Commander Edward Shumahan really got a demolition. He was called Lieut. Shumahan. Then last week Curtis Market was featuring a rare delicacy, a super-duper dish CATFISH. It should have been Codfish! Oh, well, as the old gag goes, "A doctor buries his mistakes, but an editor's come out boldly in print."

Thursday O. A. Solomon came into the office and asked if the census collector was about. With him he brought the first croens from his yard, a purple one.

This will be the last About Town column for three or four weeks. The author left Charlevoix Tuesday afternoon, headed south. Each year the National Editorial Association holds a convention, where the cream of the new ideas in community newspapering are presented. After the convention there is a tour of some area especially worth visiting.

This year's convention is in Texas. The tour is a double-header. The first half is in the big state. Then comes an eight day air trip to and around Mexico, the cost of which the Mexican government is largely paying.

Making the trip together from this section are Mrs. Taw, Mrs. Florine Stelter and Mrs. Arthur Hinkley, wife of the publisher of the Potoskey Evening News.

Zach White, Jr., left Tuesday afternoon on the Pere Marquette for Zenia, Ohio, where he is a student at Wilberforce University. He spent the week-end here with his parents.

Rev. Meanwhile he was breaking his own car chains, repairing them and going on—with his cheerful smile and encouraging word! The crossing has been something really to complain about this winter, even with his outstanding help.

A Kroger branch manager — in charge of a group of 35 to 250 Kroger stores — is an important Kroger executive. And five such branch managers were recently appointed or promoted to larger branches. All five started with the company more than 20 years ago at the bottom of the ladder as a clerk, office boy or meat market helper. There's a future in every Kroger job.

Reception Is Held For Filipino Guest

Miss Salud Parayno, Filipino school teacher who is now a student at Adrian College, was introduced to the members of the Methodist church and friends at a reception given for her and for her sponsors, Rev. and Mrs. John W. Alexander, through whose efforts she was brought to this country to complete her education.

Miss Parayno spoke to the 75 guests and told briefly of the schools and churches in her country, of her own family, of the war in the Philippines, and of her trip to this country in January. Madeline Rabach modeled the native dress of the Philippines, which Miss Parayno explained.

Also included on the program were three piano preludes played by Mrs. Joseph Arvillay, a humorous reading by Mrs. Harry Stewart and a brief introduction of Miss Parayno by Rev. Alexander. Mrs. Arthur Edwards introduced the numbers.

A social hour and refreshments followed.

INTERNATIONAL HARVESTER says:

"Any price is too high if it can be reduced."

We second the motion
We'll do our part!

International Harvester has reduced prices to save users of its products \$20,000,000 a year. The reductions apply to a selected list of various products made by the Company.

In making its announcement to the general public last week, International Harvester said:

"We believe there is nothing more important to this country than to lower the prices of goods people buy."

"The American people have insisted that the government withdraw from its attempts to control prices in peacetime. That places the responsibility where it belongs—in the hands of business and industry."

"Because we believe price reduction is vital, we are willing to assume the risks involved."

As International Dealers we will do our part. We will pass International Harvester's price reductions to our customers.

And now a word of gratitude to our friends who have patiently waited for the new machines they need. As most of our customers are aware, International Harvester has done everything possible—and some things that seemed impossible—to maintain and increase production.

The outlook is somewhat better. Soon we hope to supply equipment to all of those who have cooperated so faithfully with us.

Meanwhile, the same top-quality International Service and Parts that have kept equipment operating for our customers during the difficult years are available from us. We urge our friends to continue to use these facilities to obtain maximum operating economy.

International Harvester is doing its part with quality, increased production and reduced prices.

We will do our part in this territory

Cornelius Quack—alas and alack!—
Has moved to another state,
But his rural line neighbors are undismayed
At this fortunate twist of fate.

For telephone etiquette he ignored—
As he giddily prattled away
About this and that and nothing at all
From the earliest light of day.

Now the rural line's free when it's needed.
The neighbors, with conscious restraint,
Avoid calls in series and keep their calls brief—
There's no longer cause for complaint.

Good rural line neighbors are thoughtful,
For it's better to share, they agree;
Then all of them get better service—
When they need it the line is left free.

Any man's Darling—every man's Pride

Who says you're only young once?

Take a look at this trim, new Buick—or better, take its wheel—and see just how wrong that old saw is!

One look at these sleek lines, the long, taste-of-tomorrow fenders—and just watch yourself start getting young ideas.

Find an open road, gun this beauty just a bit—and see how the spirit of springtime wells up in your soul and sets the red blood coursing.

Good road or bad, on these soft all-coil springs you take everything with youthful zip and zest, quite freed from jar or jolt.

City street or country road, with all this poised and husky roadweight beneath you, you travel your level course, steady and non-swerving even on curves.

Pull up somewhere—and see how people turn to note the Very

Important Person who's arriving.

Take it through the tangle of traffic and see how nimbly it maneuvers—check it at a boulevard stop and see how sure and positive its controls are.

In all truth, here's a car that's any man's darling, every man's pride. A car that not only meets your needs for transportation, but satisfies your every hankering for size and power, style and room, solid worth and top-dollar value.

Naturally, it's a much wanted car. America's most wanted automob-

bile, in fact. Definitely not the number to be picked up off the counter any time, anywhere.

That's why forethought pays and prompt decision gets results. You are simply playing safe when you get your order in now!

At a candlelight ceremony on Saturday, at 2 p. m., Virginia Young, daughter of Mr. and Mrs. Earl A. Young, became the bride of John Cyril Dubas of Pittsburgh, Pa.

The bride was given away by her father and the couple exchanged their vows in front of banks of greens, white snapdragons and lighted candles at the home of the bride's parents. Rev. G. R. Parker of Northport officiated at the double ring ceremony.

For her marriage the bride chose a gown of white marquisette fashioned with a fitted bodice and full skirt. A coronet of white rosebuds held her shoulder length veil in place and white rosebuds formed her bridal bouquet.

Marguerite Young was maid of honor for her sister and Louise Young played the traditional wedding music on the piano. They wore identical dresses of embroidered yellow taffeta. Marguerite carried a cascade bouquet of yellow roses. A crepe dress of pastel green was chosen by Mrs. Young for her daughter's wedding. Her corsage was of yellow roses.

The groom was attended by Charles Cook of Menominee.

Following the wedding and reception the young couple left on a honeymoon trip during their Easter vacation from the University of Michigan. For the present they will make their home in Ann Arbor while Mr. Dubas completes his education.

The Tow Line

from
DEEP IN THE HEART
OF TEXAS

April 8, 4:35 p. m.—An exciting moment in Charlevoix. The train was coming toward the station. Florine Steller and I stood a bit "pumpily-goose," at the thought that our trip on the National Editorial Association tour was about to start. On the train we discovered the third member of our party, Mrs. Arthur Hinkley of Petoskey. Farther south in the state there were great puddles of water, signs of flood.

April 9—N. E. A. special train was scheduled to leave Illinois Central Station at 11:00. At 10:00 a. m., we went to station and began looking for familiar faces. At last they came, and our trip had actually started. Thrills! Discovered an Archbold, Ohio man with a strange hobby, collecting feathers from women's hats. Claims there are no addresses attached. Crossing the Mississippi—"Oh, meet me in St. Louis."

More special cars for the NEA. We are attached to the Sunshine special. . . our head waiter, good looking white chap, strongly resembled Gib Saltonstall. For miles we went along the Mississippi, everything is in flood, surely Old Man River is on a rampage.

April 10—Opened my eyes on the train just in time to hear a man say to his wife, "Oh, get up so you can see the dogwood bark." Sure enough, it was in full bloom. . . so was the wild sweet William. . . lots of new road building in evidence. Southern Arkansas and Eastern Texas is red clay soil country. . .

"It's real southern sunshine. Just makes me happy to be alive on a day like this," said Florine. . . lumber mills, slash pine, wild blackberries and blueberries are in bloom along the fencerows. . . here comes the oil wells. . . still flood evidence.

Our first real glimpse of Texas, long horns and Texas gullies—eastern side of State is rolling hills.

Buses were at the station to transport all 450 of us to the Hotel Texas at Fort Worth. . . Lunch followed immediately, an all-Texas products meal. Could eat my steak with my fork.

Boyce House, Texas humorist, author and radio entertainer who was written up in Life magazine a few weeks ago spoke on "Give You Texas." It was a real Texas brag talk, but so highly exaggerated that everyone was howling with laughter most of the time. . . Paul Garrett, Vice-president of General Motors from Detroit was headlined speaker on "Out Where the Job Begins."

He implored the editors to express themselves and keep open the American channels of communication and to fight for a strong and unbiased press. "Help to keep America straight by the small newspapers," he said, "for they are the fountains of national thinking."

That afternoon the big buses rolled up to the hotel and away we were whisked to the Ernest Allen ranch, where a big rodeo was staged. Palomino horses, one a little \$10,000 baby for a real eye-fel. . . Then came the barbecue, huge discharges of food, even unto one full of sugar.

April 11—A Bluebonnet breakfast was given by the Ladies of the Press. Bluebonnets at our places and gardenias given us as we left. . . It was an all woman meal, with women editors, magazine writers. A lot of fun. . . Then they whisked us out to the buses again and on to Dallas.

"Oh, look, one of the girls said, 'There is a fellow running a lawn mower.' Sure enough. . . wisteria is in bloom now. . . Al Dallas another luncheon. They didn't spare the horses. Wonderful meal and favors. Then we all sat back and drank in the beauty of the style show given by Neiman-Marcus, the fifth-avenue store of the southwest. . . Clothes by Adrian, Hattie Carnegie hats, diamond pins, etc. . . All of us laughed, such creations for wives of country editors. 'Oh, well, a cat can look at a king,' as the old saying goes, and it was surely fun looking. . .

The highlight of the afternoon was a conducted trip through the store. . . 'Oh, why didn't I marry one of these rich oil men,' one of the women said. Back to the hotel. . . And to think there was a cocktail party and banquet and more speeches before we returned to Fort Worth.
